This inspiring book is a visual feast of global event designs which is a must for brand innovators and identity wizards. Happenings are very much still

happening – more
than enough reason to
launch a sequel to our
first event-themed title.

In the age of social
media, the event is
becoming a mass-
marketing campaign
that targets a global
audience. And its reach
is far greater if it ' s
both memorable and
photogenic. Happening
2 covers over 60

stunning spectacles –
from fashion shows to
festivals and exhibitions
to exclusive product
launches – that leave
lasting impressions.

Events offer designers
the perfect testing
ground; they are ideal
opportunities to
experiment with spatial
perception and sensory
experiences. Happening
2 travels the globe to

**not only focuses on the
problems of innovation
and technology
transfer as they are
reflected in the
experience of the
transition period to
date, but also develops
conceptual and
strategic approaches to
problems which will
take a generation or
more to resolve.**

For 30 years,
