

The Spirit Of St Louis Charles A Lindbergh

Real-life ghost stories from the streets of St. Louis come to life on the pages of St. Louis Boo. Meet "The Spirit of St. Louis," a friendly, little ghost who takes readers on a spook-tacular adventure from the haunted Lemp Mansion to historic Bellefontaine Cemetery. "The Spirit" introduces us to three ghosts who roam the neighborhood of West Cabanne Place and the scary spooks who haunt the Newstead Avenue Police Station. These ghosts stories may give you goosebumps, but don't worry, just stick with "The Spirit of St. Louis" and you won't be too scared! "Well, what do you think of Fr. De Montfort?" asked the Bishop eagerly. "Is he preaching heresy? Is he a tool of the Devil, as some people say? Or a mad-man, as others think?" The city was in an uproar over Fr. Louis De Montfort, and Bishop de Champflour had sent 3 wise priests to investigate. "I'm especially interested in learning about the True Devotion to the Blessed Virgin Mary;" he had told them. Yes, huge crowds of people were coming to Fr. De Montfort's mission services, and hundreds of souls had been converted. No one left his confessional unconsoled. But some people had their doubts about what Fr. De Montfort was preaching. What was all this talk of becoming a saint easily and quickly through the True Devotion to the Blessed Virgin Mary-by a holy "slavery" to Jesus in Mary? Now the 3 priests were back, and the Bishop awaited their report. What would they tell him about this unusual missionary priest? This book tells what the priests had found out. It also tells about the trouble stirred up for Fr. De Montfort by the Calvinists, by the Jansenists, and even by some Catholics who did not understand what True Devotion to Mary was all about. In short, here is the remarkable story of the priest who went about helping others become saints by show-ing them how to be "slaves" for Jesus through Mary. For sixteen years, Daisy has been good. A good daughter, helping out with her autistic younger brother uncomplainingly. A good friend, even when her best friend makes her feel like a third wheel. When her parents announce they're sending her brother to an institution—without consulting her—Daisy's furious, and decides the best way to be a good sister is to start being bad. She quits jazz band and orchestra, slacks in school, and falls for bad-boy Dave. But one person won't let Daisy forget who she used to be: Irish exchange student and brilliant musician Cal. Does she want the bad boy or the prodigy? Should she side with her parents or protect her brother? How do you know when to hold on and when—and how—to let go? "The Sound of Letting Go is deeply moving, fiercely honest, and always surprising. Stasia Ward Kehoe's characters are so real and complex, you won't want to let them go at the end. I loved this book!"—Barbara Dee, author of Solving Zoe, This is Me From Now On, Just Another Day in My Insanely Real Life, and Trauma Queen "Achingly beautiful, The Sound of Letting Go takes readers down a dangerous path while touching the heart and encouraging hope."—Elana Johnson, author of Possession, Surrender, and Abandon "Told in verse that is at once delicate and strong, lyrical and honest, Stasia Kehoe's The Sound of Letting Go is a moving contemporary story of the intense push and pull between the responsibility of family and the freedom of dreams."—Jessi Kirby, author of Moonglass, In Honor, and Golden "With captivating verse and a lyrical love story to match, The Sound of Letting Go will keep you hanging on, breathless and enchanted, until the very last page."—Gretchen McNeil, author of Possess, Ten and the forthcoming 3:59 and the "Don't Get Mad" series "Soulful and stunning, this book has captured my heart. It's one of those tragic melodies you never want to end, a tribute to the damning and redemptive power of music."—Jessica Martinez, author of Virtuosity and The Space Between Us "The Sound of Letting Go draws you honestly into the turbulent ambivalence of life with a severely challenged sibling, while never short-shrifting Daisy's individual coming-of-age journey. The music of Stasia Kehoe's beautifully flawed characters will resonate in your mind long after you finish reading her book."—Elise Allen, author of Populazzi, co-author of the Elixir series with Hilary Duff
Coinciding With The Celebration of the 75th anniversary of Lindbergh's famed first non-stop solo flight across the Atlantic, & the 100th anniversary of his birth, this thorough account delivers a fresh & intriguing look at Lindbergh's life & his legendary feat.

The Aerial Crossroads of America

Glitter Every Day

The Story of Our Lady's Slave

The Spirit of St Francis

How America's Unbelievers Made Their Way in a Godly Nation

Presents a history of the St. Louis Cardinals, profiling star players and detailing team facts and statistics.

