

The Second Wave A Reader In Feminist Theory

From the historical roots of second-wave feminism to current debates about feminist theory and politics. This introduction to Anglo-American feminist thought provides a critical and panoramic survey of dominant trends in feminism since 1968. Feminism is too often considered a monolithic movement, consisting of an enormous range of women and ideologies, with both similar and different perspectives and approaches. The book is divided into two parts, the first of which takes a close look at the most influential strands of feminism: liberal feminism, Marxist/socialist feminism, radical feminism, lesbian feminism, and black feminism. In later chapters, Whelehan ties these complexities of, and conflicts within, feminism. The role and relationship of men to feminism, and feminism's often thorny relationship to postmodernism, are also the subject of chapter length treatment. Concluding with a provocative discussion of the much-heralded advent of post-feminism and the rise of the new feminist superstars such as Camille Paglia, Naomi Wolf, Susan Faludi, and Katie Roiphe, Modern Feminist thought is an ideal text for students and a book no feminist teacher or activist should be without.

One of the most time-consuming tasks in clinical medicine is seeking the opinions of specialist colleagues. There is a pressure not only to make referrals appropriate but also to summarize the case in the language of the specialist. This book explains basic physiologic and pathophysiologic mechanisms of cardiovascular disease in a straightforward manner, gives guidelines as to when referral is appropriate, and, uniquely, explains what the specialist is likely to do. It is ideal for any hospital doctor, generalist, or even senior medical student who may need a cardiology opinion, or for that ma.

Gaby LeFevre is a suburban, Midwestern firecracker, growing up in the 80s and 90s and saving the world one homeless person, centenarian, and orphan at a time. With her crew of twin sister, Annie, smitten Mikhail, and frenemy Mel, she's a pamphlet-wielding humanitarian, tackling a broken world full of heroes and heroines, villains and magical seeds, and Northwyth stories. Beginning with a roadkill-burying nine-year-old and a gas-leak explosion, it follows Gaby as she traverses childhood and young adulthood with characteristic intensity and a penchant for disaster. Meanwhile, the large cast of compelling characters entertains and the Northwyth legends draw you into their magic.

Destiny Allen, a Web designer for software giant Scenaria Security Systems, finds herself involved in a deadly puzzle that blurs the boundaries between the virtual and the real. At stake: the infrastructure of modern America. Her resources: Dina Gustafson, a college friend, and Karl Lustig, an Israeli technology journalist with friends in dark places. The challenge: sort the good guys from the bad before the lights go out. A fast-paced technology thriller, Web Games is about real risks and virtual worlds, about Internet threats as close as tomorrow's nightly news, and about the ever-escalating warfare between black-hat hackers and modern society.

Bringing together new essays by philosophers and activists, InDefense of Animals: The Second Wave highlights the newchallenges facing the animal rights movement. Exciting new collection edited by controversial philosopherPeter Singer, who made animal rights into an international concernwhen he first published In Defence of Animals and AnimalLiberation over thirty years ago Essays explore new ways of measuring animal suffering, reassessthe question of personhood, and draw highlight tales of effectiveadvocacy Lays out “Ten Tips for Activists”, taking thereader beyond ethical theory and into the day-to-day campaigns foranimal rights

A fresh new look at the productive partnerships forged among second-wave feminists

This volume collects many of the major essays of feminist theory of the past 40 years-works which have made key contributors to feminist thought.

The Third Wave

Remembering What I Forgot

Ancient Enemies

Hide your children, lock your doors, and load your guns because zombies are real and they are coming. Danny Terrence knows this better than anyone. He spent months preparing for the inevitable moment the disease would reach his small town. What he didn't prepare for is the fact that nobody really believes him. Luckily for him, an old classmate and bully just happens to be the first one bitten. The bad news is that the family with the biggest arsenal of guns just packed up and left town, leaving them defenseless from an oncoming zombie horde. Being a leader isn't turning out the way Danny imagined. Yet four other survivors easily have it worse than him. Between a thirteen-year-old girl on a road trip from hell, a family of paranoid hunters having to deal with their feelings for the first time ever, a stubborn doctor butting heads with a cold-hearted sergeant and an amoral British professor carrying the fate of humanity in his hands, Danny has it easy. Unless, of course, they all end up in his town, messing with his already messed up life. Follow these five people as their paths cross and their lives and hopes are challenged in this thrilling novel. Those Who Remain: Book One is part of a trilogy.

