*A classic tale by Newbery Medalist Kate DiCamillo, America's beloved storyteller. One summer's day, ten-year-old India Opal Buloni goes down to the local supermarket for some groceries – and comes home with a dog. But Winn-Dixie is no ordinary dog. It's because of Winn-Dixie that Opal begins to make friends. And it's because of Winn-Dixie that she finally dares to ask her father about her mother, who left when Opal was three. In fact, as Opal admits, just about everything that happens that summer is because of Winn-Dixie. Featuring a new cover illustration by E. B. Lewis and an excerpt of Kate DiCamillo's newest novel, Raymie Nightingale.*

*A funny voice comes in incisive, funny, and fiercely feminist. "The mental load. It's incessant, gnawing, exhausting, and disproportionately falls to women. You know the scene—you're making dinner, calling the plumber/doctor/mechanic, checking homework and answering work emails—at the same time. All the while, you are being peppered with questions by your nearest and dearest "where are my shoes?", "do we have any cheese?..." —Australian Broadcasting Corp on Emma's comic In her first book of comic strips, Emma reflects on social and feminist issues by means of simple line drawings, dissecting the mental load, ie all that invisible and unpaid organizing, list-making and planning women do to manage their lives, and the lives of their family members. Most of us carry some form of mental load—about our work, household responsibilities, financial obligations and personal life; but what makes up that burden and how it's distributed within households and understood in offices is not always equal or fair. In her strips Emma deals with themes ranging from maternity leave (it is not a vacation!), domestic violence, the clitoris, the violence of the medical world on women during childbirth, and other feminist issues, and she does so in a straightforward way that is both hilarious and deadly serious.. If you're not laughing, you're probably crying in recognition. Emma's comics also address the everyday outrages and absurdities of immigrant rights, income equality, and police violence. Emma has over 300,000 followers on Facebook, her comics have been shared 215,000 times, and have elicited comments from 21,000 internet users. An article about her in the French magazine L'Express drew 1.8 million views—a record since the site was created. And her comic has just been picked up by The Guardian. Many women will recognize themselves in THE MENTAL LOAD, which is sure to stir a wide ranging, important debate on what it really means to be a woman today.*

*Balance your body, mind, and spirit and heal yourself with your own hands using this clear, step-by-step illustrated guide to the practice of the ancient Japanese healing art of Jin Shin—written by a trained expert with nearly three decades of experience. You might be surprised to learn that the majority of today's most common ailments including anxiety, backaches, colds and flu, digestive issues, immune disorders, migraines, and insomnia, can be alleviated naturally by restoring and harmonizing blocked, stagnant energy. The art of Jin Shin, based on the Japanese healing art of energy medicine, is practiced throughout the world. While related to acupressure and massage therapy, this holistic practice uses only minimal pressure and gentle touching with the fingers and hands to redirect or unblock the flow of energy along the body's fifty-two points (twenty-six on each side of the body)—called Safety Energy Locations, or SELs—areas where energy tends to get congested. This simple, non-invasive process allows your body's energy to flow smoothly, and with balance restored, you will experience a sense of wellbeing and calm. The Art of Jin Shin explains all the basics of this healing art and provides you with the knowledge you need to practice it on yourself—with exercises ranging from simply holding a finger for a few minutes to spending twenty minutes to harmonize a specific circulation pattern. Whether you desire a deeper understanding of the body/mind/spirit connection or want to create a daily Jin Shin maintenance routine the power is literally at your fingertips.*

