Dr R A Torrey (1856-1928) carefully defines the Holy Spirit and explains how we can come to know Him personally as an ever-present, loving friend and mighty helper. He goes on to describe the work of the Spirit in the world and in the lives of Christians, and offers a detailed study of baptism with the Spirit. A true classic! This issue of The Ministry presents the first eight messages given during the 2006 fall term of the full-time training in Anaheim, California. The general subject of this series of messages is "The Reality of the Body of Christ." What is the reality of the Body of Christ? The reality of the Body is first the Spirit. The Spirit is the Spirit of reality (John 16:13), and the Spirit is the reality (1 John 5:6). The Spirit is the essence and the reality of the Body (Eph. 4:3-4; 1 Cor. 12:12-13). From the divine viewpoint, the reality of the Body of Christ is the Spirit. The reality of the Body of Christ is also the corporate living of a group of God-men. As this group of God-men are denying their natural human life by the power of Christ's resurrection, they are being conformed to the mold of Christ's death, and the more they love the Lord, experience Him, and enjoy Him, the more they welcome their being pressed into this mold. As a result, they live God, yet they live God, Christ, and the Spirit in and through their human life. Thus, the Triune God is expressed corporately through this group of God-men. That is the reality of the Body of Christ. In the section on reports, we include a report concerning the Lord's fresh move in Montreal, Canada.

Bible. These books are intended to direct the reader to recognize the impact that spiritual warfare can have on the believer's life and how they can prepare for every circumstance and each trial that they face. Contacting spirit guides is as old as civilization itself. Shamans dating back to at least 50,000 B.C. ritualistically contacted nonphysical entities. The Mystery Schools of Ancient Egypt, Greece, Persia, Rome, and India also dealt with contacting spirit guides. Every major religion acknowledges the reality of discarnate entities or spirits, whether they are called saints, angels, the Holy Spirit, and so on. One of the purposes of this book is to demystify this process. The media's depiction of spirit contact has led to the false assumption that anyone who establishes this contact must be in great danger. In reality, this communication is natural, relatively simple, and a wonderful growth experience. Spirit communication removes the fear of death and bereavement, and results in a form of spiritual empowerment. Contacting your spirit guides can help us: Develop your intuition and other psychic abilities. Increase your ability to love yourself and others. Become more aware of the workings of the universe. Establish better contact with your own Masters and Guides and Higher Self to facilitate your own spiritual evolution. Protect you from negative entities and/or other forces in

the universe. Access the wisdom of the ancients. Establish and maintain your own physical, mental, emotional, and spiritual health. Overcome bad habits and fears. Eliminate the fear of death. See into the future. Master the art of out-of-body experiences. Learn your true karmic purpose. Spirit Guide Contact Through Hypnosis includes free audio companion downloads.

The Practical Steps to the Deeper Spiritual Life

The prophet Brigham Young taught the restored gospel of Jesus Christ in a basic, practical way that gave inspiration and hope to the Saints struggling to build a home in the wilderness. Though more than a century has now passed, his words are still fresh and appropriate for us today as we continue the work of building the kingdom of God. President Young declared that as members of The Church of Jesus Christ of Latter-day Saints we possess the “doctrine of life and salvation for all the honest-in-heart” (DBY, 7). He promised that those who receive the gospel in their hearts will have awakened “within them a desire to know and understand the things of God more than they ever did before in their lives” and will begin to “inquire, read and search and when they go to their Father in the name of Jesus he will not leave them without a witness” (DBY, 450). This book reflects the desire of the First Presidency and the Quorum of the Twelve Apostles to deepen the doctrinal understanding of