Poems that I have done this year,that are all sorts of types of poems,second book of poetry,similar to the first but very different also though. You will see what I mean when you read these poems compared to the first book's poems.

A romance novel of two infectious disease physicians that travel the world fighting the pandemic. They suffer trauma and experience around the world while trying to have a romantic relationship that is plagued by their past experiences and the trial and tribulations of life during a pandemic.

In his work as a spiritual teacher interacting with seekers and activists from around the world, Chris Saade has witnessed a remarkable recent phenomenon: an emerging wave of spirituality that is socially and globally engaged in the pursuit of justice, earth care, and solidarity. Saade calls this movement "second wave spirituality," and in this book he maps out the cutting-edge ideas that are fueling this burgeoning wave of engaged spirituality. He challenges us to rise to our spiritual task and join the millions of all faiths who are awakening to the suffering and social struggles of all living beings. According to Saade, second wave spirituality holds a vision of the intrinsic values of love: justice, global peace, solidarity, inclusion, democratic freedom, compassion, and reconciliation. Saade explores current trends of thought that are shaking the foundations of our belief systems and propelling us toward an evolutionary leap. We are in the midst of a spiritual renaissance, Saade asserts, a universal reawakening that will steer us away from the abysmal global dangers we are facing. The book also includes a collection of quotations as a resource for those working for peace, justice, and inclusion. By dividing the selections into theme-specific chapters, Saade helps us easily access the wisdom and companionship of other souls committed to our diversity, our oneness, and our pursuit of justice. Contents Foreword by Andrew Harvey Introduction 1. The Emergence of Second Wave Spirituality 2. A Brief Historical Overview of "First Wave" Spirituality 3. Crossing the Threshold 4. The Flowering of the Feminine in Theological and Spiritual Thinking 5. The Great Convergence of Spiritual Development and Action for Peace and Justice 6. The Six Crucial Ideas that Converged and Generated the Global Awakening of Second Wave Spirituality 7. Fourteen Additional Characteristics Essential to Second Wave Spirituality 8. A Response to the Escalating Global Crisis: Love in Action 9. Implications of Second Wave Spirituality for the Individual 10. Practical Suggestions for Spiritual Activism 11. Summary and A Blessing for the Reader 12. Engaged Spirituality and Sacred Activism: Writings and Quotes

"Shares the story of Leonard the Lion--admired by all other animals as King of the Jungle--who wears a red cape and uses his power and status to make a positive impact on those around him. The fun, colorful book is sprinkled with magic and mystery"--

A midnight ritual by a secret society in the English Countryside nearly costs Thomas Spell his life. He returns home to Chicago to find that he carries within himself something unspeakable - a condition for which he believes there is no cure, until he meets Penelope, a beautiful and brilliant pre-med student determined to heal him. But the Brotherhood searches for him still, convinced that he holds the key to an unimaginable power. As his life begins to spiral out of control, Thomas is forced to confront his own past, as well as the dark forces closing in on him and everything he holds dear.

Twelve-year-old Maxwell Parker is all about what's going on behind quiet exteriors-a trait that comes in handy in her quiet suburban neighborhood where everyone seems to have something to hide. Exhibit A: Mrs. Cook-the nice elderly widow who just moved in across the street-seems like any other cookie-baking grandmother, but Maxwell knows things aren't always what they seem.Even though Kenneth Newman (her best friend since kindergarten) is on board to help investigate their mysterious new neighbor, Maxwell realizes times are changing. They've started junior high, and Maxwell doesn't just feel like a little fish in a big pond; she feels like a Little Mermaid in a sea of teenage girls. When the clique of popular girls sets its sights on Kenneth, Maxwell decides to take matters into her own hands before the would-be supermodels steal her best friend right under her crime-sniffing nose!Then popular girl Veronica offers Maxwell friendship at a price, and Maxwell must decide if she's willing to pay what it will cost to fit in. If she ends up on the nightly news in the meantime...well, it's all in a day's work!

