

The Mystery Of The Invisible Hand A Henry Spearman Mystery

College student Emerald Johnsey receives an invitation to live at Ashmont Hall, the fascinating estate that has belonged to her extended family for generations. Since she hasn't been there since childhood, she must learn to adapt to the routines and personalities that reign there. She relishes being near her sophisticated aunt Kay but is soon alarmed by her disturbing behavior. What is she trying to cover up, and why doesn't anyone else notice that something is wrong? The longer Emerald stays at Ashmont, the more mysterious circumstances are unearthed. And they all seem to intertwine to create something that terrifies her. Who can help her figure out what's going on? Her worldly cousin Sybilla, freshly arriving home from Europe? Danny, the house employee with a hidden talent? Or suave Julian, the New Zealander who awakens her regard and gives her butterflies with every glance? It's hard to be invisible – time private detective Ray Lowell veers between paralysis and delirium. But before the accident that landed him there, he'd been hired to find Rose Janko, the estranged daughter of a traveling Gypsy family, who went missing seven years earlier. Half Romany himself, Ray is well aware that he's been chosen more for his blood than for his investigative skills. Still, he's surprised by the intense hostility he encounters from the Jankos, who haven't had an easy past. Touched by tragedy, they're either cursed or hiding a terrible secret–the discovery of which Ray can't help suspecting is connected to Rose's disappearance... Seamlessly toggling between Ray's past and present, and the perspective of the missing woman's young nephew JJ, Stef Penney builds a gripping page-turner that doesn't let go until its shocking end.

A fantastic children's crime story from the world's best-loved children's author, Enid Blyton. Who is the mysterious burglar that disappears from the scene of the crime without a trace? The five Find-Outers and dog must discover the thief's identity before Mr Goon does. Find out if they get to the bottom of The Mystery of the Invisible Thief. The Mystery series follows the adventures of 'The Five Find Outers' - Pip, Bets, Larry, Daisy and Fatty, as they solve the most unusual crime cases with the help of their dog Buster. Enid Blyton is arguably the most famous children's author of all time. Thanks to series such as The Wishing-Chair, The Faraway Tree, The Mysteries, The Famous Five and The Secret Seven, she has sold over 400 million books in more than 40 languages worldwide. Her Mysteries stories have charmed generations of children – and they are as popular today as they have ever been. "This is the hopeful book we all need right now. I loved it!" -Emily Giffin, #1 New York Times bestselling author of The Lies That Bind As Seen on the TODAY SHOW A Southern Living Best Beach Read * A PopSugar Best Book of May * An Us Weekly Summer Beach Staple * A Frolic Under-the-Radar Book of May * An OK Magazine Best Summer Beach Read * An EW.com Best Book of Spring * A Country Living Can't Miss Beach Read * A LibraryReads Pick for May * An Emily Giffin Book Club pick Sometimes all you need is one person to really see you. Piper Parrish's life on Frick Island--a tiny, remote town smack in the middle of the Chesapeake Bay--is really perfect. Well, aside from one pesky detail: Her darling husband, Tom, is dead. When Tom's crab boat capsized and his body wasn't recovered, Piper, rocked to the core, did a most peculiar thing: carried on as if her husband was not only still alive, but right there with her. So, for breakfast, walking him to the docks each morning, meeting him for their standard Friday night dinner date at the One-Eyed Crab. And what were the townspeople to do but go along with their beloved widowed Piper? Anders Caldwell's career is not going well. A young ambitious journalist, he'd rather hoped he'd be a national award-winning podcaster by now, rather than writing fluff pieces for a small town newspaper. But when he gets an assignment to travel to the remote Frick Island and cover their boring annual Cake Walk fundraiser, he stumbles upon a much more fascinating tale: an entire town pretending to see and interact with a man who does not actually exist. Determined it's the career-making story he's been needing for his podcast, Anders returns to the island to begin covert research and spend more time with the enigmatic Piper--but he has no idea out of all the lives he's about to upend, it's his hat that will change the most. USA Today bestselling author Colleen Oakley delivers an unforgettable love story about an eccentric community, a grieving widow, and an outsider who slowly learns that sometimes faith is more important than the facts.

