message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for "the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned," the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, "to recognize the traces of God's Spirit in events great and small." Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn, to

In this 2006 text, Daniel M. Gurtner examines the meaning of the rending of the veil at the death of Jesus in Matthew 27:51a by considering the functions of the veil in the Old Testament and its symbolism in Second Temple and Rabbinic Judaism. Gurtner incorporates these elements into a compositional exegesis of the rending text in Matthew. He concludes that the rending of the veil is an apocalyptic assertion like the opening of heaven revealing, in part, end-time images drawn from Ezekiel 37. Moreover, when the veil is torn Matthew depicts the cessation of its function, articulating the atoning role of Christ's death which

gives access to God not simply in the sense of entering the Holy of Holies (as in Hebrews), but in trademark Matthean Emmanuel Christology: 'God with us'. This underscores the significance of Jesus' atoning death in the first gospel.

The relationship between Israel and the church is one of the most debated issues in the history of theology. Some hold the view that there is almost seamless continuity between Israel and the church, while others believe there is very little continuity. Additional perspectives lie between these two. This debate has contributed to the formation of denominations and produced a variety of political views about the state of Israel. To advance the conversation, Perspectives on Israel and the Church brings together respected theologians representing four positions: Traditional

Destruction of temples and their transformation into churches are central symbols of change in religious environment, socio-political system, and public perception in late antiquity. Archaeologists, historians, and historians of religion seek an appropriate larger perspective on the phenomenon of temple-destruction. Uses archaeological and textual evidence to clarify the nature of Galilean discontent and the advent of Jesus' eschatological ministry. A primer by respected Washington, DC pastor and 9Marks ministry president Mark Dever on the doctrine of the church that explores the important issues of church life, other doctrines, worship, and polity.

In this comprehensive study, a New  
Studies in Biblical Theology volume, G. K.  
Beale traces the theme of the tabernacle  
and temple across the storyline of  
Scripture, illuminating many texts and  
connections with related themes such as  
Eden, the cosmos, God's presence and  
Christ and his people.

"Together" is a tale of one United  
Methodist Church that embraces a mission  
to "Love ALL people into relationship with  
Jesus Christ" and how they had to learn to  
accept the "ALL people" that Christ sent  
them to love.

In this NSBT volume, Dr. J. Gary Millar  
provides a careful and perceptive analysis  
of Deuteronomy's ethical teaching set in  
the context of the book's theology. After  
discussing how Deuteronomy has been  
understood by other scholars, he sets out

Perfect for sharing the grandeur with friends of other faiths or for teaching children about the temples, this book will become a cherished volume in any gospel library.

The heart of the biblical understanding of idolatry, argues Gregory Beale, is that we take on the characteristics of what we worship. Employing Isaiah 6 as his interpretive lens, Beale

demonstrates that this understanding of idolatry permeates the whole canon, from Genesis to Revelation. Beale concludes with an application of the biblical notion of idolatry to the challenges of contemporary life.

Then I saw a new heaven and a new earth ... And I saw the holy city, new Jerusalem ... And I heard a loud voice from the throne saying, "Behold, the dwelling place of God is with man." (Revelation 21:1-3, ESV). In this comprehensive study, Gregory Beale argues that the Old Testament tabernacle and temples were symbolically designed to point to the end-time reality that God's presence, formerly limited to the Holy of Holies, was to be extended

throughout the whole cosmos.

Hence, John's vision in Revelation 21 is best understood as picturing the new heavens and earth as the eschatological temple. Professor Beale's stimulating exposition traces the theme of the tabernacle and temple along the Bible's story-line, also illuminating many texts and closely related themes. He shows how the significance and symbolism of the temple can be better understood in the light of contrasts to and similarities with Ancient Near Eastern assumptions, and offers new insights into the meaning of the temple in both Old and New Testaments.
