Official Get Rich Guide to Information Marketing: Build a Million Dollar Business Within 12 Months Entrepreneur Press

You Don't Need to Make Millions to Get Rich. Believe Me. This comprehensive 8-step guide provides the blueprint to achieve financial freedom at a young age, regardless of income. No B.S., just answers. In Get Rich Action Plan, you will learn the lifelong habits to become financially independent sooner than you thought possible. Do we really need another personal finance book? YES. The outdated status quo advice of "Save 10% for 40+ years" simply doesn't work. It's time to rethink the conventional wisdom that only serves to continue the vicious cycle of wage slavery and the "live to work" mentality. In an age of globalization and abundance, I'm here to tell you there is another way! It is time to change how we think about personal finance, budgeting, and investing. The 8 steps in this book each work in unison to create a rapid snowball effect that will make your money work for you immediately, so you can afford time off of work or even retire in your 30's. From saving money to investing to growing your income, all of the specifics are covered in this action plan. Get Started on the Right Foot and Change How You Think About Finances I have never made much money by Western standards. In fact, I have never made more than a middle class income. But by employing these strategies, I was able to increase my net worth dramatically at a very young age. It took only 6 years of full-time employment to build an "FU money" fund of hundreds of thousands of dollars, providing me the freedom to travel and take time off of work to pursue other interests. I was able to do this by quickly taking action and ignoring conventional advice. After years of trial and error, I have developed a strategy and philosophy that simply works. And I want to share with you everything I have done to build this large nest egg. I have nothing to hide. The truth is that the path to wealth is not complicated, and you do not need to make millions to get there. More and more of us are realizing that financial freedom is possible in 10 years or less. But the media will never tell you this. Your politicians will never tell you this. They want you to live to work instead of work to live. Now is the time to flip the script and live free! The Time To Take Action Was Yesterday. The Next Best Time is Now. Whether you are in your 20's and looking for sound advice to get started, or you're later in your career and haven't really thought about financial freedom, it's not too late to start! Once you put these systems in place, financial independence will no longer be a lifelong battle. Ditch the 40-year plan and live the life you want to live. Get started today! BONUS MATERIAL INCLUDED I'm also excited to share FREE bonus material that highlights "27 Ways I Slashed My Budget By \$1818 Per Month." A link to the free PDF is included in the book! Adhering to the strategies in this book and in the free bonus guide will grow your net worth by thousands in the first year and hundreds of thousands over your lifetime! What are you waiting for? There are those who think the goal of investing is to beat the market and amass as much wealth as possible, that street smarts and hard work ensure investment success, and that the road to happiness is paved with more of everything. And then there are those who get it. Want a more prosperous, less stressful financial life? Jonathan Clements, longtime personal finance columnist for The Wall Street Journal, is here to help. His goal: to provide readers with a coherent way to think about their finances, so they worry less about money, make smarter financial choices and squeeze more happiness out of the dollars that they have. How to Think About Money is built around five key ideas: Money can buy happiness, but we need to spend with great care. Most of us will enjoy an extraordinarily long life--and that has profound financial implications. We are hardwired for financial failure, so sensible money management takes great mental strength. We need to bring order to our financial life--by focusing on our paycheck, or lack thereof. If we want to add to our wealth, we should strive to minimize the subtractions. "Now why didn't I think of that? That's what you'll ask yourself after you read Jonathan Clements's fine new book. Its beauty lies in the commonsense and wisdom that is summed up in just five simple steps that will help you to earn your financial independence. Easy to understand, essential to follow."--John C. Bogle, founder, The Vanguard Group" Jonathan Clements brings his intelligence, insight and commonsense to How to Think About Money, which is packed with wisdom and great guidance. Read it and reap the rewards in the years and decades ahead."--Eric Tyson, author of Personal Finance for Dummies and Investing for Dummies "How to Think About Money is financial feng shui --a blueprint for harmonizing all the aspects of personal finance into a balanced way of approaching and managing money. I found myself measuring my own attitudes and beliefs against the yardsticks in Jonathan Clements's book, and was pleased to find that we're on the same page. Anyone who feels overwhelmed by the challenges of today's world can benefit from Clements's advice on how to make smart financial choices, as well as how to develop, in his words, a 'coherent way to think about their financial life'."--Janet Bodnar, editor, Kiplinger's Personal Finance magazine" Concise, important and true.

Jonathan Clements provides you a path not just to better finances, but to a better life."--Terry Burnham, finance professor, Chapman University, and author of Mean Markets and Lizard Brains" Jonathan Clements writes so well and thinks so clearly that even financial planning, saving, and wise decisions are almost fun to think through with him as our guide."--Charles Ellis, author of Winning the Loser's Game" In How to Think About Money, Jonathan Clements, one of the premier financial writers of our times, provides readers with a roadmap for a successful financial life. It's an easy read that can result in changing the way readers look at investing and life. Read it and reap."--Mel Lindauer, Forbes.com columnist and co-author of The Bogleheads' Guide to Investing and The Bogleheads' Guide to Retirement Planning" Jonathan Clements is one of the greatest financial consumer advocates of our time, not only because of his emphasis on a practical and commonsense approach to personal finance, but because his message is delivered in a welcoming, easy-to-understand manner. That approach moves his readers to take the most important step toward winning in the personal-finance world--taking ownership of one's financial life and following that with action."--Peter Mallouk, president of Creative Planning and author of The 5 Mistakes Every Investor Makes and How to Avoid Them

The Entrepreneur's Guide to Starting a Business Mid-Life

Unofficial Guide to Starting a Business Online

On Purpose, Selling Your Company With Intention And Purpose! was written as a guide for the small business owner to understand the steps involved in the process of selling a company for maximum value. Most business owners will only sell a company once or twice in a lifetime making them inexperienced at best. Hiring a business broker is one of the last steps you'll take in selling your company. I wrote this book so you can better understand the steps you need to take to begin the process of selling a company and maximize the value for all parties. I pull back the curtain and shed light on important aspects of selling that most buyers don't understand until it's too late. I arm you with the insight and experience needed to prepare yourself and your company for sale and successfully work through the sales process. After reading this book, you will be able to plan confidently and follow through with a successful sale of your company.

Have you ever been in a situation where you needed to defend yourself, or others, but just didn't have the right words to do so? Of course, a few hours later, when you replay the situation in your mind, the perfect response comes to you. "If I had only said that I would've been a hero!" Yes, we've all been there, and it's a helpless feeling because you know that the moment has passed for good. For all intents and purposes, you lost. In this book, you'll get a full breakdown of the ways to come right back to those individuals who are attempting to cut you down. You'll discover clever ways to instantly dominate any situation where another person is trying to insult you or your friends.

You'll quickly become a master of the craft and be able to call upon these comebacks, or come up with your own using this proven formula, at any time. No more regrets, no more shoulda-coulda-wouldas. No more losing. Consider this comeback system as your compass that allows you to navigate the rough terrain we call social class and order. I wrote this book because you needed support from someone who has been there before. Know that I have a personal stake in this and have tapped back into my own childhood and current everyday life to try and understand both sides of this natural phenomenon. The defenseless need defending. The common person needs armor and weapons when it is their time to attack. You are my inspiration for this. Here's how it works: At the top of the page there will be a cut-down, directly below will be a brief insight into the cut-down, and at the bottom, there will be several different comebacks to the cut-down. The following pages will change your

life for the better. The time for lying down is over. The time has come for a shift in power. It's time for a new hero-story to be written. Is it your time? Will you be that hero? It is yours for the taking if you are ready. Are you ready?