Alice never imagined that meeting co-worker Leslie would lead to an all-consuming love affair. But even in the anything-goes 1970s, feminist attitudes and the sexual revolution can't change the fact that Leslie is a traditional married mom of two who won't chance losing her children to follow her heart and divorce her husband. Their year of risk, passion, and heartache takes its toll on both women. Tired of only receiving crumbs from Leslie, Alice makes the toughest choice of her life and moves on. Although their affair is short-lived, their desire to be together never dies. Nearly forty years later, Alice returns to Connecticut after learning Leslie has suffered a stroke. She soon realizes that time and distance haven't doused the fire for Leslie that's always burned in her heart. But is it too late to pick up where they left off?

This volume collates many of the major essays of feminist theory of the past 40 years. The essays included here are those which have made key contributions to feminist theory during this period and which have generated extensive debate.

You may remember visiting a grandparent or elder friend who lived in a nursing home memory unit. When you were a child you may recall sights, sounds, and smells that caused you to feel uneasy. Step into any one of today's 16,000 long-term care facilities across the US, and suddenly those memories reemerge. Nurse Supervisor K. Allen tells of the emotional investments found while working with seniors inside the Van Gogh, a large upscale urban assisted living complex. Located at its core is found a locked memory care unit, the Rembrandt, where he and his heroic support team struggle to comfort those suffering from Alzheimer's and other types of Dementia. Emotionally rich and deeply moving, Remembering What I Forgot tells of a day in the life of a memory unit nurse and the unimaginable obstacles faced by todays health care workers. A first of its kind, the story provides its reader with a rare glimpse into "life on a memory unit" including the emotional torment experienced by visitors who witness their loved one slip into ever increasing apathy and confusion. In its truest sense a love story of the need to cope and how to find hope when someone we love suddenly cannot remember well and is handed a diagnosis of Dementia. Insightful, humorous and heartfelt, Remembering What I Forgot conveys a message of inspiration and helps us connect with those in the final chapter of their life. Let us not forget them.

In his work as a spiritual teacher interacting with seekers and activists from around the world, Chris Saade has witnessed a remarkable recent phenomenon: an emerging wave of spirituality that is socially and globally engaged in the pursuit of justice, earth care, and solidarity. Saade calls this movement "second wave spirituality," and in this book he maps out the cutting-edge ideas that are fueling this burgeoning wave of engaged spirituality. In the 1970s sex was what mattered most to feminists. Gerhard asks why issues of sex and female pleasure came to matter so much to these "second-wave feminists." She shows how the radical ideas put forward by this generation of American women was a response to attempts to define and contain female sexuality going back to the beginning of the century.

Unsurpassed as a text for upper-division and beginning graduate students, Raman Selden's classic text is the liveliest, most readable and most reliable guide to contemporary literary theory. Includes applications of theory, cross-referenced to Selden's companion volume, Practicing Theory and Reading Literature.

How racial and class differences influenced the modern women's movement

Callie Armstrong's personal life was already in turmoil. Now circumstances are forcing her to share her successful music production company with three business partners. One partner wants her husband. One partner wants her money. One partner wants her trust- even while keeping secrets. Is this how it is with all sisters? Callie has decisions to make and secrets to uncover and lies to unravel in the midst of the family chaos. The only thing she knows for sure is that when they're all together, it's just too many sisters. .

