

## The Fiddler In The Subway The Story Of The World Class Violinist Who Played For Handouts And Other Virtuoso Performances By Americas Foremost Feature Writer

This is London in the eyes of its beggars, bankers, coppers, gangsters, carers, witch-doctors and sex workers. This is London in the voices of Arabs, Afghans, Nigerians, Poles, Romanians and Russians. This is London as you've never seen it before. Longlisted for the Baillie Gifford Prize for Non-fiction 2016 Shortlisted for the Ryszard Kapuscinski Award for Literary Reportage 2019 'An eye-opening investigation into the hidden immigrant life of the city' Sunday Times 'Full of nuggets of unexpected information about the lives of others . . . It recalls the journalism of Orwell' Financial Times 'Ben Judah grabs hold of London and shakes out its secrets' The Economist

This enduring friendship story about a boy and his dog from a Pulitzer Prize-winning writer gently explores a timeless question: who 's really in charge? Meet Sid. He 's an ordinary kid. He 's far from perfect. But to Murphy, Sid 's faithful dog, Sid is the whole world. Murphy thinks Sid is the absolute best—and that he 's in charge of everything. Sid loves Murphy right back, but he can 't help but wonder what Murphy would think if he realized the truth: Sid 's just a kid, and Murphy 's just a dog, and neither one can control the world. This deceptively simple picture book is perfect start to a discussion about a subject seldom seen in children 's books—the nonthreatening feel of a world based on fact and reason, and not faith.

From National Book Award-nominated writer Andrea Lee comes Red Island House, a travel epic that opens a window on the mysterious African island of Madagascar, and on the dangers of life and love in paradise, as seen through the eyes of a Black American heroine. " People do mysterious things when they think they have found paradise," reflects Shay, the heroine of Red Island House. When Shay, an intrepid Black American professor, marries Senna, a brash Italian businessman, she doesn 't imagine that her life 's greatest adventure will carry her far beyond their home in Milan to an idyllic stretch of beach in Madagascar where Senna builds a flamboyant vacation villa. Before she knows it, she becomes the reluctant mistress of a sprawling household, caught between her privileged American upbringing and her connection to the continent of her ancestors. So begins Shay 's journey into the heart of a remote African country. Can she keep her identity and her marriage intact amid the wild beauty and the lingering colonial sins of this mysterious world that both captivates and destroys foreigners? A mesmerizing, powerful tale of travel and self-discovery that evokes Isabel Allende 's House of the Spirits and Chimamanda Ngozi Adichie 's Americanah, Red Island House showcases an extraordinary literary voice and gorgeously depicts a lush and unknown world.

In Kids These Days, early Wall Street occupier Malcolm Harris gets real about why the Millennial generation has been wrongly stereotyped, and dares us to confront and take charge of the consequences now that we are grown up. Millennials have been stereotyped as lazy, entitled, narcissistic, and immature. We've gotten so used to sloppy generational analysis filled with dumb clichés about young people that we've lost sight of what really unites Millennials. Namely: We are the most educated and hardworking generation in American history. We poured history and insane amounts of time and money into preparing ourselves for the 21st-century labor market. We have been taught to accept working for free (homework, internships) a privilege for our own benefit. We are poorer, more medicated, and more precariously employed than our parents, grandparents, even our great grandparents, with less of a social safety net to boot. Kids These Days is about why. In brilliant, crackling prose, early Wall Street occupier Malcolm Harris gets mercilessly real about our maligned birth cohort. Examining trends like runaway student debt, the rise of the intern, mass incarceration, social media, and more, Harris gives us a portrait of what it means to be young in America today that will wake you up and piss you off. Millennials were the first generation raised explicitly as investments, Harris argues, and in Kids These Days he dares us to confront and take charge of the consequences now that we are grown up.

