Discoveries from the Fortepiano uncovers eighteenth-century performance practices and philosophical beliefs, enabling modern performers to craft an authentic, historically influenced style. Using a variety of primary sources and scholarly interpretations, noted keyboard pedagogue Donna Gunn offers a guide on Classical Era piano performance practice that is at once accurate to the scholarship and accessible to the performer. Gunn surveys and explains eighteenth-century music notational language, and from this develops tools that get at the heart of the otherwise enigmatic sound aesthetic of the era. Through over 100 music examples, Gunn provides specific answers to performance questions regarding period influences on the modern piano, including technique, dynamics, articulation, rhythm, ornamentation, and pedaling. A Companion Website houses recordings of three versions for each music example that demonstrate different interpretations and deliveries. Gunn encourages the reader to study the sources, listen carefully, and experiment with the past in the present. Remarkably researched and engagingly written, Discoveries from the Fortepiano is an indispensable aid to any pianist who seeks both an academically and artistically sound approach to performing in the Classical Era style.

Essays explore creative, entrepreneurial, and cultural forces that are shaping Quebec's dynamic nouveau cirque. Lavishly illustrated with photographs from circus performances, the volume showcases Quebec circus's hybrid forms, which have merged the ethos and aesthetics of European circuses with American commercial and industrial creativity. As well as presenting a lively narrative of events, Bernard Porter explores a number of broad analytical themes, challenging more conventional and popular interpretations. He sees imperialism as a symptom not of Britain's strength in the world, but of her decline; and he argues that the empire itself both aggravated and obscured deep-seated malaise in the British economy.

As her studies take her all over the city, she is drawn to Greenwich Village’s new bohemia, where she discovers the Heterodoxy Club—a radical, all-female group in which women are encouraged to loudly share their opinions on suffrage, birth control, and women’s rights. Soon, Laura finds herself questioning her traditional role as wife and mother. And when valuable books are stolen back at the library, threatening the home and institution she loves, she’s forced to confront her shifting priorities head on . . . and may just lose everything in the process. Eighty years later, in 1993, Sadie Donovan struggles with the legacy of her grandmother, the famous essayist Laura Lyons, especially after she’s wrangled her dream job as a curator at the New York Public Library. But the job quickly becomes a nightmare when rare manuscripts, notes, and books for the exhibit Sadie’s running begin disappearing from the library’s famous Berg Collection. Determined to save both the exhibit and her career, the typically risk-averse Sadie teams up with a private security expert to uncover the culprit. However, things unexpectedly become personal when the investigation leads Sadie to some unwelcome truths about her own family heritage—truths that shed new light on the biggest tragedy in the library’s history.*