The Invisible

Book 3

The Invisible Body

A Peculiar Crimes Unit Mystery

The Mystery of the Invisible Dog

One ordinary Monday morning in May, Hilmer Eriksson walks into his high school classroom and discovers that he has become invisible. No one can see him, no one can hear him. In fact, a police detective named Harald Fors arrives at school that very morning to investigate Hilmer's disappearance. The boy has no idea what's going on, but he's frightened, and he's starting to forget things – including what happened to him a few nights earlier. Detective Fors suspects foul play, and those suspicions lead him – trailed by the ghostlike presence of Hilmer – to a group of skinheads. These unpopular, disaffected kids are very vocal about their Nazi sympathies. But how does Hilmer's life intersect with theirs? As Fors scours the village and interviews area residents for clues, he begins to piece together the puzzle of Hilmer's disappearance. Meanwhile Hilmer waits, silently, to discover what has happened to him. In this riveting mystery, Mats Wahl deftly alternates between the policeman's and the victim's points of view, as the story of a missing-persons case shifts with a sad inevitability into a heartbreaking murder investigation. The #1 ebook on The Sunday Times bestseller 'He's a really good read ... deftly woven, but also beautifully written ... I loved it.' Mel Giedroyc 'One of the finest crime writers of any generation' Daily Mail – An unlikely heroine. An even more unlikely detective. And a cold case that's resurfacing with deadly consequences. Umiko Wada has recently had quite enough excitement in her life. With her husband recently murdered and a mother who seems to want her married again before his body is cold, she just wants to keep her head down. As a secretary to a private detective, her life is pleasantly uncomplicated, filled with coffee runs, diary management and paperwork. That is, until her boss takes on a new case. A case which turns out to be dangerous enough to get him killed. A case which means Wada will have to leave Japan for the first time and travel to London. Following the only lead she has, Wada quickly realises that being a detective isn't as easy as the television makes out. And that there's a reason why secrets stay buried for a long time. Because people want them to stay secret. And they're prepared to do very bad things to keep them that way... What readers are turning out: ***** 'Guaranteed and satisfying escapism' ***** 'Twists and turns right up to the last page' ***** 'Edge-of-the-seat stuff' ***** 'Fresh and inventive' ***** 'The master of twists and suspense ... sublime' ***** 'Scintillating and wickedly twisty'

From the author of City of Silver, a beautifully rich and puzzling historical mystery set in Paraguay, 1868 A war against Argentina, Brazil, and Uruguay was devastated Paraguay. Ninety percent of the males between the ages of eight and eighty have died in the conflict and food is scarce. In the small village of Santa Caterina, Padre Gregorio advises the women of his congregation to abandon the laws of the church and get pregnant by what men are doing. As he leaves the pulpit, he discovers the murdered body of Ricardo Yotté, one of the most powerful men in the country, at the bottom of the belly. There are many suspects: Eliza Lynch, a former Parisian courtesan who is now the consort of the brutal dictator, Francisco Solano López, and who entrusted to Yotté the country's treasury of gold and jewels; López himself, who may have suspected his ally Yotté of carrying on an affair with the beautiful Eliza; Comandante Luis Meneses, local representative of the dictator, who competed with Yotté for López's favor, and a wounded Brazilian soldier who has secretly taken up with one of the village girls. Lynch is desperate to recover the missing gold, and the comandante is desperate to prove his usefulness to López. To avoid having an innocent person dragged out to torture and death, a band of villagers undertake to solve the crime, including Padre Gregorio, the village midwife, her crippled husband returned from combat, their spirited daughter, and a war widow. Each carries secrets they seek to protect from the others, while they pursue their quest for the truth. Lyrical, complex, and meticulously researched, Anamaria Alfieri's Invisible Country is an ingenious cross between Isabel Allende and Agatha Christie. Why is a faceless knight clad in full armor stalking Midvale's merchants...along with the members of the kid-run detective agency, Bloodhounds, Inc.'Are the robberies really the result of an ancient medieval curse?Who will be the knight's next target?In another hilarious, action-filled mystery, Sean and Melissa Hunter and their computer-generated sidekick, J.E.R.E.M.I.A.H., must unmask the truth behind the knight...while learning to always put their trust in God.Bill Myers is a youth worker and the award-winning author of McGeoe and Me!, The Incredible Worlds of Wally McDoogley, and Journeys to Fayrah. He also writes and acts for Focus on the Family's Odyssey Radio series.