***GENE WEINGARTEN IS THE O. HENRY OF AMERICAN JOURNALISM** Simply the best storyteller around, Weingarten describes the world as you think it is before revealing how it actually is—in narratives that are by turns hilarious, heartwarming, and provocative, but always memorable. Millions of people know the title piece about violinist Joshua Bell, which originally began as a stunt: What would happen if you put a world-class musician outside a Washington, D.C., subway station to play for spare change? Would anyone even notice? The answer was no. Weingarten's story went viral, becoming a widely referenced lesson about life lived too quickly. Other classic stories—the one about “The Great Zucchini,” a wildly popular but personally flawed children’s entertainer; the search for the official “Armpit of America”; a profile of the typical American nonvoter—all of them reveal as much about their readers as they do their subjects.*

*Margery and Sheldon Harnick love New York. It's a place that has both nurtured and applauded them, Sheldon as a renowned Pulitzer Prize-winning Broadway lyricist ( Fiorello!, Fiddler on the Roof, S he Loves Me) and Margery as an accomplished actress, dancer, painter, and photographer. Together, they bring their abundant talent and wit to this homage to their beloved city. The Harnicks began to construct their own virtual museum as they regularly walked the city streets. Looking past the landmarks and cultural icons, they came upon more fascinating and less regarded urban marvels: puddle reflections, subway tiles, sleeping swans, fireworks, public sculpture, store mannequins, and so much more. Margery snapped pictures and Sheldon scribbled verses on a pad. The Outdoor Museum is a singular trophy by two New Yorkers who have contributed to and been touched by the city's magic. The wonders of their collaboration are contained between the covers of this book of photographs with delightful, humorous, and at times deeply touching verse, a Harnick love letter to New York. The book includes a foreword by Mike Nichols, the Grammy, Tony, and Academy Award winning director and producer of Angels in America, The Graduate, and many more.*

*Master storyteller Alice Hoffman brings us the conclusion of the Practical Magic series in a spellbinding and enchanting final Owens novel brimming with lyric beauty and vivid characters. The Owens family has been cursed in matters of love for over three-hundred years but all of that is about to change. The novel begins in a library, the best place for a story to be conjured, when beloved aunt Jet Owens hears the deathwatch beetle and knows she has only seven days to live. Jet is not the only one in danger—the curse is already at work. A frantic attempt to save a young man's life spans three generations of the Owens women, and one long-lost brother, to use their unusual gifts to break the curse as they travel from Paris to London to the English countryside where their ancestor Maria Owens first practiced the Unnamed Art. The younger generation discovers secrets that have been hidden from them in matters of both magic and love by Sally, their fiercely protective mother. As Kylie Owens uncovers the truth about who she is and what her own dark powers are, her aunt Franny comes to understand that she is willing to sacrifice everything for her family, and Sally Owens realizes that she is willing to give up everything for love. The Book of Magic is a breathtaking conclusion that celebrates mothers and daughters, sisters and brothers, and anyone who has ever been in love. Inside these pages lies unspeakable horror. Bloodsplattering, brain-impaling, flesh-devouring horror. You've probably read your fair share of zombie stories. But this time it's different. No longer can you sit idle as a bunch of fools make all the wrong moves. All hell is about to break loose—and YOU have a say in humanity's survival. You have choices to make. Moral dilemmas. Strategic decisions. Weapons. Vehicles. Will you be a hero? Or will you cover your own ass at all costs? Can you withstand the coming hours, days, weeks, and months? Or will you die amidst the chaos and violence of a zombie uprising? Or, worst of all, will you become one of them?*

*A pioneering, dazzling satire about a biracial black girl from Philadelphia searching for her Jewish father in New York City Oreo is raised by her maternal grandparents in Philadelphia. Her black mother tours with a theatrical troupe, and her Jewish deadbeat dad disappeared when she was an infant, leaving behind a mysterious note that triggers her quest to find him. What ensues is a playful, modernized parody of the classical odyssey of Theseus with a feminist twist, immersed in seventies pop culture, and mixing standard English, black vernacular, and Yiddish with wisecracking aplomb. Oreo, our young hero, navigates the labyrinth of sound studios and brothels and subway tunnels in Manhattan, seeking to claim her birthright while unwittingly experiencing and triggering a mythic journey of self-discovery like no other.*

