

The Gestapo And Ss Manual Paperback

In prose as beautiful as it is powerful, Rita Gabis follows the trail of her grandfather's collaboration with the Nazis--a trail riddled with secrets, slaughter, mystery, and discovery. Rita Gabis comes from a family of Eastern European Jews and Lithuanian Catholics. She was close to her Catholic grandfather as a child and knew one version of his past: prior to immigration he had fought the Russians, whose brutal occupation of Lithuania destroyed thousands of lives before Hitler's army swept in. Five years ago, Gabis discovered an unthinkable dimension to her family story: from 1941 to 1943, her grandfather had been the chief of security police under the Gestapo in the Lithuanian town of Svencionys, near the killing field of Poligon, where eight thousand Jews were murdered over three days in the fall of 1941. In 1942, the local Polish population was also hunted down. Gabis felt compelled to find out the

Read Book The Gestapo And Ss Manual Paperback

complicated truth of who her grandfather was and what he had done. Built around dramatic interviews in four countries, filled with original scholarship, and mesmerizing in its lyricism, A Guest at the Shooters' Banquet is a history and family memoir like no other, documenting "the holocaust by bullets" with a remarkable quest as Gabis returns again and again to the country of her grandfather's birth to learn all she can about the man she thought she knew.

Looks at Hitler's first year in power through the stories of the American ambassador, Hitler's chief of the foreign press, a Jewish society reporter, and the first head of the Gestapo

This book demythologises one of the top Waffen-SS units during the Second World War, the Hitlerjugend Division. In addition to bringing together new research in European historiography, it also represents an innovative scientific approach using social psychology. It provides insights into inner psychological mechanisms that facilitated moral disengagement and

Read Book The Gestapo And Ss Manual Paperback

culminated in the division's unparalleled combat motivation and war crimes. Best known for their alleged fanaticism, Nazi indoctrination and inclination to perpetrate atrocities, Hitlerjugend soldiers are analysed here using perspectives drawn from across sociology, anthropology and psychology. In the early years of World War II, Special Operations Executive (SOE) set up top secret training schools to instruct prospective agents in the art of being a spy. By the end of 1941, an international network of schools was in operation in secluded locations ranging from the Scottish Highlands to Singapore and Canada. *How to Be a Spy* reproduces the extensive training manuals used to prepare agents for their highly dangerous missions behind enemy lines. The courses cover a variety of clandestine skills including disguise, surveillance, burglary, interrogation, close combat, and assassination - everything needed to wreak havoc in occupied Europe. *Secret History Files* is an exciting series from The National Archives that puts covert history in readers' hands.

How to Be a Spy

Handsome, intelligent, impetuous, and dedicated to the Nazi cause, SS Colonel Jochen Peiper (1915–1976) was one of the most controversial figures of World War II. After volunteering for the Waffen-SS at an early age, Peiper quickly rose to prominence as Heinrich Himmler's ever-present personal adjutant in the early years of the war. Sent later to the fighting front with the fearsome 1st SS Panzer Division, Peiper became a legend for his flamboyant and brutal style of warfare. As one of Hitler's favorites, he was chosen to spearhead the Ardennes Offensive, later known as the Battle of the Bulge. After the war, Peiper became the central subject in the bitterly disputed Malmédy war crimes trial. Convicted but later released, he moved to eastern France. There, he and his past were discovered, and he died in a fiery gun battle by killers unknown even today. In *Hitler's Warrior*, historian Danny Parker describes Peiper both on and off the

Read Book The Gestapo And Ss Manual Paperback

battlefield and explores his complex personality. The rich narrative is supported by years of research that has uncovered previously unpublished archival material and is enhanced with information drawn from extensive interviews with Peiper's contemporaries, including German veterans. This major new historical work is both a definitive biography of Hitler's most enigmatic warrior and a unique study of the morally inverted world of the Third Reich.

