St. Anthony of Padua and Lisbon, one of Christianity's best loved saints, is a man of many titles: glory of the Franciscan order, star of sanctity, hammer of heretics, comforter of the afflicted, counselor of the erring, miracle worker. Who is the person behind the praise? How did the people of his time view the saint? St. Anthony: Words of Fire, Life of Light is a novelized biography of the life and times of St. Anthony. Madeline Pecora Nugent, SFO, makes an imaginative journey into the lives and souls of some of the many people who lived with, confided in, heeded, or defied the saint. In meeting those whose lives St. Anthony touched, the reader will come to understand and love the saint. Book jacket.

What if you could live each day with joy and purpose? Join beloved author Deacon Greg Kandra as he uncovers the rich treasury of Scripture and Tradition to discover just how to live an extraordinary life starting today!

The book reproduces the cleaned paintings for the first time. It also describes and analyzes their amalgam of Coptic (Egyptian Christian), Byzantine, and Arab styles and motifs as well as the religious culture to which they belong. In 1996, funded by the United States Agency for International Development and at the request of the Monastery of St. Antony, the Antiquities Development Project of the American Research Center in Egypt began the conservation of the paintings in the church. The paintings revealed by the conservators are of extremely high quality, both stylistically and conceptually. While rooted in the Christian tradition of Egypt, they also reveal explicit connections with Byzantine and Islamic art of the twelfth and thirteenth centuries. Some newly discovered paintings can even be dated back to the sixth or seventh century.

Saint Francis: Nature Mystic
The biographic text of St. Anthony is presented complete in this edition for the reader's absorption and contemplation. First published in the 4th century A.D., Anthony the Great's biography was authored by Christian Saint Athanasius of Alexandria. Since its release, the book has helped spread the beliefs, practices and arduous faith of Anthony the Great. A significant progenitor of the monastic tradition, Saint Anthony lived an ascetic lifestyle in the arid lands of Egypt. Although not the earliest of religious figures committed to this tradition, through actions and preaching Anthony helped popularise and spread principles that would contribute heavily to the establishment of Christian monasteries in Europe and beyond. One event in St. Anthony's life was his encounter with the supernatural in the remote Egyptian desert. This occurrence, where the otherworldly presence tried to tempt him from his spartan philosophy of living, is much recreated in Western art and literature.
The most important document of early monasticism, written in 357, this is a biography of the recognized founder and father of monasticism.
Among the followers of St. Francis there were saints and teachers who were endowed by God with a natural and supernatural kinship with their holy founder. They developed the Franciscan spirituality which had its origin in the simple practical life and the rules of St. Francis; and they gave further, clearer expression to it both by their lives and their writings. Thus they pointed out the characteristic traits of Franciscan spirituality, both in a practical and a theoretical way. Concerning the distinctive features of Franciscan spirituality, as contained in the Franciscan tradition, suffice it to say that its essence is doctrinal Christocentism and practical imitation of Christ, conformity with Christ, prompted by love. Distinctive aspects of Franciscan piety are childlike love of God, our Father, devotion to the Humanity of Christ, His Sacred Heart, the Holy Eucharist, the mysteries of the Nativity and the Passion, His Virgin Mother Mary, and reverence for the Catholic priesthood. Franciscan love of God finds expression also in charity to our fellowmen, understanding them as our brothers, especially in aid to the poor and sick and in apostolic zeal for souls, Christian and pagan. Total poverty detaches the Franciscan soul from creatures, but at the same time it recognizes God in created things and uses the latter to mount to God. Emphasis is placed on the will, and hence on love and action above speculation. The atmosphere in which the Franciscan spirit develops is one of individual freedom of the spirit, absence of coercive and confining methods, love of enterprise, and a sense of realism. On the path of this traditional Franciscan way of life many have attained sainthood. Thus, The Seraphic Order, which recounts their lives and virtues, can well serve as a practical textbook of Franciscan spirituality.

