The beloved spiritual teacher builds on the message of his enduring New York Times and international bestseller The Four Agreements with this profound guide that takes us deeper into the tradition of Toltec wisdom, helping us find and use the hidden power within us to achieve our fullest lives. In The Four Agreements, Don Miguel Ruiz introduced seekers on the path to enlightenment to the tenets of Mesoamerican spiritual culture—the ancient Toltec. Now, he takes us deeper into Native American practice, and asks us to consider essential questions that drive our lives and govern our spiritual power. Three eternal questions can help us into our power and use it judiciously: Who am I? What is real? How do I express love? At each stage in our lives, we must ask these simple yet deeply profound questions. Finding the answers will open the door to the next stage in our development, and eventually lead us to our complete, truest selves. But as Don Miguel Ruiz makes clear, we suffer if we do not ask these questions—or if we fail to pay attention to their answers—because we either never act on our power or use it destructively. Only when power is anchored in our identity and in reality will it be able to be in synch with the universe—and be of true benefit to ourselves and to others. The three questions provide a practical framework that allows readers to engage with Ruiz’s transformative message and act as a vehicle for overcoming fear and anxiety and discovering peace of mind. An essential guide for all travelers pursuing self-knowledge, understanding, and acceptance, The Three Questions is the next step in our unique spiritual metamorphosis.

The Laws of Spirit

A practical guide to unlocking the powers of our DNA to manifest health, wealth, and happiness • Shows how our DNA communicates with those around us and attracts resonant energy--whether positive or negative--to us • Reveals groundbreaking scientific research on the influence of DNA on photons as well as the interactions between DNA and emotions • Provides practical exercises to remove negative influences, build positive visualizations of your desires, and accelerate the manifestation of your wishes Taking the law of attraction to an entirely new level, Pierre Franckh reveals how human DNA has a direct effect on the physical world around us--an effect we can consciously focus to manifest our desires. Sharing groundbreaking experiments on the influence of DNA on photons and on the interactions between emotions and DNA, Franckh explains how our thoughts, emotions, and beliefs, whether positive or negative, build a field of resonance around us. Through this quantum field our DNA is continuously communicating our unique vibration to those around us and receiving their unique oscillations in return. By focusing our intentions and removing negativity from our beliefs about ourselves, our past, and our future, we can use our DNA to communicate our thoughts and desires to the universe. Through focused thoughts and intentions we draw the same resonant energy to us, thus bringing our intentions and desires into manifestation. The author shares success stories from the thousands who have taken his seminars and were then able to attract a soul mate, heal themselves or loved ones, or build wealth, sometimes remarkably quickly. He also describes how he discovered the law of resonance through his own self-healing from a degenerative spinal conditioin. Franckh provides practical exercises to remove inner and outer negative influences that could be blocking your desires, build a positive visualization of your goals, and increase the power of your field of resonance for quicker manifestation. In this inspiring guide to the law of resonance, the author shows how the power to manifest health, wealth, and happiness is within each of us, waiting to be unlocked within our DNA.

It's 1954 and nine-year-old Mira's life is about to change forever. After a typhoid outbreak rages through her town, robbing her of her parents and siblings, the orphaned child is forced to live with her mysterious, depressive Aunt Hana, a figure both frightening and fragile. Gradually, Mira uncovers the secrets of their troubled family history and begins to understand why her aunt is so incapable of trusting herself and the world around her. Deftly weaving two separate timelines, the harrowing reasons behind Hana's reclusive way of life, the guilt she wears as palpably as a cloak, and the tattoo on her wrist, are revealed to Mira. Alena Morstajnová's gripping novel, which is based on real events, has won numerous awards and been translated into over a dozen languages across the world.