*SUBWAY DANCER AND OTHER STORIES is a new collection of gripping short fiction by Catherine Ryan Hyde, the bestselling author of many beloved novels, including DON'T LET ME GO and PAY IT FORWARD, and of other critically acclaimed short story collections, including EARTHQUAKE WEATHER and ALWAYS CHLOE.A striking and emotionally resonant collection, SUBWAY DANCER AND OTHER STORIES is a compilation of stories originally published in some of the most respected literary magazines in the country, including The Atlantic Review, Virginia Quarterly Review, Glimmer Train and Ploughshares. Among the other riveting and beautifully crafted stories included in this collection, “Five Singing Gardeners and One Dead Stranger” and “Requiem For a Flame” were nominated for the Pushcart Prize, and “The Man Who Found You in the Woods” was cited in Best American Short Stories.*

*When Dylan hears someone playing their violin in the subway he wants to stop and listen, but his mother and other commuters ignore the violinist completely.*

*Make Easy Money Panhandling! This book is all you need, to earn up to \$300 a day! The Panhandlers' Bible is like "Begging For Dummies," easy to read, full of useful techniques and tools, and written to help you make big money FAST! Learn how to get people to open their wallets for you. Find the best locations, the best type of signs to fly, and discover what groups of people are likely to give you the most. It's all here. This book is the result of decades of research, and hundreds of interviews with panhandlers across the country. Learn what works for them, and how to make panhandling work for you. Like people just like you, in a world without jobs, have discovered the secret to making a good living, by panhandling like a pro. You have heard the rumors, on the street and in the media, about panhandlers making over \$100,000 a year. Inside the pages of this book are the secrets of the richest beggars in the country. Find out exactly how they do it, and how you can do it too.*

*"A... memoir of love and faith from Hannah Brencher... who has dedicated her life to showing total strangers that they are not alone in the world. Fresh out of college, Hannah Brencher moved to New York, expecting her life to look like a scene from Sex and the City. Instead, she found a city full of people who knew where they were going and what they were doing ... Lonely and depressed, she noticed a woman who looked like she felt the same way on the subway. Hannah did something strange--she wrote the woman a letter. She folded it, scribbled 'If you find this letter, it's for you...' on the front and left it behind. When she realized that it made her feel better, she started writing and leaving love notes all over the city ... [eventually sending 400 handwritten letters as a result of an Internet post and starting the website The World Needs More Love Letters]"--*

*Nearly every night on every major network, "unscripted" (but carefully crafted) "reality" TV shows routinely glorify retrograde stereotypes that most people would assume got left behind 35 years ago. In Reality Bites Back, media critic Jennifer L. Pozner aims a critical, analytical lens at a trend most people dismiss as harmless fluff. She deconstructs reality TV's twisted fairytales to demonstrate that far from being simple "guilty pleasures," these programs are actually guilty of fomenting gender-war ideology and significantly affecting the intellectual and political development of this generation's young viewers. She lays out the cultural biases promoted by reality TV about gender, race, class, sexuality, and consumerism, and explores how those biases shape and reflect our cultural perceptions of who we are, what we're valued for, and what we should view as "our place" in society. Smart and informative, Reality Bites Back arms readers with the tools they need to understand and challenge the stereotypes reality TV reinforces and, ultimately, to demand accountability from the corporations responsible for this contemporary cultural attack on three decades of feminist progress.*

*Be careful what you wish for. Your dream might come true. This is a humorous story about Chad Smith who had his greatest hope fulfilled but with results he could never have imagined. His ambition was to play ball in the Major League. Only one thing held him back from playing professional baseball in the majors. Through a freak accident this shortcoming is removed but the transformation leads to an unorthodox style of play. His success arouses a number of emotions in the other players, team managers and owners of the baseball teams. He is swept away into a beehive of controversy.*

