

The Sage Handbook Of Modern Japanese Studies

As the only multi-paradigmatic collection of research in the field, this Handbook brings together a comprehensive range of essays to serve as a fully inclusive resource. Deanna L. Fassett and John T. Warren, along with two section editors and twenty-nine additional contributors, provide a balanced overview of various paradigms in the field—social scientific, interpretive, and critical. Key Features Three sections, addressing overlapping issues in communication and instruction, collectively represent multiple paradigms. This allows the reader to experience the depth and nuance available in communications studies. Each perspective is granted its own foundational chapter to provide an orientation to the discipline. Each contributor sets the agenda for their approach, helping the reader identify where the field is headed and where future research might be beneficial. Besides reviews of extant literature, demonstrating where the field has been, this Handbook also includes chapters that share topical new findings.

The SAGE Handbook of Human Trafficking and Modern-Day Slavery provides a comprehensive, interdisciplinary and global look at the diverse issues surrounding human trafficking and slavery in the post-1945 environment.

The Sage Handbook of Qualitative Methods in Health Research is a comprehensive and authoritative source on qualitative research methods. The Handbook compiles accessible yet vigorous academic contributions by respected academics from the fast-growing field of qualitative methods in health research and consists of: - A series of case studies in the ways in which qualitative methods have contributed to the development of thinking in fields relevant to policy and practice in health care. - A section examining the main theoretical sources drawn on by qualitative researchers. - A section on specific techniques for the collection of data. - A section exploring issues relevant to the strategic place of qualitative research in health care environments. The Sage Handbook of Qualitative Methods in Health Research is an invaluable source of reference for all students, researchers and practitioners with a background in the health professions or health sciences.

The last two decades have been an exciting and richly productive period for debate and academic research on the city. The SAGE Handbook of New Urban Studies offers comprehensive coverage of this modern re-thinking of urban theory, both gathering together the best of what has been achieved so far, and signalling the way to future theoretical insights and empirically grounded research. Featuring many of the top international names in the field, the handbook is divided into nine key sections: SECTION 1: THE GLOBALIZED CITY SECTION 2: URBAN ENTREPRENEURIALISM, BRANDING, GOVERNANCE SECTION 3: MARGINALITY, RISK AND RESILIENCE SECTION 4: SUBURBS AND SUBURBANIZATION: STRATIFICATION, SPRAWL, SUSTAINABILITY SECTION 5: DISTINCTIVE AND VISIBLE CITIES SECTION 6: CREATIVE CITIES SECTION 7: URBANIZATION, URBANITY AND URBAN LIFESTYLES SECTION 8: NEW DIRECTIONS IN URBAN THEORY SECTION 9: URBAN FUTURES This is a central resource for researchers and students of Sociology, Cultural Geography and Urban Studies.

The SAGE Handbook of the 21st Century City

The SAGE Handbook of Transport Studies

The SAGE Handbook of Performance Studies

The SAGE Handbook of Social Research Methods is a must for every social-science researcher. It charts the new and evolving terrain of social research methodology, covering qualitative, quantitative and mixed methods in one volume. The Handbook includes chapters on each phase of the research process: research design, methods of data collection, and the processes of analyzing and interpreting data. The volume maintains that there is much more to research than learning skills and techniques; methodology involves the fit between theory, research questions research design and analysis. The book also includes several chapters that describe historical and current directions in social research, debating crucial subjects such as qualitative versus quantitative paradigms, how to judge the credibility of types of research, and the increasingly topical issue of research ethics. The Handbook serves as an invaluable resource for approaching research with an open mind. This volume maps the field of social research methods using an approach that will prove valuable for both students and researchers.

Online research methods are popular, dynamic and fast-changing. Following on from the great success of the first edition, published in 2008, The SAGE Handbook of Online Research Methods, Second Edition offers both updates of existing subject areas and new chapters covering more recent developments, such as social media, big data, data

visualization and CAQDAS. Bringing together the leading names in both qualitative and quantitative online research, this new edition is organised into nine sections: 1. Online Research Methods 2. Designing Online Research 3. Online Data Capture and Data Collection 4. The Online Survey 5. Digital Quantitative Analysis 6. Digital Text Analysis 7. Virtual Ethnography 8. Online Secondary Analysis: Resources and Methods 9. The Future of Online Social Research The SAGE Handbook of Online Research Methods, Second Edition is an essential resource for anyone interested in the contemporary practice of computer-mediated research and scholarship.