An exploration of German World War II small-scale military strategy, edited by the former chief historian of the U.S. Marines. While small wars are not new, how they should be fought by a modern industrial nation is still very much a matter for debate. It is thus worth paying heed now to the experiences of another power which once encountered the same problems. This pocket manual examines German analysis of the problem, covering experiences from the Napoleonic era to the Third Reich, based upon the historical analysis, Kleinkrieg, provided to the German High Command by Arthur Ehrhardt in 1935 (republished in 1942 and 1944), and the Bandenbekämpfung (Fighting the Guerrilla Bands) document provided to Germany 's OKW in 1944. In both, conditions that were specific to broader military operations were separated from circumstances in occupation campaigns, and the new background in the German experience in suppressing rebellion during the Second World War is presented. Avoiding ideological biases, this manual examines the purely military problem as seen by professionals. Rediscovered and presented in English, these German thoughts on how best to fight

small wars have been edited and annotated by Charles D. Melson, former chief historian for the U.S. Marine Corps. “ The German attitude to guerrilla war was far more complex than stereotypical brutality for the sake of brutality. ” —Stephen G. Fritz, PhD, author of Ostkrieg “ A highly accessible introduction to an important, but frequently neglected, aspect of German military history as well for those interested in guerrilla warfare. ” —Bruce I. Gudmundsson, PhD, U.S. Marine Corps University, author of On Artillery

Right to Remember is a self-contained educational resource for all those wishing to promote a deeper awareness of the Roma Genocide and combat discrimination. The handbook is based on the principles of human rights education, and places remembrance as an aspect of learning about, through and for human rights. Strengthening the identity of Roma young people is a priority for the Roma Youth Action Plan of the Council of Europe. This implies the creation of an environment where they can grow up free from discrimination and confident about their identity and future perspectives, while appreciating their history and their plural cultural backgrounds and affiliations. The Roma Genocide carried out before and during the Second World War has deeply impacted on Roma communities across Europe and plays a central role in understanding the prevailing antigypsyism and discrimination against Roma. Learning about the Genocide is very important for all young people. For Roma young people it is also a way to understand what was perpetrated against their communities, and to help

Read Book The Gestapo And Ss Manual Paperback

them to come to terms with their identity and situation today. Involving young people, including Roma youth, in researching, discussing and discovering the meanings of the Roma Genocide is a way to involve them as agents and actors in their own understanding of human rights and of history. Right to Remember includes educational activities, as well as ideas for commemoration events, and information about the Genocide and its relevance to the situation of the Roma people today. It has been designed primarily for youth workers in non-formal settings, but it will be useful for anyone working in education, including in schools.

"Simple Sabotage Field Manual" by United States. Office of Strategic Services. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten - or yet undiscovered gems - of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Transforming Occupation in the Western Zones of Germany provides an in-depth transnational study of power politics, daily life, and social interactions in the Western Zones of occupied Germany during the aftermath of the Second World War. Combining a history from below with a top-down perspective, the volume explores the origins, impacts, and legacies of the occupations of the western zones of Germany by the United States, Britain and France, examining complex yet topical issues that often arise as a consequence of war including regime change, transitional justice, everyday life under occupation, the role of intermediaries, and the multifaceted relationship between occupiers and occupied. Adopting a novel set of approaches that puts questions of power, social relations, gender, race, and the environment centre stage, it moves beyond existing narratives to place the occupation within a broader framework of continuity and change in post-war western Europe. Incorporating essays from 16 international scholars, this

Read Book The Gestapo And Ss Manual Paperback

volume provides a substantial contribution to the emerging fields of occupation studies and the comparative history of post-war Europe.

This is the most comprehensive, and most comprehensively chilling, study of modern torture yet written. Darius Rejali, one of the world's leading experts on torture, takes the reader from the late nineteenth century to the aftermath of Abu Ghraib, from slavery and the electric chair to electro-torture in American inner cities, and from French and British colonial prison cells and the Spanish-American War to the fields of Vietnam, the wars of the Middle East, and the new democracies of Latin America and Europe. As Rejali traces the development and application of one torture technique after another in these settings, he reaches startling conclusions. As the twentieth century progressed, he argues, democracies not only tortured, but set the international pace for torture. Dictatorships may have tortured more, and more indiscriminately, but the United States, Britain, and France

