Who was your mother before she was a mother? Essays and photos from Brit Bennett, Jennif Egan, Danzy Senna, Laura Lippman, Jia Tolentino, and many more. In this remarkable collection, New York Times bestselling novelist Edan Lepucki gathers more than sixty original essays and favorite photographs to explore this question. The daughters in Mothers Before are writers and poets, artists and teachers, and the images and stories they share reveal the lives of women in ways that are vulnerable and true, sometimes funny, sometimes sad, and always moving. Contributors include: Brit Bennett \* Jennine Capó Crucet \* Jennifer Egan \* Angela Garbes \* Annabeth Gish \* Alison Roman \* Lisa See \* Danzy Senna \* Dana Spiotta \* Lan Samantha Chang \* Laura Lippman \* Jia Tolentino \* Tiffany Nguyen \* Charmaine Craig \* Maya Ramakrishnan \* Eirene Donohue \* and many others

No one said life on the road would be easy. Navigating the rails, mapping bus lines, and hitching rides. Dealing with hunger when you don't have a nickel to chew on. Picking up an odd job here and making a few bucks there. But that's why it's exciting. It's one hell of an adventure. It's a thrilling road to follow if you're up to the challenge. And this book's your back-pocket saving grace. As you flip to the next flop, you'll need to know how to get by in order to stay one step ahead. Realize: a hobo isn't some bum looking for a handout. You need to be ready to put in the effort. If you want to make your way in the Jungle and along your route, you need the know-how provided with the textbook to your open-road education.

How to understand a media environment in crisis, and how to make things better by approaching information ecologically. Our media environment is in crisis. Polarization is rampant. Polluted information floods social media. Even our best efforts to help clean up can backfire, sending toxins roaring across the landscape. In You Are Here, Whitney Phillips and Ryan Miller offer strategies for navigating increasingly treacherous information flows. Using ecological metaphors, they emphasize how our individual me is entwined within a much larger we, and how everyone fits within an ever-shifting network map.

The best-selling, most flexible rhetoric--now with advice for reading and writing across disciplines

Writing exercises and creativity advice from Barry's pioneering, life-changing workshop The award-winning author Lynda Barry is the creative force behind the genre-defying and bestselling work What It Is. She believes that anyone can be a writer and has set out to prove it. For the past decade, Barry has run a highly popular writing workshop for nonwriters called Writing the Unthinkable, which was featured in The New York Times Magazine. Syllabus: Notes from an Accidental Professor is the first book to make her innovative lesson plans and writing exercises available to the public for home or classroom use. Barry teaches a method of writing that focuses on the relationship between the hand, the brain, and spontaneous images, both written and visual. It has been embraced by people across North America--prison inmates, postal workers, university students, high-school teachers, and hairdressers--for opening pathways to creativity. Syllabus takes the course plan for Barry's workshop and runs wild with it in her densely detailed signature style. Collaged texts, ballpoint-pen doodles, and watercolor washes adorn Syllabus's yellow lined pages, which offer advice on finding a creative voice and using memories to inspire the writing process. Throughout it all, Barry's voice (as an author and as a teacher-mentor) rings clear, inspiring, and honest.

The Norton Field Guide to Speaking offers students the kind of helpful advice and encouragement found in leading full-length textbooks in a user-friendly, to-the-point, easily referenced "field guide" format. Its uniquely flexible, modular organization gives experienced instructors the freedom to teach their course as they choose, while its color-coded cross-referencing system and extensive student and instructor resources provide the structural support and guidance that new instructors need.

The Norton Introduction to Literature presents an engaging, balanced selection of literature to suit any course. Offering a thorough treatment of historical and critical context, the most comprehensive media package available, and a rich suite of tools to encourage close reading and thoughtful writing, the Shorter Twelfth Edition is unparalleled in its guidance of understanding, analyzing, and writing about literature.

A tantalizing, droll study of the idiosyncratic existence of the very rich, through the unexpected lens of the naturalist. Journalist Richard Conniff probes the age-old question "Are the rich different from you and me?" and finds that they are indeed a completely different animal. He observes with great humor and finesse this socially unique species, revealing their strategies for ensuring dominance and submission, their flourishes of display behavior, the intricate dynamics of their pecking order, as well as their unorthodox mating practices. Through comparisons to other equally exotic animals, Conniff uncovers surprising commonalities. • How did Bill Gates achieve his single greatest act of social dominance by being nice? • How does the flattery of the rich resemble the grooming behavior of baboons? • What made the British aristocracy the single most successful animal dominance hierarchy in the history of the planet? • How does Old Money's disdain for the nouveaux riches resemble the pig-grunting of mountain gorillas? This marvelously entertaining field guide captures in vivid detail the behaviors and

habits of the world's most captivating yet elusive animal.

