exhaustive reference text and a compulsively addictive narrative from the turn of the 1900s. Francis H. Buzzacott would find little in common with the hiker and camper of contemporary times. This is the American frontiersman at his best—no-holds-barred approach to sporting. And while some of the advice and information in The Lost Art of the Sportsman has undoubtedly been replaced with the advent of new technology, what's surprising is just how much of the book is still essential advice and knowledge for the modern hunter, fisher, and camper. Inside, you'll learn:

- What to bring on a fishing, hunting, or camping trip
- Recipes for easy campfire meals
- Hunting, fishing, and trapping tips for a variety of animals
- How to deal with an emergency in a remote place

From their offices above a boxing gym in Old Havana, Medlar Lucan and Durian Gray have set aside their congenital lethargy to begin a glittering and fantastical new project: The Decadent Sportsman. "We are inspired in part by the magnificent wastefulness of the preparations for the London Olympic Games, exactly the kind of futile extravagance that Caligula or Nero would have adored, and in part by the pungent odours of sweat and bruised leather that waft up through the ventilation grilles in

the floorboards from the boxing ring below." This orchid-scented duo bring their wit and monstrous imaginations to play across the entire history of sport, with chapters ranging from the Greek athletic ideal and its perversions to the Nazi Olympics of 1936 and the use of drugs, alcohol and visionary states of being. The book also includes the full text of their proposal to the IOC for a new and more impressive Alternative Olympic Games, with events such as voyeurism, dentistry, Russian roulette, cocktail mixing, posing, couture, hairdressing, mendacity, bohemianism, architectural patisserie, and the roasting and carving of meat."

With 11 seasons in the NFL, Dhani Jones had an unusually long career for a football player. But early on, Dhani thought his playing days were over. Cut by the Eagles and the Saints, he was at a professional crossroads. When the Bengals called, though, he was more than ready and in the best shape of his life. And for that, he credits his off-season. The Sportsman follows Dhani's discovery that the parts of his life, which to many seemed to be distractions—including an off-season TV show that sent him around the world to learn and compete in other sports—actually served to cross-train him in ways he'd never imagined, enabling him to become more grounded, globally

aware, and, most surprisingly, a much better football player. Part travelogue, part workout guide, part inspirational memoir, *The Sportsman* is an invigorating account of Dhani's global sporting adventures and the lessons he learned along the way. From dragon boat racing in Singapore to carrying 300-pound rocks in Iceland and biking in Italy, Dhani's adventures taught him to be tougher, smarter, and stronger than ever. *The Sportsman* is a reminder that by connecting to the world through its people and customs and the spirit of competition, we empower ourselves in ways that can surpass our craziest expectations.

"This manual is intended to provide as much practical insight into the various modes of trapping, snaring, and netting the animals and birds of the British Isles as can be furnished by writing. Whenever possible and desirable, such insight is given of the haunts and habitats of the creatures to be caught as may prove useful to the amateur or tyro, for whom it is more particularly planned, than for the professional. Every piece of work, device, trap, snare, or net described has been performed, employed, or made by the author, and it is hoped that the experience gained during many