Read Book The Gestapo And Ss Manual Paperback

pioneered and exported techniques that have become the lingua franca of modern torture: methods that leave no marks. Under the watchful eyes of reporters and human rights activists, low-level authorities in the world's oldest democracies were the first to learn that to scar a victim was to advertise iniquity and invite scandal. Long before the CIA even existed, police and soldiers turned instead to "clean" techniques, such as torture by electricity, ice, water, noise, drugs, and stress positions. As democracy and human rights spread after World War II, so too did these methods. Rejali makes this troubling case in fluid, arresting prose and on the basis of unprecedented research--conducted in multiple languages and on several continents--begun years before most of us had ever heard of Osama bin Laden or Abu Ghraib. The author of a major study of Iranian torture, Rejali also tackles the controversial question of whether torture really works, answering the new apologists for torture point by point. A brave and disturbing book, this is the benchmark against which all future

Read Book The Gestapo And Ss Manual Paperback

studies of modern torture will be measured.

missing. After blending in with the French Resistance, Kirsteen manages to make a number of important contacts but is eventually discovered by the Gestapo and imprisoned. However, she manages to escape. A Gestapo officer befriends her and seems to become attracted to her. She finds herself similarly attracted to him, and through him learns much about the occupying forces. Kirsteen helps the local Resistance in attempting to sabotage the railway lines outside Paris but she is once again captured by the Germans and is tortured. Can she again escape, finally locate the missing British spy, and get him back to England?

Dachau and the SS studies the concentration camp guards at Dachau, the first SS concentration camp and a national 'school' of violence for its concentration camp personnel. Set up in the first months of Adolf Hitler's rule, Dachau was a bastion of the Nazi 'revolution' and a key springboard for the ascent of Heinrich Himmler and the SS to control of the Third Reich's terror and policing apparatus. Throughout the pre-war era of Nazi Germany, Dachau functioned as an academy of violence where concentration camp personnel were schooled in steely resolution and the techniques of terror.

Read Book The Gestapo And Ss Manual Paperback

An international symbol of Nazi depredation, Dachau was the cradle of a new and terrible spirit of destruction. Combining extensive new research into the pre-war history of Dachau with theoretical insights from studies of perpetrator violence, this book offers the first systematic study of the 'Dachau School'. It explores the backgrounds and socialization of thousands of often very young SS men in the camp and critiques the assumption that violence was an outcome of personal or ideological pathologies. Christopher Dillon analyses recruitment to the Dachau SS and evaluates the contribution of ideology, training, social psychology and masculine ideals to the conduct and subsequent careers of concentration camp guards. Graduates of the Dachau School would go on to play a central role in the wartime criminality of the Third Reich, particularly at Auschwitz. Dachau and the SS makes an original contribution to scholarship on the pre-history of the Holocaust and the institutional organisation of violence. Between 1933 and 1945, more than 500,000 German citizens resisted the Nazi government. Many were imprisoned for political crimes which included both active attempts to remove Hitler from

Read Book The Gestapo And Ss Manual Paperback

office and passive attempts to oppose the Nazi regime. Resistance was found among university students, churches and even in the German military. This fascinating and compelling history of the German resistance covers groups and methods from underground newspapers such as "Rote Kapella" and "Internal Front" to conspiracy movements within the army, that culminated with Operation Valkyrie, a coup d'état and assassination attempt which went terribly wrong.

The Nuremberg trials were a series of military tribunals held after World War II by the Allied forces under international law and the laws of war. The trials were most notable for the prosecution of prominent members of the political, military, judicial, and economic leadership of Nazi Germany, who planned, carried out, or otherwise participated in the Holocaust and other war crimes. The trials were held in Nuremberg, Germany. This volume contains official, pre-trial documents together with the Tribunal's judgment and sentence of the defendants.

The Rise of the Far Right

Hitler's Warrior

The Nazi Invasion Plan for Britain

A study of the evolving 'national styles' of conducting insurgencies and counter-insurgency, as influenced by transnational trends, ideas and practices.

From his position as BBC Europe correspondent, Angus Roxburgh lays bare the reason why Europe has become once again a fertile breeding ground for the far right through first-hand interviews with its supporters and leaders. He argues that we should be on high alert regarding the influence of radical thought, intolerance and charismatic leadership on ordinary politics. Since 1998 one by one the left-wing governments of Europe have been toppled by miscalculating the severity of the problems that face them. Deaf to the concerns of many of the traditionally left-wing voters, the entire spectrum of European political classes remain incapable of dealing with the strong domestic undercurrents surfacing in the aftermath of the events of September 2001.

