This book is not to replace reading the bible. I will give references for you to gain more knowledge and proof of the validity of the Bible. I believe the original words written in the Bible are inerrant. I believe by having an idea of what chapter is going to say, you will be able to easily understand what you are reading in the bible. There are several broad descriptions of the Bible. Augustine discovered that the Old Testament contains the New Testament concealed, while the New Testament contains the Old Testament revealed. The Old Testament is the story of a nation. The New Testament is the story of a man. The Bible is unique in that it contains 8,362 predictive verses with 1,817 predictions concerning 737 separate matters. Our Messiah, Jesus, fulfilled over 300 predictions. Prophecies are important in proving the authenticity of the Bible along with the Bible's integrated design, which is proven mathematically, microcode and macrocodes.

With many of these teachings being made available in print for the first time at the behest of Dr. Asher's many students worldwide, "The Asher Codex" is the first compilation of critical individual Torah teachings culminating from thirty plus years of study and teaching by Dr. Asher. This first edition published this year - 2013, R' Shmuel Asher "The Asher Codex" will prove to be a leading reference work on the major ancient to contemporary religious cult systems, a resource text for those people truly searching for the original paths, and willing to put in the required study to know it. Unlike Dr. Asher's previous books, "The Asher Codex" is a Masters level resource guide to aid those attempting to learn and teach others. With an emphasis on the currently active, proselytizing cults, and the predecessor ancient cults that led us to this point, the Asher Codex will continue to be a crucial tool in counter-cult ministry and evangelism, a driving force emphasizing the Creators Original truths for all man. While remaining true to his first three books tone and information, this first time compilation of Dr. Asher's controversial teachings, edited by Neshamah Eliot, includes substantial new information beyond that of his previously public teachings. Scholarly yet readable, an engaging unique voice in defense of the Creators original, but suppressed instruction to man. Albeit all of Dr. Asher's books have touched on the false Judah's influence over the original path, "The Asher Codex" evaluates Judah's ancient cultic history, beliefs, and influence over the texts and rituals that have come forward into our modern Western religions, in much greater detail. This is an invaluable reference work for both scholars and laypeople, contrasting individual teachings with a more original cultural Hebraic understanding, and linguistically corrected biblical theology. Most readers who are leaving their modern religious orders behind in search of the original path will find apologetics help in dealing with their cults, and a new ability to refute their old arguments with stiff factual, detailed information. Some of the chapters and topics include: The Circular Logic of Man What's in a Name Who is Judah? *For years, the extraterrestrial hypothesis has dominated the field of ufology. However, there is another theory that might provide more substantial answers to the UFO phenomenon. "This study of religions is concerned with the tension which can be generated from these sources and the resources which religions bring to their resolution. Especially it looks to the common Abrahamic roots of the three "religions of the book": Judaism, Christianity and

Islam. Throughout it looks for the complex dialects of unity in diversity, and diversity in unity."

The Shinar Directive serves as a kingdom intelligence briefing for God's people in the twenty-first century.On the ancient plains of Shinar, an evil was born: The first world king, the prototype transhuman, the ultimate despot, the Son of Perditiion--Nimrod. In Babylon, the Son of Perditiion devised the Shinar Directive: the enslaving of humanity and the war against the God of Heaven. God's intervention at the Tower of Babel only delayed his hellish plans. The Luciferian Elite now control three key circles of influence in the world: financial, political, and religious. However, controlling these three systems was not enough. The laborers of Mystery Babylon have been quietly planning and waiting for the releasing of the Watchers of Genesis 6.Now armed with developing Watcher technologies, the Elite will use transhumanism and mind control to build the Joel chapter 2 army: the army of the Antichrist. We are beginning to realize that the mark of the Beast and the image of the Beast are much more than we could have ever imagined; beyond an implant and beyond a physical mark, they will affect DNA and who we are at a molecular level!As the powers of Mystery Babylon gather to create the new Tower of Babel and prepare for the Son of Perditiion's return, Heaven is issuing a clarion call to the Remnant: Know the strategies of the enemy, untangle yourself from it, and become the victorious Church! Heaven's Jewish Apostle of Love, John, reveals the coming conflict in his book of Revelation and provides the ancient Hebraic wisdom encoded in 1 John to equip the bondservants of Messiah with the tools of the kingdom to overcome the Shinar Directive!