The St. Louis Cardinals, despite winning more World Series than any Major League franchise except for the New York Yankees, have seen their share of dry spells when they were shut out of the postseason. Like the American economy, the Cardinals have seen their fortunes cycle through prolonged ups and downs, with booms in 1885-1888, 1926-1946, 1964-1968, 1982-1987 and 1996-2011, and busts in 1889-1925, 1947-1963, 1969-1981 and 1988-1995. Drawing on years of research, this book chronicles the Cardinals' periods of success and failure and explains the reasons behind them.

The"poignant and superbly written memoir"(Chicago Tribune) of growing up as the daughter of Charles and Anne Morrow Lindbergh. • Famous family: Reeve Lindbergh was the youngest child in her family. Her parents were so successful at avoiding publicity that it took years before she realized that they were famous. • Personal anecdotes: Reeve writes about events that weren't known to the public. This is the story of what it was like to be a part of that extraordinary family. • Beautiful, touching writing: Reviewers nationwide praised the quality of writing in Reeve Lindbergh's memoir when it was first published ten years ago.

Published from November 1854 to December 1855, the St. Louis Luminary was started by Apostle Erastus Snow, the Latter-day Saint leader over the region. The newspaper maintained contact among the members, helped emigrating Saints stay focused on their ultimate destination in the West, and played a significant role in the national discussion of polygamy.

Spirits of St. Louis

A Memoir

The Broken Heart of America

Ever since Mittie Humphreys agreed to join dashing barnstorming pilot Ames for a joyride in his airplane, her lifelong love of horses has been surpassed by one thing--a longing for the skies. It seems she's not the only one--with Charles Lindbergh making his victory tour in the Spirit of St.

Louis, aviation fever is spreading across the country. Mittie knows flying is the perfect focus for the soaring ambition and taste for adventure within her, and whenever she can slip away from her duties on her family's prosperous Kentucky horse farm, she heads to the airfield. Considering their shared passion, it's no surprise that Ames begins to vie for Mittie's time. But when handsome British aviator Bobby York offers her flying lessons, he is equally surprised-and beguiled-by Mittie's grit and talent. Driven to succeed, Mittie will do whatever it takes to compete in the Women's National Air Derby alongside Amelia Earhart. But when Calista "Peach" Gilson, a charming Southern belle, becomes her rival both professionally and in love, Mittie must learn how to navigate her heart's romantic longings as well as the skies.

The Awakening, originally titled A Solitary Soul, is a novel by Kate Chopin, first published in 1899. Set in New Orleans and on the Louisiana Gulf coast at the end of the 19th century, the plot centers on Edna Pontellier and her struggle between her increasingly unorthodox views on femininity and motherhood with the prevailing social attitudes of the turn-of-the-century American South.

The whole world now knows of the existence of the World Under, thanks to fallout from the terrible events in Omaha a year back. As the World Under's most effective foe, Kal Hakala performed actions that were both heroic and horrific. Now, sidelined as an Agent, he serves the Bureau of Supernatural Investigation as its public face, charming talk show hosts and training new recruits known as "Green Peas." However, the World Under never rests, and events force Kal back into action. A malevolent spirit occupies St. Louis's Quint Building, and the team sent in to combat it disappears after their leader is driven to suicide. The BSI has no choice but to send in Kalevi Hakala and his team to solve the problem. As each of the individual members of Kal's team is isolated and dumped into his or her private hell, Kal begins to wonder if he hasn't finally met his match: the most powerful force the World Under has to offer. Book 6 in the From the Files of the BSI series.

Lonely Hitchhikers. Dirt Roads. Tired Soldiers. Strange Children. Mysterious Ladies. Dark Houses. What do they have in common? They all haunt the pages of this book. From the Lemp Mansion to The Exorcist, from the 1904 World's Fair to Jefferson Barracks, the history of St. Louis, Missouri and its surrounding river towns is filled with stories of haunts and the supernatural. Spirits of St. Louis: Missouri Ghost Stories is a collection of over thirty stories from authors across the globe, celebrating these ghosts, banshees, and shadows. Do you believe in ghosts? If you believe or not, this collection of dark tales of the dead and disturbed is sure to keep you awake at night. Lock the doors, turn down the lights, and prepare to be terrified.