In compliance with the Fuhrer's directive on the imminent invasion of Britain in 1940, the Gestapo prepared a secret handbook for the occupation forces. The first part, edited by senior Nazi Walter Schellenberg who had been educated in England, is a detailed analysis of how the Germans thought the country worked. The second, equally intriguing section is a list of the men and women the Gestapo had

Read Book The Gestapo And Ss Manual Paperback

earmarked for immediate arrest. Written in August 1940, the handbook sheds extraordinary light on the British political system, the establishment, the church, industry, the police, trade unions and even the Boy Scouts. The chapter on the British Secret Service was considered so embarrassingly accurate that the few copies captured at the end of the war were retained by the authorities, and it is only now, more than half a century later, that a translation has been made to reveal the full remarkable truth.

THE DEFINITIVE EDITION • Discovered in the attic in which she spent the last years of her life, Anne Frank's remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the Diary's first publication with a new introduction by Nobel Prize-winner Nadia Murad "The single most compelling personal account of the Holocaust ... remains astonishing and excruciating."—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the "Secret Annex" of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing,

"Ruff examines the vast network of Catholic youth organizations in West Germany that had traditionally served as a source for future youth leaders and a means by which the church could resist the changes of modern society by offering its own entertainment and social activities."--BOOK JACKET.

During World War II, training in the black arts of covert operation was vital preparation for the 'ungentlemanly warfare' waged by the Special Operations Executive (SOE) against Hitler's Germany and Tojo's Japan.

Reproduced here is the most comprehensive training syllabus used at SOE's Special Training Schools (STSs) showing how agents learnt to wreak maximum destruction in occupied Europe and beyond. The training took place in country houses and other secluded locations ranging from the Highlands of Scotland to Singapore and Canada. An array of unconventional skills are covered - from burglary, close combat and silent killing through to propaganda, surveillance and disguise -

Read Book The Gestapo And Ss Manual Paperback

giving insight into the workings of one of World War II's most intriguing organizations. Denis Rigden's introduction sets the documents in its historical context and includes stories of how these lessons were put into practice on actual wartime missions.

As well as the open propaganda of the British Government produced during the Second World War, like the foreign language radio broadcasts of the BBC and the aerial propaganda leaflets dropped by the RAF over Occupied Europe, a secret underground propaganda battle was also fought. 'The Black Art' documents this history of Britain's clandestine psychological warfare conducted against the Nazi's Third Reich. This black propaganda was the work of several secret intelligence organisations including the Political Warfare Executive and Special Operations Executive. Using previously undiscovered primary source material 'The Black Art' charts the progress of and catalogues the range of propaganda leaflets covertly distributed across Occupied Europe and beyond to subvert the morale of German soldiers and civilians. The propaganda included such ruses as malingering instructions to fake the symptoms of illness, tips for desertion to neutral countries, parody postage stamps, advice on sabotaging a U-boat, counterfeit ration coupons, identity documents and newspapers plus numerous other falsely attributed leaflets and stickers. Over 350 illustrations are included. I remember very clearly the day on which I was supposed to die So starts the story of Squadron Leader Hugh Mallory Falconer, British Special Operations Executive agent and prisoner of the Nazis for over two

Read Book The Gestapo And Ss Manual Paperback

and a half grueling years. When he was caught out of uniform by the Gestapo in Tunisia not long after the culmination of Operation Torch in 1942, he had no right to expect anything but the worst. Quite miraculously however, his papers vanished whilst he was being sent to Gestapo HQ in Berlin and, as a result, no-one could make out who he was. This, coupled with his quick-thinking and cunning whilst under interrogation, led to the Nazis including him in a group of high-profile hostages, holding him alongside such notable figures as the former French Minister Leon Blum. The group was intended to save the Nazi leaders' necks as the War ground down to its inevitable end. Offered a certain amount of protection on account of their special status in the eyes of their captors, they experienced the war from a unique vantage point. Held at a variety of infamous camps, including Sachsenhausen, Dachau and Buchenwald, Squadron Leader Mallory was taken on a virtual grand tour of the Third Reich, witnessing the full extent of its horrors. Then in 1945, he was forced to new heights of cunning when the Nazis began exterminating their captives. His daughter, who has painstakingly transcribed the only copy of her fathers memoirs, describes this book, published here for the first time, as a personal manual on keeping your sanity when your weight has dropped to that of a small German Shepherd dog, you are covered in vermin, you are alone and you have everything to fear. It makes for vital and compelling reading.

