places that interested him, capturing in his field notes details of the life he observed. From these records, Fleming has assembled this absorbing private chronicle of war and peace. Assigned to the European Theater in February 1945, he filmed the action from the battle for the Remagen Bridge across the Rhine, to the fighting in the Hartz Mountains, on to the linkup with the Russian forces at the Elbe River. After the armistice, Fleming helped document how the Allied Expeditionary Force established a military government in Germany to cope with masses of POWs, establish control of the country, deal with the atrocities committed by the German army, and help thousands of newly released slave laborers return home to Poland, France, and Russia. He also recorded how the army provided rest, recreation, and rehabilitation to the remaining US soldiers and sent them home by truck, train, and ship. Awaiting shipment home, Fleming explored postwar German town and country life and toured some famous castles and historic spots. The foreword by historian James H. Madison describes the important role of photography in war and the special contribution of Fleming's photographic diary.

Disciple Sainy Germain, a forerunner of the "I AM", warns the students to whom the work is especially directed not to be fooled by external things or appearance, created and distorted by man. Nor does it matter that we continually stumble in life because God never criticizes or condemns, but has infinite patience. Saint Germain's message will be summed up in one sentence: he who knows the power of God within himself has nothing to fear from anyone. Those who are interested in investigating his work will find wise advice in this book that shows that the fullness of God can be experienced in our own lives and in the world and**