Church members and to awaken within them a greater desire to know the things of God. It will inspire and motivate individuals, priesthood quorums, and Relief Society classes to inquire, read, search, and then go to their Father in Heaven for a witness of the truth of these teachings. Each chapter contains two sections—“Teachings of Brigham Young” and “Suggestions for Study.” The first section consists of extracts from Brigham Young’s sermons to the early Saints. Each statement has been referenced, and the original spelling and punctuation have been preserved; however, the sources cited will not be readily available to most members. These original sources are not necessary to have in order to effectively study or teach from this book. Members need not purchase additional references and commentaries to study or teach these chapters. The text provided in this book, accompanied by the scriptures, is sufficient for instruction. Members should prayerfully read and study President Young’s teachings in order to gain new insights into gospel principles and discover how those principles apply to their everyday lives. By faithfully and prayerfully studying these selections, Latter-day Saints will have a greater understanding of gospel principles and will more fully appreciate the profound and inspired teachings of this great prophet. The second section of each chapter offers a series of questions that will encourage thoughtful contemplation, personal application, and discussion of President Young’s teachings. Members should refer to and carefully reread

his words on the principle being discussed. Deep and prayerful study of these teachings will inspire members to greater personal commitment and will help them resolve to follow the teachings of the Savior, Jesus Christ. If individuals and families prayerfully follow the principles in this book, they will be blessed and inspired to greater dedication and spirituality, as were the early Saints who heard these words directly from the lips of the “Lion of the Lord” (HC, 7:434)—the prophet, seer, and revelator, President Brigham Young.

The Reality of a Spiritual World

Do you know how Satan and demons can affect the course of your life? Many humanistic diagnoses of afflictions and distresses simply do not discover the reality of spirit intervention. A biblical world view should lead us to consider demonic influence and invasion. Some cases of depression, suicidal thoughts, physical afflictions, mental disturbances, and poor relationships are caused by wicked spirits. We need to be aware of the enemy ' s tactics and effects. This book will make you aware of the reality of warfare, the resources of the believer in Christ, and the authority to forcefully resist our adversaries. “ This book is a wake up call to believers who are often unaware of this invisible enemy who attacks them, their families, and churches ” —Dr. Erwin Lutzer, Pastor Emeritus The MoodyChurch, Chicago

This book is intended as an aid to believers in developing a daily time of morning revival with the Lord in His word. At the same time, it provides a limited review of the Thanksgiving weekend conference held in Charlotte, North Carolina, November 22-25, 2018. The general subject of the conference was “ The Reality of the Body of Christ. ”

Leading Scholar Explores Paul's Teaching on the Mind This major work by a leading New Testament scholar explores an important but neglected area of Pauline theology, Paul's teaching about the mind. In discussing matters such as the corrupted mind, the mind of Christ, and the renewal of the mind, Paul adapts language from popular intellectual thought in his day, but he does so in a way distinctively focused on Christ and Christ's role in the believer's transformation. Keener enables readers to understand this thought world so they can interpret Paul's language for contemporary Christian life. The book helps overcome a false separation between following the Spirit and using human judgment and provides a new foundation for relating biblical studies and Christian counseling.

The Holy Spirit, once forgotten, has been "rediscovered" in the twentieth century - or has he? Sinclair Ferguson believes we should rephrase this common assertion: "While his work has been recognised, the Spirit himself remains to many Christians an anonymous, faceless aspect of the divine being." In order to redress this balance, Ferguson seeks to recover the who of the Spirit fully as much as the what and how. Ferguson's study is rooted and driven by the scriptural story of the Spirit in creation and redemption. Throughout he shows himself fully at home in the church's historical theology of the Spirit and conversant with the wide variety of

contemporary Christians who have explored the doctrine of the Holy Spirit. Foundational issues are surveyed and clarified. Hard questions are explored and answered. Clarity and insight radiate from every page. Here is the mature reflection of a Reformed theologian who will summon respect and charity from those who disagree.

A Warning to Those of a Materialistic Humanistic Mindset

The Christian life seemingly involves many outward matters and things, such as baptism, the breaking of bread, worship, praise, prayer, forgiveness, humility, and love for one another. As such, it is easy to focus on these things but miss the spiritual reality behind them. This reality is the Holy Spirit. Apart from the Holy Spirit, who is the Spirit of reality, all of these things, no matter how faithfully practiced, are merely outward conduct that is devoid of any real inward spiritual content.