Cultural sociology - or the sociology of culture - has grown from a minority interest in the 1970s to become one of the largest and most vibrant areas within sociology globally. In The SAGE Handbook of Cultural Sociology, a global range of experts explore the theory, methodology and innovations that make up this ever-expanding field. The Handbook's 40 original chapters have been organised into five thematic sections: Theoretical Paradigms Major Methodological Perspectives Domains of Inquiry Cultural Sociology in Contexts Cultural Sociology and Other Analytical Approaches Both comprehensive and current, The SAGE Handbook of Cultural Sociology will be an essential reference tool for both advanced students and scholars across sociology, cultural studies and media studies.

This Handbook presents a comprehensive and contemporary compendium of the field of cross-cultural management (CCM). In recognition of current trends regarding migration, political ethnocentrism and increasing nationalism, the chapters in this volume not only cover the traditional domains of CCM such as expatriation, global (virtual) teamwork and leadership, but also examine emerging topics such as bi/multi-culturalism, migration, religion and more, all considered from a global perspective. The result is a Handbook that acknowledges and builds on a variety of research traditions (from mainstream to critical), updates existing knowledge in relation to current challenges, and sets the direction for future research and developments, making this an invaluable resource for researchers in the field, and across related areas of international business, management, and intercultural relations. Part 1: Multiple Research Paradigms for the Study of Culture Part 2: Research Methods in Cross-Cultural Management Part 3: Cross-Cultural Management and Intersecting Fields of Study Part 4: Individuals and Teams in Cross-Cultural Management Part 5: Global mobility and Cross-Cultural Management Part 6: Developing Intercultural Competence

Biological Approaches

The SAGE Handbook of Rhetorical Studies

The SAGE Handbook of Evaluation

The SAGE Handbook of Global Childhoods

Chosen by Library Journal as one of the best reference texts of 2016. Occupy. Indignados. The Tea Party. The Arab Spring. Anonymous. These and other terms have become part of an emerging lexicon in recent years, signalling an important development that has gripped many parts of the world: millions of people are increasingly involved, whether directly or indirectly, in movements of resistance and protestation. However, resistance and its conceptual "companions", protest, contestation, opposition, disobedience and mobilization, all seem to be still mostly seen in public and private discourses as illegitimate and problematic forms of action. The time is, therefore, ripe to delve into the concerns, themes and legitimacy. The SAGE Handbook of Resistance offers theoretical essays enabling readers to forge their own perspectives of what "is" resistance and emphasizes the empirical and experiential dimension of resistance - making strong choices in terms of how contemporary topics related to resistance help to rethink our societies as "protest societies". The coverage is divided into six key sub-sections: Foundations Sites of Resistance Technologies of Resistance Languages of Resistance Geographies of Resistance Consequences of Resistance

This SAGE Handbook presents contemporary, cutting-edge approaches to participatory research and inquiry. It has been designed for the community of researchers, professionals and activists engaged in interventions and action for social transformation, and for readers interested in understanding the state of the art in this domain. The Handbook offers an overview of different influences on participatory research, explores in detail how to address critical issues and design effective participatory research processes, and provides detailed accounts of how to use a wide range of participatory research methods. Chapters cover pioneering new participatory research techniques including methods that can be operationalised at scale, approaches to engaging the poorest and most marginalised, and ways of harnessing technologies to increase the scope of participation, amongst others. Drawing upon a wide range of disciplines, and bringing together contributing authors from across the globe, this Handbook will be of interest to an international readership from across the broad spectrum of social sciences, including social policy, development studies, geography, sociology, criminology, political science, health and social care, education, psychology, business & management. It will also be an insightful and practical resource for facilitators, community workers, and activists for social change. Part 1: Introduction Part 2: Key Influences and Foundations of Participatory Research Part 3: Critical Issues in the Practice of

Participatory Research Part 4: Methods and Tools Part 4.1: Dialogic and Deliberative Processes Part 4.2: Digital Technologies in Participatory Research Part 4.3: Participatory Forms of Action Orientated Research Part 4.4: Visual and Performative Methods Part 4.5: Participatory Monitoring, Evaluation and Learning Part 4.6: Mixing and Mashing Participatory and Formal Research Part 5: Final Reflections

The SAGE Handbook of Diplomacy provides a major thematic overview of Diplomacy and its study that is theoretically and historically informed and in sync with the current and future needs of diplomatic practice . Original contributions from a brilliant team of global experts are organised into four thematic sections: Section One: Diplomatic Concepts & Theories Section Two: Diplomatic Institutions Section Three: Diplomatic Relations Section Four: Types of Diplomatic Engagement

An exploration of the transformations of contemporary China, firmly grounded in both disciplinary and China-specific contexts.

