Michael Garland (Daddy Played the Blues) displays his impressive illustration range with the stylized, country-quilt, digital collage illustrations of *A Season of Flowers*. Snowdrops and crocuses yield to tulips and hyacinths, then dogwood blossoms, iris, lupine, daisies, morning glories, daylilies, geraniums, peonies, sunflowers, roses, and chrysanthemums as spring passes to summer, then autumn. At last the garden slumbers into winter under a blanket of snow, preparing next year's procession of blooms. Like actors crossing a stage, flowers narrate their passing seasons in the first person, each one briefly proclaiming its unique and vital role in the natural world. Backmatter descriptions complete this child's introduction to a garden year, in which the passage of time is vividly realized. Fountas & Pinnell Level L
