Very few thinkers have traveled the heretical path that François Laruelle walks between philosophy and non-philosophy. For Laruelle, the future of philosophy is problematic, but a mutation of its functions is possible. Up until now,

The Frontier Within

A bestselling author in his time, Pierre Louÿs (1870-1925) was a friend of, and influence on, André Gide, Paul Valéry, Oscar

Wilde and Stephane Mallarmé among others. He achieved instant notoriety with Aphrodite and The Songs of Bilitis, but it was only after his death that Louÿs' true legacy was to be discovered: nearly 900

Download Ebook The Mortiloquist

pounds of erotic manuscripts were found in his home, all of them immediately scattered among collectors and many subsequently lost. Since then, it has become clear that Louÿs is the greatest French writer of

erotica there ever was. The Young Girl's Handbook of Good Manners was the first of his erotic manuscripts to see publication, and it also remains his most outrageous--an erotic classic in which humor takes

precedence over arousal. By means of shockingly filthy advice--ostensibly offered "for use in educational establishments"--couched in a hilariously parodic admonitory tone, Louÿs turns late-nineteenth-century

manners roundly on their head, with ass prominently skyward. Whether offering rules for etiquette in church, school or home, or outlining a girl's duties toward family, neighbor or God, Louÿs manages to mock

every institution and leave no taboo unsullied. The Young Girl's Handbook of Good Manners has only grown more scandalous and subversive since its first appearance in 1926.

This compelling and highly

original book represents a confrontation between two of the most radical thinkers at work in France today: Alain Badiou and the author, François Laruelle. At face value, the two have much in common: both espouse a

Download Ebook The Mortiloquist

position of absolute immanence; both argue that philosophy is conditioned by science; and both command a pluralism of thought. Anti-Badiou relates the parallel stories of Badiou's Maoist 'ontology of the void' and

Download Ebook The Mortiloquist

Laruelle's own performative practice of 'non-philosophy' and explains why the two are in fact radically different. Badiou's entire project aims to re-educate philosophy through one science: mathematics. Laruelle

Download Ebook The Mortiloquist

carefully examines Badiou's Being and Event and shows how Badiou has created a new aristocracy that crowns his own philosophy as the master of an entire theoretical universe. In turn, Laruelle explains the contrast with

his own non-philosophy as a true democracy of thought that breaks philosophy's continual enthrall with mathematics and instead opens up a myriad of 'non-standard' places where thinking can be found and