The SAGE Handbook of Diplomacy

The SAGE Handbook of Drug & Alcohol Studies

The SAGE Handbook of Cultural Sociology

The SAGE Handbook of Sociology

The SAGE Handbook of New Urban Studies

The SAGE Handbook of the 21st Century City focuses on the dynamics and disruptions of the contemporary city in relation to capricious processes of global urbanisation, mutation and resistance. An international range of scholars engage with emerging urban conditions and inequalities in experimental ways, speaking to new ideas of what constitutes the urban, highlighting empirical explorations and expanding on contributions to policy and design. The handbook is organised around nine key themes, through which familiar analytic categories of race, gender and class, as well as binaries such as the urban/rural, are readdressed. These thematic sections together capture the volatile processes and intricacies of urbanisation that reveal the turbulent nature of our early twenty-first century: Hierarchy: Elites and Evictions Productivity: Over-investment and Abandonment Authority: Governance and Mobilisations Volatility: Disruption and Adaptation Conflict: Vulnerability and Insurgency Provisionality: Infrastructure and Incrementalism Mobility: Re-bordering and De-bordering Civility: Contestation and Encounter Design: Speculation and Imagination This is a provocative, inter-disciplinary handbook for all academics and researchers interested in contemporary urban studies.

"A superb resource for understanding the diversity of the modern discipline of biogeography, and its history and future, especially within geography departments. I expect to refer to it often." - Professor Sally Horn, University of Tennessee "As you browse through this fine book you will be struck by the diverse topics that biogeographers investigate and the many research methods they use.... Biogeography is interdisciplinary, and a commonly-voiced concern is that one biogeographer may not readily understand another's research findings. A handbook like this is important for synthesising, situating, explaining and evaluating a large literature, and pointing the reader to informative publications." - Geographical Research "A valuable contribution in both a research and teaching context. If you are biologically trained, it provides an extensive look into the geographical tradition of biogeography, covering some topics that may be less familiar to those with an evolution/ecology background. Alternatively, if you are a geography student, researcher, or lecturer, it will provide a useful reference and will be invaluable to the non-biogeographer who suddenly has the teaching of an introductory biogeography course thrust upon them." - Adam C. Algar, Frontiers of Biogeography The SAGE Handbook of Biogeography is a manual for scoping the past, present and future of biogeography that enable readers to consider, where relevant, how similar biogeographical issues are tackled by researchers in different 'schools'. In line with the concept of all SAGE Handbooks, this is a retrospective and prospective overview of biogeography that will: Consider the main areas of biogeography researched by geographers Detail a global perspective by incorporating the work of different schools of biogeographers Explore the divergent evolution of biogeography as a discipline and consider how this diversity can be harnessed Examine the interdisciplinary debates that biogeographers are contributing to within geography and the biological sciences. Aimed at an international audience of research students, academics, researchers and practitioners in biogeography, the text will attract interest from environmental scientists, ecologists, biologists and geographers alike.

The SAGE Handbook of Applied Social Research Methods, Second Edition provides students and researchers with the most comprehensive resource covering core methods, research designs, and data collection, management, and analysis issues. This thoroughly revised edition continues to place critical emphasis on finding the tools that best fit the research question given the constraints of deadlines, budget, and available staff. Each chapter offers key guidance on how to make intelligent and conscious tradeoffs so that one can refine and hone the research question as new knowledge is gained, unanticipated obstacles are encountered, or contextual shifts take place - all key elements in the iterative nature of applied research. Each chapter has been enhanced pedagogically to include more step-by-step procedures, specific, rich yet practical examples from various settings to illustrate the method, parameters to define when the method is most appropriate and when it is not appropriate, and greater use of visual aids (graphs, models, tip boxes) to provide teaching and learning tools. - twenty core chapters written by research experts that cover major methods and data analysis issues across the social and behavioral sciences, education, and management; - emphasis on applying research techniques, particularly in "real-world" settings in which there are various data, money, time, and political constraints; - new chapters on mixed methods, qualitative comparative analysis, concept mapping, and internet data collection; - a newly developed section that serves as a guide for students who are navigating through the book and attempting to translate the chapters into action; - a new Instructor's Resources CD, with relevant journal articles, test questions, and exercises to aid the instructor in developing appropriate course materials.

