The Sharper The Knife The Less You Cry

A “deeply researched and uncommonly engrossing” book profiling ten trailblazing literary women, including Dorothy Parker and Joan Didion (Paris Review). In *Sharp*, Michelle Dean explores the lives of ten women of vastly different backgrounds and points of view who all made a significant contribution to the cultural and intellectual history of America. These

women—Dorothy Parker, Rebecca West, Hannah Arendt, Mary McCarthy, Susan Sontag, Pauline Kael, Joan Didion, Nora Ephron, Renata Adler, and Janet Malcolm—are united by what Dean calls “sharpness,” the ability to cut to the quick with precision of thought and wit. Sharp is a vibrant depiction of the intellectual beau monde of twentieth-century New York, where gossip-filled parties gave out to literary slugging-matches in the pages

of the Partisan Review or the New York Review of Books. It is also a passionate portrayal of how these women asserted themselves through their writing despite the extreme condescension of the male-dominated cultural establishment. Mixing biography, literary criticism, and cultural history, Sharp is a celebration of this group of extraordinary women, an engaging introduction to their works, and a

testament to how anyone who feels powerless can claim the mantle of writer, and, perhaps, change the world. A power ballad to female friendship, *Girls They Write Songs About* is a thrumming, searching novel about the bonds that shape us more than any love affair. We moved to New York to want undisturbed and unchecked. And what did we want? New York, 1997. As the city's gritty edges are being smoothed into something safer and shinier, two

aspiring writers meet at a music magazine. Rose-brash and self-possessed-is a staff writer. Charlotte-hesitant, bookish-is an editor. First wary, then slowly admiring, they recognize in each other an insatiable and previously unmatched ambition. Soon they're inseparable, falling into the kind of friendship that makes every day an adventure, and makes you believe that you will, of course, achieve extraordinary things.

Together, Charlotte and Rose find love and lose it; they hit their strides and stumble; they make choices and live past them. They say to each other, "Don't ever leave me." It's their favorite joke, but they know that they could never say a truer thing. But then the steady beats of their sisterhood fall out of sync. They have seen each other through so much—marriage, motherhood, divorce, career glories and catastrophes, a million small but

necessary choices. What will it mean if they have to give up dreaming together? That the friendship that once made them sing out now shuts them down? And even if they can reconcile themselves to the lives they've chosen, can they make peace with the ones they didn't? As smart and comic as it is gloriously exuberant, Carlene Bauer's *Girls They Write Songs About* takes a timeless story and turns it into a pulsing, wrecking, clear-eyed tale of two women

reckoning with the loss of the friendship that helped define them, and the countless ways all the women they've known have made them who they are.

A beautifully written food memoir chronicling one woman 's journey from her rural Midwestern hometown to the intoxicating world of New York City fine dining—and back again—in search of her culinary roots Before Amy Thielen frantically plated rings of

Online Library The Sharper The Knife The Less You Cry

truffled potatoes in some of New York City ' s finest kitchens—for chefs David Bouley, Daniel Boulud, and Jean-Georges Vongerichten—she grew up in a northern Minnesota town home to the nation ' s largest French fry factory, the headwaters of the fast food nation, with a mother whose generous cooking dripped with tenderness, drama, and an overabundance of butter. Inspired by her grandmother ' s tales of cooking in the family farmhouse, Thielen moves north with her artist husband to a rustic, off-the-grid cabin deep in the woods. There, standing at the stove three times a day, she finds the seed of a growing food obsession that leads her to the sensory madhouse of New York ' s top haute cuisine brigades. But, like a magnet, the foods of her youth draw her back home, where she comes face to face with her past and a curious truth: that beneath every foie gras sauce lies a rural foundation of potatoes and

onions. Amy Thielen ' s coming-of-age story pulses with energy, a cook ' s eye for intimate detail, and a dose of dry Midwestern humor. Give a Girl a Knife offers a fresh, vivid view into New York ' s high-end restaurants before returning Thielen to her roots, where she realizes that the marrow running through her bones is not demi-glace but gravy—thick with nostalgia and hard to resist.

The purpose of theater, like magic, like religion . . . is to inspire cleansing awe. What makes good drama? And why does drama matter in an age that is awash in information and entertainment? David Mamet, one of our greatest living playwrights, tackles these questions with bracing directness and aphoristic authority. He believes that the tendency to dramatize is essential to human nature, that we create drama out of everything from today's weather to next year's elections. But the highest expression of this

Online Library The Sharper The Knife The Less You Cry

drive remains the theater. With a cultural range that encompasses Shakespeare, Brecht, and Ibsen, Death of a Salesman and Bad Day at Black Rock, Mamet shows us how to distinguish true drama from its false variants. He considers the impossibly difficult progression between one act and the next and the mysterious function of the soliloquy. The result, in Three Uses of the Knife, is an electrifying treatise on the playwright's art that is also a strikingly original work of moral and aesthetic philosophy. There are adventures in the graveyard for a boy—an ancient Indigo Man, a gateway to the abandoned city of ghouls, the strange and terrible Sleer. But if Bod leaves the graveyard, he will be in danger from the man Jack—who has already killed Bod's family.
