

The Oxford School German Dictionary Bilingual Dictionary

This is a brand new edition of the Oxford Colour German Dictionary Plus. This dictionary is an effective and practical reference tool for students, adult learners, travellers, or business professionals. It is especially user-friendly, with a colourful design that makes it easy to find the word you are looking for quickly. It also has usage notes, giving you help with tricky and frequently occurring words, verb lists and grammar notes. This edition also sees a completely refreshed and up-to-date centre section. The main focus of this section is to help you build your vocabulary. We have identified the German words you most need to know, and they are laid out clearly for you here; you will also find them marked with a handy key symbol in the A-Z text of the dictionary. We also include word games so that you can practise your dictionary skills and learn vocabulary while having fun. The centre section also contains a calendar of holidays and festivals and a brand-new A-Z of German life and culture - ideal for the traveller and those learning about life in Germany.

The Cambridge Advanced Learner's Dictionary gives the vital support which advanced students need, especially with the essential skills: reading, writing, listening and speaking. Smart Thesaurus helps you choose the right word * QUICKfind looks up words for you while you are working or reading on screen * UNIQUE! SUPERwrite gives on screen help with grammar, spelling and collocation when you are writing * Hundreds of interactive exercises

In this remarkable oral history collection, thirty-three participants in the turbulent epic that began with the day of infamy at Pearl Harbor and ended with the signing of the surrender documents in Tokyo Harbor tell their stories. Their remembrances of heartbreak, frustration, heroism, hope, and triumph were collected over a period of twenty-five years by John T. Mason. Their recollections reveal perspectives and facts not included in traditional works of history. Each selection, introduced with a preface that places it in the context of the Pacific War, takes the reader behind the scenes to present the personal, untold stories of naval history. Included are Admiral William S. Sullivan's account of the problems involved in clearing Manila Harbor of some five hundred wrecked vessels left by the departing Japanese and Admiral Thomas C. Kinkaid's description of the communications breakdown at the Battle of Leyte Gulf. There are also the very personal recollections of humor and horror told by the unknown actors in the war: the hospital corpsman, the coxswain, and the machinist's mate. Originally published in 1986, this volume is an unusual and lasting tribute to the ingenuity and teamwork demonstrated by America's forces in the Pacific as well as a celebration of the human spirit

This mini German dictionary is the second in a school bilingual range, especially written for schools. The dictionary is intended for use by English learners of German. It aims to take students through their years of German study, from the

AQA a Level German Student Book

This text provides an introduction to the history and current state of theories of word meanings.

The OPD Second Canadian Edition English/Chinese is an illustrated, theme-based dictionary for second-language learners. This four-colour dictionary defines words through pictures, and presents each new word in context. The OPD English/Chinese, along with the monolingual workbooks and many other components, can be used as a reference book or as text for high school or adult ESL students at the beginner level. For years, the first monolingual Canadian edition of the OPD has been the industry leader among picture dictionaries. The second edition expands on the topics covered, providing more depth of vocabulary in the areas that matter most to students and offers Chinese speakers the additional advantage of having words and phrases defined in their native language. The illustrations have been completely updated in a more realistic style that is visually appealing to adult learners. The second edition also contains two new features: Introductory Pages and Story Pages. The Introductory Pages have been added to the beginning of each theme to give lower-level students a basic overview of key vocabulary words, and to give a starting point for discussion and an introduction to the theme for more advanced students. The Story Pages consist of a two-page spread at the end of each theme to help students use the words in context and practise their reading skills. The OPD English/Chinese is designed for use both in and out of the classroom. Speaking exercises are presented throughout the OPD to allow students to practise new vocabulary in pairs or small groups, while the pronunciation guide in the index allows students to check their pronunciation when they are studying on their own. Echt is a brand new KS3 German course and the only one

New edition of the bestselling Oxford Primary Dictionary with more words added, more spelling support, and enhanced supplements for grammar and language help. Easy-to-use with clear entries and examples from the books children love reading, plus curriculum help, it is the ideal dictionary for children aged 8+.

This new edition of the Oxford French Mini Dictionary offers up-to-date coverage of all the essential day-to-day vocabulary with over 40,000 words and phrases and 60,000 translations. Now in colour and with an extended phrasefinder, this dictionary is easy to use and ideal for travel and quick reference. The latest words in each language have been added, reflecting all aspects of life today, from computing and technology to lifestyle and business. The newly updated centre section comprises an easy-to-use phrasefinder with superfast access to all the words and expressions for everyday situations - shopping, travelling, asking for directions, or finding a place to stay. The conversion charts for distance, weights and measures, and clothing and shoe sizes make travelling abroad easier than ever before. New guides to road signs and a new section on health and beauty make this compact and portable dictionary ideal for holiday makers and travellers, as well as general users and business people.