Recent decades have seen an upsurge of research with and about young children, their families and communities. The Handbook of Early Childhood Research will provide a landmark overview of the field of early childhood research and will set an agenda for early childhood research into the future. It includes 31 chapters provided by internationally recognized experts in early childhood research. The team of international contributors apply their expertise to conceptual and methodological issues in research and to relevant fields of practice and policy. The Handbook recognizes the main contexts of early childhood research: home and family contexts; out-of-home contexts such as services for young children and their families; and broader societal contexts of that evoke risk for young children. The Handbook includes sections on: the field of early childhood research and its key contributions new theories and theoretical approaches in early childhood research collecting and analysing data applications of early childhood research This Handbook will become the

valuable reference text for students, practitioners and researchers from across the social sciences and beyond who are engaged in research with young children.

The SAGE Handbook of Mentoring

The SAGE Handbook of Applied Social Research Methods

The SAGE Handbook of Early Childhood Research

The SAGE Handbook of Social Anthropology

The SAGE Handbook of Global Sexualities

Millions of people around the world are forced to work without pay and under threat of violence. These individuals can be found working in brothels, factories, mines, farm field, restaurants, construction sites and private homes: many have been tricked by human traffickers and lured by false promises of good jobs or education, some are forced to work at gunpoint, while others are trapped by phony debts from unscrupulous moneylenders. The SAGE Handbook of Human Trafficking and Modern-Day Slavery provides a comprehensive, interdisciplinary and global look at the diverse issues surrounding human trafficking and slavery in the post-1945 environment. Covering everything from history, literature and politics to economics, international law and geography, this Handbook is essential reading for academics and researchers, as well as for policy-makers and non-governmental organisations

Comprising 60.3 percent of the world's 7.2 billion population, Asia is an enigma to many in the West. Hugely dynamic in its demographic, economic, technological and financial development, its changes are as rapid as they are diverse. The SAGE Handbook of Asian Foreign Policy provides the reader with a clear, balanced and comprehensive overview on Asia's foreign policy and accompanying theoretical trends. Placing the diverse and dynamic substance of Asia's international relations first, and bringing together an authoritative assembly of contributors from across the world, this is a reliable introduction to non-Western intellectual traditions in Asia. VOLUME 1: PART 1: Theories PART 2: Themes PART 3: Transnational Politics PART 4: Domestic Politics PART 5; Transnational Economics VOLUME 2: PART 6: Foreign Policies of Asian States Part 6a: East Asia Part 6b: Southeast Asia Part 6c: South & Central Asia Part 7: Offshore Actors Part 8: Bilateral Issues Part 9: Comparison of Asian Sub-Regions

With contributions from leading international academics across the biological sciences, this handbook takes a critical look at the key contemporary issues and debates in the field. The 31 chapters are divided into four parts: Part I Determination of Substance Misuse Part II PK and PD in Relation to Patterns of Use Part III Detection and Treatment of Drug and Alcohol Use Part IV Controversies and New Approaches This Handbook is an excellent reference text for the growing number of academics, students, scientists and practitioners in the drug and alcohol studies community, and will be a vital resource to the allied professions involved in work-place drug testing, clinical toxicology, and forensic science.

Providing an authoritative guide to theory and method, the key sub-disciplines and the primary debates in contemporary sociology, this work brings together the leading authors to reflect on the condition of the discipline.