The Angelic Conflict

What Witches Don't Want Christians to Know -Expanded Edition

Cherubim Chariots: Exploring the Extradimensional Hypothesis

The Angelic Conflict rages around us. This is not a world war. This is a war beyond the world—an invisible warfare between the forces of Satan and the forces of God. Ultimately God will win. Long before the advent of human history, Satan arrogantly rebelled against his Creator. He wanted to make himself "like the Most High" and recruited one-third of the angels to follow him. God justly condemned Satan and his fallen angels to spend eternity in the lake of fire. Satan appealed the sentence, claiming unfairness—questioning how a loving God could cast His creatures into hell. Planet Earth is now the battleground where Satan seeks to outmaneuver God, prove the judgment unfair, and foil the execution of his sentence. Satan will not suffer defeat without an intense struggle. God created man to resolve this angelic conflict. Human volitiion is the focal point of the firestorm. Will man choose God's grace plan of salvation or follow the arrogant system of Satan? Through the freewill decisions of mankind, God proves to Satan His perfect justice and love again and again. As believers, it is imperative we understand this spiritual warfare that surrounds us. Satan uses every ruse at his command to derail and discredit those who are in Christ. For our defense, God has provided an overwhelming advantage in a powerful suit of spiritual armor. With it we can withstand the "flaming missiles of the evil one" and become heroes in the invisible war. God is glorified as we lock shields and stand firm on His power and Word.

The world is caught in the middle of what the army calls "asymmetrical warfare," involving mass media disinformation, government psychological operations, social media censorship, and other sophisticated mind-control techniques. All signs and events are pointing to the end times, and if we don't pay attention to what we are up against, we can be swept away by it. In this enlightening book, Colonel David J. Giammona and journalist Troy Anderson inform and prepare you to navigate the propaganda, disinformation, and deceptive ideologies that have infiltrated the church and society. Through their profound insights, you will be prepared to - combat the demonic deceit, duplicity, and deceptiveness - discern fact from fiction for current events and what your role is - military and spiritual intelligence disciplines to become an on-fire disciple of Christ Time is running out to renew our commitment to the Lord, to make the church stronger, to fulfill the Great Commission. Armor up and get battle ready!

With wit, wisdom, and an extraordinary talent for turning dry, difficult reading into colorful and realistic accounts, the creator of the bestselling Don't Know Much About®, series now brings the world of the Old and New testaments to life as no one else can in the bestseller Don't Know Much About® The Bible. Relying on new research and improved translations, Davis uncovers some amazing questions and contradictions about what the Bible really says. Jericho's walls may have tumbled down because the city lies on a fault line. Moses never parted the Red Sea. There was a Jesus, but he wasn't born on Christmas and he probably wasn't an only child. Davis brings readers up-to-date on findings gleaned from the Dead Sea Scrolls and Gnostic Gospels that prompt serious scholars to ask such serious questions as: Who wrote the Bible? Did Jesus say everything we were taught he did? Did he say more? By examining the Bible historically, Davis entertains and amazes, provides a much better understanding of the subject, and offers much more fun learning about it.

This thoroughly revised and updated new edition provides a practical guide for banks and their lawyers in respect of their regulatory responsibilities, their private law duties, their liabilities to third parties, and their obligations to assist persons seeking the recovery of assets (including regulatory bodies within and without the jurisdiction) as they relate to "tainted money." It also sets the law in its national and international policy context and pays particular attention to the international sources of the relevant law. It draws on the expertise of civil and criminal practitioners, public international lawyers, and overseas (in particular US) lawyers. The second edition addresses recent practice under the main international conventions, including the Sixth Session of the Conference of the Parties to the UN Convention against Transnational Organized Crime (October 2012) and the Fifth Session of the Conference of States Parties to the UN Convention against Corruption (November 2013). UN Security Council Resolutions, in particular resolution 1904 of 17 December 2009 which established the delisting ombudsperson (in response to criticism by national courts), have been considered. The book considers the work of international bodies such as the Financial Action Task Force and new primary legislation at domestic and European level, including the Fourth Money Laundering Directive. Additionally, decisions of the European Court of Human Rights, the Court of Justice of the European Union and national courts are analysed and explained. It also provides a further assessment of the extent to which there has emerged an international law of tainted money to complement the emergence of an international financial system. In a concluding chapter, it gives an overview of the emerging response of courts and regulators (national, EU, and international) to the challenges presented by new technologies such as Bitcoin and other virtual currencies.