Spirit and Reality

"The Octagon of Spiritual Balances" was written and detailed for those who have been made aware of their salvation and are seeking the Christian way of life according to God's mandate as outlined in the Bible. The focus is on the origin, sequence, and balancing of the spiritual attributes: faith, knowledge, spiritual understanding, belief, trust, hope, love, obedience, peace, and joy. When these ten attributes are appropriated with the use of eight defined balances, a spiritual equilibrium is formed within the life of the believer. The purpose is to introduce and explain these spiritual attributes and their order of effective advent in the Christian life, instituting a spiritual foundation, awareness, and purpose in the believer, which in due course will create stability and harmony with God and life in the spirit. It enhances the believer's understanding of the work and will of God in their lives and empowers them to discern and receive what is of and from God as opposed to deceptive enticements. The believer will receive direction, purpose, spiritual clarity, and understanding as well as a confirmed spiritual equilibrium for Christian

living. The reward and end result from following Jesus will be illuminated so vividly in the spirit of the believing reader that the reality of eternity will displace the thoughts of temporal time. And immediately I was in the spirit: and, behold, a throne was set in heaven, and one sat on the throne. Revelations 4:2 The life a believer ought to be a supernatural one. We have been born into a heavenly or spiritual realm and thus should be able to interact with that realm and access the fullness of its powers and glory. In other words, the believer should not be disadvantaged in any way as we have the ability to fully function in and from the realm of the spirit where everything that manifest in the physical realm is determined. . Also, just like the fictional "superman" a believer should be able to bypass time and space and be transported into different parts of the world and into different realms by the Spirit. The scriptures clearly show us this. But sadly, this is not the reality as some believers are limited and manipulated by Satan and his cohorts where they are supposed to reign. This is largely

because they do not understand the realms of the spirit-how to function in it and the limitless possibilities when one lives or functions from that realm, this Satan and his demons understand. Thus Satan will do anything to stop the believer from attaining full spiritual faculty functionality. I want you to know that there are limitless possibilities to a believer who understands the realm of the spirit. However, full functionality in the spirit requires the believer to develop the habit of being in the spirit. In other words, the believer has to learn how to enter, stay or spend more time in the spirit. This is what the Holy Spirit will have me reveal to you in this book. I will share with you the necessity of being in the spirit, the different levels and dimensions of being in the spirit and the effects of being in the spirit. I will also share with you some amazing experiences I have had in the realms of the spirit. Just like John in the scripture shared above, I have been transported in the spirit countless times to see, hear, interact and experience life in that realm, and I am so excited to be able to share these experiences with you in this book. One thing is for sure - this revelation will change your life if you will give yourself to reading and deeply meditating on it by the Spirit.

As we align our consciousness with God's action in us, we place ourselves in reach of daily miracles. In *Beginning Your Spiritual Journey*, traditional spirituality from "the science of the saints" joins with

advances in the understanding of consciousness from New/Old Age religion and modern psychology. Psychologist, former Catholic priest, and student of religions John Jensen explains how to approach the presence of God and change one's life to align with God's encompassing activity. He asks readers to understand why they want to pursue a spiritual life, and then to engage consciously in a learning process about the nature of God and Soul.

Grounding the process in direct experience offers a way to assess progress as it crosses slowly into the intangible. The book addresses from many angles the common difficulty of discerning what's real and true, and the importance of finding a personal spiritual guide to work with on the inner planes as well as outwardly. It explains the critical role of spiritual exercises and the essential daily discipline of withdrawing consciousness away from all forms of negativity-moral, spiritual, emotional, and behavioral--and redirecting it toward God.

The world view presented by so-called mainstream sources has left many people dissatisfied, and with good reason. Most religions teach that we live in a universe presided over by a loving, peaceful and all-powerful God, but fail to explain why immense human suffering can be seen or experienced in life, particularly in 'natural' disasters such as a tsunami or earthquake. Classical science, with its mechanical view of the universe, has failed to explain phenomena such as telepathy, remote viewing or out of body experiences, to name just a few. These phenomena are far too well documented to be dismissed, so they must be incorporated into a plausible world view. 'New age' belief systems borrow from the eastern philosophies and talk about the 'wholeness' of reality or that everything is 'one', but then continue to philosophise about the nature of reality in the 'dualistic' terms of 'spiritual' and 'physical'. These belief systems are further confused by the consideration of 3 separate states, namely, mind, body, spirit. A number of eminent physics professors have stated quite clearly that matter, energy and consciousness are the same thing, which would indicate that there cannot be these