The SAGE Handbook of Communication and Instruction

The SAGE Handbook of Asian Foreign Policy

The SAGE Handbook of Historical Theory

The SAGE Handbook of Cultural Anthropology

The SAGE Handbook of Modern Japanese Studies

'Some of the most experienced and thoughtful research experts in the world have contributed to this comprehensive Handbook, which should have a place on every serious survey researcher's bookshelf' - Sir Robert Worcester, Founder of MORI and President of WAPOR '82-'84. 'This is the book I have been waiting for. It not only reflects the state of the art, but will most likely also shape public opinion on public opinion research' - Olof Petersson, Professor of political science, SNS, Stockholm, Sweden 'The Handbook of Public Opinion Research is very authoritative, well organized, and sensitive to key issues in opinion research around the world. It will be my first choice as a general reference book for orienting users and training producers of opinion polls in Southeast Asia' - Mahar K. Mangahas, Ph.D., President of Social Weather Stations, Philippines (www.sws.org.ph) 'This is the most comprehensive book on public opinion research to date' - Robert Ting-Yiu Chung, Secretary-Treasurer, World Association for Public Opinion Research (WAPOR); Director of Public Opinion Programme, The University of Hong Kong Public opinion theory and research are becoming increasingly significant in modern societies as people's attitudes and behaviours become ever more volatile and opinion poll data becomes ever more readily available. This major new Handbook is the first to bring together into one volume the whole field of public opinion theory, research methodology, and the political and social embeddedness of polls in modern societies. It comprehensively maps out the state-of-the-art in contemporary scholarship on these topics. With over fifty chapters written by distinguished international researchers, both academic and from the commercial sector, this Handbook is designed to: - give the reader an overview of the most important concepts included in and surrounding the term 'public opinion' and its application in modern social research - present the basic empirical concepts for assessing public opinion and opinion changes in society - provide an overview of the social, political and legal status of public opinion research, how it is perceived by the public and by journalists, and how it is used by governments - offer a review of the role and use of surveys for selected special fields of application, ranging from their use in legal cases to the use of polls in marketing and campaigns. The Handbook of Public Opinion Research provides an indispensable resource for both practitioners and students alike.

Publisher description

The SAGE Handbook of Mentoring provides a scholarly, comprehensive and critical overview of mentoring theory, research and practice across the world. Internationally

renowned authors map out the key historical and contemporary research, before considering modern case study examples and future directions for the field. The chapters are organised into four areas: The Landscape of Mentoring The Practice of Mentoring The Context of Mentoring Case Studies of Mentoring Around the Globe This Handbook is a resource for mentoring academics, students and practitioners across a range of disciplines including business and management, education, health, psychology, counselling, and social work.

This Handbook explores the multidisciplinary field of childhood studies through a uniquely global lens. It focuses on enquiries and investigations into the everyday lives of young children in the age range of birth to 8 years of age, giving space to their voices and involving interrogations about the various aspect of their lives. This Handbook engages with the interdisciplinary field of childhood studies, education, cultural studies, ethnography, and philosophy, with contributions from scholars from across the globe who have focused their work on the complexities of childhoods in contemporary times. By considering a range of epistemologies, ontologies and perspectives to present the contemporary & systematic research on the topic from a wide range of academics and authors in the field, this Handbook provides a significant contribution to the international dialogue of Global Childhoods. Part 1: Global Childhoods Part 2: Researching Global Childhoods Part 3: Contemporary Childhoods Part 4: Pedagogies and Practice Part 5: Creating Communities for Global Children

The SAGE Handbook of Geographical Knowledge

The SAGE Handbook of Social Research Methods

The SAGE Handbook of Resistance

The SAGE Handbook of Biogeography

The SAGE Handbook of Participatory Research and Inquiry

The study of governance has risen to prominence as a way of describing and explaining changes in our world. The SAGE Handbook of Governance presents an authoritative and innovative overview of this fascinating field, with particular emphasis on the significant new and emerging theoretical issues and policy innovations. The Handbook is divided into three parts. Part one explores the major theories influencing current thinking and shaping future research in the field of governance. Part two deals specifically with changing practices and policy innovations, including the changing role of the state, transnational and global governance, markets and networks, public management, and budgeting and finance. Part three explores the dilemmas of managing governance, including attempts to rethink democracy and citizenship as well as specific policy issues such as capacity building, regulation, and sustainable development. This volume is an excellent resource for advanced students and researchers in political science, economics, geography, sociology, and public administration. Mark Bevir is a Professor of Political Science at the University of California, Berkeley.

