This work argues that casuistry provided an important resource for Donne and others caught in the welter of conflicting laws and religions in post-Reformation Europe. Focussing on Donne's works, the book also examines the political, historical, and theological discourses in which Donne's view of authority and interpretation took shape.

The Craft of Poetry

No Man Is an Island

A wonderfully accessible handbook to the art of writing and reading poetry--itself written entirely in verse How does poetry work? What should readers notice and look out for? Poet Lucy Newlyn demystifies the principles of the form, effortlessly illustrating key approaches and terms--all through her own original verse. Each poem exemplifies an aspect of poetic craft--but read together they suggest how poetry can evoke a whole community and its way of life in myriad ways. In a series of beautiful meditations, Newlyn guides the reader through key aspects of poetry, from sonnets and haiku to volta and synecdoche. Avoiding glosses and notes, her poems are allowed to speak for themselves, and show that there are no limits to what poetry can communicate. Newlyn's timeless verse will appeal to lovers of poetry as well as to practitioners, teachers, and students of all ages. Onomatopoeia You'd play here all day if you had your way-- near the stepping-stones, in the clearest of rock-pools, where water slaps and slips; where minnows dart, and a baby trout flop-flips.

Presents a critical analysis of some of the works of John Donne with a short biography.

John Donne is now a strong candidate for the most popular Renaissance writer after Shakespeare. Paying tribute to the living vitality of Donne's literary voice, and the kaleidoscope of social detail embedded in his writings, Richard Sugg offers a vibrant engagement with the author's work, life and times. He shows how Donne's fiercely original mind produced remarkable and challenging new images of selfhood, love, friendship, and of a natural world marked by the unstable movement from religion to early science. To fully appreciate Donne's life and writing it is necessary to comprehend the strangeness of his social and intellectual milieu: the peculiar mixture of splendour, violence and suffering which spilled across his path in the streets, theatres and churches of seventeenth-century London, and the attitudes and ideologies expressed within them. This book offers readers not just Donne, but his world. Richard Sugg is the author of ten books, including *The Smoke of the Soul* (Palgrave, 2013), *Mummies, Cannibals and Vampires: The History of Corpse Medicine from the Renaissance to the Victorians* (2nd edn 2015), *A Singing Mouse at Buckingham Palace* (2017), *Fairies: A Dangerous History* (Reaktion, 2018), and *The Real Vampires* (Amberley, 2019). He is currently completing *Talking Dirty: The History of Disgust*. A 3rd updated edition of *Mummies, Cannibals and Vampires* will be appearing shortly. His work has appeared widely in international press, radio and television. He has previously lectured in English and Cultural History at the universities of Cardiff and Durham.

There may be no finer edition of Donne's Songs and Sonets than Redpath's annotated volume. Out of print for a decade, it is reprinted here in its second, revised edition. The book's twofold origin is evident on every page of commentary: it arises partly from a life of scholarship and partly from Redpath's experiences as a teacher.

The Everyman's Library Pocket Poets hardcover series is popular for its compact size and reasonable price which does not compromise content. Poems: Donne contains Songs and Sonnets, Letters to the Countess of Bedford, The First Anniversary, Holy

Sonnets, Divine Poems, excerpts from Paradoxes and Problems, Ignatius His Conclave, The Sermons, Essays and Devotions, and an index of first lines.

This collection of poems and essays by both poets and scholars explores how John Donne's writing has entered into the language, the imagination, and the navigation of erotic and spiritual desires and experiences of twentieth- and twenty-first-century writers. The chapters chart a winding path from a description of the Donne and Contemporary Poetry Project at Fordham University to an encounter with the Holy Sonnets to a set of modern holy sonnets and then through the work of a poet who used Donne's Devotions on Emergent Occasions to chart his own dying. There are further poems on sickness and recovery, an essay on Donne and disease that brings in the work of an Australian poet, and several chapters of poems with various Donnean echoes. Of the final four chapters, one places Donne in relation to another poet and one to the Psalms, followed by two chapters on Donne's speech figures and his poetics.

For more than fifty years, the proximity of Donne's work to Shakespeare's, including the range of their writings, has received scant attention. Centering on cross-fertilization between the writings of Shakespeare and Donne, the essays in this volume examine relationships that are broadly cultural, theoretical, and imaginative.