*"One of the 50 Best Nonfiction Books of the Last 25 Years"—Slate On New Year's Day 2013, two-time Pulitzer Prize winner Gene Weingarten asked three strangers to, literally, pluck a day, month, and year from a hat. That day—chosen completely at random—turned out to be Sunday, December 28, 1986, by any conventional measure a most ordinary day. Weingarten spent the next six years proving that there is no such thing. That Sunday between Christmas and New Year's turned out to be filled with comedy, tragedy, implausible irony, cosmic comeuppances, kindness, cruelty, heroism, cowardice, genius, idiosy, prejudice, selflessness, coincidence, and startling moments of human connection, along with evocative foreshadowing of momentous events yet to come. Lives were lost. Lives were saved. Lives were altered in overwhelming ways. Many of these events never made it into the news; they were private dramas in the lives of private people. They were utterly compelling. One Day asks and answers the question of whether there is even such a thing as "ordinary" when we are talking about how we all lurch and stumble our way through the daily, daunting challenge of being human.*

*Brian Clarke has been one of America's foremost experts on counterterrorism measures for more than two decades. He has served under four presidents from both parties, beginning in Ronald Reagan's State Department becoming America's first Counter-terrorism Czar under Bill Clinton and remaining for the first two years of George W. Bush's administration. He has seen every piece of intelligence on Al-Qaeda from the beginning; he was in the Situation Room on September 11th and he knows exactly what has taken place under the United States's new Department of Homeland Security. Through gripping, thriller-like scenes, he tells the full story for the first time and explains what the Bush Administration are doing.*

*Following in the footsteps of the two earlier teaching series of the 1950s and 1970s, these volumes seek to reveal the distinctive vision Anglicanism offers for the people of God today. Each book includes a study guide and a list of additional resources. The series is designed for wide parish use, including adult education, classes for inquirers and newcomers, the adult catechumenate, parish libraries, and study groups throughout the church year.In this down-to-earth book on the essentials of prayer, Guenther answers many of the most common questions about prayer and the spiritual life. She also discusses basic matters of Christian practice, such as making a confession, going on retreat, using a journal to pray, finding a spiritual director, and praying when God does not seem to listen.*

*Is God male or female? Why do women, but not men, flush public toilets with their feet? Why are men, but not women, obsessed with parallel parking? Why do women, but not men, leave eleven-minute messages on answering machines? Why do men feel guilty about nothing, and women feel guilty about everything? Was Marilyn Monroe...fat? These philosophical quandaries, and more, are finally debated in I'm with Stupid, an uproariously funny dialogue between Gene Weingarten, the gleefully misogynistic Washington Post humor columnist, and Gina Barreca, the gleefully feminist University of Connecticut professor. The first significant book about men and women actually written by a man and a woman, I'm with Stupid is privy to the dark secrets of both sexes. It's not a lecture, but an extended argument, a combustion of viewpoints that winds up unearthing startling truths. In the words of Gene and Gina: "Our Mars and Venus breach their orbits and collide in a screaming fireball from Hell." The subject matter spans art and expression, science and technology, politics and history, spirituality and religion, sex and sexuality, as well as the complex etiology, sociology, and etymology of dirty jokes. Men: Learn at last how to know for sure when you are having a fight. Women: Learn what he really means when he says "I'm sorry." Take sides as Gene and Gina face off in a hagling challenge in which the winner manages to get the lowest price for a Mercedes S500. Or just take in the show. I'm with Stupid is the book that finally establishes, conclusively, that women are funnier than men. And vice versa.*

*"Gary Greenberg has become the Dante of our psychiatric age, and the DSM-5 is his Inferno." —Errol Morris Since its debut in 1952, the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders has set down the "official" view on what constitutes mental illness. Homosexuality, for instance, was a mental illness until 1973. Each revision has created controversy, but the DSM-5 has taken fire for encouraging doctors to diagnose more illnesses—and to prescribe sometimes unnecessary or harmful medications.*