Can you be guilty of murder if you can't remember what happened? With over 500,000 copies sold and thousands of 5-star reviews between them, the Lee Callaway series will leave you turning the pages to know what happened next. When a lottery winner is found stabbed in his home, Detective Fisher and Detective Holt think it's a robbery turned deadly. As they begin to dig deeper they quickly discover there are people who had a motive to want the lottery winner gone. Private Investigator Lee Callaway is working as a security guard when a mysterious woman shows up and offers him big money to catch her cheating husband. Lee thinks his luck has finally turned, but things suddenly spiral out of control when Lee becomes a suspect to murder. Fans of James Patterson, Harlan Coben, and David Baldacci will love this bestselling series. Praise for Thomas Fincham "James Patterson look out." "Thomas Fincham kept me up until almost 2am with this Lee Callaway novel." "Type faster Mr. Fincham!" "I LOVE a good mystery and this is a good one. I TOTALLY ENJOYED the journey. I will definitely look for more books by Thomas Fincham." "Another good one by Mr. Fincham! I recently "discovered" and love his books! This book certainly did not disappoint." "It's beyond 5 stars once you get into the book it's Unstoppable total page-turner thank you Thomas Fincham." "Was up until 6 AM finishing this book because I could not put it down." "Def. Patterson style, kept me on the edge of my seat, going to read rest of series." "Thank you so much Mr Fincham." "This is my first Fincham book, but certainly not the last!"

From the discovery of entirely new kinds of galaxies to a window into cosmic "prehistory" . . . Bothwell shows us the Universe as we 've never seen it before – literally. Since the dawn of our species, people all over the world have gazed in awe at the night sky. But for all the beauty and wonder of the stars, when we look with just our eyes we are seeing and appreciating only a tiny fraction of the Universe. What does the cosmos have in store for us beyond the phenomena we can see, from black holes to supernovas? How different does the invisible Universe look from the home we thought we knew? Dr Matt Bothwell takes us on a journey through the full spectrum of light and beyond, revealing what we have learned about the mysteries of the Universe. This book is a guide to the ninety-nine per cent of cosmic reality we can't ' see – the Universe that is hidden, right in front of our eyes. It is also the endpoint of a scientific detective story thousands of years in the telling. It is a tour through our Invisible Universe.

Get ready to embark on the exciting search for dark matter—the invisible mass that dominates our universe. This popular science book explains why this mysterious dark matter has been incorporated into the standard model of the universe and how scientists are able to “observe” the invisible. The book starts with the early indications of the existence of dark matter, including the strange cohesion of galaxy clusters, before moving on to modern observations like cosmic background radiation. Along the way, you will learn about the direct and indirect methods being used by researchers to crack down dark matter and whatever is behind this strange phenomenon. The Mystery of Dark Matter will appeal to general readers who wish to understand what scientists actually know about dark matter, along with the methods they use to help crack the mystery. This book is a translation of the original German 1st edition Das Rätsel Dunkle Materie by Wolfgang Kapferer, published by Springer-Verlag GmbH Deutschland in 2018.The translation was done with the help of artificial intelligence (machine translation by the service DeepL.com). A subsequent human revision was done primarily in terms of content, so that the book will read stylistically differently from a conventional translation. Springer Nature works continuously to further the development of tools for the production of books and on the related technologies to support the authors.

