

The Illustrated World S Religions A Guide To Our Wisdom Traditions

An objective guide to modern-day faiths explores the beliefs, traditions, festivals, and practices of major faiths and covers the main branches and divisions of each religion, all accompanied by photographs and illustrations.

In an easy-to-follow, accessible reference format, this book uses over 700 full-color illustrations and clear text to explain, identify, and compare the major religions of the world from Zoroastrianism and ancient Egyptian rituals to Hinduism, Christianity, Islam, and Judaism.

Over 7 billion people live on the earth, and 84 percent of them describe themselves as being religious. Few topics incite such passion as religion. What does that mean? Why are humans invested in ideas that may never be proved? Why has religion played such an important role in history? In *Comparative Religion: Investigate the World through Religious Tradition*, readers seek answers to these questions by comparing and contrasting the cultural, spiritual, and geographical underpinnings of five different religions. By developing a better understanding of the similarities and differences among religions of the world, readers gain a strong foothold in a dialogue that has continued for thousands of years. Combining hands-on activities with theology, history, geography, world cultures, art, and architecture, *Comparative Religions* encourages deeper understanding of the world's religions. Entertaining graphic art, fascinating sidebars, and links to primary sources bring the topic to life, while key questions reaffirm foundational concepts. Activities include conducting an interview with a rabbi, comparing the story of Abraham and Isaac in three sacred texts, studying the architecture of the National Cathedral in Washington, DC, studying the Hindu practice of yoga and meditation, and examining how religious doctrines shape the behavior of believers.

Grand in its sweep, this survey of the sacred writings of the major religions of the world offers a thoughtful introduction to the ideas and beliefs upon which great faiths are built. Under the expert guidance of John Bowker, a religious scholar and author of international stature, readers explore the key texts of Jewish, Christian, Muslim, Hindu, Jain, Sikh, Buddhist, Parsi, Confucian, Daoist, and Shinto traditions. The author discusses some 400 books, among them such well-known sacred texts as the Bible and the Quran, but also spiritual writings by theologians, philosophers, poets, and others.

Bowker provides clear and illuminating commentary on each text, describing the content and core tenets of the work and quoting pertinent passages. He also sets the writings in religious and historical contexts, showing how they have influenced—and in many cases continue to influence—artistic, musical, literary, and political traditions. *The Message and the Book* is essential reading for anyone who wishes to understand the meaning and the deep significance of primary religious texts of civilizations around the globe.