This is the first comprehensive, multi-author survey of German history that features cutting-edge syntheses of major topics by an international team of leading scholars. Emphasizing demographic, economic, and political history, this Handbook places German history in a denser transnational context than any other general history of Germany. It underscores the centrality of war to the unfolding of German history, and shows how it dramatically affected the development of German nationalism and the structure of German politics. It also reaches out to scholars and students beyond the field of history with detailed and cutting-edge chapters on religious history and on literary history, as well as to contemporary observers, with reflections on Germany and the European Union, and on 'multi-cultural Germany'. Covering the period from around 1760 to the present, this Handbook represents a remarkable achievement of synthesis based on current scholarship. It constitutes the starting point for anyone trying to understand the complexities of German history as well as the state of scholarly reflection on Germany's dramatic, often destructive, integration into the community of modern nations. As it brings this story to the present, it also places the current post-unification Federal Republic of Germany into a multifaceted historical context.

Compact Oxford German Dictionary

Using the Oxford Concise School Dictionary on the top part of the page and the corresponding Oxford Concise School Thesaurus entries on the bottom, this volume provides a one-stop shop for upper primary/lower secondary school users. The headwords are in colour and the design is clear and accessible. The dictionary provides comprehensive coverage appropriate for the Y7 user, along with word origins, pronunciation guides, idiomatic phrases and idioms, labels and up-to-date example sentences. The thesaurus is completely new in 2005 and provides over 100,000 up-to-date synonyms for the dictionary entries, with those with meaning closest to that of the headword placed first to enable users to select the most accurate alternative.

A compact, intermediate-level dictionary covering over 90,000 words and phrases, and 120,000 translations ideal for the home, office, or school.

In 2007, Mike Ladd walked the River Torrens from its source to the sea, taking notes as he went. First appearing as a popular series of articles in the Adelaide Review with photographs by Cathy Brooks, Karrawirra Parri is a beguiling social and natural history of the river, and a delightful meditation on literature and walking.

This comprehensive dictionary gives German language learners more than one word look-up - clear translations, key curriculum vocabulary, verb tables with translations for real support with tenses, cultural information and language tips. A colour thematic section gives useful phrases and sentences for a range of everyday topics.

Addressing the subject of clothing in relation to such fundamental issues as national identity, social distinction, gender, the body, religion and politics, Clothing Culture, 1350-1650 provides a springboard into one of the most fascinating yet least understood aspects of social and cultural history. Nowhere in medieval and early modern European society was its hierarchical and social divisions more obviously reflected than in the sphere of clothing. Indeed, one of the few constant themes of writers, chroniclers, diarists and commentators from Chaucer to Pepys was the subject of fashion and clothes. Whether it was lauding the magnificence of court, warning against the vanity of fashion, describing the latest modes, or decrying the habit of the lower orders to ape the dress of their social superiors, people throughout history have been

Where To Download The Oxford School German Dictionary Bilingual Dictionary

fascinated by the symbolism, power and messages that clothes can project. Yet despite this contemporary interest, clothing as a subject of historical enquiry has been a largely neglected field of academic study. Whilst it has been discussed in relation to various disciplines, it has not in many cases found a place as a central topic of analysis in its own right. The essays presented in this volume form part of a growing recent trend to put fashion and clothing back into the centre ground of historical research. From Russia to Rome, Ireland to France, this volume contains a wealth of examples of the numerous ways clothing was shaped by, and helped to shape, medieval and early modern European society. Furthermore, it demonstrates how the study of clothing can illuminate other facets of life and why it deserves to be treated as a central, rather than peripheral, facet of European history.

Spanish & English vocabulary printed with pictures on the same page. Index in English. Includes technical pictures in two languages.

History in our day is still a story, and yet one from which we expect to tell the truth - not just the facts, the names and events of the past, but the invisible order and forces behind them. How can the language of history balance these seemingly contrary tasks - the narrative, the scientific, and the political? This is the question Jacques Ranciere explores in "The names of history", a meditation on the poetics of historical knowledge. In the works of writers from Jules Michelet to Fernand Braudel, Ranciere traces an ongoing revolution in historical study, a movement that challenged, in the practice of language, the opposition of science and literature. By way of a commentary on Erich Auerbach, he shows how fictional narrative intertwines with historical narrative to produce a "truth" that

Where To Download The Oxford School German Dictionary Bilingual Dictionary

retains mythical elements. The poetics of knowledge Ranciere develops here is an attempt to identify the literary procedures by which historical discourse escapes literature and gives itself the status of a science. His book is also an appreciation of Braudel, whose work in the Annales school greatly advanced this project. Ranciere follows and extends Braudel's discursive production of new agencies of history, which accounts for both the material conditions in which history takes place and the language in which it is written.

