Among others, this collection includes **Sonnie's Edge** – featuring contests to the death between constructed monsters. But one has a special advantage . . . We also visit an abandoned alien spacecraft in **Escape Route**. However, is it really as empty as it seems? And in the title novella, **A Second Chance at Eden**, a habitat creator is murdered. Set in a lethal waterworld, *The Skinner* is the first novel in the far-future Spatterjay series by Neal Asher. The savage ocean planet of Spatterjay draws visitors with very different agendas. And Keech is an agent of Earth who's been dead for seven hundred years – but still hunts a notorious criminal. On Spatterjay's vast waterscapes, only the Old Captains risk the native life forms and their voracious appetites. However, they are now barely human. And somewhere out there Keech's target – the Skinner – runs wild. Keech pursues the Skinner for atrocities committed in a centuries-past war, fought with the alien Prador. But one of these Prador is fast approaching Spatterjay to exterminate witnesses to his own war crimes. And he won't spare its visitors. "In 1939," Julian Padowicz says, "I was a Polish Jew-hater. Under different circumstances my story might have been one of denouncing Jews to the Gestapo. As it happened, I was a Jew myself, and I was seven years old." Julian's mother was a Warsaw socialite who had no interest in child-rearing. She turned her son over completely to his governess, a good Catholic, named Kiki, whom he loved with all his heart. Kiki was deeply worried about Julian's immortal soul, explaining that he could go to Heaven only if he became a Catholic. When bombs began to fall on Warsaw, Julian's world crumbled. His beloved Kiki returned to her family in Lodz; Julian's stepfather joined the Polish army, and the grief-stricken boy was left with the mother whom he hardly knew. Resourceful and determined, his mother did whatever was necessary to provide for herself and her son: she brazenly cut into food lines and befriended Russian officers to get extra rations of food and fuel. But brought up by Kiki to distrust all things Jewish, Julian considered his mother's behavior un-Christian. In the winter of 1940, as conditions worsened, Julian and his mother made a dramatic escape to Hungary on foot through the Carpathian mountains and Julian came to believe that even Jews could go to Heaven.

Space is not the only void... In AD 2600 the human race is finally beginning to realize its full potential. Hundreds of colonized planets scattered across the galaxy host a multitude of prosperous and wildly diverse cultures. Genetic engineering has pushed evolution far beyond nature's boundaries, defeating disease and producing extraordinary spaceborn creatures. Huge fleets of sentient trader starships thrive on the wealth created by the industrialization of entire star systems. And throughout inhabited space the Confederation Navy keeps the peace. A true golden age is within our grasp. But now something has gone catastrophically wrong. On a primitive colony planet a renegade criminal's chance encounter with an utterly alien entity unleashes the most primal of all our fears. An extinct race which inhabited the galaxy aeons ago called it "The Reality Dysfunction." It is the nightmare which has prowled beside us since the beginning of history. THE REALITY DYSFUNCTION is a modern classic of science fiction, an extraordinary feat of storytelling on a truly epic scale.

Set in the near-future, over three hundred years before Pandora's Star and Judas Unchained, Peter F. Hamilton's Misspent Youth is a gripping introduction to the world of the Commonwealth Saga. Jeff Baker is granted the gift of eternal youth. However, it's not all it seems. . . . It is 2040 and, after decades of research, we can finally rejuvenate a human being. At seventy-eight years old, Jeff Baker – renowned inventor and philanthropist – has given the world much of his creative genius. He's therefore selected as first choice for this gift. At first, rejuvenation feels like a miracle, until the glow begins to fade. Personal relationships start to break down and the world waits for more brilliant new work. Living the dream will come at a cost, but can Jeff pay the price?

A Second Chance at Eden

Open Heart

The shadows recede from a lost temple in a forgotten wilderness. The sun rises on a new calling for a man as loyal as he is mysterious. The day's beginning finds Ereis Cale holding in his steady hands more power than he ever imagined. For now, he will have to put his trust in a god served by theives and born of chaos.

Draving on fantasy and nightmare, Through the Night is a philosophical horror story charting the madness of a father whose son has committed suicide. Dentist Karl Meyer's worst nightmare comes true when his son, Ole-Jakob, takes his own life. This tragedy is the springboard for a complex novel posing essential questions about human experience: What does sorrow do to a person? How can one live with the pain of unbearable loss? How far can a man be driven by the grief and despair surrounding the death of a child? A dark and harrowing story, drawing on elements from dreams, fairy tales, and horror stories, the better to explore the mysterious depths of sorrow and love, Through the Night is Stig Saeterbakken at his best.