*A new edition with expanded content is available now, "The Go-Giver, Expanded Edition: A Little Story About a Powerful Business Idea" An engaging book that brings new relevance to the old proverb "Give and you shall receive" The Go-Giver tells the story of an ambitious young man named Joe who yearns for success. Joe is a true go-getter, though sometimes he feels as if the harder and faster he works, the further away his goals seem to be. And so one day, desperate to land a key sale at the end of a bad quarter, he seeks advice from the enigmatic Pindar, a legendary consultant referred to by his many devotees simply as the Chairman. Over the next week, Pindar introduces Joe to a series of "go-givers;" a restaurateur, a CEO, a financial adviser, a real estate broker, and the "Connector," who brought them all together. Pindar's friends share with Joe the Five Laws of Stratospheric Success and teach him how to open himself up to the power of giving. Joe learns that changing his focus from getting to giving—putting others' interests first and continually adding value to their lives—ultimately leads to unexpected returns. Imparted with wit and grace, The Go-Giver is a heartwarming and inspiring tale that brings new relevance to the old proverb "Give and you shall receive." From the Hardcover edition.*

*A Mississippi town in 1964 gets riled when tempers flare at the segregated public pool. Jesslyn, her sister and former confidante, no longer has the time of day for her now that she'll be entering high school. Then there's her best friend, Frankie. Things have always been so easy with Frankie, and now suddenly they aren't. Maybe it's the new girl from the North that's got everyone out of sorts. Or maybe it's the debate about whether or not the town should keep the segregated public pool open. Augusta Scattergood has drawn an real-life events to create a memorable novel about family, friendship, and choices that aren't always easy.*

A thoroughly revised and updated edition of Thomas C. Foster's classic guide—a lively and entertaining introduction to literature and literary basics, including symbols, themes, and contexts—that shows you how to make your everyday reading experience more rewarding and enjoyable. While many books can be enjoyed for their basic stories, there are often deeper literary meanings interwoven in these texts. How to Read Literature Like a Professor helps you to discover those hidden truths by looking at literature with the eyes—and the literary codes—of the ultimate professional reader: the college professor. What does it mean when a literary hero travels along a dusty road? When he hands a drink to his companion? When he's drenched in a sudden rain shower? Ranging from major themes to literary models, narrative devices, and form, Thomas C. Foster provides us with a broad overview of literature—a world where a road leads to a quest, a shared meal may signify a communion, and rain, whether cleansing or destructive, is never just a shower—and shows us how to make our reading experience more enriching, satisfying, and fun. This revised edition includes new chapters, a new preface, and a new epilogue, and incorporates updated teaching points that Foster has developed over the past decade.

This remarkable and monumental book at last provides a comprehensive answer to the age-old riddle of whether there are only a small number of "basic stories" in the world. Using a wealth of examples, from ancient myths and folk tales via the plays and novels of great literature to the popular movies and TV soap operas of today, it shows that there are seven archetypal themes which recur throughout every kind of storytelling. But this is only the prelude to an investigation into how and why we are 'programmed' to imagine stories in these ways, and how they relate to the most patterns of human psychology. Drawing on a vast array of examples, from Proust to detective stories, from the Marquis de Sade to E.T., Christopher Booker then leads us through the extraordinary changes in the nature of storytelling over the past 200 years, and why so many stories have 'lost the plot' by losing touch with their underlying archetypal purpose. Booker analyses why evolution has given us the need to tell stories and illustrates how storytelling has provided a uniquely revealing mirror to mankind's psychological development over the past 5000 years. This seminal book opens up in an entirely new way our understanding of the real purpose storytelling plays in our lives, and will be a talking point for years to come.

**Stake Ducey shows readers that the secret to prosperity and fulfillment at work and at home is to connect more deeply with those around you. Imagine doubling your income, without doubling your work hours. Imagine a world where everyone woke up happy, excited for work, and went home fulfilled. Imagine you could not stop smiling because you constantly felt so good about your professional and personal life. Most people believe that the best way to make more money is to work harder than ever and, as a result, they compromise their relationships, happiness, and energy. Others believe they have to quit their job and travel the world or volunteer their time to find happiness. These are both untrue, according to Ducey. In this enlightening, simple, heart-opening book, he asserts that the secret to high achievement and happiness at work, at school, in your heart, and at home is the deeply human need to wholeheartedly connect with and become more valuable to those around you. Ducey gives you mind-expanding and practical new ways to create more success, money, and happiness. The result is an enlightening and fulfilling read that will strengthen your relationship with money, bring you closer to those around you, and transform what you do at work, at school, and at home. If you would like to make more money, deepen your connection with others, and increase your energy and happiness, this book is for you.**