***THE BEST RESOURCE A PILOT CAN HAVE TO UNDERSTAND HOW TO FLY IN ALL TYPES OF WEATHER** How do you improve on the best guide for pilots to learn how to fly in all kinds of weather? The answer is the Fifth Edition of Weather Flying. Regarded as the bible of weather flying, this aviation classic not only continues to make complex weather concepts understandable for even the least experienced of flyers, but has now been updated to cover new advances in technology. At the same time, this respected text still retains many of its original insights from over four decades of publication, provided by renowned weather flying veteran Robert N. Buck. In a straightforward style, new author Robert O. Buck (son of the book's original author) delves into how computers, personal electronic devices, electronic flight instrument systems, and other technologies are changing the way general aviation pilots fly weather. He addresses the philosophy and discipline required to use these systems, what they are really telling us, and their task as supplement to good flying sense. The updated Fifth Edition also discusses how to handle changes in FSS weather briefing, including a look at new weather information products and airborne datalink weather information as they affect weather flying. This new edition features: Discussions of weather information--what it is, how to get it, and how to use it Explanations of various weather phenomena and how they affect a flight Updates on the new GPS and smart technology used in weather flying Changes in weather information and briefngs Descriptions of improved anti- and deicing systems Serious discussion of the pilot-electronics interface Now more than ever, having the Bucks' Weather Flying at the controls is the next best thing to having the authors with you in the cockpit. This comprehensive presentation examines scientific evidence of reincarnation, case histories, near-death experiences, heredity, genius, etc. It explores social and religious issues, and includes lectures delivered at Harvard and Columbia.*

A unique, inspiring and beautifully crafted sequence of meditations, drawn from the Pope's speeches and tweets since becoming pontiff in 2013. Reveals the genius of a global leader whose message transcends religious boundaries. Produced in cooperation with the Vatican. 'Some people want to know why I wished to be called Francis. For me, Francis of Assisi is the man of poverty, the man of peace, the man who loves and protects creation.' Pope Francis, March 16, 2013. By taking the name of one of the most widely respected figures in history, Pope Francis set a high bar for his papacy. The legacy of St Francis is epic: a breath-taking testament to divine love and the human capacity for compassion and joy. Since his election in March 2013, the pope's Franciscan 'accent' has become increasingly evident. His optimism, creativity, courage, and playful sense of humour are reminiscent of the beloved saint. Secret of Mary is a book by Saint Louis de Montfort on the Roman Catholic theme of devotion to the Blessed Virgin Mary. It complements de Montfort's other books the Secret of the Rosary and True Devotion to Mary. Saint Louis de Montfort's books attracted attention in the 20th century when in an address to the Montfortian Fathers, Pope John Paul II said that reading one of de Montfort's books had been a "decisive turning point" in his life.

A Flying Affair

The Awakening

St. Louis Browns

A searing portrait of the racial dynamics that lie inescapably at the heart of our nation, told through the turbulent history of the city of St. Louis. From Lewis and Clark's 1804 expedition to the 2014 uprising in Ferguson, American history has been made in St. Louis. And as Walter Johnson shows in this searing book, the city exemplifies how imperialism, racism, and capitalism have persistently entwined to corrupt the nation's past. St. Louis was a staging post for Indian removal and imperial expansion, and its wealth grew on the backs of its poor black residents, from slavery through redlining and urban renewal. But it was once also America's most radical city, home to anti-capitalist immigrants, the Civil War's first general emancipation, and the nation's first general strike—a legacy of resistance that endures. A blistering history of a city's rise and decline, The Broken Heart of America will forever change how we think about the United States.

Within the cracked and weathered exterior of an old steamer trunk, a family secret was waiting to be discovered. In 1999 Nova Hall, grandson of Donald A. Hall, uncovered a locked World War I era steamer trunk in his family's garage. Found inside was a collection of over 100 never-before-seen photographs, personal correspondence with Charles A. Lindbergh, original documents, design instruments, models, and film footage. Through the treasures archived by Donald A. Hall, we discover the mysterious man behind Lindbergh's historic trans-Atlantic flight to Paris. This book is a visually inspiring story of their teamwork and triumph.

A celebration of the remarkable art of this widely praised and much awarded illustrator. An essential part of any Zwerger collection.

