he found his ambitions thwarted by Hudson's Bay Company policies regarding native-born employees. There he became a respected educator, but more important to this study, he also became the most persistent critic of the Company, and of British and Canadian policies dealing with the inhabitants of Rupert's Land and the Northwest Territories.

“Thoroughly engrossing . . . a spirited, suspenseful, economically told tale whose significance is manifest and whose pace never flags.” —The Wall Street Journal  
From The New York Times—bestselling author of The Ghost Map and Extra Life, the story of a pirate who changed the world Henry Every was the seventeenth

## File Type PDF The Honourable Company A History Of The English East India Company

century's most notorious pirate. The press published wildly popular—and wildly inaccurate—reports of his nefarious adventures. The British government offered enormous bounties for his capture, alive or (preferably) dead. But Steven Johnson argues that Every's most lasting legacy was his inadvertent triggering of a major shift in the global economy. *Enemy of All Mankind* focuses on one key event—the attack on an Indian treasure ship by Every and his crew—and its surprising repercussions across time and space. It's the gripping tale of one of the most lucrative crimes in history, the first international manhunt, and the trial of the seventeenth century. Johnson uses the extraordinary

## File Type PDF The Honourable Company A History Of The English East India Company

story of Henry Every and his crimes to explore the emergence of the East India Company, the British Empire, and the modern global marketplace: a densely interconnected planet ruled by nations and corporations. How did this unlikely pirate and his notorious crime end up playing a key role in the birth of multinational capitalism? In the same mode as Johnson's classic nonfiction historical thriller *The Ghost Map, Enemy of All Mankind* deftly traces the path from a single struck match to a global conflagration. Concerns the history of the British fort at Bencoolen which is located near Bengkulu, Bengkulu, Indonesia. *The Great Company*

## File Type PDF The Honourable Company A History Of The English East India Company

East India CompanyHarperCollins UK

During 200 years the East India Company grew from an association of Elizabethan tradesmen into a powerful organization. As a commercial enterprise it came to control half the world's trade and as a political entity it administered an empire. This book looks at the history of the Company.

In August 1765 the East India Company defeated and captured the young Mughal emperor and forced him to set up in his richest provinces a new government run by English traders who collected taxes through means of a vast and ruthless private

## File Type PDF The Honourable Company A History Of The English East India Company

army. The creation of this new government marked the moment that the East India Company ceased to be a conventional international trading corporation, dealing in silks and spices, and became something much more unusual: an aggressive colonial power in the guise of a multinational business. In less than half a century it had trained up a private security force of around 260,000 men - twice the size of the British army - and had subdued an entire subcontinent, conquering first Bengal and finally, in 1803, the Mughal capital of Delhi itself. The Company's reach stretched relentlessly until

## File Type PDF The Honourable Company A History Of The English East India Company

almost all of India south of the Himalayas was effectively ruled from a boardroom in London. This book tells the remarkable story of how one of the world's most magnificent empires disintegrated and came to be replaced by a dangerously unregulated private company, based thousands of miles overseas and answerable only to its shareholders. In his most ambitious and riveting book to date, William Dalrymple tells the story of the East India Company as it has never been told before, unfolding a timely cautionary tale of the first global corporate power.

**This groundbreaking study examines how the East India Company founded an empire in India at the same time it started losing ground in business. For over 200 years, the Company's vast business network had spanned Persia, India, China, Indonesia and North America. But in the late 1700s, its career took a dramatic turn, and it ended up being an empire builder. In this fascinating account, Tirthankar Roy reveals how the Company's trade with India changed it—and how the Company changed Indian business. Fitting together many pieces of a vast jigsaw puzzle, the book explores how politics**

the most powerful and enduring organizations in history. Between Monopoly and Free Trade locates the source of that success in the innovative policy by which the Company's Court of Directors granted employees the right to pursue their own commercial interests while in the firm's employ. Exploring trade network dynamics, decision-making processes, and ports and organizational context, Emily Erikson demonstrates why the English East India Company was a dominant force in the expansion of trade between Europe and

## File Type PDF The Honourable Company A History Of The English East India Company

Asia, and she sheds light on the related problems of why England experienced rapid economic development and how the relationship between Europe and Asia shifted in the eighteenth and nineteenth centuries. Though the Company held a monopoly on English overseas trade to Asia, the Court of Directors extended the right to trade in Asia to their employees, creating an unusual situation in which employees worked both for themselves and for the Company as overseas merchants. Building on the organizational

## File Type PDF The Honourable Company A History Of The English East India Company

infrastructure of the Company and the sophisticated commercial institutions of the markets of the East, employees constructed a cohesive internal network of peer communications that directed English trading ships during their voyages. This network integrated Company operations, encouraged innovation, and increased the Company's flexibility, adaptability, and responsiveness to local circumstance. Between Monopoly and Free Trade highlights the dynamic potential of social networks in the early modern era.

## File Type PDF The Honourable Company A History Of The English East India Company

An exotic saga with the tang of drama in every voyage, *The Spice Route* transports the reader from the dawn of history to the ends of the earth. The Spice Route is one of history's great anomalies. Shrouded in mystery, it existed long before anyone knew of its extent or alignment. Spices came from lands unseen, possibly uninhabitable, and almost by definition unattainable; that was what made them so desirable. Yet more livelihoods depended on this pungent traffic, more nations participated in it, more wars were fought

## File Type PDF The Honourable Company A History Of The English East India Company

over it, and more discoveries resulted from it than from any other global exchange. In a bid to discover and exploit the spice route, mankind first passed beyond his known horizons to probe the limits of our planet. Epic was the quest, and in this major new study, epic is the treatment as John Keay pieces together a historical process that spans three millennia and a geographical progression that encircles the world.