Online Library The Reality Of The Spirit Man By Olusola A Areogun

normally accepted 3 separate states of mind, body and spirit. It may therefore seem impossible to find a way through the world's minefield of beliefs and dogmas without wasting years studying systems which turn out to be unsatisfactory or even worthless; which fail to answer any of the big questions about life and world events. Einstein once said, "A problem cannot be solved using the same thoughts or approach which caused it in the first place." This book provides a radically new approach. Although the concepts are both astounding and challenging, they are supported by discoveries at the cutting edge of quantum physics. The staggering implications of this new approach will completely change your view of who you think you are and what life really is.

Christian entrepreneur and founder of a multi-billion dollar company. At just thirty-six years old, Terry Looper was a successful Christian businessman who thought he had it all—until managing all he had led to a devastating burnout. Wealthy beyond his wildest dreams but miserable beyond belief, Terry experienced a radical transformation when he discovered how to align himself with God's will in the years following his crash and burn. Sacred Pace is a four-step process that helps Christians in all walks of life learn how to slow down their decision-making under the guidance of the Holy Spirit, sift through their surface desires and sinful patterns in order to receive clear, peace-filled answers from the Lord, gain the confident assurance that God's answers are His way of fulfilling the true desires he has placed in their hearts, and grow closer to the One who loves them most and knows them best. This book is not another example of name-it-and-claim-it materialism in disguise. Instead, it walks readers through the sometimes-painful process of "dying to self" in their decisions, both big and small, so that they desire God's will more than their own.

Do you really believe in angels and demons...or that the eyes of heaven are constantly upon you? What if the heavens gave you a small glimpse of the spiritual realm around you? Would it change the way you live your life today? David Anderson was given such a glimpse as a young boy. Now, at the age of 32, he's been called and predestined to partake of a heavenly calling placed upon him that would change his life forever. But the evil powers and forces of the spiritual realm of Metro City will stop at nothing to keep the young man away from that calling. To be transformed into a man of faith, it will take the power of the Holy Spirit and of the angelic warriors of God to prepare, protect, and safeguard Mr. Anderson along his path. "Don't forget to entertain strangers, for by doing some people have entertained angels without knowing." Hebrews 13:2 Soldiers in Christ Ministries

Our human body-brain is an exquisitely sophisticated electronic device that generates its own electromagnetic conscious "spirit", and provides that spirit with electromagnetic information about this reality. Our

Online Library The Reality Of The Spirit Man By Olusola A Areogun

human spirit is made of radio wave energy that can be picked up by an EEG and represented as "brainwaves" on a monitor, rather than the shorter faster bandwidth of visible light. But when our conscious spirit is compressed and accelerated it can literally become a spirit that is made of visible light. Light can exist as free energy. Which is how our human spirit can survive its body's death to go and live in an environment that is made of whole white light -- heaven, nirvana, paradise, the All. At the speed of light time becomes eternally long. We can live in an eternity of light. As human spirits we are children of the Gods -- a family. Many humans remain spiritual infants or adolescents. But some humans -- we might call them awakened ones -- are learning how to be spiritual adults.

*Kevin Schoepel, a seventeen year old Christian boy, tries to make conversation with fifteen year old Tami, while the two are on a church youth retreat together. The conversation takes an unexpected turn for Kevin when Tami tells him that she already knows the future, and tells him what's going to happen. When three weeks have passed, and all of Tami's predictions have come true, a very awestruck Kevin is filled with questions. He begins by asking Tami how she knows the future. She replies, "I don't know. I just know." Kevin then turns to one of the youth leaders in his church for answers and is told, "That is not of God. I would stay away from that person." That was enough for Kevin. When you're a Christian in love with a beautiful psychic, what do you do? Kevin began by questioning his beliefs, including whether the Bible was really God's Word or not. Once he had enough evidence to be fully convinced that the Bible really was God's Word, Kevin studied it thoroughly to find out what it really had to say about psychics, mediums, spiritual gifts, spirits, the afterlife, and the Holy Spirit. And he got surprising answers that didn't match the traditional Christian beliefs that he had been raised with. In *The Bible: The Truth About Psychics & Spiritual Gifts*, Kevin shares with you what he learned — directly from the Bible: • That psychic and mediumship abilities are true spiritual gifts • That God does not hate psychics — he loves them, just as they are • We must test everything, and hold on to*

what is good • Why no one can Biblically prove that all psychic ability comes from demons • Where we all will go when we depart our physical lives • How a medium succeeded in healing what a pastor could not heal • If you should charge money or not for using your spiritual gift • What spiritual gifts exist, what they are for, how we receive them, and how we discover which ones we have— along with Kevin's own stories of his encounters with psychics and mediums.

