If it's essential to project management... it's in here! The first edition of The Project Management Answer Book addressed all the key principles of project management that every project manager needs to know. With a new chapter on scrum agile, updates throughout, and many new PMP® test tips, this new edition builds on that solid foundation. The structure of this update maps closely to the PMBOK® Guide, Fifth Edition, and is designed to assist anyone studying for the PMP® and other certification exams. Helpful sections cover: • Networking and social media tips for PMs, including the best professional organizations, virtual groups, and podcast resources • The formulas PMs need to know, plus a template to help certification candidates prepare and self-test for their exams • Quick study sheet for the processes covered on the PMP® exam • Key changes in PMBOK® Guide, Fifth Edition, for readers familiar with earlier versions who want "the skinny" on the new version. PMs at every level will find real gold in the information nuggets provided in this new edition. Those new to project management will find the comprehensive coverage and the depth of the answers especially valuable, and will like the easy-to-read style and Q&A format. For experienced managers looking for new tools and skills to help them pass their PMP® or other certification exams, this is a must-have resource.

This Paperback Book Is a Low Cost Version - With Black and White Pages and Illustrations Inside The only book that gives access to free Real-To-Life Exams Simulator. Details inside the book. Read & Pass Notes for PMP Exams is a series with one book dedicated to each of the Chapters / Knowledge Areas of PMBOK. Thus allowing you to pick up only the chapter that you feel you need help with. Please note that this book is based on PMBOK Guide 6th Edition. There are so many PMP Books, why should you buy this one? While other books focus on passing strategy this book focuses on simplicity and clarity of understanding the concepts. The best way to guarantee acing the exams. Each concept practically explained with examples from different domain. Thus making you practically effective as well. 100's of illustrations for easy recall and retention and make the book interesting. Loaded with tips and tricks that you can actually use. Every chapter ends with a Ninja Drill to refresh the most important concepts in that Chapter / Knowledge Area. The only book that gives access to "Real Exams" like simulator. Details of access inside the book. This would let you know your improvement areas as well. Author has over 19,000 certified candidates who trained under him / his company called PM-Pulse. The only set of books you would need to buy. They are complete in all respects (Minus the mindless Exams Passing strategies and schemes). What is the philosophy of this book / training? The book is based on 3 simple philosophy. One: if you understand the subject well you will be able to answer any question, no matter how complex, that's asked to you on that subject. It's much easier to understand the subject than to run around trying to understand different kinds of questions, schemes, strategies and jargons to clear PMP Exams. We have been using this methodology since 2006 with over 19,000 PMP certified professionals and our candidates not only pass the exams in first try they also become practically better in project management due to "Understanding" the subject. Two: if the subject is explained in an interesting manner and with a lot of real world examples people absorb it better and remember it the longest. Hence these series are filled with apt and real world examples for every single concept. And Three: people respond to illustrations and images better than just plain text. This book is filled with illustrations of concepts, tips and tricks and mind-maps that will make it easy for you to understand as well as help you create image-associations for speedy recalls and retention. Ok! So who is the author? Maneesh Vijaya, PMP Chief Consultant, Mentor, Coach and Trainer on Strategy, Portfolio, Program and Project Management with 25+yr Experience Founder of PM-Pulse, Global REP of PMI, USA Founder of "Read & Pass Notes" Founder of the exams simulation site a2zpm and PM audio sites "PM Dhvani". Founder and CEO of an IT organization dedicated to Project and Productivity tools and software by the name of "Pulse Of IT". What are the other books by Read & Pass Notes? One book for each of the 10 Knowledge areas and 1 for Project Framework, making a total of 11 books in this series. Get Projects Done Quickly & Add Value Immediately Through Agile Project Management! Agile Project Management is simply shifting the world of project management at its core and theres a reason why. With an approach to projects that is quite different from the traditional waterfall methodology, Agile Project Management focuses on added value fast while staying on track to achieve a defined business goal. Completing projects in small chunks, piece by piece, allows project stakeholders to implement deliverables much faster than waiting for all phases of the project to be completed as well as allowing for modifications to project items based on changing needs. Often overlooked as a project management style that is only for IT related projects, Agile methodology can be be utilized to complete projects across any industry including company reorganization, improving upon or redefining business processes and simply any project that does has short production and implementation times.