It's Good to Be Kind

A Zombie Novel

September 11th, 2001 was America's wake up call to terrorism. Unfortunately, we hit the snooze alarm. The next wave of terror attacks won't be nation shaking, cataclysmic events. We're ready for that. Instead, they'll be minor, localized nightmares. Mere pinpricks to our country, but catastrophic to the small towns

that find themselves in the crosshairs. Worst of all, there's nothing we can do to stop it from happening - or is there? A gritty novel extrapolated from real world events, this fast-paced, riveting thriller will leave you alarmed, angry, and awestruck at America's unpreparedness for the next wave of terror attacks.

Some might refer to it as death by a thousand cuts, but the counterterrorism community calls it Small Ball. Small Ball is an indictment of our woefully wrongheaded security infrastructure and a testament to the resilience, resourcefulness, and integrity of the average American. You'll wonder why it hasn't happened already. Perhaps it's happening right now...

Gertrude the goat and her best friend Toby the tortoise are adventurers. No sitting around on the boring farm for them! They love to explore, and every Friday they sneak off the farm for some extra fun. One Friday, Gertrude and Toby decide to visit the local candy store in town. They discover yummy goodies and treats, but soon find that the treats are not free!? Uh oh! The market owner grabs Toby. He demands money for the candy that Gertrude and Toby have taken by mistake. Gertrude must find a way to save her friend and get back home before Farmer Sam returns.

From the author of Future Shock, a striking way out of today's despair . . . a bracing, optimistic look at our new potentials. The Third Wave makes startling sense of the violent changes now battering our world. Its sweeping synthesis casts fresh light on our new forms of marriage and family, on today's dramatic changes in business and economics. It explains the role of cults, the new definitions of work, play, love, and success. It points toward new forms of twenty-first-century democracy. Praise for The Third Wave "Magnificent . . . an astonishing array of information."—The Washington Post "Imperishably fresh."—Business Week "Will mesmerize readers, and rightly so."—Vogue "Alvin Toffler . . . has written another blockbuster . . . a powerful book."—The Guardian "Fresh ideas, clearly explained. . . . Toffler has proven again that he is a master."—United Press International "Toffler has imagination and an ability to think of various future possibilities by transcending prevailing values, assumptions and myths."—Associated Press "Once you have walked into his version of the future, you may decide never again to whitewash some of the built-in frailties of the real present."—Financial Post "Rich, stimulating and basically optimistic . . . will unquestionably aid many to a greater understanding of [today's] puzzling social changes."—The Globe & Mail "A detailed breathtakingly bold projection of the social changes required if we are to survive. . . . Toffler's vision of a democratic, self-sustaining utopia is a brave alternative to recent grim warnings."—Cosmopolitan

We've all been there. EVERYONE knows someone who has had their share of binge drinking, mood swings, or addiction that has stretched a relationship to its limits. Dr. Melissa Tate is a popular psychology consultant and licensed professional counselor who takes you on a personal journey of self-disclosure and transparency. Often described as an easy going, juggling-it-all, classy and professional single mom, you would be remiss to assume she has always had it all. Vicariously stuck on the emotional roller coaster of her loved ones' mental instability and self-medicating, addictive behaviors, she has had to literally and figuratively pick herself up from some raw and shocking situations. Through two failed marriages and a shattered sibling bond, she gives you a front row seat to her internal struggle as a blind passenger. A memoir-esque snapshot of these three relationships is used as a platform for broader, often under-discussed, therapeutic conversations about domestic violence and addiction in the family system. And she gets it. She knows how you feel and where you've been-not merely because she has read about it or counseled people through it-because she has lived it. In being transparent about her intimate experiences with broken relationships, Dr. Tate is able to provide a personal and professional insight for regaining your peace of mind amidst a wild ride.

Gertrude and Toby's Friday Adventure

The role of feminism in transforming nursing and women s professional identity"

Bella is a lucky girl - she has a good job, an unbreakable circle of friends, and a fiance better than her wildest dreams. So, why does she want to ruin the best thing that ever happened to her by letting someone from her past meddle in her life? Mike is consumed with the need to marry Bella and make her his as soon as possible. There is nothing he wouldn't do for the woman he loves, but letting her go is the one thing he'd rather avoid. Their love was fast, and their relationship was built over the miles. But does that mean that their future wasn't meant to be? When lies surface, and trust is shaken, will they choose each other? Or will someone else capture their happily ever after?

