The Novels

Can you imagine what it feels like to watch your spouse die? Have you ever wondered how you would handle the loss of your husband, wife, or child? Love Your Guts Out chronicles the experiences of the author as he watched his wife (Toni) die from breast cancer. Inspired by her example in life and death, the author describes how his journey of grief led him into the depths of his soul. It was a journey that brought him to a place of desperation to find meaning in life after his wife lost hers. The soul-searching questions he presents in this book brought him face to face with a reality that can only be encountered on the inside of the human soul. Before tragedy strikes, the author encourages the reader to travel this inner road where we find an unlimited resource. He writes that humans are intrinsically designed for love and explains that the path to experiencing an abundant life requires losing your life—to “love your guts out.”
