The Homeopathic Treatment Of Small Animals Principles And Practice

Most people understand homeopathy as a treatment for people, but as this book shows, our four-legged friends can benefit from it as well. First published in 1999, Homeopathic Care for Cats and Dogs quickly became a bestseller and an important resource for anyone looking for a more organic approach to caring for their cats and dogs. Using accessible language,

Access Free The Homeopathic Treatment Of Small Animals Principles And Practice

author Don Hamilton gives readers an authoritative overview of animal homeopathy, covering history, treatment principles, homeopathic disease theory, and simple methods for using homeopathic remedies. Homeopathic Care for Cats and Dogs offers expert guidance on home care and diet, how to obtain the information needed to choose a homeopathic remedy, how to dose remedies, how to choose the potency, and when to repeat remedies if necessary. The book lists organ systems by chapter, providing concise descriptions of symptoms, including how to evaluate patients' illnesses and when to seek

veterinary care. Remedy and supplement suggestions follow disease descriptions. Each section contains the principal remedies needed for treatment. The book ends with a materia medica, which gives more comprehensive remedy information for each medicine listed in the book. This updated edition contains a new chapter on the human-animal relationship, timely information on vaccines, as well as new remedy information in every chapter.

If you're obese, you're more likely to develop a number of potentially serious health problems like diabetes, high cholesterol, high blood pressure, heart disease, stroke, cancer and

High blood pressure is one of the most dangerous diseases. There are no significant early warnings. Hypertension is treacherous and spiteful. It develops slowly and is often not noticed because you feel surprisingly good. You can have hypertension for years without any symptoms. Uncontrolled high blood pressure increases your risk of serious health problems and can lead to heart attack,

Effective, safe, affordable, and free of chemical side effects- the benefits of homeopathy are endless! Already established in the national health care systems of England, France, and the Netherlands, homeopathic treatments are used by over five hundred million people worldwide. Alan Schmukler's Homeopathy discusses the history and science of this alternative medicine and provides a comprehensive list of proven remedies-safe for people and animals. Packed with homeopathic treatments for arthritis, colds, food poisoning, insomnia, Lyme disease, morning sickness, wounds, and a host of other ailments and injuries, this handy reference guide also includes information on homeopathic immunization and first aid. Schmukler gives helpful instructions for matching remedies with symptoms,

Varicose veins are gnarled, enlarged veins and appear mostly in your legs and feet. They can signal a higher risk of other circulatory disorders and may lead to serious problems like ulcers, blood clots and thrombophlebitis.

Varicose veins can be caused by weakened valves in the veins, weakened walls of the veins, or by inflammation in the veins. Spider veins are smaller and found closer to the skin's surface. These look like a spider's web with short and fine lines. Spider veins are most common in the thighs, ankles, feet and on the face. Varicose veins and spider veins are often a sign of a weak connective tissue, an acidification of the body, metabolic diseases or hormonal

Psoriasis is a chronic inflammatory skin disease. The immune system mistakenly activates a reaction in the skin cells, which speeds up the growth cycle of skin cells. Psoriasis symptoms are raised, red, inflamed lesions, silvery scaly plaques, dry skin that may crack and bleed, pitted nails or separation from the nail bed, small, red, individual spots and itching, burning or soreness of the skin. Common

triggers include stress, infections, an adidification of the body, hormonal disorders, skin lesions and injuries, bug bites, sunburns, environmental toxins, cold, smoking, alcohol, certain medications and a lack of fumaric acid. There are several types of psoriasis, including psoriasis vulgaris, guttate psoriasis, inverse psoriasis, erythrodermic psoriasis and pustular psoriasis. Symptoms vary depending on the type of psoriasis the patient has.

Dry eye syndrome (Keratoconjunctivitis sicca) is a very common condition that is characterized by a disturbance of the tear film and caused by a lack of adequate tears. Tears are a complex mixture of water, fatty oils, and

mucus. This mixture helps make the surface of the eyes smooth and clear, and it helps protect the eyes from infection. Dry eyes may lead to eye inflammation, scarring on the surface of the corneas and vision problems. Usually both eyes are affected. Dry eye syndrome is more common in women than in men. In this naturopathic adviser, I will give you recommendations how to treat and prevent dry eyes with Homeopathy, Schuessler salts (also

In The Healing Echo: Discovering Homeopathic Cell Salt Remedies, author Vinton McCabe writes, 'The cell salts

are to classical homeopathy what a crock-pot is to a microwave. The healing that they inspire is gentle and steady, if a little bit slow. But when efficacy and safety are desired in medical treatment, the small group of homeopathic remedies known as the cells salts should always be considered.''