An innovative collection of inner-biblical, intertextual, and intercontextual dialogues Essays from a diverse group of scholars offer new approaches to biblical intertextuality that examine the relationship between the Hebrew Bible, art, literature, sociology, and postcolonialism. Eight essays in part 1 cover inner-biblical intertextuality, including studies of Genesis, Judges, and Qoheleth, among others. The eight postbiblical intertextuality essays in part 2 explore Bakhtinian and dialogical approaches, intertextuality in the Dead Sea Scrolls, canonical criticism, reception history, and #BlackLivesMatter. These essays on various genres and portions of the Hebrew Bible showcase how, why, and what intertextuality has been and presents possible potential directions for future research and application. Features: Diverse methods and cases of intertextuality Rich examples of hermeneutical theory and interpretive applications Readings of biblical texts as mutual dialogues, among the authors, traditions, themes, contexts, and lived worlds

"We thought the study of women would be a temporary phase; eventually we would all go back to our disciplines."—Gloria Bowles, From the Afterword Since the 1970s, Women's Studies has grown from a volunteerist political project to a full-scale academic enterprise. Women's Studies on Its Own assesses the present and future of the field, demonstrating how institutionalization has extended a vital, ongoing intellectual project for a new generation of scholars and students. Women's Studies on Its Own considers the history, pedagogy, and curricula of Women's Studies programs, as well as the field's relation to the managed university. Both theoretically and institutionally grounded, the essays examine the pedagogical implications of various divisions of knowledge—racial, sexual, disciplinary, geopolitical, and economic. They look at the institutional practices that challenge and enable Women's Studies—including interdisciplinarity, governance, administration, faculty review, professionalism, corporatism, fiscal autonomy, and fiscal constraint. Whether thinking about issues of academic labor, the impact of postcolonialism on Women's Studies curricula, or the relation between education and the state, the contributors bring insight and wit to their theoretical deliberations on the shape of a transforming field. *Are you losing the battle with your own low self-esteem? Do you want to overcome anger control issues and self-control problems? Do you want to break free from the bondage of sexual immorality and the power of pride? In Mind Games, Kayode Enwerem draws on the experience of speaking to tens of thousands of people with self-doubt and negative thought questions to offer proven and powerful methods for using Christian guidance and scripture to overcome fear and regain self-confidence and self-control.Mind Games offers direction that anybody in any life situation can quickly and easily apply to gain victory over strongholds. You too can be transformed by the truth of Bible scripture resulting in freedom and victory for the child of God. In this book, you will learn the valuable instruction about:
* How to recognize your Giants* Overcoming Fear; the number one tactic of the enemy* How to realize the purpose of fighting the giant* How to overcome the seed of Self-doubt associating you with your past* The secret of defeating the Giant, thereby improving self-esteem for men and women* Discover God's true greatness and overcome strongholds in life. Grab a copy today!*

This book chronicles the influence of second wave feminism on everything from electoral politics to LGBTQ rights. The original descriptions of second wave feminism focused on elite, white voices, obscuring the accomplishments of many activists, as third wave feminists rightly criticized. Those limited narratives also prematurely marked the end of the movement, imposing an imaginary timeline on what is a continuous struggle for women's rights. Within the chapters of this volume, scholars provide a more complex description of second wave feminism, in which the sustained efforts of women from many races, classes, sexual orientations, and religious traditions, in the fight for equality have had a long-term impact on American politics. These authors argue that even the "Second Wave" metaphor is incomplete, and should be replaced by a broader, more-inclusive metaphor that accurately depicts the overlapping and extended battle waged by women activists. With the gift of hindsight and the awareness of the limitations of and backlash to this "Second Wave," the time is right to reflect on the feminist cause in America and to chart its path forward.

This text permits the original work of radical feminists to speak for itself. Comprised of pivotal documents written by US radical feminists, the book contains both unpublished and previously published material.