John Donne published Pseudo-Martyr in 1610, at a moment of extreme political tension between London and Rome. It was an attempt to convince English Roman Catholics that they could remain loyal to the spiritual authority of Rome and still take the oath of allegiance to the British Crown and avoid persecution. Donne, brought up as a Catholic and trained as a lawyer, argued his case by appealing to precedents from the body of canon and civil law in existence since the beginning of Christian civilization. Pseudo-Martyr is thus a vast survey of relations between church and state from the days of the early church to 1600. Donne also drew detailed historical parallels between crises in medieval and contemporary times and the particular dilemma of Catholics in England to prove that a compromise of loyalties was possible and acceptable.

Donne and the Politics of Conscience in Early Modern England

For Dante and Petrarch, posthumous love was a powerful conviction. Like many of their contemporaries, both poets envisioned their encounters with their beloved in heaven—Dante with Beatrice, Petrarch with Laura. But as Ramie Targoff reveals in this elegant study, English love poetry of the Renaissance brought a startling reversal of this tradition: human love became definitively mortal. Exploring the boundaries that Renaissance English poets drew between earthly and heavenly existence, Targoff seeks to understand this shift and its consequences for English poetry. Targoff shows that medieval notions of the somewhat flexible boundaries between love in this world and in the next were hardened by Protestant reformers, who envisioned a total break between the two. Tracing the narrative of this rupture, she focuses on central episodes in poetic history in which poets developed rich and compelling compensations for the lack of posthumous love—from Thomas Wyatt's translations of Petrarch's love sonnets and the Elizabethan sonnet series of Shakespeare and Spencer to the carpe diem poems of the seventeenth century. Targoff's centerpiece is Romeo and Juliet, where she considers how Shakespeare's reworking of the Italian story stripped away any expectation that the doomed teenagers would reunite in heaven. Casting new light on these familiar works of poetry and drama, this book ultimately demonstrates that the negation of posthumous love brought forth a new mode of poetics that derived its emotional and aesthetic power from its insistence upon love's mortal limits.

Here is a spiritual and literary exploration of the famed Renaissance poet (1572–1631) that looks at his life and work, the transformation of his writing from secular to spiritual, and his relation to modern critics.

particular way, poetry is a way of organizing language. It is language made special so that it will be remembered and valued. It does not always work—over the centuries countless thousands of poems have been forgotten. But this Little History is about some that have not. John Carey tells the stories behind the world's greatest poems, from the oldest surviving one written nearly four thousand years ago to those being written today. Carey looks at poets whose works shape our views of the world, such as Dante, Chaucer, Shakespeare, Whitman, and Yeats. He also looks at more recent poets, like Derek Walcott, Marianne Moore, and Maya Angelou, who have started to question what makes a poem "great" in the first place. For readers both young and old, this little history shines a light for readers on the richness of the world's poems—and the elusive quality that makes them all the more enticing.

Chasing the Sun

Now that Latinos are the most numerous ethnic minority in the United States and a growing part of the middle and professional classes, a Mexican American educator takes stock. Latinos can see that their sun is rising. Marco Portales knows; his life has been lived under that rising sun. On the beach at Corpus Christi, in class at SUNY-Buffalo, waiting tables in Chicago, traveling to London, teaching at Berkeley, raising a family near NASA headquarters in Houston—Portales gives readers a view of the private world and public significance of Latinos. By vividly recreating his parents' generation as well as his own, Marco Portales encourages readers to consider Latino progress since the days of his happy youth during the Eisenhower fifties, years that coalesced into the gradual but steady unfurling of his ethnic consciousness. Working within a traditional Aztec framework of "suns" or days, Portales looks through the window of individual life onto the "morning" (sol naciente) of growing up as a minority member of American society, the "noontime" (sol ardiente) of private adult life and the transmission of identity to a new generation, and the full heat of afternoon (sol radiante), when public business is done and the larger polity is addressed. In the compelling details of a life truly lived—and a balanced, lively intellect that articulates itself in a society that often asks people such as him to choose between their American and Mexican identities—Portales inscribes himself into his people's experience. At the same time, he remains fully aware—and helps raise our awareness—that no one person's story can embody and represent the ancestral histories and the great worth and potential of all U.S. Latinos.

A collection of new studies on one of the best known and most important British literary critics of the twentieth century. The book is divided into four sections: documentary analysis of Leavis's practice as a teacher, drawing on seminar notes, lecture handouts, reading lists and other material; new bibliographical data, including a detailed account of Leavis's project to turn Daniel Deronda into a new novel called Gwendolen Harleth; critical essays on Leavis's thought; and memoirs of different phases in Leavis's career, from the 1930s to the 1960s. The volume also includes an up-to-date Reader's Guide to Leavis's own writings and to the many studies of his work.