Cellulite looks like dimpled or bumpy skin and is most common around the thighs, hips, buttocks, breasts, lower abdomen and upper arms. Cellulite is

Access Free The Homeopathic Treatment Of Small Animals Principles And Practice

much more common in women than in men because of differences in the way fat, muscle, and connective tissue are distributed in men and women's skin. Cellulite is often a sign of an acidification of the body, metabolic diseases or hormonal imbalance and appears in areas of fat deposits. The lumpiness is caused by fibrous connective cords that tether the skin to the underlying muscle, with the fat lying between. As the fat cells

accumulate, they push up against the skin, while the long, tough cords are pulling down. This creates an uneven surface or dimpling. In this book the Author has presented twelve cases of patients in the homeopathic treatment, where the course of the treatment is given in a condensed form, from the case taking to the moment when the patient is cured. The cases described in this book illustrate a small portion of successful treatments in years of dedicated team work of the Author and her colleague Dr. Stojan Primovic. The book is focused on the real life experience of the patients, and the concrete results of the homeopathic treatment in their cases, with just a few remarks regarding the homeopathic theory in order to clarify some

key moments in the process of homeopathic cure. This is just a small illustration of the wide variety of medical conditions that can be successfully treated by the homeopathy.

A stroke occurs when the blood supply to part of the brain is interrupted or severely reduced, depriving brain tissue of oxygen and glucose. Stroke is also referred to as cerebrovascular accident. Within minutes, brain cells begin to die. Signs and symptoms of stroke include sudden dizziness, loss of balance and coordination, trouble with speaking and understanding, difficulty with eating and swallowing, confusion, sudden and severe headache, vomiting, altered consciousness and sudden tingling, weakness, paralysis or numbness of the face, arm or leg especially on one side of the body. Tinnitus involves the annoying sensation of hearing sound when no external sound is present and is heard only by the patient himself. It isn't a condition itself - it's a symptom of an underlying condition. Tinnitus may be present all the time, or it may come and go. The consequences are frequent lapses in concentration, imbalance, insomnia, fatigue, memory problems, depression, anxiety, psychological distress and irritability. Tinnitus symptoms include phantom noises in one or both ears like ringing, chirping, whistling, buzzing, roaring, clicking or hissing. The noise can be intermittent or continuous, and can vary in loudness. It is often worse when background noise is low or when you're trying to fall asleep. Sometimes the sound beats in sync with the heart. In this

practice supported by clinical references all throughout. An account of remarkable relief's from ill health and miraculous cures affected further justifies its superiority over other fields of medicine and the need for propagation of the nature's way of healing. In this scientific era of health consciousness, the time has come that for the treatment of any disease, which does not respond to any particular line of treatment, one must take a homeopathic opinion immediately. Often patients lose their early time going to one specialist to another helplessly, without permanent relief, and approach homeopathy only when other medicines fail. Homeopathy is an effective alternate to antibiotics in many infectious diseases, producing no toxic side effects and bringing about rapid recovery.

Homeopathy has treatment for many of the infectious disease such as Sinusitis, Tonsillitis, Bronchitis, Pneumonia, Meningitis, Otitis media (pus from ear), Gastroenteritis (vomiting-diarrhoea), Dysentery, Urinary Infections, etc. Homeopathy offers wonder treatment for viral infections. To obtain the best results and full benefits of homeopathic science, one should resort to homeopathy in the early phase of sickness. Because of ignorance and lack of awareness in general public about the usefulness of homeopathy in all kinds of diseases ranging from Cold to Cancer, many patients approach homeopathy late. By this time the disease process advances to an incurable stage and homeopathy can offer little then, to the otherwise curable disorders. However timely given

homeopathic treatment could be a blessing to the ailing humanity. Homeopathy is a near complete system of medicine. Homeopathy is not limited to certain diseases but is universally applicable to all kinds of diseases. It is time, when people must be made fully aware of the benefits and the scope of homeopathy in various day-to-day diseases. Homeopathy should be more and more made available to the benefit of ailing common persons, as it can positively help 90% of the diseases we have today.