In The Shinar Directive, we journeyed down the Luciferian rabbit hole to discover the matrix of darkness that has engulfed our planet. It would seem that esoteric societies have nearly fulfilled Nimrod's dark directive. However, the Almighty will not allow the enemy to bring his "A" team for the final showdown without responding with His own. God is raising up people around the world that are shaking off their techno-sorcery induced, spiritual slumber and are answering Heaven's call. There is an end-time empowerment coming for God's Remnant - His Sheeriyth. Hell may have its directive, but Heaven has its imperative! The Sheeriyth Imperative is a tactical manual for God's Remnant in the Last Days. In this vital book, you will discover: · A deeper look into the fallen immortals that now labor for the Kingdom of Darkness· How the unification of Superstring Theory and the Bible can play an essential role in our understanding of end-time spiritual warfare· The reality of multi-dimensional seed· What really happened when Lucifer fell and the force he created to fuel his kingdom· The Watcher invasion of Genesis 6 involved much more than just a breeding program· How Nimrod aligned himself with immortals in the Second Heaven to empower his hellish plans and how Mystery Babylon is doing the same in our day!· What Lucifer was really seeking to gain in the fall of humanity· How the Nazi/Vril agenda is still being carried out by the clueless masses around the world today· How our modernized theologies have rendered the modern Christian weaponless and naked on the end-time spiritual battlefield· How Heaven is empowering the Remnant to destroy every stronghold and to become a force that can raze hell and bring the Kingdom of God into any situation! The Sheeriyth Imperative is beginning to unfold in our day. It is time to awaken, be empowered, and become the Sheeriyth in this generation!

A classic in conservative Old Testament scholarship, this three-volume commentary concentrates primarily on the meaning of the text of Isaiah rather than on specific textual problems. Volume 1 covers chapters 1-18; Volume 2 looks at chapters 19-39; Volume 3 surveys chapters 40-66.

The Bible, as we hold it today, is esteemed by many religious institutions and especially Conservative Christians to be the inspired, inerrant Word of God. This doctrinal position affirms that the Bible is unlike all other books or collections of works in that it is free of error due to having been “given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: that the man of God may be perfect, thoroughly furnished unto all good works” (2 Tim. 3:16, 17). While no other text can claim this same unique authority, Apocryphal and Pseudepigraphal literature such as contained in this volume of The Researchers Library of Ancient Texts (Volume One–The Apocrypha: Includes the Books of Enoch, Jasher, and Jubilees), provides literature that often precedes or follows the chronology of biblical texts, which frequently are used or assigned as supplemental works within academic settings to help students and scholars discover or better understand cultural and historical context within the Word of God. Whether or not the information contained in the apocryphal literature is entirely precise—as is the canon of Scripture—these ancient texts provide commentators’ valuable insight into what many ancient Jews and early Christians believed when, “God, who at sundry times and in divers manners spake in time past unto the fathers by the prophets” (Heb. 1:1). The Researchers Library of Ancient Texts is therefore intended to be a supplemental resource for assisting serious researchers and students in the study of the Bible and Bible times. Contained in this volume: The Book of Enoch, The Book of Jasher, The Book of Jubilees, 1 Esdras, 2 Esdras, 1 Maccabees, 2 Maccabees, Tobias, Judith, Wisdom, Sirach, Baruch, Susanna, Prayer of Azariah, Prayer of Manasseh, Bel and the Dragon, and Laodiceans.

Were covert experiments, involving mind control and the occult, conducted in the areas surrounding military bases throughout the United States? The pages of this book recount some shocking events in a small town in Missouri. Mary Lake had struggled with depression for years and couldn't find the joy that the Scriptures

indicate is available to all Christians. In her quest to find answers, she was not only healed and delivered, but this process uncovered a startling revelation of dark practices in the small town where she was raised. God shined the light on some of Satan's greatest secrets. In this book, she shares how God protected her family from assassination attempts and face-to-face encounters with Satan's followers, who were desperately trying to keep their secrets hidden. She also shares the truths that her family learned during this process that were essential for their safety, as she endeavored to break down the prison doors for the people that she loved. These biblical truths will help any Christian family stay under the protective cover of Almighty God.

In the second edition of this successful book, the authors have again worked closely together as a team to produce a seamless and consistently styled account of the diagnosis and management of stroke. What is different about this book? As many of the excellent reviews of the first edition point out, it presents a unique approach to stroke, both from the uniformity and clarity of the style (achievable only by a team working very closely together) and the integrated clinical management that weaves together causation, presentation, diagnosis, management and rehabilitation. This book deliberately poses and answers many of the burning questions and controversies in stroke and achieves a rare combination of readability and broad coverage.