Saint Anthony of Padua
*The Miracle Worker (1195-1231)*
*Saint Anthony's Self Knowledge in a Sermon of Jean Gerson*
The reputation of the wonders and miracles performed by St. Anthony of Padua found its place in the first biographies devoted to him. Among these was The Book of Miracles which the Franciscan Arnaud de Serranne, provincial of Aquitaine in the 14th century, included in his Chronicles of the beginning of the Order of Friars Minor, and from which are drawn these Fioretti. This widespread work was the main inspiration for the iconography of St. Anthony, of which a few examples highlight this book. As for the wonders themselves related here, if they appeal to a sensitivity different from ours, nonetheless they are proof of a candor, of a poetry and sincerity that have preserved a moving freshness.
An Encomium on Saint Anthony by John of Schmun A letter to the Disciples of Antony by Serapion of Thmuis Instrumental in the conversion of many, including St. Augustine, The Life of Antony provided the model saint's life and constitutes, in the words of patristics scholar Johannes Quasten, 'the most important document of early monasticism.' Here is one volume are translations of the text in the Greek written by Athanasius (from the new critical edition of G. J. M. Bartelink) and in the Coptic, the language Antony himself spoke. Two short contemporary coptic texts further manifest the powerful influence of 'the father of monks.'
These three works form the chief sources of the saint's life and the beginnings of the Franciscan Order which he founded in 1212. Born at Assisi in 1182, St Francis embraced a life of holy poverty after a gay and sometimes extravagant youth. At the age of twenty-two he fought with great spirit and was taken prisoner in a petty feud between the town of Assisi and Perugia. During his captivity he reflected on his former mode of life, but attempted to take up arms once more on his recovery. However, a second illness intervened, and after a period in which worldly pleasure and spiritual counsels sought mastery and he finally determined to dedicate his life and work to God. Through pilgrimage, devotion, example and simple teaching he became one of the great Christian reformers. 'Whatever accretions of legendary material,' says Fr McKay in his Introduction, 'have crept in here and there to heighten the colours of St Francis's portrait, they are undoubtedly in keeping with the total impressions which St. Francis made upon the world of his day.' Moreover St Francis was the very opposite of a sour Puritan: he are told he was the 'most joyful of saints, and would have no sad, long faces about him, and always rebuked any friar that was gloomy or melancholy.' He wanted his friars to be joculariores Dei ('the minstrels of God'), The Little Flowers is translated from the 'Fioretti', an Italian translation of a Latin original of which the earliest extant manuscript is one of 1390. It is a narration of miracle and hymn connected with the saint and his friars. The Mirror of Perfection is based on documents and memoirs left by Friar Leo, St Francis's favourite disciple, and was completed about 1318. St Bonaventure wrote the Life of St Francis c. 1260, intending it to stand as an authoritative Life and to supersede the numerous fragmentary biographies then in circulation.

What makes the authentic markers of the church? The biblical book of Acts not only insistently raises this question but also provides resources to help congregations answer it. In Called to be Church, biblical scholar Rob Wall and pastoral leader Tony Robinson join together to make Acts available as a source of renewal and transformation for the Christian church today. Featuring both careful exegetical study and exciting contemporary exposition, Called to be Church explores twelve familiar stories from Acts. In addressing these stories it dives into many of the most vexing issues faced by the church in Acts and now again in the twenty-first century — issues of sexuality, money, exclusion, conflict in the church, pluralism, and the role of the Holy Spirit. Through it all Acts challenges the church to stay connected to its Jewish legacy and to be a people set apart. Called to be Church will inspire those involved with the church to see themselves as part of God's story in our time.

