

## ***The French Revolution And Napoleon 1789 1815 Teachers Workbook***

*Contains contemporary quotations drawn from speeches, letters, diaries, newspaper articles, and memoirs.*

*Examines the history of France between the years 1789 and 1815, the causes behind the great upheaval of 1789, the bloody and tumultuous events of the Revolution itself, and the years immediately after the Revolution when France became the dominant power in Europe, led by a man who seemed to embody the spirit of the new era-Napoleon Bonaparte.*

*This classic work on the French Revolution and Napoleonic era has been thoroughly updated to reflect the most recent scholarship on a magnificently complex epoch. Appropriate for upper-level French Revolution and Napoleonic era courses, this text's primary purpose is to give students the generally accepted "story" of the era and to furnish them with the basic knowledge to put in context the more sophisticated works listed in the bibliography.*

*Second Edition (Revised)*

"Analyzes the strategic dimensions of the French Revolutionary and Napoleonic Wars, critiquing Napoleon's broader strategic weaknesses and looking holistically at the strategies of the leading belligerents from a global perspective"--

"Filled with critical insights, Brown's revisionist study utilizes an impressive array of archival sources, some only recently cataloged, to support his thesis that the French Revolution survived until 1802 and the Consulate regime.... This volume should be a priority for all historians and serious students interested in modern French history. Summing Up: Essential."— Choice "What Brown has done is to put all historians of the French Revolution in his debt by the thoroughness with which he explores an important aspect of the complex and interrelated problems posed by any attempt to create a new social and moral order based on principles that could prove to be self-contradictory and were neither understood nor welcomed by a substantial proportion of the population."— English Historical Review "This is one of the most important pieces of scholarship on the French Revolution since the 1989 bicentennial."—David Bell, Johns Hopkins University For two centuries, the early years of the French Revolution have inspired countless democratic movements around the world. Yet little attention has been paid to the problems of violence, justice, and repression between the Reign of Terror and the dictatorship of Napoleon Bonaparte. In *Ending the French Revolution*, Howard Brown analyzes these years to reveal the true difficulty of founding a liberal democracy in the midst of continual warfare, repeated coups

d'état, and endemic civil strife. By highlighting the role played by violence and fear in generating illiberal politics, Brown speaks to the struggles facing democracy in our own age. The result is a fundamentally new understanding of the French Revolution's disappointing outcome. Howard G. Brown, Professor of History at Binghamton University, State University of New York, is the author of *War, Revolution, and the Bureaucratic State: Politics and Army Administration in France, 1791–1799* and coeditor of *Taking Liberties: Problems of a New Order from the French Revolution to Napoleon*. Winner of the American Historical Association's 2006 Leo Gershey Award and the University of Virginia's 2004 Walker Cowen Memorial Prize for an outstanding work of scholarship in eighteenth-century studies

*Napoleon and The End of The French Revolution* covers the imprint the revolution had on Napoleon's life. As the author says, it culminated within him. Napoleon is shaped by the brutality of the event and brings the brutality to order under his reign. Blending the two time periods, Napoleon capitalizes on all that has been destroyed in 19th century France.

The History of the French Revolution and Napoleon

The French Revolutionary and Napoleonic Wars

The French Revolution and Napoleon

An Eyewitness History

1789-1815

Allons enfants de la Patrie, le jour de gloire est arrivé! "Arise children of the Fatherland, the day of glory has arrived!" These opening lines to *La Marseillaise*, France's famously stirring and evocative national anthem, capture perfectly the passion, fear, and frenetic energy of Republicanism's sanguinary birth on French soil. Through the violence of the Revolutions the reign of the Bourbon monarchy came to an end and modern France was born. *French Revolutions For Beginners* examines the several bloody revolutions and counter-revolutions throughout the course of the 19th century and the constant upheavals and disruptions in France's ever changing political landscape from 1789–1900. While most people have some familiarity with names like Louis XVI and Napoleon, the details of what exactly happened during the French Revolution—apart from pithy royal pronouncements about cake eating and the ever-falling blade of the guillotine—are often difficult to understand, and for good reason: there were 15 changes of government in less than a century! The legacy of the French Revolutions remains with us today; we see it all over the world when an oppressed people rise up against an authoritarian regime demanding their rights as citizens be recognized. *French Revolutions For Beginners* presents the major political figures, events and hot-button political issues of this extremely violent, chaotic, confusing—but exciting—period in a way that is accessible, interesting, and fun to both history buffs and the neophyte alike.