Editing is a tricky business. It requires analytical flair and creative panache, the patience of a saint and the vision of a writer. Transforming a manuscript into a book that edifies, inspires, and sells? That 's the job of the developmental editor, whose desk is the first stop for many manuscripts on the road to bookdom—a route ably mapped out in the pages of Developmental Editing. Author Scott Norton has worked with a diverse range of authors, editors, and publishers, and his handbook provides an approach to developmental editing that is logical, collaborative, humorous, and realistic. He starts with the core tasks of shaping the proposal, finding the hook, and building the narrative or argument, and then turns to the hard work of executing the plan and establishing a style. Developmental Editing includes detailed case studies featuring a variety of nonfiction books—election-year polemic, popular science, memoir, travel guide—and authors ranging from first-timer to veteran, journalist to scholar. Handy sidebars offer advice on how to become a developmental editor, create effective illustration programs, and adapt sophisticated fiction techniques (such as point of view, suspense, plotting, character, and setting) to nonfiction writing. Norton 's book also provides freelance copyeditors with a way to earn higher fees while introducing more creativity into their work lives. It gives acquisitions, marketing, and production staff a vocabulary for diagnosing a manuscript 's flaws and techniques for transforming it into a bestseller. And perhaps most importantly, Developmental Editing equips authors with the concrete tools they need to reach their audiences.

*New York Times* bestseller • *Finalist for the Pulitzer Prize* “*This is a book to shake up the world.*” —Ann Patchett *Nicholas Carr’s* bestseller *The Shallows* has become a foundational book in one of the most important debates of our time: As we enjoy the internet’s bounties, are we sacrificing our ability to read and think deeply? *This 10th-anniversary edition includes a new afterword that brings the story up to date, with a deep examination of the cognitive and behavioral effects of smartphones and social media.*

*NEW YORK TIMES BESTSELLER* *The Complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today’s most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show’s behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell – plus some of The Daily Show’s most prominent guests and adversaries: John*

*and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show’s highlights, from its origins as Comedy Central’s underdog late-night program to Trevor Noah’s succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O’Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show’s seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America’s most groundbreaking shows.*

*Michael Norton’s A Field Guide for Spiritual Warfare is an highly engaging text, filled with vital counsel on cooperating with the Holy Spirit in taking the Mark 16 commission-sharing the Gospel, healing the sick, and casting out demons—to the streets. As Norton stresses and as his own ministry attests, the focus is not primarily on deliverance, but on the Gospel being preached; signs and wonders will naturally follow those who believe. A true equipping tool, A Field Guide advocates both the authority of the believer and a crucial dependence on the Holy Spirit, and provides a model for deliverance ministry operating in the darkest places, “making the impossible bow down to the name of Jesus!”*

From bestselling author of the remarkable memoir, *The Distance Between Us* comes an inspiring account of one woman’s quest to find her place in America as a first-generation Latina university student and aspiring writer determined to build a new life for her family one fearless word at a time.

“*Here is a life story so unbelievable, it could only be true*” (Sandra Cisneros, bestselling author of *The House on Mango Street*). As an immigrant in an unfamiliar country, with an indifferent mother and abusive father, Reyna had few resources at her disposal. Taking refuge in words, Reyna’s love of reading and writing propels her to rise above until she achieves the impossible and is accepted to the University of California, Santa Cruz. Although her acceptance is a triumph, the actual experience of American college life is intimidating and unfamiliar for someone like Reyna, who is now estranged from her family and support system. Again, she finds solace in words, holding fast to her vision of becoming a writer, only to discover she knows nothing about what it takes to make a career out of a dream. Through it all, Reyna is determined to make the impossible possible, going from undocumented immigrant of little means to “a fierce, smart, shimmering light of a writer” (Cheryl Strayed, author of *Wild*); a National Book Critics Circle Award Finalist whose “power is growing with every book” (Luis Alberto Urrea, Pulitzer Prize finalist); and a proud mother of two beautiful children who will never have to know the pain of poverty and neglect. Told in Reyna’s exquisite, heartfelt prose, *A Dream Called Home* demonstrates how, by daring to pursue her dreams, Reyna was able to build the one thing she had always longed for: a home that would endure.