The narrative of a boy who lived through Auschwitz and Buchenwald provides a short and terrible indictment of modern humanity.

This blistering novel—from the bestselling, Pulitzer Prize–winning author of *The Road*—returns to the Texas-Mexico border, setting of the famed *Border Trilogy*. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law-in the person of aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning’s headlines. No Country for Old Men is a triumph.

A New Translation From The French By Marion Wiesel Born in Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. Night is the terrifying record of Elie Wiesel's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew confronting the absolute evil of man. This new translation by his wife and most frequent translator, Marion Wiesel, corrects important details and presents the Naked God as the brilliant climax to Peter F. Hamilton's awe-inspiring Night's Dawn Trilogy, a space opera that is "big, boisterous, and has something for everyone" (Science Fiction Weekly). As the Confederation begins to collapse politically and economically, the "possessed" insidiously infiltrate more and more worlds. Meanwhile, Quinn Dexter is loose on Earth, destroying the giant arcologies one at a time. As Louise Kavanagh tries to track him down, she manages to acquire some strange and powerful allies whose goals don't quite match her own. The campaign to liberate Mortonridge from the possessed

The Night Trilogy

Night - Dawn - Day

After the multi-layered, multi-dramatic events described in The Reality Dysfunction and The Neutronium Alchemist, here at last comes this awe-inspiring climax. The Confederation is starting to collapse politically and economically, allowing the 'possessed' to infiltrate more worlds. Quinn Dexter is loose on Earth, destroying the giant arcologies one at a time. As Louise Kavanagh tries to track him down, she manages to acquire some strange and powerful allies whose goal doesn't quite match her own. The campaign to liberate Mortonridge from the possessed degenerates into a horrendous land battle, the kind which hasn't been seen by humankind for six hundred years; then some of the protagonists escape in a very unexpected direction. Joshua Calvert and Syrnix fly their starships on a mission to find the Sleeping God-which an alien race believes holds the key to overthrowing the possessed.

The quest for the Vampaneze Lord continues for the hunters of the dusk. Daren gets an unwelcome taste of reality when he is forced to go back to school and his past catches up with him.

The ancient menace has finally escaped from Lalonde, shattering the Confederation's peaceful existence. Those who succumbed to it have acquired godlike powers, but now follow a far from divine gospel as they advance inexorably from world to world. On planets and asteroids, individuals battle for survival against the strange and brutal forces unleashed upon the universe. Governments teeter on the brink of anarchy, the Confederation Navy is dangerously over-stretched, and a dark messiah prepares to invoke his own version of the final Night. In such desperate times the last thing the galaxy needs is a new and terrifyingly powerful weapon. Yet Dr. Alkad Mzu is determined to retrieve the Alchemist -- so she can complete her thirty-year-old vendetta to slay a star. Which means Joshua Calvert has to find Dr Mzu and bring her back before the Alchemist can be reactivated. But he's not alone in the chase, and there are people on both sides who have their own ideas about how to use the ultimate doomsday device. THE NEUTRONIUM ALCHEMIST is the second novel in the Night's Dawn Trilogy, an extraordinary feat of storytelling on a truly epic scale.

From the mean streets of Sembia... Ereis Cale might just seem like just another loyal butler for just another wealthy family in the merchant realm of Sembia, but he has always been a whole lot more than that. When the world itself is threatened, Ereis Cale takes it personally, and takes the fight all the way to the Plane of Shadow. This massive trade paperback omnibus edition collects Twilight Falling, Dawn of Night, and Midnight's Mask into one book.

The Germans claimed that Theresienstadt was "the town the Führer gave the Jews," and they temporarily transformed it into a Potemkin village for an International Red Cross visit in June 1944, the only Nazi camp opened to outsiders. **What is death all about? What is life all about? So wonders thirteen-year-old Elli Friedmann as she fights for her life in a Nazi concentration camp. A remarkable memoir, I Have Lived a Thousand Years is a story of cruelty and suffering, but at the same time a story of hope, faith, perseverance, and love. It wasn't long ago that Elli led a normal life that included family, friends, school, and thoughts about boys. A life in which Elli could lie and daydream for hours that she was a beautiful and elegant celebrated poet. But these adolescent daydreams quickly darken in March 1944, when the Nazis invade Hungary. First Elli can no longer attend school, have possessions, or talk to her neighbors. Then she and her family are forced to leave their house behind to move into a crowded ghetto, where privacy becomes a luxury of the past and food becomes a scarcity. Her strong will and faith allow Elli to manage and adjust, but what she doesn't know is that this is only the beginning. The worst is yet to come...**