The upheavals, terror, and drama of the French Revolutionary and Napoleonic period restructured politics and society on a grand scale, making this the defining moment for modern European history. This volume collects together a wide selection of primary texts to explain

the process behind the enormous changes undergone by France and Europe between 1787 and 1815, from the Terror to the Counter-Revolution and from Marie-Antoinette to Robespierre and Bonaparte. While bringing the impact of historical events to life, Philip Dwyer and Peter McPhee provide a clear outline of the period through key documents and lucid introductory passages and commentary. They illustrate the meaning of the Revolution for peasants, sans-culottes, women, and slaves, as well as placing events within a wider European context.. Students will find this an invaluable source of information on the Revolution as a whole as well as the international significance of the events.

The French Revolution sent shockwaves across the world. Louis XVI and Marie Antoinette were beheaded, and in their wake came The Terror, where many more thousands of people lost their heads to the guillotine. Yet, the repercussions of this moment event did not subside with the execution of Robespierre and other key figures in this murderous revolution. Instead, it set in motion the rise to power of a young Corsican artillery officer, who would lead his seemingly unbeatable armies across the breadth of the Europe and become the new terror of the continent. Charles Downer Hazen's fascinating history, *The French Revolution and Napoleon* begins with a thorough study of France prior to 1789, explaining how a revolutionary fervor could grip the nation. Through analyzing the development of the new French constitution and political system, Hazen uncovers how Enlightenment ideals underpinned the monumental changes that occurred through this period. These ideals were, however, rarely met and Hazen goes onto discuss why the initial idealism of the revolution descended into anarchy, providing Napoleon the perfect opportunity to take power for himself. *The French Revolution and Napoleon* is fascinating history of the period from 1789 to 1815, when the events in France shook the globe to its core and have cast a long shadow over the world we know today. "a clear insight into the character of the development of the world's history" *American Historical Review* "The work of Professor Hazen is admirably done. He has a rare talent for the clear and compact statement of complex facts. His sense of historical perspective is just and his power of connected narrative is highly developed" *New York Times* Charles Downer Hazen, born 1868, was a professor of European History at Columbia University. He died in 1941.

The Wars of the French Revolution and Napoleon, 1792-1815

The French Revolution

Including Key Works of the Enlightenment that Inspired the Revolution: Declaration of the Rights of Man and of the Citizen, The Social Contract, The State of Society in France & The Spirit of the Laws

**The French Revolution overthrew the monarchy, established a republic, catalyzed violent periods of political turmoil, and finally culminated in a dictatorship under Napoleon who brought many of its principles to areas he conquered in Western Europe and beyond. Inspired by liberal and radical ideas, the Revolution profoundly altered the course of modern history, triggering the global decline of absolute monarchies while replacing them with republics and liberal democracies. Contents: The Old Regime in Europe The Old Regime in France Beginnings of the Revolution The Making of the Constitution The Legislative Assembly The Convention The Directory The Consulate The Early Years of the Empire The Empire at Its Height The Decline and Fall of Napoleon Declaration of the Rights of Man and of the Citizen The Social Contract The Spirit of the Laws The State of Society in France Before the Revolution**

**The modern era has unfolded in the shadow of the French Revolution. Almost all future revolutionary movements looked back to the Revolution**

as their predecessor. Its central phrases and cultural symbols, such as La Marseillaise and Liberté, fraternité, égalité, ou la mort, became the clarion call for other major upheavals in modern history, including the Russian Revolution over a century later. The values and institutions of the Revolution dominate French politics to this day. The Revolution resulted in the suppression of the feudal system, emancipation of the individual, a greater division of landed property, abolition of the privileges of noble birth, and nominal establishment of equality among men. The French Revolution differed from other revolutions in being not only national, for it intended to benefit all humanity. Contents: Old Regime in Europe The Old Regime in France Beginnings of the Revolution The Making of the Constitution The Legislative Assembly The Convention The Directory The Consulate The Early Years of the Empire The Empire at Its Height The Decline and Fall of Napoleon

