In writing Collectively Wrong, I have come to the conclusion that the concept of human rights should not exist and would not exist in a world that operated at the level of logic. After all, how is it logical that a species of human beings so alike in their individual make-up receives such disparate individual treatment? The truth is that the battle to create a level playing field in the fight for human rights is a battle that need not be fought at all in a world where each individual human being is operating at the level of logic where truth resides. This book attempts to tackle the issue of human rights at the level of reality and truth. Operating at the level of reality and truth is becoming increasingly difficult in world that has been set up for success based on man-made belief systems like competition and hierarchy because at the core of competitive systems fighting for supremacy (whether is be an individual, a business or a country) is the idea that we must keep our strategies close to the cuff for fear that if we give them away we lose our competitive edge. The end result of this conditioning is that we are now operating in systems that require more and more deception and secrecy for their survival. The winners take all in these systems and the winners are the ones who can play the system best. Unfortunately, the people who play the systems best are rarely, if ever, the best people. More often than not, they are narcissistic, cutthroat and unaware human tools playing a game they make it their life's goal to win. That is what happens when you pit human being against human being in systems built on foundations of competition and nationalism rather than cooperation and teamwork. A winner in these man-made systems is unable to view him/herself as a conscious individual able to nurture their humanity within, much less view anyone else that way. If they were to view themselves and others that way, they would surely lose their competitive edge and be tossed aside to make way for someone else who is willing to forego truth in favor of winning the game. As counter-intuitive as it may sound, the concept of "fighting for human rights" serves the interests of the power structure. How can people ever come together when engaged in a fight? The war on drugs. The war on terror. Religion's war for our souls. They are all just different versions of the us vs. them competitive mentality that has plagued mankind since its inception. Jesus has a central role in this book because his was the voice of truth. As the voices of truth are becoming louder and louder in our present day and the numbers of people speaking it are increasing exponentially, the power hierarchies around the world are employing the strategies of the mob to silence them. They are killing the messengers, arresting the truth tellers and harassing the non-conformists. Technology is working in their favor and my fear is that many truth tellers like Jesus will have to make very difficult decisions in favor of retaining their consciousness of truth in a world that is upside down as a result of believing that secrecy and deception will rescue it when the opposite is true. It is leading to its destruction.

An expose of ancient and modern deceptions, hidden agendas, and overlooked truths. Prepared for the thoughtful reader who is willing to follow the admonition of Patrick Henry: "We are apt to shut our eyes against a painful truth.. For my part, whatever anguish of spirit it may cost, I am willing to know the whole truth; to know the worst, and to provide for it." The Truth War Study Guide

Discovery in the Desert

Right now, Truth is under attack, and much is at stake. Christians are caught in the crossfire of alternative Christian histories, emerging faulty texts, and a cultural push to eliminate absolute Truth altogether. As a result, many churches and Christians have been deceived. Worse still, they propagate the deception that poses itself as Truth! In The Truth War Study Guide John MacArthur reclaims the unwavering certainty of God's Truth and anchors Christians in the eternal, immovable promises that are found in His Word. For those struggling with contemporary society's apparent willingness to redefine "truth", The Truth War Study Guide: Empowers Christians to claim the certainties that God promises Critical evaluation of postmodern trends Teaches Christians how to identify and address the errors and false teachings smuggled into their churches For small group discussion or individual study 31 full-page, full-color Scripture images complement the short devotions that fill this unique "coffee table" devotional. In its pages, you'll discover that peace can transcend circumstances. "Everyday Praise" explores the practice and blessings of praise through meditations consisting of biblical insights; the author's personal testimonies and observations; probing questions and applications; and heart-felt prayers of praise. The vibrant images pull you into each encouraging word. Reminder phrases accent the point of each message. Each entry in "Everyday Praise" reads quickly but probes deeply, as a catalyst to spiritual growth. Too often we believe we have to endure life. Yet in Christ, Jesus, we can find joy and peace even in the midst of difficult circumstances. But that's only possible when our focus shifts from those circumstances to the One who promises to be our strength ... our hope. That's where praise comes in. We all face struggles. Hard times will come. When it does is, we often wonder, "How can I praise God in the middle of this mess?" It's a question I've asked. Maybe you have too. Because praising God comes easy during life's grand moments. Yet, in the difficult ones, glorifying Him can just as easily be forgotten. However, that's precisely the time we need to worship! God deserves praise. God commands praise. Christians need to praise! Reflecting on God's unchanging nature offers a reminder of His faithfulness when storms hit. Singing hymns of truth provides an oasis when you find yourself in the desert. Remembering the promises of God brings daily challenges into perspective. Begin to gain greater peace as you practice praising God with this unique gift book. Two additional sections in "Everyday Praise" will further immerse you into this idea of praise. The first pulls out each reminder phrase for ease of memorization. While the second lists 31 additional Bible verses to incorporate into your daily praise habit. Move a little further along the path of peace and contentment as you open the pages of "Everyday Praise," and begin exploring and cultivating the habit of daily praise. (A download link to a free companion journal is also provided in the book.) Studying doctrine for the Christian often feels like watching a construction crew build a foundation. There seems to be a great amount of activity, but the results don't appear visible. Just like the foundation is essential for the stability of a building, studying theology is crucial to the long-term stability of the believer. The goal of this study is to provide you with the basics of biblical doctrine to make sure your foundation is sound. At times this will feel like the difficult work of laying an unseen foundation for a building. At other times, however, it will feel like we are soaring to great heights as we explore the breadth and length and height and depth of our faith. During the course of this study, we will consider the questions: Why study theology? Who is God? Who am I? What is the church? Where do I go when I die? Why do other people believe differently?

"The Elijah Calling" by Ken Mentell investigates the end-time prophecy regarding the promised coming of Elijah. "The Elijah Calling" explores the dire warning of the prophets regarding the "end-time" great delusion that will come upon the entire world. In a stunning display of prophetic patterns and fractals the author proves the meaningful arrangement of God's divine plan and how believers can equip themselves for the end-time conflict. Hidden within the scriptures are divinely designed sequences that show the hiding and revealing of Jesus Christ! Throughout the scriptures we see the repeating structure of hidden then revealed, death then resurrection, seed then image, descending then ascending, and flesh then spirit. Christianity finally has an answer for why Jesus Christ has been absent for 2,000 years! "The Elijah Calling" is a robust commentary on the Image of God and the method of correctly interpreting God's divine parables. No Theological library is complete without this Bible commentary!