Harvard professor Henry Spearman—an ingenious amateur sleuth who uses economics to size up every situation—is sent by an American entrepreneur to Cambridge, England. Spearman's mission is to scout out for purchase the most famous house in economic science: Balliol Croft, the former dwelling place of Professor Alfred Marshall, John Maynard Keynes's teacher and the font of modern economic theory. A near miss for the American entrepreneur and the shocking and bizarre murder of Nigel Hart, the master of Bishop's College, soon make it clear that the whole affair is risky business. When a second corpse turns up, Spearman is jolted into realizing that his own life is in peril as he finds himself face to face with the most diabolical killer in his experience.

Humanity's ongoing quest to unlock the secrets of dark matter and dark energy Heart of Darkness describes the incredible saga of humankind's quest to unravel the deepest secrets of the universe. Over the past thirty years, scientists have learned that two little-understood components—dark matter and dark energy—comprise most of the known cosmos, explain the growth of all cosmic structure and hold the key to the universe's fate. The story of how evidence for the so-called "Lambda-Cold Dark Matter" model of cosmology has been gathered by generations of scientists throughout the world is told here by one of the pioneers of the field, Jeremia Ostriker, and his coauthor Simon Mitton. From humankind's early attempts to comprehend Earth's place in the solar system, to astronomers' exploration of the Milky Way galaxy and the realm of the nebulae beyond, to the detection of the primordial fluctuations of energy from which all subsequent structure developed, this book explains the physics and the history of how the current model of our universe arose and has passed every test hurled at it by the skeptics. Throughout this rich story, an essential theme is emphasized: how three aspects of rational inquiry—the application of direct measurement and observation, the introduction of mathematical modeling, and the requirement that hypotheses should be testable and verifiable—guide scientific progress and underpin our modern cosmological paradigm. This monumental puzzle is far from complete, however, as scientists confront the mysteries of the ultimate causes of cosmic structure formation and the real nature and origin of dark matter and dark energy.

AN INSTANT NEW YORK TIMES BESTSELLER "I absolutely loved Invisible Girl—Lisa Jewell has a way of combining furiously twisty, utterly gripping plots with wonderfully rich characterization—she has such compassion for her characters, and we feel we know them utterly... A triumph!" —Lucy Fotey, New York Times bestselling author The #1 New York Times bestselling author of Then She Was Gone returns with an intricate thriller about a young woman's disappearance and a group of strangers whose lives intersect in its wake. Young Saffyre Maddox spent three years under the care of a therapist at the highest level of care. When Dr. Fours decides their sessions should end, Saffyre feels abandoned. She begins looking for ways to connect with him, from waiting outside his office to walking through his neighborhood late at night. She soon learns more than she ever wanted to about Ronan and his deceptively perfect family life. On a chilly Valentine's night, Saffyre will disappear, taking any secrets she has learned with her. Owen Pick's life is falling apart. In his thirties and living in his aunt's spare bedroom, he has just been suspended from his job as a teacher after accusations of sexual misconduct—accusations he strongly denies. Searching for professional advice online, he is inadvertently sucked into the dark world of incel forums, where he meets a charismatic and mysterious figure. Owen lives across the street from the Fours family. The Fours have a bad feeling about their neighbor; Owen is a bit creepy and suspect and their teenage daughter swears he followed her home from the train station one night. Could Owen be responsible? What happened to the beautiful missing Saffyre, and does her disappearance truly connect them all? Evocative, vivid, and unputdownable, Lisa Jewell's latest thriller is another "haunting, atmospheric, stay-up-way-too-late read" (Megan Miranda, New York Times bestselling author).