An OCR endorsed resource Successfully cover Unit Group 2 with the right amount of depth and pace. This bespoke series from the leading History publisher follows our proven and popular approach for OCR A Level, blending clear course coverage with focused activities and comprehensive assessment support. - Develops understanding of the period through an accessible narrative that is tailored to the specification content and structured around key questions for each topic - Builds the skills required for Unit Group 2, from explanation, assessment and analysis to the ability to make substantiated judgements - Enables students to consolidate and extend their topic knowledge with a range of activities suitable for classwork or homework - Helps students achieve their best by providing step-by-step assessment guidance and practice questions - Facilitates revision with useful summaries at the start and end of each chapter - Ensures that students understand key historical terms and concepts by defining them in the glossary

*If you want to discover captivating stories of people and events of the French Revolution, then keep reading... Two captivating manuscripts in one book: The French Revolution: A Captivating Guide to the Ten-Year Revolution in France and the Impact Made by Napoleon Bonaparte Marie Antoinette: A Captivating Guide to the Last Queen of France Before and During the French Revolution, Including Her Relationship with King Louis XVI Few historical events are as greatly revered and entirely misunderstood as the French Revolution that began in 1789. The memory of this complicated and lengthy political, violent uprising has been generally painted in broad--and oversimplified--strokes. While the French Revolution was certainly centered around two lavish monarchs and an enlightened common class, there was so much more going on behind the scenes. Even after the abolition of the French monarchy, France struggled to find a balance between public self-governance and European stability. A fragile government, merely a shell of its former self following the Reign of Terror under Robespierre, was no match for the military and political prowess of Napoleon I. Some of the topics covered in part 1 of this book include: A Brief History of the French Monarchy Philosophies of the Times France in the 18th Century Marie Antoinette, Madame Deficit Taxes, Famine, and the Enlightenment Sieyes' "What is the Third*

*Estate?" The National Assembly Death of the Dauphin Bastille Day The First Mayor of Paris Declaration of the Rights of Man...and The Women's March France at War The Flight to Varennes Storming the Tuileries The Monarchy is Outlawed The Fate of the Colonies The Louisiana Purchase The Reign of Terror The New French Calendar Emperor Napoleon Bonaparte In the Days and Years Afterward And much, much more! Some of the topics covered in part 2 of this book include: An Archduchess is Born Maria Antonia Becomes Marie Antoinette The Dauphine Queen at Nineteen A Marriage at Odds with Itself The Issue of Heirs Madame Deficit Count Axel von Ferson The Lost Children The Diamond Necklace Scandal Queen of Fashion The French Revolution The October Chapter Anxious Days at the Tuileries An Attempt to Flee Death of the Monarchy And much more! ### **Publisher description**

**Explores the causes and consequences of the French Revolution.**

**On 14 July 1789 thousands of Parisians seized the Bastille fortress in Paris. This was the most famous episode of the Revolution of 1789, when huge numbers of French people across the kingdom successfully rebelled against absolute monarchy and the privileges of the nobility. But the subsequent struggle over what social and political system should replace the 'Old Rgime' was to divide French people and finally the whole of Europe. The French Revolution is one of the great turning-points in history. It continues to fascinate us, to inspire us, at times to horrify us. Never before had the people of a large and populous country sought to remake their society on the basis of the principles of liberty and equality. The drama, success and tragedy of their project have attracted students to it for more than two centuries. Its importance and fascination for us are undiminished as we try to understand revolutions in our own times. There are three key questions the book investigates. First, why was there a revolution in 1789? Second, why did the revolution continue after 1789, culminating in civil war, foreign invasion and terror? Third, what was the significance of the revolution? Was the French Revolution a major turning-point in French, even world history, or instead just a protracted period of violent upheaval and warfare which wrecked millions of lives? This new edition of The French Revolution contains revised text and new photographs. This edition includes video footage of Peter McPhee's**