'A sparkling and illuminating study, one of those rare books that could genuinely improve your life' Sunday Times Since the dawn of time, humans have worshipped the sun. And with good reason. Our biology is set up to work in partnership with it. From our sleep cycles to our immune systems and our mental health, access to sunlight is crucial for living a happy and fulfilling life. New research suggests that our sun exposure over a lifetime - even before we were born - may shape our risk of developing a range of different illnesses, from depression to diabetes. Bursting with cutting-edge science and eye-opening advice, Chasing the Sun explores the extraordinary significance of sunlight, from ancient solstice celebrations to modern sleep labs, and from the unexpected health benefits of sun exposure to what the Amish know about sleep that the rest of us don't. As more of us move into light-polluted cities, spending our days in dim offices and our evenings watching brightly lit screens, we are in danger of losing something vital: our connection to the star that gave us life. It's a loss that could have far-reaching consequences that we're only just beginning to grasp.

Born in the 1570s, John Donne was educated at Oxford and Cambridge. As Dean of St Paul's he preached before Charles I. He also wrote satire & poetry, but is best remembered as a great writer of metaphysical poetry. This is his most famous poem.'

These poems are done by 17th-century writers who devised a new form of poetry full of wit, intellect and grace, which we now call Metaphysical poetry. They wrote about their deepest religious feelings and

their carnal pleasures in a way that was radically new and challenging to their readers. Their work was largely misunderstood or ignored for two centuries, until 20th-century critics rediscovered it.

"Songs and Sonnets" from John Donne. English poet, satirist, lawyer and a cleric in the Church of England (1572-1631).

No poet has been more wilfully contradictory than John Donne, whose works forge unforgettable connections between extremes of passion and mental energy. From satire to tender elegy, from sacred devotion to lust, he conveys an astonishing range of emotions and poetic moods. Constant in his work, however, is an intensity of feeling and expression and complexity of argument that is as evident in religious meditations such as 'Good Friday 1613. Riding Westward' as it is in secular love poems such as 'The Sun Rising' or 'The Flea'. 'The intricacy and subtlety of his imagination are the length and depth of the furrow made by his passion,' wrote Yeats, pinpointing the unique genius of a poet who combined ardour and intellect in equal measure.

The Metaphysical Poets

A Little History of Poetry

Pseudo-martyr

Sun Rising by John Donne

JOHN DONNE: AIR AND ANGELS: SELECTED POEMS A selection of the finest poems by British poet John Donne. John Donne was, Robert Graves said, a 'Muse poet', a poet who wrote passionately of the Muse. It is easy to see Donne as a love poet, in the tradition of love poets such as Bernard de Ventadour, Dante Alighieri, Francesco Petrarca and Torquato Tasso. Donne has written his fair share of love poems. There are the bawdy allusions to the phallus in 'The Flea', while 'The Comparison' parodies the adoration poem, with references to the 'sweat drops of my mistress' breast'. Like William Shakespeare in his parody sonnet 'my mistress' eyes are nothing like the sun', Donne sends up the Petrarchan and courtly love genre with gross comparisons ('Like spermatic issue of ripe menstruous boils'). In 'The Bait', there is the archetypal Renaissance opening line 'Come live with me, and be my love', as used by Christopher Marlowe and William Shakespeare, among others. And there is the complex, ambivalent eroticism of 'The Extasie', a much celebrated love poem, and the 19th 'Elegy', where features Donne's famous couplet: Licence my roving hands, and let them go Before, behind, between, above, below. The Songs and Sonnets of John Donne celebrate the many emotions of love, feelings that are so familiar in love poetry from Sappho to Adrienne Rich. Donne does not quite cover every emotion of love, but a good deal of them. In 'The Canonization', we find the age-old Neo-platonic belief that two can become as one ('we two being one', or 'we shall/ Be one', he writes in 'Lovers' Infiniteness'), a common belief in love poetry. John Donne's love poetry, like (nearly) all love poetry, self-reflexive. Although he would 'ne'er parted be', as he writes in 'Song: Sweetest love, I do not go', he knows that love poetry comes out of loss. The beloved woman is not there, so art takes her place. The Songs and Sonnets arise from loss, loss of love; they take the place of love. For, if he were clasping his beloved in those feverish embraces as described in 'The Extasie' and 'Elegy', he would not, obviously, bother with poetry. Love poetry has this ambivalent, difficult relationship with

love. The poem is not love, and is no real substitute for it. And writing of love exacerbates the pain and the insecurity of the experience of love. With an introduction and bibliography. Illustrated, with new pictures. The text has been revised for this edition. Also available in an E-book edition. www.crmoon.com. "