The SAGE Handbook of Cultural Anthropology is the first instalment of The SAGE Handbook of the Social Sciences series and encompasses major specialities as well as key interdisciplinary themes relevant to the field. Globally, societies are facing major upheaval and change, and the social sciences are fundamental to the analysis of these issues, as well as the development of strategies for addressing them. This handbook provides a rich overview of the discipline and has a future focus whilst using international theories and examples throughout. The SAGE Handbook of Cultural Anthropology is an essential resource for social scientists globally and contains a rich body of chapters on all major topics relevant to the field, whilst also presenting a possible road map for the future of the field. Part 1: Foundations Part 2: Focal Areas Part 3: Urgent Issues Part 4: Short Essays: Contemporary Critical Dynamics

"A refreshingly innovative approach to charting geographical knowledge. A wide range of authors trace the social construction and contestation of geographical ideas through the sites of their production and their relational geographies of engagement. This creative and comprehensive book offers an extremely valuable tool to professionals and students alike." - Victoria Lawson, University of Washington "A Handbook that recasts geograph's history in original, thought-provoking ways. Eschewing the usual chronological march through leading figures and big ideas, it looks at geography against the backdrop of the places and institutional contexts where it has been produced, and the social-cum-intellectual currents underlying some of its most important concepts." - Alexander B. Murphy, University of Oregon

The SAGE Handbook of Geographical Knowledge is a critical inquiry into how geography as a field of knowledge has been produced, re-produced, and re-imagined. It comprises three sections on geographical orientations, geography's venues, and critical geographical concepts and controversies. The first provides an overview of the genealogy of "geography". The second highlights the types of spatial settings and locations in which geographical knowledge has been produced. The third focuses on venues of primary importance in the historical geography of geographical thought. Orientations includes chapters on: Geography - the Genealogy of a Term; Geography's Narratives and Intellectual History Geography's Venues includes chapters on: Field; Laboratory; Observatory; Archive; Centre of Calculation; Mission Station; Battlefield; Museum; Public Sphere; Subaltern Space; Financial Space; Art Studio; Botanical/Zoological Gardens; Learned Societies Critical concepts and controversies - includes chapters on: Environmental Determinism; Region; Place; Nature and Culture; Development; Conservation; Geopolitics; Landscape; Time; Cycle of Erosion; Time; Gender; Race/Ethnicity; Social Class; Spatial Analysis; Glaciation; Ice Ages; Map; Climate Change; Urban/Rural. Comprehensive without claiming to be encyclopedic, textured and nuanced, this Handbook will be a key resource for all researchers with an interest in the pasts,

presents and futures of geography.

"A welcome addition to any reading list for those interested in contemporary Japanese society." - Roger Goodman, Nissan Professor of Modern Japanese Society, University of Oxford "I know no better book for an accessible and up-to-date introduction to this complex subject than The SAGE Handbook of Modern Japan Studies." - Hiroko Takeda, Associate Professor, Organization for Global Japanese Studies, University of Tokyo "Pioneering and nuanced in analysis, yet highly accessible and engaging in style." - Yoshio Sugimoto, Emeritus Professor, La Trobe University The SAGE Handbook of Modern Japanese Studies includes outstanding contributions from a diverse group of leading academics from across the globe. This volume is designed to serve as a major interdisciplinary reference work and a seminal text, both rigorous and accessible, to assist students and scholars in understanding one of the major nations of the world. James D. Babb is a Senior Lecturer in the School of Geography, Politics and Sociology at Newcastle University.

The SAGE Handbook of Workplace Learning

The SAGE Handbook of Online Research Methods

The SAGE Handbook of Contemporary China

The SAGE Handbook of Race and Ethnic Studies

The SAGE Handbook of Public Opinion Research

The SAGE Handbook of Transport Studies is an authoritative survey of contemporary transportation systems examined in terms of economic, social, and technical issues, as well as environmental challenges. Incorporating an extensive range of approaches - from modes, terminals, planning and policy to more recent developments related to supply chain management, information systems and sustainability/ecology - the work provides a cohesive and extensive overview of transport studies. Authored by international experts in their field, each individual chapter bridges a broad range of conceptual, theoretical and geographical perspectives, and the Handbook is divided into six sections: • Transport in the Global World • Transport in Regions and Localities • Transport, Economy and Society • Transport Policy • Transport Networks and Models • Transport and the Environment This Handbook will be an indispensable resource for academics, planners, and policy-makers.