Losing Control Taking charge comes naturally to workaholic media mogul Cole Hunter. That includes dealing with headstrong TV producer Taryn Quinn. Cole may not like her idea for a travel show, but Taryn intrigues him. Enough for Cole to join her on a location-scouting trip to an isolated Pacific island, despite the family drama at home. Soon the tantalising Taryn makes Cole forget about everything...except making love to her in the moonlight. But once reality intrudes, will he risk losing all he's worked for to keep this woman in his life? Temptation On His Terms Amid growing threats to his family, studio boss Dex Hunter takes custody of his little brother -- and tries to put his routine as a Hollywood player on hold. Too bad his brother's new nanny, Shelby Scott, is so easy on the eyes! Soon Dex is determined to keep Shelby by his side. But when it comes to men, Shelby's made an unrepeatable mistake back home. Now Dex needs to prove he's ready to settle down if he wants to heat things up. One Night, Second Chance Publishing mogul Wynn Hunter discovers that the ravishing temptress who shared his bed was his childhood nemesis, Grace Munroe! The scrawny, pigtailed brat has blossomed into a dazzling beauty. Disastrous romances have made them both wary of entanglements. So when Wynn lures Grace to Australia for a family wedding, they're determined to keep things light. But when life-threatening chaos erupts in Wynn's family, can these childhood adversaries find the courage to fall in love?

This volume provides concise, authoritative accounts of the approaches and methodologies of modern lexicography and of the aims and qualities of its end products. Leading scholars and professional lexicographers, from all over the world and representing all the main traditions and perspectives, assess the state of the art in every aspect of research and practice. The book is divided into four parts, reflecting the main types of lexicography. Part I looks at synchronic dictionaries - those for the general public, monolingual dictionaries for second-language learners, and bilingual dictionaries. Part II and III are devoted to the distinctive methodologies and concerns of historical dictionaries and specialist dictionaries respectively, while chapters in Part IV examine specific topics such as description and prescription; the representation of pronunciation; and the practicalities of dictionary production. The book ends with a chronology of major events in the history of lexicography. It will be a valuable resource for students, scholars, and practitioners in the field. Lists the best reference materials in the arts and sciences that meet the needs of elementary, secondary, vocational, and junior college students and teachers.

The perfect language companion for all students aged 11+. With a clear and highly legible design throughout, it is easy to use and full of useful features to help build language confidence at school and help with homework and revision. This new hardback edition has been developed with teachers to be the perfect school dictionary for in class and for homework. The clear layout makes finding

Our bestselling AQA A Level German course has been updated for 2016. It offers brand new content, equipping students with the grammar and structures required to manipulate language confidently for the exam. The blend facilitates co-teaching and includes AS and A Level Student Books and online resources delivered via Kerboodle.

Theology and the University in Nineteenth-Century Germany examines the dual transformation of institutions and ideas that led to the emergence of theology as science, the paradigmatic project of modern theology associated with Friedrich Schleiermacher. Beginning with earlier educational reforms across central Europe and especially following the upheavals of the Napoleonic period, an impressive list of provocateurs, iconoclasts, and guardians of the old faith all confronted the nature of the university, the organization of knowledge, and the unity of theology's various parts, quandaries which together bore the collective name of 'theological encyclopedia'.

Schleiermacher's remarkably influential programme pioneered the structure and content of the theological curriculum and laid the groundwork for theology's historicization. Zachary Purvis offers a comprehensive investigation of Schleiermacher's programme through the era's two predominant schools: speculative theology and mediating theology. Purvis highlights that the endeavour ultimately collapsed in the context of Wilhelmine Germany and the Weimar Republic, beset by the rise of religious studies, radical disciplinary specialization, a crisis of historicism, and the attacks of dialectical theology. In short, the project represented university theology par excellence. Engaging in detail with these developments, Purvis weaves the story of modern university theology into the broader tapestry of German and European intellectual culture, with periodic comparisons to other national contexts. In doing so, he Purvis presents a substantially new way to understand the relationship between theology and the university, both in nineteenth-century Germany and, indeed, beyond.