Few U.S. presidents have captured the imagination of the American people as has Harry S. Truman, “the man from Missouri.” In this major new biography, Robert H. Ferrell, widely regarded as an authority on the thirty-third president, challenges the popular characterization of Truman as a man who rarely sought the offices he received, revealing Instead a man who—modesty, commitment to service, and basic honesty—moved with method and system toward the presidency. Truman was ambitious in the best sense of the word. His powerful commitment to service was accompanied by a remarkable shrewdness and an exceptional ability to judge people. He regarded himself as a consummate politician, a designation of which he is proud. While in Washington, he never succumbed to the “Potomac fever” that swelled the heads of so many officials in that city. A scrupulously honest man, Truman exhibited only one lapse when, at the beginning of 1941, he padded his Senate payroll by adding his wife and later his sister. From his early years on the family farm through his pivotal decision to use the atomic bomb in World War II, Truman’s life was filled with fascinating events. Ferrell’s exhaustive research offers new perspectives on many key episodes in Truman’s career, including his first Senate term and the circumstances surrounding the Truman Doctrine and the Marshall Plan. In addition, Ferrell taps many little-known sources to relate the intriguing story of the machinations by which Truman gained the vice-presidential nomination in 1944, a position which put him a heartbeat away from the presidency. No other historian has ever demonstrated such command over the vast amounts of material that Robert Ferrell brings to bear on the unforgettable story of Truman’s life. Based upon years of research in the Truman Library and the study of many never-before-used primary sources, Harry S. Truman is destined to become the authoritative account of the nation’s favorite president.

Authoring a Discipline traces the post-World War II emergence of rhetoric and composition as a discipline within departments of English in institutions of higher education in the United States. Goggin brings to light both the evolution of this discipline and many of the key individuals involved in its development. Drawing on archival and oral history, comprehensive and systematic investigation of scholarly journals, the editors who directed them, and the authors who contributed to them, demonstrating the influence that publications and participants have had in the emergence of rhetoric and composition as an independent field of study. Goggin considers the complex struggles in which she and her colleagues worked on the ground and to construct a professional and disciplinary identity. She identifies major debates and controversies that ignited as the discipline emerged and analyzes how the editors and contributors to the major scholarly journals helped to shape, and in turn were shaped by, the field of rhetoric and composition. She also coins a new term--to write the field through authoring and authorizing work, thus creating the social and political contexts in which the discipline emerged. The research presented here demonstrates clearly how disciplines are social products, born of political struggles for both intellectual and material spaces.

The ultimate resource for mammal trackers As more people come to value the natural world and venture into wildlife areas, a reference to help identify the animals who call these places home has never been more useful. Winner of the Francis Parkman Prize, Society of American Historians "A tour de force. . . . No one has ever written a book on the Declaration quite like this one.ⓘGordon Wood, New York Review of Books Featured on the front page of the New York Times. Our Declaration is already regarded as a seminal work that reinterprets the promise of American democracy through our founding text. Combining a personal account of teaching the Declaration with a vivid evocation of the colonial world between 1774 and 1777, Allen, a political philosopher renowned for her work on justice and citizenship reveals our nation's founding text to be an animating force that not only changed the world more than two-hundred years ago, but also still can. Challenging conventional wisdom, she boldly makes the case that the Declaration is a document as much about political equality as about individual liberty. Beautifully illustrated throughout, Our Declaration is an uncommonly elegant, incisive, and often poetic primer on America's cardinal text! (David M. Kennedy).

Take some of the mystery out of a walk in the woods with this new field guide from the author of Reading the Forested Landscape. Thousands of readers have had their experience of being in a forest changed forever by reading Tom Wessels's Reading the Forested Landscape. Was this forest once farmland? Was it logged in the past? Was there ever a major catastrophe like a fire or a wind storm that brought trees down? Now Wessels takes that wonderful ability to discern much of the history of the forest from visual clues and boils it all down to a manageable field guide that you can take out to the woods and use to start playing forest detective yourself. Wessels has created a key/a fascinating series of either/or questions/to guide you through the process of analyzing what you see. You'll feel like a woodland Sherlock Holmes. No walk in the woods will ever be the same.