Complementing the new permanent exhibition at the Missouri Historical Society, this anthology gathers over three centuries of writings on St. Louis by 100 individuals who have been inspired to describe the physical and cultural essence of this region. The volume contains excerpted selections from all genres—travel diaries, poetry, fiction, journalism, drama, and rare out-of-print and previously unpublished archival material—including poems by Angus Umphrville, from the first volume of verse published west of the Mississippi, and newspaper articles by Theodore Dreiser when he was a beat reporter for the St. Louis Globe-Democrat. Other compelling excerpts were authored by such notables as Auguste Chouteau, Charles Dickens, William Wells Brown, William T. Sherman, Sara Teasdale, T. S. Eliot, Tennessee Williams, Fanny Hurst, William S. Burroughs, Miles Davis, Nzotake Shange, John Lutz, Carl Phillips, and Quincy Troupe. A biographical introduction precedes each entry to place the author and the excerpt in the proper historical context. The content of Seeking St. Louis was enriched by the involvement of several of the St. Louis area's foremost literary experts—Robert Boyd, Jan Garden Castro, Gerald Early, Wayne Fields, and Karen Goering—who served as contributing editors.

This study, based on newspapers, journals, oral interviews, and academic studies examines nineteenth and twentieth century cultural changes through the space and place of American baseball parks to expose how public buildings exemplify American culture. The argument put forth by author Connie F. Sexauer is: Connections can be made by examining these places to reveal economic, political, and social conditions of American society to reveal changes to the culture of the day.The park is an important source to follow American society in the twentieth century. Beyond the architectural structure and the neighborhood setting, how did people use the grounds and how can we understand society by inspecting this material cultural? How did the parks change the communities and the people who attended the games? How did the people attempt to control the setting? This book will examine cultural spaces in St. Louis, Missouri that attracted sports enthusiasts. Sportsman's Park at Grand and Dodier in use from 1866 to 1966, and Civic Center Busch Memorial Stadium at Seventh and Spruce which opened in 1966 and closed in 2005, as well as the new stadium, Busch III that opened in spring 2006. Sexauer contends that the development of the ballpark design, the space and place of the ballpark parallels the general cultural development of American urban design and reflects the technological and cultural changes in twentieth century America and into the 21st century. Specifically baseball went from a poor man's exercise of fun to a multi-billion dollar industry in the course of a century with the unsuspecting American citizens feeding the pockets of the rich owners. This book will more clearly illuminate the importance of professional baseball in the cultural advance of American society.About the AuthorConnie F. SexauerDr. Sexauer has taught at the University of Wisconsin - Marathon County for the past 15 years. She teaches U. S. history and Gender Studies. She is a graduate of the University of Cincinnati with a specialty in urban history. She was born and raised in St. Louis, MO and the subject of the St. Louis Cardinals has been a passion of hers for over fifty years. The subject of her latest book, From a Park to a Stadium, to a Little Piece of Heaven brings together her love of history, cultural studies, social change, and changes in sports. She has had articles published and delivered national papers on this subject of America's favorite pastime.

As we all know, St. Louis is the best baseball town in America, but the city's major league history is not confined to the Cardinals. For several decades, until the middle of the twentieth century, St. Louis fielded a second professional team. True, it was mostly a losing team, but it once featured a first baseman who hit .400, a legendary Negro League star, and a pitcher who would go on to throw a perfect game in the World Series. They were the St. Louis Browns--the forerunners of the current Baltimore Orioles and a part of St. Louis's rich baseball history.

Comprehensive biography of Anthony Fokker, the famed Dutch pilot and daredevil aviator Anthony Fokker: The Flying Dutchman Who Shaped American Aviation tells the larger-than-life true story of maverick pilot and aircraft manufacturer Anthony Fokker. Fokker came from an affluent Dutch family and developed a gift for tinkering with mechanics. Despite not receiving a traditional education, he stumbled his way into aviation as a young stunt pilot in Germany in 1910. He survived a series of spectacular airplane crashes and rose to fame within a few years. A combination of industrial espionage, luck, and deception then propelled him to become Germany's leading aircraft manufacturer during World War I, making him a multimillionaire by his midtwenties. When the German Revolution swept the country in 1918 and 1919, Fokker made a spectacular escape to the United States. He set up business in New York and New Jersey in 1921, and shortly thereafter became the world's largest aircraft manufacturer. The U.S. Army and Navy acquired his machines, and his factories equipped legendary carriers such as Pan American and TWA at the dawn of commercial air transport. Yet despite his astounding success, his empire collapsed in the late 1920s after a series of ill-conceived business decisions and deeply upsetting personal dramas. In 1927, aviator Richard Byrd solicited a Fokker three-engine plane to be the first to fly non-stop across the Atlantic. The plane was damaged on a test flight and Charles Lindbergh beat him to it. Lindbergh's solo adventure in the Spirit of St. Louis earned him—and cost Fokker—a lasting place in the history books. Using previously undiscovered records and primary sources, Marc Dierikx traces Fokker's extraordinary life and celebrates his spectacular achievements.

