Chinese manual  
entitled "Tao Te

people the art of

Catherine

sage, Laozi, is believed to have lived around 600 B.C. In his professional life, he worked as a record keeper for the Zhou Dynasty Court. However, historians are still unsure about the exact date and

time when the Tao  
Te Ching was  
actually written.

The only thing  
they know is that  
the oldest Chinese  
texts that were  
excavated dates  
back to sometime  
in the late 4th  
century B.C. Even  
though they were  
originally written

Tao Te Ching is not a long book to read by any means. It is only 5,000 Chinese characters long with about 81 very brief sections or chapters. The writing is of a classical form of Chinese called zhuanshu. As the

File Type PDF The  
Tao Of Montessori  
Reflections On

centuries went by,  
the later versions  
were written in  
Lishu and Kaishu.

As for the  
chapters, no one  
knows if the  
separated  
chapters were  
originally placed  
there by Laozi or if  
they were added  
later on. Some

# File Type PDF The Tao Of Montessori

Reflections On  
Compassionate  
Teaching  
Catherine

people think they  
were added later  
on as a way to  
help memorize the  
information and  
add commentary.

The whole book is  
divided into two  
main parts. The  
first part is the Tao  
Ching, which goes  
from chapter 1 to  
chapter 37. The

File Type PDF The  
Tao Of Montessori  
Reflections On

second part is the  
Te Ching, which  
goes from chapter  
38 to chapter 81.

Some even refer to  
this style of writing  
as laconic and  
poetic because of  
its brief chapters  
and intentional  
contradictions.

This writing is  
strategic in a

sense because it  
creates memorable  
phrases and then  
forces the reader  
to create their own  
reconciliations  
from all the  
supposed  
contradictions.

This is why it takes  
some people their  
entire lives to fully  
understand the

File Type PDF The  
Tao Of Montessori  
Reflections On  
message behind  
the text. For  
others, they never  
fully grasp it.

Although  
translations and  
interpretations of  
the Tao te Ching  
abound and new  
editions are  
released yearly,  
few accomplish  
the hard work of

Many years ago,  
Dr. Maria

began to  
suspect that  
traumatic  
experiences in  
childhood could  
damage the very

the developing  
brain, causing  
serious  
cognitive,  
emotional and

social

children.

Although she  
did not have  
the medical  
technology to  
prove this, as  
present day  
neurologists  
have, her  
meticulous  
observations

showed her that  
trauma causes

"defects" in  
the child which  
"may be

permanent." As

a result, she

devoted her

life to the

creation of

"prepared