This is the graphic story of the measurement of a meridian, or longitudinal

arc, extending from southern India to the Himalayas. It gives a vivid description of one of the most ambitious scientific projects in the 19th century.

The English East India Company was the mother of the modern multinational. Its trading empire encircled the globe, importing Asian luxuries such as spices, textiles, and teas. But it also conquered much of India with its private army and broke open China's markets with opium. The Company's practices shocked its contemporaries and still reverberate

## File Type PDF The Honourable Company A History Of The English East India Company

today. The Corporation That Changed the World is the first book to reveal the Company's enduring legacy as a corporation. This expanded edition explores how the four forces of scale, technology, finance, and regulation drove its spectacular rise and fall. For decades, the Company was simply too big to fail, and stock market bubbles, famines, drug-running, and even duels between rival executives are to be found in this new account. For Robins, the Company's story provides vital lessons on both the role of

as a bullwhip-wielding detective in territorial Hawaii to his reinvention as a literary sleuth and Hollywood film icon. Huang finally resurrects the “honorable detective” from the graveyard of detested postmodern symbols and reclaims him as the embodiment of America’s rich cultural diversity. The result is one of the most critically acclaimed books of the year and a “deeply personal . . . voyage into racial stereotyping and the humanizing force of story telling” (Donna Seaman, Los Angeles Times).

Established by Royal Charter in 1600, the East India Company was the largest and most powerful multinational business the world has ever seen. It controlled over half the world's trade and a quarter of its population. It

## File Type PDF The Honourable Company A History Of The English East India Company

singlehandedly ruled India, raised its own army and navy, minted its own currency, and traded with every corner of the globe. It also trafficked in opium, greed, and brutal oppression, sowing the seeds that would lead to its downfall--and absorption by the British Crown. This book describes how "the Honourable Company" created its extraordinary trading empire; how it conducted its day-to-day business at home and in the East; how the opulent daily life of East India Company rulers amongst the ruled led to "the Mutiny"; and why India's first war of independence spelled an end not only to the company itself, but, eventually, to an empire.--From publisher description.

No description available.

The East India Company at Home, 1757–1857 explores how empire in Asia shaped British country houses, their interiors and the lives of their residents. It includes chapters from researchers based in a wide range of settings such as archives and libraries, museums, heritage organisations, the community of family historians and universities. It moves beyond conventional academic narratives and makes an important contribution to ongoing debates around how empire impacted Britain. The volume focuses on the propertied families of the East India Company at the height of Company rule. From the Battle of Plassey in 1757 to the outbreak of the Indian Uprising in

## File Type PDF The Honourable Company A History Of The English East India Company

1857, objects, people and wealth flowed to Britain from Asia. As men in Company service increasingly shifted their activities from trade to military expansion and political administration, a new population of civil servants, army officers, surveyors and surgeons journeyed to India to make their fortunes. These Company men and their families acquired wealth, tastes and identities in India, which travelled home with them to Britain. Their stories, the biographies of their Indian possessions and the narratives of the stately homes in Britain that came to house them, frame our explorations of imperial culture and its British legacies.

The Richest East India Merchant  
A History

*Book-jackets (or "dust-jackets," as they are often called), along with other detachable book coverings such as slip-cases, have been regularly used by publishers in the English-speaking world and some countries of the European continent since the early part of the nineteenth century. Historians of publishing practices, however, have not accorded them the scrutiny that one might have expected such a ubiquitous and noticeable phenomenon to receive. This illustrated book is intended as a compact introduction to the historical study of these objects,*

## File Type PDF The Honourable Company A History Of The English East India Company

*which -- though removable from the books they cover -- are essential parts of those books as published. The present work offers a concise history both of publishers' detachable book coverings (primarily British and American) and of the attention they have received from scholars, dealers, collectors, and librarians. It also surveys their use by publishers (as protective devices and advertising media) and their usefulness to scholars of literature, art, and book history (as sources for biography, bibliography, cultural analysis, and the development of graphic design). In effect, the book constitutes a plea for the preservation and cataloguing of*

## File Type PDF The Honourable Company A History Of The English East India Company

*this significant class of material, so that it will be available for future examination. Following the text is a list of some of the surviving pre-1901 examples of British and American publishers' printed book-jackets and other detachable coverings. This list, with 1,888 entries, is the outgrowth of a process the author began in 1969: he has kept a record of every pre-1901 jacket that he came across or learned about. Because surviving jackets from the nineteenth century are scarce (most having been thrown away by the original booksellers or purchasers of the books), and because the large majority of those that do survive are known in only a single copy,*

## File Type PDF The Honourable Company A History Of The English East India Company

*it is important to have a listing that indicates their whereabouts, or at least the basis for knowing that they exist or once existed. The list thus provides a guide to the body of evidence on which generalizations about the history of nineteenth-century jackets must be based, until more examples are reported. The book also contains two image sections: the first containing eight black-and-white plates, and the second containing sixteen color plates. G. Thomas Tanselle, former vice president of the John Simon Guggenheim Memorial Foundation and adjunct professor of English at Columbia University, is president of the Bibliographical Society of the University of*
