In *The Ellis Island Snow Globe*, Erica Rand, author of the smart and entertaining book *Barbie's Queer Accessories*, takes readers on an unconventional tour of Ellis Island, the migration station turned heritage museum, and its neighbor, the Statue of Liberty. By pausing to reflect on what is and is not on display at these two iconic national monuments, Rand focuses attention on whose heritage is honored and whose obscured. She also reveals the shifting connections between sex, money, material products, and ideas of the nation in everything from the ostensible father-mother-child configuration on an Ellis Island golf ball purchased at the gift shop to the multi-million dollar July 4, 1986 Liberty Weekend extravaganza celebrating the Statue's centennial just days after the Supreme Court's un-Libertylike decision upholding the antisodomy laws challenged in *Bowers v. Hardwick*. Rand notes that portrayals of the Statue of Liberty as a beacon for immigrants tend to suppress the

Statue's connections to people brought to this country by force. She examines what happened to migrants at Ellis Island whose bodies did not match the gender suggested by the clothing they wore. In light of contemporary ideas about safety and security, she examines the "Decide an Immigrant's Fate" program, which has visitors to Ellis Island act as a 1910 board of inspectors hearing the appeal of an immigrant about to be excluded from the country. Rand is a witty, insightful, and open-minded tour guide, able to synthesize numerous diverse ideas—about tourism, immigration history, sexuality, race, ethnicity, commodity culture, and global capitalism—and to candidly convey her delight in her Ellis Island snow globe. And pen. And lighter. And back scratcher. And golf ball. And glittery pink key chain.

In the four years since breaking off her engagement, Maggie Kincaid has fled from city to city, seeking to escape her ex-fiance Michael's relentless pursuit. Maggie's dead grandmother keeps haunting her dreams, warning her in cryptic phrases of the future. Or is it the past? Determined to end her ordeal one way or another, Maggie confronts Michael, and he disappears, seeming to have tired of the chase. Instead, the hunter has decided to make himself the

hunted, in a way that no one could have imagined. Knowing both the depths of his psychosis, and the repeated failures of law enforcement to help her in the past, Maggie decides she has no choice but to go after him alone. What follows is a chase across five states that takes Maggie from New York to Washington, D.C., and into the deepest corners of her mind. Maggie Kincaid is about to learn that you can be stalked by things far worse than a love gone bad.

My Winter City

Santa in a Snow Globe

A boy, his father and their dog have a perfect day in a snowy city, illustrated by Governor General's Literary Award winner Gary Clement. A young boy wakes up in the early light of a winter morning, pulls on his boots and mittens, and steps out into the snowy city with his dad. They trudge through the snow, their dog bounding along beside them, then a slushy, steamy bus ride takes them to the tobogganing hill for some winter fun. The boy describes all the sights and sounds

of the day, from the frost in Dad's beard and the snow "pillows" in the park, to the noisy clunking snow plows and the singing buskers they pass on their way home. That night, the boy lies awake under cozy covers, reflecting on the day, as snow blankets the world outside his window. This is winter in the city. depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

The Death of an Heir is Philip Jett's chilling true account of the Coors family's gilded American dream that turned into a nightmare when a meticulously plotted kidnapping went horribly wrong. In the 1950s and 60s, the Coors dynasty reigned over Golden, Colorado, seemingly invincible. When rumblings about labor unions threatened to destabilize the family's brewery, Adolph Coors, Jr., the septuagenarian president of the company, drew a hard line, refusing to budge. They had worked hard for what they had, and no one had a right to take it from them. What they'd soon realize was that they had more to lose than they could have imagined. On the morning of Tuesday, February 9, 1960, Adolph "Ad" Coors III, the 44-year-old CEO of the multimillion dollar Colorado beer empire, stepped into his car and headed for the brewery twelve miles away. At a bridge he stopped to help a man in a yellow Mercury sedan. On the back seat lay handcuffs and leg irons. The glove box held a ransom note ready to be mailed. His coat pocket shielded a loaded pistol. What happened next set off the largest U.S. manhunt since the Lindbergh kidnapping. State and local authorities, along with the FBI personally spearheaded by its director J. Edgar Hoover, burst into action attempting to locate Ad and his kidnapper. The dragnet spanned a continent. All the while, Ad's grief-stricken wife and children waited, tormented by the unrelenting silence. The Death of an Heir reveals the true

story behind the tragic murder of Colorado's favorite son.