**#1 NEW YORK TIMES BESTSELLER | A REESE WITHERSPOON X HELLO SUNSHINE BOOK CLUB PICK** "A great narrative about personal strength and really captures how books bring communities together." —Reese Witherspoon *From the author of The Last Letter from Your Lover, now a major motion picture on Netflix, a breathtaking story of five extraordinary women and their remarkable journey through the mountains of Kentucky and beyond in Depression-era America Alice Wright marries handsome American Bennett Van Cleve, hoping to escape her stifling life in England. But small-town Kentucky quickly proves equally claustrophobic, especially living alongside her overbearing father-in-law. So when a call goes out for a team of women to deliver books as part of Eleanor Roosevelt's new traveling library, Alice signs on enthusiastically. The leader, and soon Alice's greatest ally, is Margery, a smart-talking, self-sufficient woman who's never asked a man's permission for anything. They will be joined by three other singular women who become known as the Packhorse Librarians of Kentucky. What happens to them—and to the men they love—becomes an unforgettable drama of loyalty, justice, humanity, and passion. These heroic women refuse to be cowed by men or by convention. And though they face all kinds of dangers in a landscape that is at times breathtakingly beautiful, at others brutal, they're committed to their job: bringing books to people who have never had any, arming them with facts that will change their lives. Based on a true story rooted in America's past, The Giver of Stars is unparalleled in its scope and epic in its storytelling. Funny, heartbreaking, enthralling, it is destined to become a modern classic—a richly rewarding novel of women's friendship, of true love, and of what happens when we reach beyond our grasp for the great beyond.*

**The Jungle is a 1906 novel written by the American journalist and novelist Upton Sinclair (1878–1968). Sinclair wrote the novel to portray the lives of immigrants in the United States in Chicago and similar industrialized cities. Many readers were most concerned with his exposure of health violations and unsanitary practices in the American meatpacking industry during the early 20th century, based on an investigation he did for a socialist newspaper. The book depicts working class poverty, the lack of social supports, harsh and unpleasant living and working conditions, and a hopelessness among many workers. These elements are contrasted with the deeply rooted corruption of people in power. A review by the writer Jack London called it, "the Uncle Tom's Cabin of wage slavery." Sinclair was considered a muckraker, or journalist who exposed corruption in government and business. He first published the novel in serial form in 1905 in the Socialist newspaper, Appeal to Reason, between February 25, 1905, and November 4, 1905. In 1904, Sinclair had spent seven weeks gathering information while working incognito in the meatpacking plants of the Chicago stockyards for the newspaper. It was published as a book on February 26, 1906 by Doubleday and in a subscribers' edition.**

**The Jungle is a 1906 novel written by the American journalist and novelist Upton Sinclair (1878–1968). Sinclair wrote the novel to portray the lives of immigrants in the United States in Chicago and similar industrialized cities. Many readers were most concerned with his exposure of health violations and unsanitary practices in the American meatpacking industry during the early 20th century, based on an investigation he did for a socialist newspaper. The book depicts working class poverty, the lack of social supports, harsh and unpleasant living and working conditions, and a hopelessness among many workers. These elements are contrasted with the deeply rooted corruption of people in power. A review by the writer Jack London called it, "the Uncle Tom's Cabin of wage slavery." Sinclair was considered a muckraker, or journalist who exposed corruption in government and business. He first published the novel in serial form in 1905 in the Socialist newspaper, Appeal to Reason, between February 25, 1905, and November 4, 1905. In 1904, Sinclair had spent seven weeks gathering information while working incognito in the meatpacking plants of the Chicago stockyards for the newspaper. It was published as a book on February 26, 1906 by Doubleday and in a subscribers' edition.**