Experiences with Spiritual Reality

In attempting to more effectively communicate the principles of spiritual life to those who sincerely desire a deeper reality in their walk with Christ, I have discovered that most people appreciate practical and straightforward instructions, and this is especially true when it involves the mystical nature of spiritual life. Although spiritual life is not meritoriously attained through natural means or human effort, there are several Practical Steps that can be taken to help facilitate the practice of spiritual disciplines. The combination of these Practical Steps with the spiritual disciplines themselves will work to promote a dynamic life of faith that will effectively bring the believer into a productive and rewarding relationship with God. Man is an intentional creation of divine wisdom explicitly designed to fulfill a sacred purpose: Agape love requires a soul to empty the wealth of its humanity upon the altar of God as a willing sacrifice. If determination is to live up to its potential in promoting the spiritual life, it must be united with some very fundamental practical steps. Heaven should not be a culture shock to the consciousness of the believer; it should be a gradual final step into the glorious reality of

a spiritual life whose progress began at conversion Divine pleasure must be the goal of human effort, not divine favor The genuineness of what we actually believe is nowhere so obviously exposed as in our daily schedules It does not take overtly carnal acts to corrupt the days of a mans life, for inattention and idleness produce the same result as evil actions or wicked intentions Liberty must always precede service if either are to be authentic It is our great love for the Father, not our initial desire for salvation, that motivates and liberates the sincere believer to live a life of chosen obedience to God

How does it happen? How does someone raised Roman Catholic find himself journeying to the spirit world, interacting with spirit guides, and performing soul retrievals? This book is Paul J. McAllister's answer to that question. What makes the book interesting is that, unlike many how-to shamanic books, My Journeys To The Spirit World focuses on the author's personal journeying experiences. Between June 2011 and June 2013 the author made approximately 200 journeys to the spirit world; journaling each visit immediately after it occurred. This book presents the thirty plus most memorable journeys. It includes details of his interactions with power animals and spirit guides, the intentions for each journey, and the beneficial results of contacting the spirit world. In Chapter One the author describes initial spirit contacts he had while vacationing in Hawaii in 2011. Back on the mainland two weeks later, Paul was awakened from a sound sleep by Hawaiian spirits and given the opportunity to follow a new path. He accepted their invitation. In Chapter Two, the author briefly describes his personal spiritual quest. Following Catholicism into adulthood, the author's life took a turn into alternative spiritual ideas including years spent studying Rosicrucianism, Buddhism, Transcendental Meditation, the Order of the Golden Dawn, and ultimately shamanic practice. Chapter Three relates how he began journeying on his own. The author describes purchasing Awakening to the Spirit World by Sandra Ingeman and Hank Wesselman, reading their instructions on journeying, and using the accompanying CD to journey easily into and out of the spirit world. After several months, he decided to verify his experiences and signed up for a class titled "Introduction to Shamanic Journeying" by Lauren Torres, a

Online Library The Reality Of The Spirit Man By Olusola A Areogun

certified teacher of shamanic practices. Chapters Four and Five describe the author's success in confirming his own experiences through that training. Paul describes his journeys during four shamanic training courses as well as his own personal journeys during this timeframe. The author uses Chapter Six as an introduction to the process of healing by describing his experiences during three years as a practitioner of chakra healing. This chapter also sets the stage for discussions of soul retrievals and soul retrieval training which are covered in Chapter Seven. Chapter Eight describes four soul retrievals and includes positive post retrieval comments from each of the clients. Chapter Nine discusses the use of drums, rattles, dreams, omens, other forms of divination, and how these tools compliment healing and soul retrievals. Chapter Ten focuses on a discussion of our outmoded definition of reality, the fact that journeying is the inherent right of all human beings, and how journeying will help us discover our individual purpose which in turn will help us implement the destiny of all humanity. My Journeys To The Spirit World, is not a dry, intellectual approach to shamanic journeying. Rather it is an exciting, sometimes emotional retelling of the author's personal view of the journeying process. It is the wonderful culmination of a life long spiritual search.