Does the Bible predict an asteroid...or something else? This book will challenge your interpretation of end-times theology and help you sharpen your understanding in light of current times. Does Revelation 8:10-11 describe an asteroid? Is it an asteroid already headed toward Earth? Are NASA and high-level government officials aware of an asteroid that is on a collision course with our planet? Is that why President Trump sanctioned a colossal increase to planetary defense? Do the prophecies of the religions across the globe all point to a catastrophic planetary event that has scientists and politicians taking extreme preventative measures under the public radar? Earth is not currently prepared for the scope of impact that may be just around the next corner. Do other places know it... But what will the biblical Wormwood actually be? Traditional scholarly interpretation claims it will be an asteroid. Others postulate that the eschatological poisoning of one-third of all Earth's waters and the devastation of the earth will be detectable as we may believe: it could hit suddenly and without warning, like an angel of God appearing in the sky with fire and light, bringing judgment in an instant. Follow Thomas Horn as he blazes a trail through these questions and makes a few in the church today are willing to provide. FEATURES AND BENEFITS: Examines asteroid threats to Earth, including Apophis (named after the Egyptian god of chaos), which is a topic of serious discussion among experts in planetary defense, government impact specialists, scientists, Bible scholars, and prophecy experts

As the world races toward its momentous end-times encounter between good and evil (known in the Bible as Armageddon), a deepening antagonism is developing worldwide against conservative Christians. According to a 2014 Pew Research Center survey, 80% of Americans include the United States, which elevated from the lowest category of government restrictions on Christian expressions as of mid-2009 to an advanced category in only the last three years. This trend may point to one of the most overlooked aspects of the end-times that ultimately pits born-again believers against religious Christians. The inspired texts themselves say a time is coming when "whosoever killeth you [true Christians] will think that he doeth God service." In Matthew 24:9, Jesus further warns us that we are to be afflicted, and shall kill you," and in the book of Revelation it describes this era as when Antichrist will have power "to make war with the saints, and to overcome them..." (Rev. 13:7; Dan. 7:21). All this unfolds as a False Prophet enters the scene, a leader that causes "as many as would not worship the image of the beast should be killed" (Rev. 13:15).

The Aquarian Gospel of Jesus the Christ

Jaredite Names and Terminology in the Book of Mormon have been identified to a Mesoamerican construction of compound words originating from ancient Sumerian

The Holy Spirit inspired Jude to quote Enoch for a reason. The Ancient Book of Enoch opens by addressing those in the Tribulation period. It contains numerous prophecies about the flood and fire judgments, and the two comings of the Messiah. It teaches that the Messiah is the Son of God and that He will shed His blood to redeem us and even predicts the generation that this would occur! The book of Enoch prophesies a window of time in which the Second Coming would occur and prophesies that there will be twenty-three Israeli Prime Ministers ruling in fifty-eight terms from AD 1948 to the beginning of the Tribulation period, and much more. Even though it prophesies that the Bible would be created and says we will be judged by our obedience to the Bible, it also makes it clear that this book is not to be added to the Canon of Scripture. The Ancient Book of Enoch recounts the history of the angels that fell in the days of Jared, Enoch's father. It testifies to their marriages with human women and their genetic experiments. This commentary includes a previously unknown chapter from the Dead Sea Scrolls that actually explains how they did their genetic tampering. The commentary is from a fundamentalist Christian view, brought to you by Biblefacts Ministries, biblefacts.org.

In every generation, when dangers gather, there is a group of men and women courageous enough to confront evil and inform the populace. Sometimes unpleasant truths need to be presented; most of us would rather stand back and kick a toe in the dirt. You know, let someone else do it. Someone else is courageous enough to tell us the truth. Tom Horn & Friends research, publish, and speak about some of the most important topics of our time. Pandemonium's Engine is the vehicle through which Tom and an elite team of commentators are informing a still-sleeping public about radical changes coming to our culture...very soon. In particular, the technological advances that have brought us to the doorstep of life-altering realities are such that the man-on-the-street is struggling to make sense of our world. The book you are about to read is a landmark offering, making such issues as "transhumanism" compelling reading. A shadowy world of intrigue, power-grabs, and seismic changes in daily life is the stuff of sci-fi movies. Yet the authors contributing to Pandemonium's Engine show us in disturbing detail that these mind-blowing technologies are quite real. For example, Cris D. Putnam writes in "Christian Transhumanism: Pandemonium's Latest Play": "Transhumanism is a transnational technological trend that promises to break through human biological limitations by radically redesigning humanity." Sound like a campy Star Trek episode, or a movie plot from Stanley Kubrick? As a matter of fact, they are, but rooted in present reality. Change agents in our world are working feverishly to harness the powers of human ingenuity, to wreak havoc on our way of life. Chuck Missler writes in "Pandora's Box for the 21st Century? The Sorcerer's Apprentice" that the seductiveness of medical advances mask a diabolical agenda. For example, he mentions that the drive to, among other things, develop receptors that could impinge the constriction of blood vessels and thus the scourge of hypertension is a source of optimism. As are drugs that inhibit damage from brain trauma, or genetic research that could cure diabetes. But Chuck knows that some researchers would trample over ethical boundaries and move past such positive research into frontiers humans were not meant to go. Frederick Meekins' chapter, "Examples of Transhumanism in Popular Culture" identifies how we have been brought along to accept technologies. We've been conditioned, by popular television series like Star Trek, and films like Spiderman, to subtly be prepared for radical, sweeping tampering with the human mind and body. John McTernan writes about "embodied intelligence" robots, biocomputers, and other space-age technologies many of us have made the mistake of believing lie in the realm of fiction. Providing perspective is Noah Hutchings, who traces advances in technology from the time of another Noah, to the present time. All these authors, and several more, provide a searing report on just how ambitious the builders of the New Babel really are. Pandemonium's Engine will stun you. That's good. You need to wake up. History shows that those who make reasonable preparations are much better equipped to deal with colossal changes than those who prefer to fully trust their handlers. I well remember the days when my uncle was on the ground floor of computer technology, tinkering with those machines the size of refrigerators. I remember reading George Orwell's 1984 and laughing that such a far-in-the-future could actually arrive. We are well past 1984, figuratively and literally. Pandemonium's Engine will show you just how far past. Read and prepare.

