Susan Duncan's bestselling memoir about starting again and risking everything to find the only thing you need. At 44 Susan Duncan appeared to have it all. Editor of two of Australia's top selling women's magazines, a happy marriage, a jetsetting lifestyle covering stories from New York to Greenland, rubbing shoulders with Hollywood royalty, the world was her oyster. But when her beloved husband and brother die within three days of each other, her glittering life shatters. In shock, she zips on her work face and soldiers on - until one morning eighteen months later when she simply can't get out of bed. Heartbreaking, funny and searingly honest, Salvation Creek is the story of a woman who found the courage not only to walk away from a successful career and begin again, but to beat the odds in her own battle for survival and find a new life - and love - in a tiny waterside idyll cut off from the outside world. From the terrifying first step of quitting the job that had always anchored her to abandoning herself to a passionate affair that she knows will break her heart, Duncan never flinches from the truth or loses her deadbeat sense of humour. Even when she finds a paradise on earth only to discover that it may be too late. It's been said that the greatest risk in life is not to take a risk.

House of Reckoning

Becoming a Contagious Christian

The third memoir from the author of bestsellers Salvation Creek and The House at Salvation Creek. In The House on the Hill, Susan Duncan reaches an age where there’s no point in sweating long-term ramifications. There aren’t any. This new understanding delivers an unexpected bonus – the emotional freedom and moral clarity to admit to hidden and often fendish facts of ageing and, ultimately, the final ways to embrace them. This, in turn, unleashes an overwhelming desire to confront her intractable 95-year-old mother with the dreadful secrets of the past before it is too late, no matter the consequences. It is the not-knowing, she says, that does untold damage. Intertwoven with stories from the land – building a sustainable eco-house on the mid-coast of New South Wales with her engineer husband, Bob, and grappling with white-eyed roans, dogs, braving cattle markets, droughts and flooding rains, not to mention blunt-speaking locals – this is a book about a mother and daughter coming to terms, however uneasy, with the awful forces that shaped their relationship. As the inconsistencies of age slow her down, Susan Duncan writes with honesty about discovery and forgiveness, and what it takes to rework shrinking boundaries into a new and rich life.

Continuing the story of Susan Duncan's bestselling and much-loved memoir, Salvation Creek, The House picks up after Bob and Susan marry and, two years later, move from her Tin Shed into his 'pale yellow house on the high, rough hill', Tarrangau, built for the iconic Australian poet, Dorothea Mackellar. But it's also about mothers and daughters, as Susan confronts her mother's new frailty and her own role in what has always been a difficult relationship. This special story edition takes the words from Susan Duncan's bestselling A Life on Pittwater and offers a rare glimpse of a remarkable part of the world. Susan Duncan came to Pittwater when she impulsively bought a tumbledown, boxy little shack in Lovett Bay. The move changed her life forever, as she describes in her bestselling title, Salvation Creek. Now Susan lives in Tarrangau, the gracious house built for Dorothea Mackellar in 1925 and is a well loved member of the small Pittwater community. A Life on Pittwater takes the reader on a memorable trip to this beguiling place and presents all aspects of its distinctive way of life. There is Susan's lovely home world for its gorgeous verandah; the lush surroundings, the bush and the bays; the wildlife and the ever-present dogs; the tinnies, the ferries and the peculiarities of living somewhere without cars; the boatsheds and the working boats; the bushfires; and, above all, the close community life. Welcome to Pittwater where neighbours stop their tinnies to have a quick chat. No one ever dresses up. The kids take the ferry to school. Coonams wander into kitchens and leeches attach themselves to ankles. Everyone has time for a cup of tea and a slice of homemade fruitcake. It's a place like nowhere else in Australia; and it's also quintessentially Australian. Susan's text describes the life with warmth and heart. This glorious book will make you smile as you turn the pages and lose yourself to the magic of Pittwater.

Tales from Pittwater

In this award-winning, coming-of-age novel, ten-year-old Gracie Lee struggles to make sense out of her life as an Arkansas farm girl in the early 1970s. Wise beyond her age yet imbued with child-like innocence, Gracie focuses on the three things that keep her awake at night: Solving the mystery of the man in the gray house; Surviving another school year at Savage Crossing Elementary; and, Saving her alcoholic Daddy from himself (and thereby saving the whole family and wider world). Gracie feels certain there is more to life beyond school and dull church sermons. She worries about the soldiers in Vietnam and wonders what it must be like to have been born Lisa Marie Presley from Tennessee instead of Gracie Lee Abbott from Arkansas. Mostly, she wishes her Daddy wasn't so mean. Gracie's unchecked imagination leads to Nancy Drew-type adventure. Adventure leads to trouble. She confides in unexpected characters and seeks solace in a mysterious gray house beyond the cotton field. When Gracie faces a difficult family situation, she must make a life-altering decision, one that will test the very essence of her character. "At best, most first novels indicate potential. It would be wrong to say that, when reading Talya Tate Boerner's The Accidental Salvation of Gracie Lee, I was pleasantly surprised. Actually, I was amazed. There's magic here, in a wonderfully-told story that will find a special place in any reader's heart." Jeff Guinn, New York Times bestselling author. "Boerner's prose is a wonderful medium for unspooling Gracie's story, imbued with all the snark, wonder, and colorful details that characterize childhood... The author addresses real, high-stakes issues without slathering them in melodrama or saccharine sentimentality, and her book hearkens back to an older YA tradition of stories of plucky preteen girls, spooky houses, and inevitable tragedies that help mark the turning point from childhood to adolescence. A stirring novel with a distinctive young narrator." Kirkus Reviews

How to Keep Your Focus

Green Vanilla Tea is a true story of love and courage in the face of a deadly and little understood illness. With literary finesse, compassion, and a powerful gift of storytelling, Marie Williams writes poignantly of her husband Dominic's struggles with early onset dementia and amyotrophic lateral sclerosis (ALS) at the age of 40, and how their family found hope amidst the wreckage of a mysterious neurological condition. As the condition develops and progresses, the normally devoted family man and loving partner seems to disappear beneath an expressionless facade, erratic behavior, and a relentless desire to wander that often leaves him lost. The road to diagnosis is long and confusing, and what starts off as perplexing for the family then becomes frightening. The man they love is changing, and no one seems to know why. He no longer turns up to his sons' high school events. He falls and bumps into things. He becomes verbally disinhibited, emotionally disengaged, and, at times, belligerent. He doesn't seem to be able to read the social cues of other people. He gets lost in familiar places, as well as on obsessive work trips overseas. He recklessly spends the family money, leaving them in near financial ruin. Despite this, Williams and her children strive to find new ways to keep him safe and to connect with the husband and father they love so dearly. While the family learns to cope with Dominic's illness—which they call the Green Goblin—Williams is determined that her children reclaim the dad of their memories. She finds creative ways to make visible the stories of the man beyond the illness, and helps them remember him as the engaged, healthy, and loving man she fell in love with. She humanizes the experience through storytelling and assembling a quilt made up of transferred photographs, painted artwork, family footprints, and personal inscriptions from family and friends. This, along with tea rituals, music, and stories of fatherhood, love and value, support them as fierce advocates for Dominic's dignity and give the family new ways to be together as they journey through his decline. Spanning between moments of intense joy and incredible sadness, this book is a passionate testament to one family's unconditional love for one another. It is, “a tale of a strange place—the real world—in which green goblins and hope find a way to live together.” Above all, it is a love story.