St. Louis Cardinals ABC is the ultimate alphabet book for every young Cardinals fan! A is for at-bat (Stan Musial), F is for the Fredbird, M is for the Mad Dash and, of course, W is for World Series Trophy! Toddlers will love learning their letters with all the great baseball symbols. Parents, grandparents, aunts and uncles will enjoy sharing their memories with the next generation of baseball fans. The book is even shaped like a baseball jersey! Officially licensed by Major League Baseball.

The Spirit in St. Louis

Inspiring Words on Faith, Love and Creation

From the Gateway Arch to scenic Forest Park, this charming board book captures the spirit of St. Louis. Young readers will be captivated by a creative and colorful tour that includes City Center, Busch Stadium, St. Louis Zoo, Magic House, Citygarden, Laumeier Sculpture Park, Grant's Farm, St. Louis Science Center, Onondaga Cave State Park, and more.

A much-maligned minority throughout American history, atheists have been cast as a threat to the nation's moral fabric, barred from holding public office, and branded as irreligious misfits in a nation chosen by God. Yet village atheists--as these godless freethinkers came to be known by the close of the nineteenth century--were also hailed for their gutsy dissent from stultifying pieties and for posing a necessary secularist challenge to the entanglements of church and state. In *Village Atheists*, Leigh Eric Schmidt explores the complex cultural terrain that unbelievers have long had to navigate in their fight to secure equal rights and liberties in American public life. He rebuilds the history of American secularism from the ground up, giving flesh and blood to these outspoken infidels. *Village Atheists* demonstrates that the secularist vision for the United States proved to be anything but triumphant in a country where faith and citizenship were--and still are--closely interwoven.

From the author of the extraordinary *Vampire Chronicles* comes a huge, hypnotic novel of witchcraft and the occult through four centuries. Demonstrating, once again, her gift for spellbinding storytelling and the creation of legend, Anne Rice makes real for us a great dynasty of witches--a family given to poetry and to incest, to murder and to philosophy; a family that, over the ages, is itself haunted by a powerful, dangerous, and seductive being. On the veranda of a great New Orleans house, now faded, a mute and fragile woman sits rocking . . . and *The Witching Hour* begins. It begins in our time with a rescue at sea. Rowan Mayfair, a beautiful woman, a brilliant practitioner of neurosurgery--aware that she has special powers but unaware that she comes from an ancient line of witches--finds the drowned body of a man off the coast of California and brings him to life. He is Michael Curry, who was born in New Orleans and orphaned in childhood by fire on Christmas Eve, who pulled himself up from poverty, and who now, in his brief interval of death, has acquired a sensory power that mystifies and frightens him. As these two, fiercely drawn to each other, fall in love and--in passionate alliance--set out to solve the mystery of her past and his unwelcome gift, the novel moves backward and forward in time from today's New Orleans and San Francisco to long-ago Amsterdam and a chateau in the France of Louis XIV. An intricate tale of evil unfolds--an evil unleashed in seventeenth-century Scotland, where the first "witch," Suzanne of the Mayfair, conjures up the spirit she names Lasher . . . a creation that spells her own destruction and torments each of her descendants in turn. From the coffee plantations of Port au Prince, where the great Mayfair fortune is made and the legacy of their dark power is almost destroyed, to Civil War New Orleans, as Julien--the clan's only male to be endowed with occult powers--provides for the dynasty its foothold in America, the dark, luminous story encompasses dramas of seduction and death, episodes of tenderness and healing. And always--through peril and escape, tension and release--there swirl around us the echoes of eternal war: innocence versus the corruption of the spirit, sanity against madness, life against death. With a dreamlike power, the novel draws us, through circuitous, twilight paths, to the present and Rowan's increasingly inspired and risky moves in the merciless game that binds her to her heritage. And in New Orleans, on Christmas Eve, this strangest of family sagas is brought to its startling climax.