*Respected author and practicing psychotherapist Gary Greenberg embedded himself in the war that broke out over the fifth edition, and returned with an unsettling tale. Exposing the deeply flawed process behind the DSM-5's compilation, The Book of Woe reveals how the manual turns suffering into a commodity—and made the APA its own biggest beneficiary.*

*This endearing tale is a unique work of historical fiction for cat lovers. It follows the life of a Japanese farm boy named Isoo, who befriends a remarkable cat. Together, they experience Japan's transformative Meiji period. The journey begins in the peaceful farmlands at the foot of Mount Fuji, and then takes the reader through upheavals of war and cultural revolution. Isoo comes to know great adventure, great love and great loss. Like Japan, he is transformed, his life taking a new turn with each of the nine incarnations of his dear companion.*

*Life of Pi is a masterful and utterly original novel that is at once the story of a young castaway who faces immeasurable hardships on the high seas, and a meditation on religion, faith, art and life that is as witty as it is profound. Using the threads of all of our best stories, Yann Martel has woven a glorious spiritual adventure that makes us question what it means to be alive, and to believe.*

*Morgan Wallace is a smart nine year old comic book kid whose hyperactivity makes it difficult for him to stay focused in school and sometimes makes him feel self-conscious about being different. Then one night during the summer before fourth grade, something happens that would cause him to find out what it is like to really be different: the rays of a meteor shower transform him into a cyborg with superpowers. When the family doctor is unable to help turn him back into a normal nine year old kid, Morgan convinces his parents to let him use his new powers as a super hero named HyperKid. During the first day of school, his primary mission immediately becomes clear: to defend the kids of West Plains Elementary from Brian Bullini, the new kid in school who also has cyborg superpowers and would become HyperKid's arch rival, BullBorg. The two quickly commence battling each other on the playground during recess and after school, but they would soon realize that they have more in common than being cyborgs, and their rivalry would become a powerful friendship. With a cast of humorous characters and hilarious scenes, HyperKid v BullBorg is ultimately an inspiring story about rising above personal obstacles and the loneliness that often accompanies the feeling of being different. It is also a story about friendship and understanding that stems from the recognition that two individuals who come from seemingly different worlds have more in common than not.*

*For fans of Kathleen Barber and Julia Heaberlin comes a chilling psychological suspense from award-winning author Jen Williams about a woman who discovers her late mother had a decades-long secret correspondence with a serial killer, begging the question: how well do we know our own family and even ourselves? When prodigal daughter Heather Evans returns to her family home after her mother's baffling suicide, she makes an alarming discovery--stacks and stacks of carefully preserved letters from notorious serial killer Michael Reave. The "Red Wolf," as he was dubbed by the press, has been in prison for over twenty years, serving a life sentence for the gruesome and ritualistic murders of several women across the country, although he has always protested his innocence. The police have had no reason to listen, yet Heather isn't the only one to have cause to re-examine the murders. The body of a young woman has just been found, dismembered and placed inside a tree, the corpse planted with flowers. Just as the Red Wolf is about to be released, Heather is contacted by a man who claims to be the killer. What did Heather's mother know? Why did she kill herself? And with the monstrous Red Wolf safely locked inside a maximum security prison, who is stalking young women now? Teaming up with DI Ben Parker, Heather hopes to get some answers for herself and for the newest victims of this depraved murderer. Yet to do that, she must speak to Michael Reave herself, and expose herself to truths she may not be ready to face. Something dark is walking in the woods, and it knows her all too well.*