The best-selling author and producer of The Secret offers inspiring quotes and affirmations to encourage personal journaling and reflection on gratitude and abundance, equipping individuals with a powerful tool to transform their lives and experience more joy. 500,000 first printing, \$250,000 ad/promo. Based on a best-selling documentary film of the same name, this books presents the "Law of Attraction," which, according to the tagline, "has traveled through centuries to reach you." By synthesizing "how to get rich" ideas from classic self-help books by Wallace D. Wattles (The Science of Getting Rich), Napoleon Hill (Think and Grow Rich!), and Charles Haanel (The Master Key System) with twenty-five modern-day self-improvement gurus like Jack Canfield, Bob Proctor, Michael Bernard Beckwith, James Ray, Lisa Nichols, and Joe Vitale, author Rhonda Byrne and her team have created an almost alchemically rich and compelling promise. They claim that "The Secret" was discovered by such historical luminaries as Plato, da Vinci, Galileo, Napoleon, Hugo, Beethoven, Newton, Edison, and Einstein/ that "The Secret" has existed in fragments in religions, philosophies, and oral traditions for centuries . . . but only now has it all been put together. "The Secret is everything you have dreamed of . . . and is beyond your wildest dreams," trumpet the marketing materials. Could it really be true, or is it just a new spin on the very old (and decidedly not secret) "the power of positive thinking" wedded to "ask and you shall receive"? Alexandra Bruce goes behind the scenes to investigate the phenomenon, from its roots in Australia to the sales bonanza that has seen creator Rhonda Byrne become the most successful debut author in memory. Bruce takes a hard but fair look at the "teachers" featured in The Secret and the "Law of Attraction" that is the central theme. To truly understand the significance of The Secret, perspective is needed. Beyond The Secret delivers that and much more.

Your beliefs are merely habitual thinking patterns that you learned as a child, and many of them work very well for you. But other beliefs may be limiting your ability to create the very things you say you want. You need to pay attention to your thoughts so that you can begin to eliminate the ones creating experiences that you don’t want. As Louise discusses topics such as health, forgiveness, prosperity, creativity, relationships, job success, and self-esteem, you’ll see that affirmations are solutions that will replace whatever problem you might have in a particular area. By the end of this book, you’ll be able to say “I can do it” with confidence, knowing that you’re on your way to the wonderful, joy-filled life you deserve.

Healing with Spirit

Perhaps the most important section in Dan Millman's best-selling book, *The Life You Were Born to Live* was titled *Laws that Change Lives*. These laws, as described, were key to overcoming the specific hurdles on a given individual's life path. Different laws played critical roles for different paths. But the author considers these laws so central to all our lives that they needed a book of their own, and a more universal treatment, since anyone could benefit from applying any of these laws. As he writes:

"Within the mystery of our existence, the universe operates according to spiritual laws as real as the law of gravity and as constant as the turning of the heavens. Aligning our lives to these laws can transform our relationships, careers, finances, and health. Simply put, they make life work better." The *Laws of Spirit*, Dan Millman's "little book of big wisdom," offers a teaching tale in which he encounters an ageless woman sage while on a mountain hike. There, in the wilderness, she takes Dan and his readers through experiences and tests in the natural world that demonstrate the power of spiritual laws of balance, choice, process, presence, compassion, faith, action, patience, , surrender, and unity. As the sage relates, "These laws belong to all of us. They rest within our hearts and at the heart of every religion and spiritual tradition." As you make your own journey through the pages of this book, you will find universal solutions to the varied challenges of our lives, leading to perspective and wisdom about the meaning and purpose of our lives here, and our connection with all of creation It begins with a single step: Open the first page of a book you will refer to again and again for inspiration and guidance on life's journey, up the mountain path.

'I tried to talk to you today but you snubbed me and walked away. It wasn't wise to give me the brush-off, Gemma. I can be a truly good friend but I also make the perfect enemy.' So when Gemma's burned and broken body is found, Sasha's world ends. What kind of person would want her beautiful daughter dead? Leading the case is Detective Natalie Ward, scarred by her own recent tragedy. When she finds a note in Gemma's diary from 'a secret admirer', she moves quickly, determined to un-mask them. But interviews with Gemma's devastated ex-boyfriend, and her charismatic teacher, who has been seen embracing his student far away from the classroom, don't give Natalie the answers she'd hoped for... And then the case takes a devastating, personal twist. CCTV footage reveals Natalie's estranged husband David followed Gemma home every evening the week before she died. Natalie is forced to put personal feelings aside and follow procedure, even though she can't believe David could be guilty. But when Gemma's housemate is found murdered, Natalie thinks the killer could still be at large. Is she right to trust her instincts about David and can she discover the truth before another precious life is taken? Grippingly fast and nail-bitingly tense, *The Secret Admirer* will have you flying through the pages long into the night. Perfect for fans of Angela Marsons, Rachel Abbott and Karin Slaughter.
