A heartbreaking and hilarious memoir by iCarly and Sam & Cat star Jennette McCurdy about her struggles as a former child actor—including eating disorders, addiction, and a complicated relationship with her overbearing mother—and how she retook control of her life. Jennette McCurdy was six years old when she had her first acting audition. Her mother's plan was for her only daughter to become a star, and Jennette would do anything to make her mother happy. So she went along with what Mom called "calorie restriction," eating little and weighing herself five times a day. She endured extensive plastic surgery makeovers while Mom chided, "Your eyelashes are invisible, okay? You think Dakota Fanning doesn't tint hers?" She was even showered by Mom until age sixteen while sharing her diaries, email, and all her income. In *I'm Glad My Mom Died*, Jennette recounts all this in unflinching detail—just as she chronicles what happens when the dream finally comes true. In a new Nickelodeon series called *iCarly*, she is thrust into fame. Though Mom is ecstatic, emailing fan club moderators and getting on a first-name basis with the paparazzi ("Hi Gale!"), Jennette is riddled with anxiety, shame, and self-loathing. Her issues manifest into eating disorders, addiction, and a series of unhealthy relationships. These issues only get worse when, taking the lead in the *iCarly* spinoff *Sam & Cat* alongside Ariana Grande, her mother dies of cancer. Finally, after discovering therapy and quitting acting, Jennette embarks on recovery and decides for the first time in her life what she really wants. Told with refreshing candor and dark humor, *I'm Glad My Mom Died* is an inspiring story of resilience, independence, and the joy of shampooing your own hair.

**NATIONAL BESTSELLER** • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Gun Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

This is the story of an Irish family from Cork Ireland. It documents how they survived in the 50's and 60's and will take you on a roller coaster ride of every emotion, sometimes all on the same page. Here you will read of an inspiring mother, always encouraging her six children to laugh at life, and believe in tomorrow. She did this inspiring while battling a domineering old grandmother, and an alcoholic husband, as her children drank tea from their jam jars, and read by a candle. Its a book filled with humor, drama, and dreams that come true, culminating in the author meeting his American dream. It's said the book is like, Irish Stew for the Soul. You will feel uplifted when you finish reading a book that seems to be everyone's story.

Learn Latin American Spanish quickly and painlessly The job market for those who are bilingual is expanding rapidly. Businesses and government agencies are hiring translators; retailers and advertisers are concentrating more energy in targeting the Spanish-speaking ; and hospitals and agencies are seeking to overcome language barriers. Whether you're a student studying Spanish, a traveler gearing up for a trip to a Spanish-speaking country and need to learn the basics, or a upwardly mobile looking to get ahead of the pack in your career by learning a second language, Spanish For Dummies, 2nd edition is your hands-on guide to quickly and painlessly learn Latin American Spanish that includes: Expanded coverage of grammar, verb conjugations, and pronunciations A refreshed and expanded mini-dictionary complete with even more essential vocabulary, exercises, and more A revamped and expanded bonus CD-ROM that includes real-life dialogue to aid in your learning Whether you're looking to learn Spanish for use in the home, class, at the office, or on the go, Spanish For Dummies, 2nd edition has you covered! Are you looking for the best way to learn French? Well, look no further. This book is, simply put, the best on the market for learning French. Why do I say that? Because this book does what language books should do - teach you the mechanics of the language, not a bunch of tourist trap phrases that you'll forget the second you leave the country. If books don't do that, then they make the critical mistake of going into far too much detail and managing to bore you half to death by virtue of the fact that they've spent 30 pages going on about three different kinds of articles. I don't do that either. What this book does do, and does very well in fact, is set you up with the knowledge that you want and need of French in a very short time frame, so that you can blast through this book and already feel like you're set up for success. This book isn't a reference, nor is it a crash course on the French language; it's both. You'll read through this book and understand, then you'll apply what you've learned (and inevitably look back at this book down the line to rehash your memory), and you'll grow even more as a French speaker. Don't waste your time and money on a subpar French book. Go with the best from the get-go.