Bob Behr was a Jewish boy born in Berlin, Germany. He lived with his mother and stepfather. In 1942, a simple little note of thanks to Bob's mother from a woman she helped escape from Germany led to her arrest by the Gestapo. Bob and his parent's lives were changed forever when they were sent to Theresienstadt concentration camp. As a survivor of this horrible period of history, Bob eventually immigrated to the United States and joined the U.S. Army. Because of his ability to speak German, he became an intelligence officer and was sent to Berlin to interrogate former Nazis. Read this exciting story as told by young author Gretchen Mohr. She wanted to tell this story for future generations.

Draws on the latest research to present a history of the Gestapo, from its creation during the Weimar Republic to the fate of its officers after World War II, and unravel the truths and mysteries behind its rule.

In recent years the great powers of the West—primarily the US and UK—have most often

Read Book *The Gestapo And Ss Manual* Paperback

been relegated to fighting “small wars,” rather than the great confrontational battles for which they once prepared. It has been a difficult process, with some conflicts increasingly being seen as unwinnable, or at least not worth the effort in treasure and blood, even as the geopolitical structure of the world appears to slip. It is thus worth paying heed now, to the experiences of another power which once encountered the same problems. This work examines the German analysis to the problem, covering their experiences from the Napoleonic era to the Third Reich. Though the latter regime, the most despicable in history, needed to be destroyed by US/UK conventional force, as well as that of the Soviets, the German military meantime provided analysis to the question of grassroots—as opposed to great-power—warfare. This work is built around the historical analysis titled Kleinkrieg, provided to the German High Command by Arthur Earhardt in 1935 (republished in 1942 and 1943) which examined insurgencies from French-occupied Spain to recurrent problems in the Balkans. It also calls upon the Bandenbekämpfung (Fighting the Guerilla Bands) document provided to Germany’s OKW in 1944. In both, conditions that were specific to broader military operations were separated from circumstances in occupation campaigns, and new background in the German experience in suppressing rebellion in World War

It is presented. Edited and annotated, along with new analysis, by Charles D. Melson, former Chief Historian for the U.S. Marine Corps, Kleinkrieg expands our knowledge of the Western experience in coping with insurgencies. Without partaking in ideological biases, this work examines the purely military problem as seen by professionals. While small wars are not new, how they should be fought by a modern industrial nation is still a question to be answered. Rediscovered and presented in English, these German thoughts on the issue are now made available to a new generation of guerilla and irregular war fighters in the West.

Well over 2,000 total pages ... INTRODUCTION
The Germans called it the "Operation Watch on the Rhine." The French named it the "Battle of the Ardennes." And the Western Allies termed it the "Ardennes Counteroffensive." But because of the way the map of Western Europe looked at the height of the battle, it became known to history as the "Battle of the Bulge." It was the winter of 1944-1945, months before the war in Europe would end. Despite the protestations of his generals, Adolf Hitler decided on one final attempt to turn World War II in favor of his German Third Reich. For this, he ordered resources diverted from other battle fronts—including his losing campaign against the Russians in the east. The Allies were caught off guard, as Hitler had hoped. Thousands of U.S.

Read Book The Gestapo And Ss Manual Paperback

troops were surrounded at one point. In the end, the Allies committed enough troops that the tired, ill-equipped German army was overwhelmed.

Indeed, the Battle of the Bulge was an important turning point in the war in the Allies' favor, but it was not without its cost. The Battle of the Bulge is considered one of the bloodiest battles of World War II.

SS Obersturmbannführer Jochen Peiper was one of Germany 's most colorful military leaders of World War II with an audacious reputation. The name Peiper will always be linked to the Malmédy Massacre, the death of Belgian civilians and more than seventy American soldiers, but there is still a myth around Peiper. Why was a twenty-nine year old Waffen-SS officer chosen to lead the German spearhead unit during the Battle of the Bulge in December 1944? Peiper was a special leader within the one of the most elite Waffen-SS divisions, the Leibstandarte-SS Adolf Hitler. Peiper was charismatic and extreme loyal to his unit. His men trusted him as a leader, even under the most extreme conditions. In Germany he was a well-known war hero. It was a logical decision that Peiper became the commander of the spearhead unit, but there were other factors leading to this decision: tactical considerations, a we-know-what-to-expect-principle, and Peiper was lucky that he was still alive and serving in the Waffen-SS.