Sometimes an ordinary day needs a little glitter. Andy Cohen has made a career, and a life, out of making the ordinary extraordinary. The inspiration for this fabulous, over-the-top view of the world has always come from the incredible women (from his mother to Madonna) he loves. In *Glitter Every Day* Andy shares his most beloved words of daily inspiration, affirmation, and (just enough) intoxication from those lovely ladies to make any ordinary day shine bright. Andy not only gathers 365 sayings and quotes from the icons, thought leaders, Real Housewives and legendary celebs that fuel his fun, he writes about the people and experiences that have made him live one of the most joyous lives that any little boy growing up in St. Louis could dream of so that you can, too. And like Andy himself, *Glitter Every Day* is irresistible, infusing your day with a laugh, a pep talk and a shot (ski) of fun. So pour a drink, put on your heels, and always remember to let yourself shine.

Seeking St. Louis

As Hurricane Katrina bears down on New Orleans, Saint is stuck in the city after escaping evacuation so he can look for his dog, Shadow, and he, Shadow, and an elderly neighbor, Miz Moran, take shelter in her attic.

Along with most of my fellow fliers, I believed that aviation had a brilliant future. Now we live, today, in our dreams of yesterday; and, living in those dreams, we dream again...." -- From "The Spirit of St. Louis" Charles A. Lindbergh captured the world's attention -- and changed the course of history -- when he completed his famous nonstop flight from New York to Paris in 1927. In "The Spirit of St. Louis," Lindbergh takes the reader on an extraordinary journey, bringing to life the thrill and peril of trans-Atlantic travel in a single-engine plane. Eloquently told and sweeping in its scope, Lindbergh's Pulitzer Prize-winning account is an epic adventure tale for all time.

The Spirit of St. LouisSimon and Schuster

"Chronicles the transformation of the patch of farmland leased by Albert Bond Lambert in 1920 into the sprawling international airport it is today. Illustrated extensively with images from the airport's history, the book tells not only the story of Lambert-St. Louis International Airport, but also the history of what it means to take flight in America--

St. Louis and the Violent History of the United States

The Life, Lives, and Times of the Surgical Spirit of St. Louis

In the year 1464, the Kingdom is engulfed by civil war as the renowned houses of Lancaster and York fight to the death for the crown of England. Richard, Duke of Gloucester, the future Richard III, arrives, aged twelve, for the safety of Middleham Castle to begin his training for knighthood. His new companions discover he can change from kindness to cold rage within the wink of an eye. Men, it was said, watched him with wary eyes, for they knew when the young pup found his teeth, he would make a dangerous enemy. Far in the north, Margaret of Anjou, warrior Queen to Henry VI, prepares to fight against the advancing armies of Edward IV. Why does she abandon her husband, and flee to France vowing never to return? Who blackmails her, seven years later, to join forces with her most hated enemy, to return and fight once again for the crown of England? King Edward IV, tall, handsome, and clever, is a brilliant warrior, whose Achilles' heel is women; he loves them all. What dark forces drive him into a secret marriage that rips his kingdom apart? He is forced to fight Louis XI of France, and the mighty Earl of Warwick, not only for his crown but also his life. From the courts of Edward IV, Louis XI, and Margaret of Anjou, comes intrigue, betrayal, witchcraft, and love. *The Dreams of Kings* weaves plots and characters together to make a roller-coaster read of the period they call the WAR of the ROSES.

PresentsLindbergh's own account of his historic transatlantic solo flight in 1927.

No metropolis in America has more pure baseball spirit than St. Louis, Missouri. It's a love affair that began in 1874, when a band of local boosters raised \$20,000 to start a professional ball club, and the honeymoon still isn't over. Now Peter Golenbock, the bestselling author and master of baseball oral history, has written another remarkable saga enriched by extensive and incomparable remembrances from the scores of players, managers, and executives who lived it. These pages capture the voices of Branch Rickey on George Sisler. Rogers Hornsby and his creation of the farm system. Hornsby on Grover Cleveland Alexander -- and Alexander on Hornsby. Dizzy Dean on -- who else? -- Dizzy Dean. And so many others including "The Man" himself, Stan Musial; Eldon Auker, Ellis Clary, Denny Galehouse, and Don Gutteridge on the 1940s Browns; Brooks Lawrence, the second man to cross the Cardinals' color line; Jim Bronsnan, the first man to break the players' "code of silence"; Tommy Herr, Darrell Porter, and Joe McGrane on Whitey Herzog's Cardinals; and Cardinal owner Bill DeWitt, Jr., on the team today.