The SAGE Handbook of Rhetorical Studies surveys the latest advances in rhetorical scholarship, synthesizing theories and practices across major areas of study in the field and pointing the way for future studies. Edited by Andrea A. Lunsford and Associate Editors Kirt H. Wilson and Rosa A. Eberly, the Handbook aims to introduce a new generation of students to rhetorical study and provide a deeply informed and ready resource for scholars currently working in the field.

The SAGE Handbook of Historical Theory introduces the foundations of modern historical theory and the applications of theory to a full range of sub-fields of historical research, bringing the reader as up to date as possible with continuing debates and current developments. The book is divided into three key parts, covering: - Part I. Foundations: The Theoretical Grounds for Knowledge of the Past - Part II. Applications: Theory-Intensive Areas in History - Part III. Coda. Post-Postmodernism: Directions and Interrogations. This important handbook brings together, in one volume, discussions of modernity, empiricism, deconstruction, narrative and postmodernity in the continuing evolution of the historical discipline into our post-postmodern era. Chapters are written by leading academics from around the world and cover a wide array of specialized areas of the discipline, including social history, intellectual history, gender, memory, psychoanalysis and cultural history. The influence of major thinkers such as Jacques Derrida, Michel Foucault and Hayden White is fully examined. This handbook is an essential resource for practising historians, and students of history, and will appeal to scholars in related disciplines in the social sciences and humanities who seek a closer understanding of the theoretical foundations of history.

This handbook provides an overview of workplace learning from a global perspective.

The SAGE Handbook of Governance

The SAGE Handbook of Contemporary Cross-Cultural Management

The SAGE Handbook of Human Trafficking and Modern Day Slavery

The SAGE Handbook of Research Methods in Political Science and International Relations

The SAGE Handbook of Qualitative Methods in Health Research

The SAGE Handbook of Modern Japanese StudiesSAGE

In two volumes, the SAGE Handbook of Social Anthropology provides the definitive overview of contemporary research in the discipline. It explains the what, where, and how of current and anticipated work in Social Anthropology. With 80 authors, contributing more than 60 chapters, this is the most comprehensive and up-to-date statement of research in Social Anthropology available and the essential point of departure for future projects. The Handbook is divided into four sections: -Part I: Interfaces examines Social Anthropology's disciplinary connections, from Art and Literature to Politics and Economics, from Linguistics to Biomedicine, from History to Media Studies. -Part II: Places examines place, region, culture, and history, from regional, area studies to a globalized world -Part III: Methods examines issues of method; from archives to war zones, from development projects to art objects, and from ethics to comparison -Part IV: Futures anticipates anthropologies to come: in the Brain Sciences; in post-Development; in the Body and Health; and in new Technologies and Materialities Edited by the leading figures in social anthropology, the Handbook includes a substantive introduction by Richard Fardon, a think piece by Jean and John Comaroff, and a concluding last word on futures by Marilyn Strathern. The authors - each at the leading edge of the discipline - contribute in-depth chapters on both the foundational ideas and the latest research. Comprehensive and detailed, this magisterial Handbook overviews the last 25 years of the social anthropological

imagination. It will speak to scholars in Social Anthropology and its many related disciplines.

The SAGE Handbook of Propaganda tells a radical new story about propaganda, fake news and information warfare and their toxic impact on the communications revolution of the past twenty years. It explains how propaganda invades the human psyche, in what ways it does so, and in what contexts. As a beguiling tool of political persuasion in times of war, peace, and uncertainty, propaganda incites people to take, often violent, action, consciously or unconsciously. This pervasive influence is particularly prevalent in world politics and international relations today. In this interdisciplinary Handbook, the editors have gathered together a group of world-class scholars from Europe, America, Asia, and the Middle East, to discuss leadership propaganda, war propaganda, propaganda for peace marketing, propaganda as a psychological tool, terror-enhanced propaganda, and the contemporary topics of internet-mediated propaganda. This is the first book of its kind, shedding a harsh new light on many current forms and processes ranging from Islamist and Far Right, troll farms and fake news institutes, to the more salient everyday manipulative practices of corporations and brands as well as political parties. In its four parts, the Handbook offers researchers and academics of propaganda studies, peace and conflict studies, media and communication studies, political science and governance marketing, as well as intelligence and law enforcement communities, a comprehensive overview of the tools and context of the development and evolution of propaganda from the twentieth century to the present: Part One: Concepts, Precepts and Techniques in Propaganda Research Part Two: Methodological Approaches in Propaganda Research Part Three: Tools and Techniques in Counter-Propaganda Research Part Four: Propaganda in Context