An examination of our consciousness's ability to pass between dimensions, both in life and after death, and how to communicate with spirits • Reveals that all beings exist simultaneously in the material dimension and in the soul hyperdimension and that our consciousness transcends death • Provides evidence that the deceased keep in contact with their loved ones and are able to visit them as apparitions, give them advice, and protect them • Offers rigorous scientific analysis of paranormal occurrences, including evidence of life after death, house spirits, near-death and out-of-

body experiences, and communication with the souls of the deceased In this exploration of consciousness, after-death communication, and the validity of near-death and out-of-body experiences, Chris H. Hardy, Ph.D., a former researcher at Princeton's Psychophysical Research Laboratories, reveals that all beings exist simultaneously in the material dimension and in the soul hyperdimension. During life, we can access the soul hyperdimension through heightened states of consciousness and dreams. After death, we cease to physically exist, but our consciousness continues on in the hyperdimension as a living soul, a complete personality able to perceive and even affect the material world. Through rigorous scientific analysis of psi experiences and surveys, the author shows that the deceased keep contact with the living by visiting them as apparitions, protecting them from harm, and even interceding to solve family problems or resolve their own unfinished business. She details her own psi and spiritual experiences, such as interactions with a house spirit, clairvoyance in lucid dreams, and her decades of communication with the souls of the deceased, including her own parents and scientific geniuses, and provides empirical evidence to support their reality. Moreover, Hardy offers tested methods for gaining access to the soul dimension and explores what can be accomplished there, including communicating with those who exist beyond our own matter world. Sharing her breakthrough understanding of the soul dimension as a hyperdimension pervading the universe, where our consciousness lives on after physical death, Hardy shows that we are all transdimensional beings and that the living souls of the spirit dimension welcome our interaction.

The Physics of Spirit: God, Heaven and Human Consciousness

This book is a survey of what I have learned via reading books psychographed by Spiritist mediums, other mediums, observing during Spiritist medium's meetings, receiving messages from spirits and talking to other Spiritists. This book is not meant as a documented exhaustive study of all available materials from the other side. In my other books, I quote from spirit sources and explain what was told to us via Spiritist mediums. In my accumulation of fourteen books, I have written to date, I have usually adopted the process of quoting a pertinent message and then expounding and expanding upon it, with other spirit sources and my analysis. All with a bibliography and footnotes. In this book I shall take a more informal approach. It shall be more of a survey and explanation about the spirit realm I place before you. A conversation backed by years of study and research, but nevertheless, largely my own opinion, after sifting through a myriad of sources and experiences. Reality of Our Existence is divided into four sections:1.The Organization of the Universes2.The Residents of the Universes3.Spiritual Ascension4.The FutureI do not pretend that I am accurate. I believe I am directionally correct, and only that. We are so immature, spiritually young, and generally ungifted that we are incapable of real understanding of the spirit realm. But this does not stop me from offering my own thoughts of what I believe is the certainty of our existence.The true reality in which we live, die, and live again for eternity, until we no longer need to incarnate in a physical body, is far beyond what most of us can imagine. The laws of physics mostly do not apply. The concept of time and distance are altered, and the landscape itself reacts to directives from high spirits and collective thoughts. Spirits are logical constructs, who for training purposes inhabit temporary physical bodies in order to learn required and valuable lessons to alter their personalities for the better.All of this sounds beyond the realm of

plausibility. But, as the spirit universes unfold, the logic becomes apparent and our place within it fully explains the chaos and inequalities of our planet and of our ups and downs of our life. With understanding and knowledge comes wisdom and tranquility. Once you start the journey of discovery of who you truly are and the real worlds you shall exist in, a doorway of light opens and begs you to step in to feel the love that surrounds you during your ascent to become a pure spirit.
