The Madman His Parables and Poems

The Wanderer

The poetry of Kahlil Gibran (1883 - 1931), a Lebanese-American writer, is the third best-selling in the world, after Shakespeare and Laozi. Much of his work deals with Christianity and spiritual love, and is popularly read at important events such as marriages. His work is considered a source of wisdom.

Khalil Gibran (1883 - 1931) was a Lebanese writer, poet and visual artist. Gibran is the third best-selling poet of all times, behind Shakespeare and Laozi.

Widely known in America as author of The Prophet, which sold more copies in the 20th century than any other book but the Bible, the great Lebanese-American poet and artist Kahlil Gibran (1883-1931) first became known to Americans in 1918 with the publication of The Madman. Thought-provoking and inspiring, the book is a collection of memorable, life-affirming parables and poems, many of them casting an ironic light on the beliefs, aspirations, and vanities of humankind - and many reminiscent of the work of Tagore and Nietzsche, both of whom were strong influences on Gibran. Among the 35 poems and parables in this volume are "How I Became a Madman," "The Two Hermits," "The Wise Dog," "The Good God and the Evil God," "Night and the Madman," "The Three Ants," "When My Sorrow Was Born," "And When My Joy Was Born," and many more. It is a pleasure to publish this new, high quality, and affordable edition of this book.

A collection of the major works of the celebrated poet, artist, and mystic features an array of stories, parables, prose poems, and essays that include "The Prophet," "The Wanderer," "Jesus the Son of Man," "Spirits Rebellious," and "The Gardens of the Prophet".

Known for his evocative book The Prophet, Gibran's most original work delineates madness -- the existential angst of melancholy and misfortune that separates the individual from society, not a formal mental illness. Gibran contrasts the normal individual who conforms to

society's class, role, law, and behavior, with one who sees through hypocrisy, semblance, power, and judges others as ignorant, deceived, or treacherous -- the madman. While the world classifies him as mad, he is the wise one. HOW I BECAME A MADMAN consists of 34 short multi-paragraph sketches, vignettes, parables, and tales composed in a Nietzschean prophetic voice, the insights of Blake, and Eastern storytellers. The opening passage presents Gibran's theme of madness as social separation: "You ask me how I became a madman. It happened thus: One day, long before many gods were born, I woke from a deep sleep and found all my masks were stolen -- the seven masks I have fashioned and worn in seven lives. I ran maskless through the crowded streets shouting, "Thieves, thieves, the cursed thieves." Men and women laughed at me and some ran to their houses in fear of me. And when I reached the market place, a youth standing on a house-top cried, "He is a madman." I looked up to behold him; the sun kissed my own naked face for the first time. For the first time the sun kissed my own naked face and my soul was inflamed with love for the sun, and I wanted my masks no more. And as if in a trance I cried, "Blessed, blessed are the thieves who stole my masks." Thus I became a madman. And I have found both freedom and safety in my madness; the freedom of loneliness and the safety from being understood, for those who understand us enslave something in us. But let me not be too proud of my safety. Even a Thief in a jail is safe from another thief." Gibran shows that we wear masks to get along society that demands conformity for collective purposes, whereas to act without a mask, to think and speak and behave without the veil of illusion is to be mad. While being maskless frees us, it carries a risk of loneliness and misunderstanding as we become estranged from others. The Madman goes unnoticed, not listened to, and pitied by others. The press for conformity absorbs society like nothing else. When we look beneath the masks of daily life, we find hypocrisy, greed, pride, sloth, ambition, vanity, conformity. These people do not see anything wrong with the ways of the world. Instead, in madness there is wisdom. In HOW I BECAME A MADMAN a youth wants but to be himself, not what his parents and family demand he be, so he has fled to a madhouse --his hermitage -- to be what he wants to be. This is a heart-felt critique of hypocrisy, wealth, arrogance, and power versus the individual. Who has learned to disengage, to keep a distance while nevertheless relating to others with compassion and kindness.

And that self too shall be a foundation."And I too am my own forerunner, for the long shadow stretching before me at sunrise shall gather under my feet at the noon hour. Yet another sunrise shall lay another shadow before me, and that also shall be gathered at another noon."Always have we been our own forerunners, and always shall we be. Excerpt from The Madman: His Parables and Poems IN the ancient days, when the first quiver of speech came to my lips, I ascended the holy mountain and spoke unto God, saying, Master, I am thy slave. Thy hidden will is my law and I shall Obey thee for ever more. But God made no answer, and like a mighty tempest passed away. And after a thousand years I ascended the holy mountain and again spoke unto God, saying, Creator, I am thy creation. Out of clay hast thou fashioned me and to thee I owe mine all. And God made no answer, but like a thousand swift wings passed away. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. "The Earth Gods" is a 1931 work by poet and philosopher Kahlil Gibran. Gibran Khalil Gibran (1883–1931) was a Lebanese-American poet, writer, and visual artist most famous for his book "The Prophet" (1923), which remains one of the best-selling and most-translated books ever written. His work dealt with a variety of themes including justice, science, free will, love, the soul, happiness, the body, death, etc.; and are characterised by an unmistakable use of symbolism and melancholic style. First published in the year of his death, "The Earth Gods" revolves around a discourse between three gods (First God, Second God, and Third God) who proceed to discuss a range of spiritual concepts. "The Earth Gods" is a classic example of Gibran's mystical prose that will not disappoint those who have read and enjoyed other works by this seminal author. This classic work is being republished now in a new edition complete with a specially commissioned new biography of the author.

Khalil Gibran was an Associate in Nursing, creative person, writer and author. He was born in Lebanon and spent a lot of his productive life within the U.S. As a result of his family's impoverishment, he failed to receive any formal schooling throughout his youth in Lebanon. However, monks visited him often and instructed him concerning the Bible, still because of the Syriac and Arabic languages. Throughout this period, he began developing ideas that might later type a number of his major works. Specially, he planned *The Prophet* (1923) at that time. *The Madman* was revealed in 1918.