"The SAGE Handbook of Race and Ethnic Studies is one of the best handbooks outlining the latest thinking on race and ethnic studies published in recent years...The breadth of themes and the depth of discussion are ambitious, offering the reader an A-Z guide of contemporary thinking on race and ethnicity...a valuable resource for scholars and activists alike." - Runnymede Bulletin What is the state of race and ethnic studies today? How has the field emerged? What are the core concepts, debates and issues? This panoramic, critical survey of the field supplies researchers and students with a vital resource. It is a rigorous, focused examination of the central questions in the field today. The text examines: The roots of the field of race and ethnic studies. The distinction between race and ethnicity. Methodological issues facing researchers. Intersections between race and ethnicity and questions of sexuality, gender, nation and social transformation. The challenge of multiculturalism. Race, ethnicity and globalization. Race and the family. Race and education. Race and religion. Planned and edited by a distinguished team of Anglo-American scholars, the Handbook pools an impressive range of international world class expertise and insight. It provides a landmark work in the field which will be the measure of debate and research for years to come.

The SAGE Handbook of Gender and Psychology

In this comprehensive handbook, an examination of the complexities of contemporary evaluation contributes to the ongoing dialogue that arises in professional efforts to evaluate people-related programs, policies, and practices. The SAGE Handbook of Evaluation is a unique and authoritative resource consisting of 25 chapters covering a range of evaluation theories and techniques in a single, accessible volume. With contributions from world-leading figures in their fields overseen by an eminent international editorial board, this handbook is an extensive and user-friendly resource.

This two-volume Handbook provides a major thematic overview of global sexualities, spanning each of the continents, and its study, which is both reflective and prospective, and includes traditional approaches and emerging themes. The Handbook offers a robust theoretical underpinning and critical outlook on current global, glocal, and 'new' sexualities and practices, whilst offering an extensive reflection on current challenges and future directions of the field. The broad coverage of topics engages with a range of theories, and maintains a multi-disciplinary framework. PART ONE: Understanding Sexuality: Epistemologies/Conceptual and Methodological Challenges PART TWO: Enforcing and Challenging Sexual Norms PART THREE: Interrogating/Undoing Sexual Categories PART FOUR: Enhancement Practices and Sexual Markets/Industries PART FIVE: Sexual Rights and Citizenship (And the Governance of Sexuality) PART SIX: Sexuality and Social Movements PART SEVEN: Language and Cultural Representation

The SAGE Handbook of Gender and Psychology is a unique, state-of-the-art synthesis of the known work, combined with current research trends, in the broad field of gender and psychology. In the past 35 years academic publications on the subject have increased tenfold, and this level of activity as well the diversity of research looks set to increase in the coming years too. The time is ideal for a systematic review of the field. Contributions come from academics around the world and many different disciplines, and as a result multiple perspectives and a diversity of methodologies are presented to understand gender and its implications for behaviour. Chapters cover a wide variety of topics, theoretical approaches, contexts, and social issues; they also critically examine the key issues and current debates. Both advanced students and scholars will find extensive range and depth in the topics covered across the Handbook's 29 chapters. Published as a single volume, the handbook is aimed at individuals as well as the library market. The SAGE Handbook of Gender and Psychology will have mass appeal across the field of psychology, including social psychology and gender and psychology, as well a number of other subject groups such as gender studies, sociology, organizational behaviour and political science.

The SAGE Handbook of Research Methods in Political Science and International Relations offers a comprehensive overview of the field and its research processes through the empirical and research scholarship of leading international authors. The book is structured along the lines of applied research in the discipline: from formulating good research questions and designing a good research project, to various modes of theoretical argumentation, through conceptualization, to empirical measurement and analysis. Each chapter offers new approaches and builds

upon existing methods. Through its seven parts, undergraduate and graduate students, researchers and practicing academics, will be guided through the design, methods and analysis of issues in Political Science and International Relations discipline: Part One: Formulating Good Research Questions and Designing Good Research Projects Part Two: Methods of Theoretical Argumentation Part Three: Conceptualization & Measurement Part Four: Large-Scale Data Collection & Representation Methods Part Five: Quantitative-Empirical Methods Part Six: Qualitative & "Mixed" Methods Part Seven: EITM & EMTI