The second installment in the bestselling Danish crime series starring Red Cross nurse Nina Borg, following Fall 2011's New York Times–bestselling The Boy in the Suitcase In the ruins of an abandoned Soviet military hospital in northern Hungary, two impoverished Roma boys are scavenging for old supplies or weapons to sell on the black market when they stumble upon something more valuable than they ever could have anticipated. The resulting chain of events threatens to blow the lives of a frightening number of people. Meanwhile, in Denmark, Red Cross nurse Nina Borg puts her life and family on the line when she tries to treat a group of Hungarian Gypsies who are living illegally in a Copenhagen garage. What are they hiding, and what is making them so sick? Nina is about to learn how high the stakes are among the desperate and the deadly. From the Hardcover edition.

This translation first published: London: HarperCollinsPublishers, 2015.

Competitive athlete turned scientist discovers the key to healing her chronic pain in this raw and gripping memoir. An acute injury. Chronic pain. A shocking discovery. Maria Socolof, a former collegiate athlete, at age forty, ruptured a disc in her neck when she rolled over in bed. Time and conventional medicine failed to heal her. Years of debilitating pain followed. She sincerely questioned whether life in such pain was worth living. Then, through mindbody approaches and bewildering revelations, true healing finally began. Her raw chronicle attests to the impact emotional trauma can have on the body and how we can set ourselves free from the limitations of our subconscious. She went from being unable to stand for more than fifteen minutes to hiking in Alaska five years later. She shows us that one can heal, even when hope is lost. Reviews "Every person challenged by high-impact, persistent pain needs to read this book to discover if past trauma pose a shrouded barrier to their wellness." Cynthia Toussaint, Author of Battle for Grace "Anyone seeking healing can follow Maria Socolof's personal journey. . . into the light of wellness by better understanding the mind/body connection." Steve Ozanich, Author of The Great Pain Deception "I highly recommend her memoir for those seeking direction and hope on their path to authentic healing." John F. Barnes, PT, Author of Healing Ancient Wounds ". . . real and honest. . . . Maria's experiences will help those in chronic pain not feel so alone in their struggle. . ." Mary Ruth Velicki, MS, DPT, Author of Healing through Chronic Pain "Ms. Socolof's chronicled arduous journey through debilitating pain is a great overview of the maze that is complex chronic pain." Phil J. Tavalocci, PT, Author of What's In Your Web? About the Author Maria Socolof, former competitive gymnast, wife, mother of two, and professional scientist, was still dabbling in her sport at age forty. Then suddenly, in the fall of 2005, chronic pain hijacked her life. She searched for relief, and in that quest, discovered she had a story to tell. Through twelve years of perseverance, she has authored her first memoir about her healing journey. She holds a Master of Science degree in Environmental Health Sciences from the Harvard School of Public Health and now uses her writing to support others who are healing from pain and trauma. She lives on Long Island with her husband and dog, practices qigong and tai chi, and enjoys visits from her children, walking through her neighborhood, and hiking in the woods.

Explores the subtle, secret influences that affect the decisions we make—from what we buy, to the careers we choose, to what we eat.

A strange ability. A discovered corpse. But will his supernatural sleuthing skills lead him into a killer's trap? England, 1990. Reed has travelled his whole life in search of someone who understands him. So he's thrilled when his journey brings him to free-spirited Zoya, who shares his rare ability to dream-walk. But after his gift leads him to a hidden corpse, he becomes the prime suspect in the murder. Despite the setback, Reed resolves to use his power to help crack the case. When the real perpetrator delivers a violent threat, he's tempted to give Zoya up into his camper van and hit the road again. After all, who would miss him? Will Reed lead the tiny seaside town and abandon his new friends – or will he risk everything to expose the murderer? The Invisible Body is the first book of The Falling Awake Mysteries, a captivating, character-led series that blends amateur sleuth crime story with an exploration of human connection. If you like compelling characters, seaside settings and a hint of the paranormal, then you'll love Jenny Cutts' intriguing novel. Buy The Invisible Body and unravel the mystery today.