*Get comfy, pull up a pan of blondies, and settle in for some girlfriend talk. Get the lowdown on who's low and how's down, whose long-standing but unspoken conflict with her sexual repression, and whose boyfriend named his penis. A hysterical send-up of everyday life and love with lots of heart, Lipshtick is a quick fix, a good schmooze, a heartfelt sob or two. It will take you on a trip through things universal to all pairs of X chromosomes worth their salt: for coping with social dances in junior high (where the sexes meet like a hormonal high noon) to the joys of plucking out your chin hair like evil weeds; from the natural order of a girl's fantasies (like sweets that don't make you fat, spending that doesn't break the bank, a beautiful nap in the middle of a long day) to why flings with bad boys are the ultimate in dating pleasure (finding the right boy to lust after is a lifelong struggle--eventually you grow to be picky about who rejects you); from getting married (His best quality? He was like family. His worst quality? He was like family.) to the sad state of postnatal breasts. Gwen Macsai cover it all--with a shrick twist. You'll laugh, you'll cry, you'll thank God you're not her. No situation unaccounted for, no mole left unexamined, Macsai captures a woman's life from her first leg-shave to her last dose of hormone replacement therapy. When you finish Lipshtick you'll have added another great girlfriend to your already glittering array. And in this world you can't have enough girlfriends or laughter.*

*A timely new edition of the classic journalism text, now featuring updated material on the importance of reporting in the age of media mistrust and fake news--and how journalists can use technology to navigate its challenges More than two decades ago, the Committee of Concerned Journalists gathered some of America's most influential newswpeople and asked them, "What is journalism for?" Through exhaustive research, surveys, interviews, and public forums, the committee identified the essential elements that define journalism and its role in our society. The result is one of the most important books on media ever written--winner of the Goldsmith Book Prize from Harvard, a Society of Professional Journalists Award, and the Bart Richards Award for Media Criticism from Penn State University. Updated with new material covering the ways journalists can leverage technology to their advantage, especially given the shifting revenue architecture of news--and with the future of news, facts, and democracy never more in question--this fourth edition of The Elements of Journalism is the authoritative guide for journalists, students, and anyone hoping to stay informed in contentious times.*

*Plot twists, action and excitement will keep you turning the pages of this bestselling YA fantasy! Still reeling from a shocking revelation, guardian trainee Calla Larkenwood finds the threads of her world unraveling further when she's accused of a horrifying crime she didn't commit: A deadly magical disease has entered the Guild, threatening to wipe out every guardian--and someone is intent on framing Calla for it. With the Guild council focusing their investigation on her instead of searching for the real criminal, Calla watches her dream of becoming a guardian rapidly slipping away. Time is running out. As the lines between good and bad, right and wrong, begin to blur, whom can she turn to for help? Perfect for fans of The Mortal Instruments, The Iron Fey, and Graceling. When every hiccup sounds like the call of doom, each stomach pang hints at incipient cancer, and a headache means it's time to firm up your last will and testament, The Hypochondriac's Guide to Life. And Death. provides just the relief you need. Gene Weingarten has spent his whole life immersed in the eclectic details of bizarre symptoms, self-diagnosing every minor ache as a potentially deadly disease. Weingarten examines: The mind of a hypochondriac How your doctor can kill you Ulcers and other visceral fears The snaps, crackles, and pops of your body that spell disaster Things that can take an eye out Interpreting DocSpeak Blending the neurotic anxieties of Woody Allen, the folksiness of Garrison Keillor, and the absurdist vision of Dave Barry, Gene Weingarten conjures up a hilarious prescription for the hypochondriac that lurks inside all of us.*

***"A book that should start a long-overdue national conversation." —Dave Barry With the F.D.A. agreeing to new trials to test MDMA (better known as Ecstasy) as a treatment for PTSD—which, if approved, could be available as a drug by 2021—Acid Test is leading the charge in an evolving conversation about psychedelic drugs. Despite their current illegality, many Americans are already familiar with their effects. Yet while LSD and MDMA have proven extraordinarily effective in treating anxiety disorders such as PTSD, they still remain off-limits to the millions who might benefit from them. Through the stories of three very different men, award-winning journalist Tom Shroder covers the drugs' roller-coaster history from their initial reception in the 1950s to the negative stereotypes that persist today. At a moment when popular opinion is rethinking the potential benefits of some illegal drugs, and with new research coming out every day, Acid Test is a fascinating and informative must-read.***