A teenage boy uncovers a horrific family secret. A widower seeks vengeance on the creatures that killed his wife. A drug addled writer stalks the woman of his dreams, a woman much more sinister than she appears. A federal agent races to find the cursed relic powering this city full of spooks, spirits, and serial killers. The lives of these and others will collide in the dark and dangerous streets of Adderlass. A seed of evil was planted under Adderlass, a city where monsters hide behind masks of humanity and ordinary people shuffle anesthetized and addicted by the sickly supernatural power wafting up from below. The city was built over the crystalline skull of a bloodthirsty beast. Now, the hunt is on for this lost treasure and whoever finds it first will control the fate not only of Adderlass but of the entire world. Sixteen-year-old Simon Cubbins, young and naive, may be the key to unlocking the mystery buried in this twisted labyrinth of hidden agendas. He also unknowingly harbors a secret that could destroy the Cubbins bloodline. As different characters fight for control over Simon, he will have to decide whether or not to carry on his family's legacy.

Alex's Phenomenal Poetry

Radical Feminism

Second Wave Intertextuality and the Hebrew Bible

Drawing on the work of Henri Lefebvre and Barbara Adam, Gender, Space, and Time is a brilliant study that offers a unique and original threefold conceptualization of how space and time is developed and applied in an empirical study of women's lives. Author Dorothy Moss focuses on the everyday practice and experience of women higher education students at a community college in northern England. Women's action is considered in relation to the complex and interconnected spheres of paid work, home, leisure, community, and higher education. Through highlighting concepts of space and time, the complex relationship between networks of power and personal action gains visibility. Moss conceptualizes women as centers of action and demonstrates the ways in which they construct personal pathways, connect different spheres of experience, integrate new time demands into the multiple rhythms of their everyday lives, and carve out personal space. Gender, Space, and Time is a timely and compelling work, certain to be of interest to scholars of sociology, women's studies, and anthropology.

Positive psychology is currently equated with theory and research on the positive aspects of life. The reality could not be further from the truth. Positive psychology investigates and researches some of the most difficult and painful experiences. Second Wave Positive Psychology: Embracing the Dark Side of Life is an innovative and groundbreaking textbook that explores a variety of topics we consider to be part of the 'dark' side of life while emphasising their role in our positive functioning and transformation as human beings. This more nuanced approach to the notions of 'positive' and 'negative' can be described as the 'second wave' of Positive Psychology. Positive Psychology is one of the fastest growing and least understood branches of psychology. Exploring topics at the heart of Positive Psychology, such as meaning, resilience, human development, mortality, change, suffering, and spirituality, this book engages with so-called 'negative' matters from a Positive Psychology angle, showing how the path of personal development can involve experiences which, while challenging, can lead to growth, insight, healing and transformation. Containing useful resources, case studies, practical exercises and chapter summaries, Second Wave Positive Psychology is an essential guide for undergraduate and postgraduate students studying positive psychology, as well as clinicians wanting to know more about the subject. It will also be relevant to the layperson who is interested in positive psychology.

The story of "The Ancient" continues... Joseph Miller and Mike Samson are closing in on one of the Fallen on the busy streets of New York City, with the help of a young woman who just happens to grow fur and fangs. Little do they know someone from Miller's past is hunting them to settle a grudge over a thousand years old. Meanwhile, Lizzie Namgung is desperately searching for her missing friend Ann. Much to her surprise, so is the FBI. As a new evil spreads across the city of Newark, Lizzie finds herself caught in a web of murder, mayhem, and monsters. Ancient Awakening is a Horror/Action novel with just the right touch of comedy. Ancient Enemies is the second book in the series that follows the adventures of eccentric demon hunter Joseph Miller. His job is to defend the human race against seven mythical demons and their offspring. Unfortunately for us, he has been dead for the last hundred years. The series begins with Ancient Awakening, continues here with Ancient Enemies, and is followed by Ancient Revelations. The all-new second edition of Ancient Enemies is professionally edited and 55,700 words.