**interviews with Professor Ian Germani, University of Regina, Saskatchewan, Canada, on the role of military discipline in the French Revolutionary Wars; Dr Marisa Linton, Kingston University in London, about her book, *Choosing Terror: Virtue, Friendship and Authenticity in the French Revolution*, a major study of the politics of Jacobinism; and Professor Timothy Tackett, University of California, Irvine, on the origins of terror in the French Revolution.**

**From the French Revolution to Napoleon**

**With New Annotated Bibliography**

**Thomas Paine and the French Revolution**

**The French Revolution and Napoleon Collections at Florida State University**

**The Encyclopedia of the French Revolutionary and Napoleonic Wars**

*The Napoleonic period cannot be interpreted as a single historical 'block'. Bonaparte had many different persona: the Jacobin, the Republican, the reformer of the Consulate, the consolidator of the Empire and the 'liberal' of the Hundred Days. The emphasis here will be on Napoleon as the heir and executor of the French Revolution, rather than on his role as the liquidator of revolutionary ideals. Napoleon will be seen as part of the Revolution, preserving its social gains, and consecrating the triumph of the bourgeoisie. The book will steer away from the personal and heroic interpretation of the period. Instead of seeing the era in terms of a single man, the study will explore developments in French society and the economy, giving due weight to recent research on the demographic and social history of the period 1800-1815.*

*Connelly demonstrates how the wars of the Revolution shaped Napoleon as a military leader and how the practices of warfare developed and deployed during this period were to influence modes of combat throughout the nineteenth and twentieth centuries, establishing trends discernible in the First and Second World Wars."--Jacket.*

*This book explores Thomas Paine's French decade, from the publication of the first part of *Rights of Man* in the spring of 1791 to his return trip to the United States in the fall of 1802. It examines Paine's multifarious activities during this period as a thinker, writer, member of the French Convention, lobbyist, adviser to French governments, officious diplomat and propagandist. Using previously neglected sources and archival material, Carine Lounissi demonstrates both how his republicanism was challenged, bolstered and altered by this French experience, and how his positions at key moments of the history of the French experiment forced*

major participants in the Revolution to defend or question the kind of regime or of republic they wished to set up. As a member of the Lafayette circle when writing the manuscript of Rights of Man, of the Girondin constellation in the Convention, one of the few democrats who defended universal suffrage after Thermidor, and as a member of the Constitutional Circle which promoted a kind of republic which did not match his ideas, Paine baffled his contemporaries and still puzzles the present-day scholar. This book intends to offer a new perspective on Paine, and on how this major agent of revolutions contributed to the debate on the French Revolution both in France and outside France.

**Lynn Hunt and Jack R. Censer's *The French Revolution and Napoleon* provides a globally-oriented narrative history of events from 1789 until the fall of Napoleon. It emphasizes the global origins and consequences of the French Revolution and explains why it is the formative event for modern politics. The book integrates global competition, fiscal crisis, slavery and the beginnings of nationalism with the more traditional emphases on human rights and constitutions, terror and violence, and the rise of authoritarianism. This global approach then enables the authors – two world-renowned scholars in the field – to clearly illustrate how the French Revolution and Napoleonic Empire changed all the political givens for Europe, the Americas, North Africa and parts of Asia as well. Including numerous illustrations and maps, end-of-chapter questions, timelines and primary source document extracts for analysis in each chapter, this book is essential reading for all students of modern European history who want to understand the French Revolution and Napoleonic Empire in a truly global context.**

**This new study of Napoleon emphasizes his ties to the French Revolution, his embodiment of its militancy, and his rescue of its legacies. Jordan's work illuminates all aspects of his fabulous career, his views of the Revolution and history, the artists who created and embellished his image, and much of his talk about himself and his achievements. The catalysts, major events, and consequences of one of history's bloodiest revolutions are presented in a thrilling and academically rigorous way in this guide to the French Revolution. The stories of this historic episode's key players are narrated, including the tales of such well-known characters as Marie Antoinette and Napoleon Bonaparte. There is a thorough treatment of France's economy, government, and social life both before, during the various phases of, and after the Revolution. Napoleon's post-Revolutionary European conquests and subsequent downfall and exile are also**