Judy's involvement in an antique theft results in an injured girl's staying in her home and the mysterious ringing of invisible chimes.

She's not your average crime fighter! Ivy Malone has a curiosity that sometimes gets her into trouble, and it's only aggravated by her discovery that she can easily escape the public eye. So when vandals romp through the local cemetery, she takes advantage of her newfound anonymity and its unforeseen advantages as she launches her own unofficial investigation. Despite her oddball humor and unconventional snooping, Ivy soon becomes discouraged by her failure to turn up any solid clues. And after Ivy witnesses something ominous and unexplained, she can't resist putting her investigative powers to work again. Even the authorities' attempts to keep Ivy out of danger and her nosy neighbor's match-making schemes can't slow her down. But will the determination that fuels this persistent, quirky sleuth threaten her very safety? "I laughed out loud. McCourtney's charming mystery debuts a voice both enchanting and startling."-Colleen Coble, author of Without a Trace "MCCourtney's skill at blending whimsy, quirks, and questions into a lead character makes Invisible a must read."-Lois Richer, author of Dangerous Sanctuary "Invisible is a treat! Ivy Malone is a heroine with spunk and determination!"-Carol Cox, author of A Stitch in Time

The Mystery of the Invisible Thief: The Mystery Series 8

Patrick Modiano explores the boundaries of recollection in a "mesmerizing, enigmatic novel" (Publishers Weekly) "Nobel Prize winner Modiano's title smartly ties together the theme, plot, and ambience of his latest book. . . . The past overlaps and memories half-emerge in classic Modiano fashion, just as a message in invisible ink tentatively reveals itself in the right light."--Library Journal "An enchanting read."--Ploughshares The latest work from Nobel laureate Patrick Modiano, Invisible Ink is a spellbinding tale of memory and its illusions. Private detective Jean Eyben receives an assignment to locate a missing woman, the mysterious Noëlle Lefebvre. While the case proves fruitless, the clues Jean discovers along the way continue to haunt him. Three decades later, he resumes the investigation for himself, revisiting old sites and tracking down witnesses, compelled by reasons he can't explain to follow the cold trail and discover the shocking truth once and for all. A number one best seller in France, hailed by critics as "breathtakingly beautiful" (Les Inrocouptibles) and "refined and dazzling" (Le Journal du Dimanche), Invisible Ink is Modiano's most thrilling and revelatory work to date.

A brilliant mystery series from bestselling author Enid Blyton, perfect for fans of The Secret Seven. There's a mysterious burglar in Peterswood. No one has seen the thief, but there are huge footprints and handprints left behind at every robbery. Who could possibly have feet that big? Fatty, Daisy, Larry, Pip, Bets and Buster the Dog are sure to find out! First published in 1950, this edition contains the original text and is unillustrated.

Two of London's sharpest minds within the Peculiar Crimes Unit are faced with one of the most befuddling and bizarre cases of their careers as an ill-timed death, a powerful curse, a crazy dowager and a dead photographer lead them into a world of madness, codes and the secret of London's strangest relic.

Henry Spearman, the balding economics professor with a knack for solving crimes, returns in The Mystery of the Invisible Hand—a clever whodunit of campus intrigue, stolen art, and murder. Having just won the Nobel Prize, Spearman accepts an invitation to lecture at Monte Vista University. He arrives in the wake of a puzzling art heist with plans to teach a course on art and economics—only to be faced with the alleged suicide of womanizing artist-in-residence Tristan Wheeler. When it becomes clear that Wheeler had serious enemies and a murderer is in their midst, Henry Spearman is on the case. Was Wheeler killed by a jilted lover, a cuckolded husband, or a beleaguered assistant? Could there have been a connection between Wheeler's marketability and his death? From the Monte Vista campus in San Antonio to the halls of Sotheby's in New York, Spearman cracks the connections between economics and the art world, finding his clues in monopolies and the Coase conjecture, auction theory, and the work of Adam Smith. What are the parallels between a firm's capital and an art museum's collection? What does the market say about art's authenticity versus its availability? And what is the mysterious "death effect" that lies at the heart of the case?