I am writing this book to explain how to prove the Bible is true and written outside of our time dimension. Some of the connections between verses are not readily seen and I tie them together. I have links included to show a variety of current events like the 3rd largest river in the world turning blood red. Basically, I am trying to make the Bible more understandable as you read it.

*"We [plan to open a portal into] an extra dimension. Out of this door might come something...unknown." --Sergio Bertolucci, Director for Research and Scientific Computing at CERN CERN is easily one of the most secretive organizations of our times. With controversy and conspiracy theories abounding, it takes specialized researchers to weed through the lies in order to find the truth. But sometimes, truth is stranger--and far scarier--than fiction. This is where internationally celebrated investigative researcher Dr. Thomas R. Horn and "Into the Multiverse" television host Josh Peck arrive to expose the reality of a plan so nefarious that it involves not only the history of Apollyon-Abaddon, but his near-future fulfillment of biblical prophecy and entrance into the world. Are powerful occultists--from the highest levels of governments, science, and academia to the lowest echelons of modern witchcraft--even now invoking the arrival of this destroyer and his legions from the abyss? IABADDON ASCENDING WILL SHOCK READERS WITH THE FOLLOWING INCREDIBLE REVELATIONS:*The ancient origin of CERN's modern-day mission*The latest information pertaining to interdimensional portals*The real meaning of the bizarre Gotthard Base Tunnel opening ceremony and how it connects to the return of the "old gods"*Who the "horned god" is, fertility rites of the triple goddess, and how this connects to CERN*CERN's beastly logo and destroyer god imagery*CERN's role in the formation of a new Babylonian single language system*Exactly how the Large Hadron Collider at CERN operates, and what it is trying to find*The mind-bending reality of quantum field theory*Eye-opening interviews with such personalities as physicist Don Page, who works with Dr. Stephen Hawking*The doomsday scenario involving the Higgs field that scientists don't want you to know*The future manipulation of human consciousness through an A.I. beast at CERN*The connection between Ezekiel's vision and the locusts of Revelation 9*The coming holy war between the Titans and the one, true, living God!*

The Aquarian Gospel of Jesus the Christ is Levi's most famous work, published in 1907. In it, he fills in the missing years of Jesus' life with reports on his early education with Jewish rabbis, a trip to India where he learned about Hinduism and the Vedas, and his further travels to Tibet, Persia, Assyria, Greece, and Egypt. The historical accuracy of Levi's writing is questionable, and the work is considered apocryphal by all but the Church Universal and Triumphant, but his message bolsters the heroic image of Jesus as a savior of men everywhere.

American preacher and author LEVI H. DOWLING (1844-1911) was a dedicated ascetic who observed intense meditation and fasting in order to strengthen his spiritual power and understanding. With this practice, he claimed to have gotten access to God's Book of Remembrance, which contains all knowledge of history, and wrote a number of histories based the revelations within that book.

Sir Robert Filmer (1588-1653) was an English political theorist. His best known work, Patriarcha; or, The Natural Power of Kings, published in 1680, was a defense of the divine right of kings to rule. His theory is founded upon the statement that the government of a family by the father is the true origin and model of all government. Filmer was a severe critic of democracy. In his opinion, democracy of ancient Athens was in fact a "justice-trading system."