Athanasius (c. 295-373) Bishop of Alexandria, spiritual master and theologian, was a major figure of 4th-century Christendom. The Life of Antony is one of the foremost classics of asceticism. The Letter to Marcellinus is an introduction to the spiritual sense of the Psalms.
This volume is the first English translation and annotation of the sermons of António Vieira, a major cultural figure in the Portuguese-speaking world. Born in Lisbon in 1608, Vieira was a Jesuit who lived and worked in both Europe and Brazil in the service of the church and the Portuguese crown. His sermons are among the most renowned pieces of baroque oratory in the Portuguese language. These carefully selected sermons offer insight into Vieira's visionary thought on social and spiritual matters. In the Sermon for the Success of Portuguese Arms against the Dutch, Vieira inveighs against God for His apparent abandonment of the Portuguese and begs for divine intervention. His Sermon of St. Anthony is an allegory that addresses the inequities that he witnessed in Brazil. The Sexagesima Sermon parodies literary clichés from his time while prescribing a more effective, if harsher, style of preaching. The Sermon of the Good Thief is a rebuke to the imperial officials who used their positions for personal enrichment, and a warning to kings against complicity with corruption. Vieira's Sermon XXVII addresses African slaves and their Brazilian masters, attempting to comfort the first group in their trials and to admonish the second for their brutality. Finally, the Sermon called Arm tells the story of the relic of Francis Xavier's arm sent from India to Italy in 1614, and pays tribute to the obedience of Vieira's Jesuit predecessor.
Reading Robert Eisberg's profiles of holy men and women is like throwing open a window in a stuffy old church and taking in great gulps of fresh air. Henri Nouwen has described his writing as 'levocative without being pious.!' He broadens the traditional vision of sanctity and calls modern readers of all stripes to claim their potential for moral and spiritual growth, courage and action. By choosing relevant models and contemporary heroes, he makes holiness accessible and attractive to ordinary people. These 101 spiritual trailblazers span the centuries from Francis and Clare to Solanus Casey and Mychal Judge, with representatives from every walk of life and corner of the world. Each entry features the essential biographical facts and adds the insight and depth only Eisberg can provide. The author's sharp eye for signs and stories of holiness in the gritty, messy real world informs his selections, making his work unique. Obscure lay peasants, married activists, and controversial social reformers take pride of place alongside better-known theologians, founders, and canonized saints.

'give me a word, Father', visitors to early desert monks asked. The responses of these pioneer ascetics were remembered and in the fourth century written down in Coptic, Syriac, Greek, and later Latin. Their Sayings were collected, in this case in the alphabetical order of the monks and nuns who uttered them, and read by generations of Christians as life-giving words that would help readers along the path to salvation.

With the spread of Christ's teaching carried by the far-travelled Apostles, the minds of men and women were touched with a great faith, their thoughts were absorbed with visions of heaven and holy life on earth. Many gave up earthly desires and ways and devoted themselves to meditation on sacred things and to zealous missions and pilgrimages. In thought and feeling they lived in a region of their own, difficult now to conceive in its perfect unworlidity. Their clear belief in a heaven to which they would surely pass stripped fear from their hearts, gave them a more than human endurance in hardship and persecution, and an unquenchable zeal in carrying their saving faith to distant lands and barbarous peoples. They suffered torture, accidents of field and flood, with cheerful resolution. They had hard adventures, narrow escapes; they overcame by their undaunted spirit the opposition of men. They saw about themselves guardian angels, and at times seemed to be saved by the outstretched hand of Christ Himself. As a reward for successful sacrifice they saw His gracious Mother smile upon them in hours of meditation. A great body of history and legend grew up around them. Stories and incidents grouped about the devout men who gave their lives and service to the cause of Christ. Who can say that many of the miraculous happenings related of these devout folk did not happen, as told and often recorded in their own time? They surely testify to the childlike state of mind of the faithful believers of their day, and to the continuing spirit of faith of the days of the Apostles. How much we have lost of that simple faith! But whatever our own state, we may rejoice in the lovely legends and see in these stories of the Saints a significance and a lesson, useful and stimulating in our own less believing lives and days. We can appreciate and approve of the noble trust in God's power, shown by the narrators of these stories. They stretch in unbroken line from the time of Christ Himself down almost to our own day. Their records have been preserved in the hearts and writings of generation after generation; a fact that is a wonderful testimony to the everlasting goodness of the simple human soul. It is and has been ever ready to see and believe the loveliest and best in the words and deeds of the great examples of the spiritual life. To understand their histories we must become as little children and look upon that wonderful phase of the world with questioning eyes; even with the prayer or wish that we may know its spirit and share something of its devotion and faith...
