Sarah Margaret Fuller Ossoli (1810-1850) was an American journalist,

critic, and women's rights advocate associated with the American

transcendentalism movement. She was the first full-time American

female book reviewer in journalism. Fuller was an advocate of women's

rights and, in particular, women's education and the right to

employment. Her book "Woman in the Nineteenth Century" is considered

the first major feminist work in the United States. She encouraged

many other reforms in society, including prison reform and the

emancipation of slaves in the United States. Many other advocates for

women's rights and feminism, including Susan B. Anthony, cite Fuller

as a source of inspiration. Contents: Woman in the Nineteenth Century

The Natural House

Your Complete Guide to Creating Your Own Book of Natural Magic

New, Complete, and Universal Natural History of All the Most Remarkable Quadrupeds, Birds, Fishes, Reptiles, and Insects, in the Known World

*Walter Lubeck describes in a clear concise fashion a method of treatment which--irrespective of all challenges, obstacles or legal restrictions--offers therapeutic possibilities in the face of the challenges confronting naturopathy and empirical medicine today. This book will help to broaden the knowledge thus gained and provide more insight into Reiki so that it may be applied with greater ease and care. This book is especially commendable as it establishes connections between Reiki and biological medicine by pointing out combinations possible with herbal extracts, homeopathiic preparations, Schussler salts, and the spagyric remedies which have been rediscovered. The combined action of Reiki energy and natural medicinal substances, some of which have been known from time immemorial, speed up and improve the therapeutic effect to a considerable degree.*

*This book is packed with informative information on how to naturally prevent, treat and overcome hundreds of common conditions that affect our society on a daily basis. Stacey Chillemi and Dr. Michael Chillemi the authors enlighten the readers by giving a clear understanding on how to get started. The author's purpose is to teach how alternative medicine, herbals, foods, fruits, and vitamins do not just to keep us alive, but they are used as a medicine too. Natural Remedies for Common Conditions provides you with the stepping-stones and techniques to prevent, treat, and overcome conditions the natural way. The authors provide the reader with extraordinary tools and techniques that help you obtain and reach optimum health. This is an excellent book to help prevent, treat and overcome conditions. It is packed with phenomenal advice. Natural Remedies for Common Conditions is the perfect guide to help anyone who has a quest to stay healthy and maintain optimum health.*

*Fruits and vegetables are some of the most expensive ingredients of any regular menu in your home. However, with the right resources and planning, you can take advantage of an age-old method of storage that will allow you to buy fruits and vegetables when they are least expensive or to grow your own and store them for future use. This book will walk anyone through the process of building and using a root cellar to store their fruits and vegetables for later use, through the cold winter months when even the most basic items can cost an arm and a leg. Before even starting your root cellar, you will learn the basics of choosing the right crops and planting them at the right time or buying them in advance for your root cellar. You will learn how to know which crops and which specific vegetables and fruits are good to keep and which ones should be left alone. This book will cover how and when to bring in the harvest and how to prepare for storage effectively. You will learn the basics of spoilage and what to expect from your foods, and you will discover what you should expect each winter for multiple- month storage. You will also benefit from interviews with the top experts in the field of storage and root-cellarling and farmers who have been storing vegetables for years. You will learn how to start your own underground garden and what various types of cellars exist trenches, closets, and hideaways. Discover how to start planning your root cellar, how to use your basement if you so desire, and how to start excavating and preparing an outside, isolated root cellar for the first harvest. No matter your situation or your crops, you can benefit from this book and its take on the world of root-cellarling and long-term fruit and vegetable storage. Atlantic Publishing is a*

*small, independent publishing company based in Ocala, Florida. **The first revision of this bestselling book since 1998 contains the latest findings in top health concerns, including cancer, stroke, heart disease, and hormone replacement therapy. The book will be promoted via a new infomercial, "The Gary Null Radio Show," and the author's Web site.**

**Presents natural herbal and alternative medical remedies to common ailments and conditions, including attention deficit disorder, arthritis, sunburn, menopause, and the common cold. Love all of your masonry and concrete projects--knowing that you did them yourself!--with help from our experts. No projects offer more aesthetic or financial satisfaction than DIY concrete and masonry projects. Homeowners can routinely save thousands of dollars in labor costs by buying and installing materials that are readily available. This updated 4th edition of Black & Decker The Complete Guide to Concrete & Masonry includes traditional techniques for laying concrete, adapted to make them easy for ordinary homeowners, and also features completely modern materials and techniques, such as tumbled concrete pavers, acid-etching for colored concrete slabs, and important green paving options, such as rain-garden arroyos and permeable pavers. Several cutting-edge projects, like polished concrete countertops and stamped concrete walkways, are included in this book. An exposed aggregate patio, a reinforced concrete block wall, and the latest tools and materials for handling new products are featured. A completely new section on foundation walls shows you all the options, including the latest structural insulated panels, that are now more DIY friendly than ever. No homeowner or do-it-yourselfer will want to miss this chance to master the best methods to create lasting beauty around the house.**

Jenny Dean's Wild Colour is the modern classic title on traditional dyeing methods. A celebration of the wealth of natural dyes that can be obtained from over 60 species of plants from common marigolds to rhubarb. Part one introduces the concept of natural dyeing and demonstrates how easy it is to get started. All the techniques are explained with step-by-step sequences and photographs. Colour charts help you to work out which method is best for each dye plant and material. Part two reveals the wide range of plants that you can use for natural dyeing. Colour swatches show the tried and tested range of colours you can extract from each plant.

The Complete Herbal Guide: A Natural Approach to Healing the Body is essential reference book for anyone interested in maintaining optimal health and overcoming disease. Echinacea and ginkgo biloba are well-known herbal remedies for common

ailments such as colds and memory loss. But the vast majority of

herbal aids are underused as treatments or preventatives for

everything from insomnia to arthritis to heart disease. In THE

COMPLETE HOME GUIDE TO HERBS, NATURAL HEALTH, AND NUTRITION, herbal

practitioner Jill Rosemary Davies explains how to promote good health

by understanding the body and how it is affected by a wide range of

healing plants. She teaches you how to use herbs as potent tools for

natural healing as well as how to combine them with nutrition and

exercise for a healthy lifestyle. Additionally, you'll find: Sections

on cleansings, immunity, life stages, and body systems; a complete A

to Z of diseases and treatments; and a section on first aid.

Instructions for making your own herbal teas, decoctions, tinctures,

ointments, oils, and more. And because the herbs used in this book are

widely available in health food stores, drug stores, and grocery

stores-some you'll even find growing in your own backyard-

incorporating a greater range of beneficial herbs into your life will

be all the more simple. Open the book to any page and you'll feel like

you've stumbled upon Mother Nature's best-kept secrets.