There's a new resident in Castle Key - and somebody is watching him! Scott, Jack, Emily and Drift soon suspect that the new resident is an enemy spy. It explains the bullet-proof glass in the windows of his house. And the MI5 agent who is clearly keeping tabs on him! But what is an enemy spy doing in Castle Key? Can the friends reveal his true identity? And uncover his top secret mission? Join Scott, Jack, Emily and Drift as they investigate a man so mysterious he's almost invisible!

A heartbreaking and hilarious memoir by iCarly and Sam & Cat star Jennette McCurdy about her struggles as a former child actor—including eating disorders, addiction, and a complicated relationship with her overbearing mother—and how she retook control of her life. Jennette McCurdy was six years old when she had her first acting audition. Her mother's dream for her only daughter to become a star, and Jennette would do anything to make her mother happy. So she went along with what Mom called "calorie restriction," eating little and weighing herself five times a day. She endured extensive at-home makeovers while Mom chided, "Your eyelashes are invisible, okay? You think Dakota Fanning doesn't tint hers?" She was even showered by Mom until age sixteen while sharing her diaries, email, and all her income. In I'm Glad My Mom Died, Jennette recounts all this in unflinching detail—just as she chronicles what happens when the dream finally comes true. Cast in a new Nickelodeon series called iCarly, she is thrust into fame. Though Mom is ecstatic, emailing fan club moderators and getting on a first-name basis with the paparazzi ("Hi Gabe!"), Jennette is riddled with anxiety, shame, and self-loathing, which manifest into eating disorders, addiction, and a series of unhealthy relationships. These issues only get worse when, soon after taking the lead in the iCarly spinoff Sam & Cat alongside Ariana Grande, her mother dies of cancer. Finally, after discovering therapy and quitting acting, Jennette embarks on recovery and decides for the first time in her life what she really wants. Told with refreshing candor and dark humor, I'm Glad My Mom Died is an inspiring story of resilience, independence, and the joy of shampooing your own hair.

A NEW YORK TIMES BESTSELLER "Remarkable." —Andrew Solomon, The New York Times Book Review "At once a rigorous work of scholarship and a radical act of empathy." —Esquire "A ray of light into those whose isolated cocoons of darkness that, at one time or another, may afflict us all." —The Wall Street Journal "Essential." —The Boston Globe A landmark exploration of one of the most consequential and mysterious issues of our time: the rise of chronic illness and autoimmune disease. The epidemic of chronic illnesses affects tens of millions of Americans; these are diseases that are poorly understood, frequently marginalized, and can go undiagnosed and unrecognized altogether. Renowned writer Meghan O'Rourke delivers a revelatory investigation into this elusive category of "invisible" illness that encompasses autoimmune diseases, post-treatment Lyme disease syndrome, and now long COVID, synthesizing the personal and the universal to help all of us through this new frontier. Drawing on her own medical experiences as well as a decade of interviews with doctors, patients, researchers, and public health experts, O'Rourke traces the history of Western definitions of illness, and reveals how inherited ideas of cause, diagnosis, and treatment have led us to ignore a host of hard-to-understand medical conditions, ones that resist easy description or simple cures. And as America faces this health crisis of extraordinary proportions, the populations most likely to be neglected by our institutions include women, the working class, and people of color. Blending lyricism and erudition, candor and empathy, O'Rourke brings together her deep and disparate talents and roles as critic, journalist, poet, teacher, and patient, synthesizing the personal and universal into one monumental project arguing for a seismic shift in our approach to disease. The Invisible Kingdom offers hope for the sick, solace and insight for their loved ones, and a radical new understanding of our bodies and our health.
