*Why, as more and more people inhabit cities, are individuals (and families) increasingly isolated and alienated from the world around them? Why do private living conditions materially improve, while public settings-neighborhoods and city centers- rapidly deteriorate? Why do American cities consume more land than any other cities in the world yet exist without true spaciousness and strangle in congestion? Why has desire for private, single-family homes worked against the development of effective urban*

*systems? In his original analysis of modern American cities, Kenneth Schneider carefully evaluates the causes and effects of these paradoxes. Schneider shows that current city conditions are destructive to the happiness and well-being of people and demonstrates that much of the failure of cities stems from their basic form and structure, from outmoded traditions of citymaking, and from persistent urban policies based on economic growth and technological development. He present a new approach to the understanding of cities - ecological humanism-that combines concern for the well-being of both the city habitat and its inhabitants and thus provides one of the first genuinely social bases for reorganizing cities and their institutions. *humorous words. Bryan Davidson enjoyed a long, illustrious career in radio. His fascination with radio began in his early teen years, just as the golden era of broadcasting began. Newly discharged from the U.S. Navy following World War II, he began as an announcer at WSON Henderson, Kentucky. The next several years found him employed in positions of announcer or manager at WIKY Evansville, Indiana, WITZ Jasper, Indiana, WPEO Peoria, Illinois and WRAY Princeton, Indiana. Eventually he and partner, Thomas Land, built, owned and managed WFIW Fairfield, Illinois, and WJBD Salem, Illinois. While he had written reams of radio commercials, this book, a record of his life, was Mr. Davidsons first attempt at narrative writing; and it chronicles his successes and his failures. His intended purpose for this memoir was to attest to his strong faith in Jesus Christ. He also hoped*

From his own experiences, he knew that dreams can be fulfilled and goals can be achieved, Life in a small Alabama coal-mining town during the Great Depression was hard as dried jerky and twice as tough. Mr. Davidsons recollections of his fathers years of working in coal mines and his mothers fierce determination to feed themselves and their only child is a tribute to the American spirit. Interlaced with humor, pathos and drama, Mr. Davidsons written words echo his distinctive radio voice. Against all odds, Bryan Davidson built and maintained a successful radio station in Salem, Illinois, one that continues to thrive and serve the community well.*