This first English translation of the training manual used before and during World War II provides a rare glimpse into the actual operating procedures of the Gestapo, SS and Waffen-SS - procedures until now virtually undocumented. Part I covers police training; Part II describes paramilitary operations in open

Read Book The Gestapo And Ss Manual Paperback

terrain; Part III details urban police operations during peace and war times.

The German Army's Strafbattalions were infantry units made up largely of convicts, felons, malingers, thugs and the criminally insane. Previously unpublished story of the units. The accounts of the most famous Strafbattalion units in combat. A story of little-known Nazi units: Hitler's 'Dirty Dozens'. When war broke out in 1939, Hitler created Strafbattalion (Penal Battalion) units to deal with incarcerated members of the Wehrmacht as well as 'subversives'. His order stated that any first-time convicted soldier could return to his unit after he had served a portion of his sentence in '...a special probation corps before the enemy'. Beginning in April 1941, convicted soldiers, even those sentenced to death, who had shown exceptional bravery or meritorious service could rejoin their original units; however, those in probation units were expected to undertake dangerous operations at the front. Refusal entailed enforcement of the original sentence. The soldiers who 'won back an honourable place in the national community' had done everything that was asked of them from suicidal advance teams, shock troops, and laying mines under fire. By 1945, over 50,000 Wehrmacht troops had served in punishment regiments. Strafbattalion: Hitler's Penal Battalions examines the penal units, their combat history and order of battle.

A comprehensive exploration of the history of the official secret police of Nazi Germany. Written with access to previously unpublished records, this is the fullest and most definitive account available on Hitler's secret police, the Gestapo. The book illustrates how, despite its material constraints, this group was able to extend its reach widely and quickly by manipulating and colluding with the general public during World War II, making ordinary German citizens complicit in the rendition of their associates, friends, colleagues, and neighbors. Though it was a powerful institution, it was not an all-powerful institution, and McDonough also relates the fascinating and underreported accounts of a cross-section of ordinary and extraordinary people who opposed the Nazi regime and its oppressive governance. The Gestapo will provide a chilling new doorway into the everyday life of the Third Reich and give powerful testimony from the victims of Nazi terror, while also challenging popular myths about the Gestapo and its inner workings. "Superbly scholarly and just as readable. A chilling, meticulous record of state brutality that is more compelling than any novel." —Dan Snow, award-winning TV historian and bestselling author "In this thoroughly researched and elegantly written book, Frank McDonough confronts decades of myth-making to uncover the complex realities of Hitler's notorious secret police. The Gestapo is as surprising as it is illuminating,

Read Book The Gestapo And Ss Manual Paperback

and it sets a new standard for this vitally important subject.” —Roger Moorhouse, bestselling author of *Berlin at War* “A new look at Hitler’s secret state police as a smaller crack force than is widely known . . . a nuanced study of the Geheime Staatspolizei, or Gestapo . . . A well-researched book that clarifies many misconceptions.” —Kirkus Reviews

'Oldfield's thoroughly researched and fascinating historical biography explores the lives of many of the 2,600 citizens who attracted Hitler's ire, ranging from high-profile entertainers and writers to those naturalised refugees who doggedly resisted the Nazis from afar' - *Observer* In 1939, the Gestapo created a list of names: the Britons whose removal would be the Nazis' priority in the event of a successful invasion. Who were they? What had they done to provoke Germany? For the first time, the historian Sybil Oldfield uncovers their stories and reveals why the Nazis feared their influence. Those on the hitlist - many of them naturalised refugees - were some of Britain's most gifted and humane inhabitants. They included writers, humanitarians, religious leaders, scientists, artists, and social reformers. By examining these targets of Nazi hatred, Oldfield not only sheds light on the Gestapo worldview but also movingly reveals a network of truly exemplary Britons: mavericks, moral visionaries and unsung heroes.
