The bibliographic holdings of family histories at the Library of Congress. Entries are arranged alphabetically of the works of those involved in Genealogy and also items available through the Library of Congress.

Divorced, beheaded, died, Divorced, beheaded, survived. – the fates of Henry VIII's wives Beginning with the victory of Henry Tudor over Richard III at Bosworth Field in 1485, and ending with the death of the childless Elizabeth I in 1603 following a 45-year reign, the Tudor dynasty marks a period in British history where England was transformed from a minor medieval kingdom to a preeminent European power on the verge of empire. Yet this period of great upheaval had a dark side: Henry VIII's notorious break with the Roman Catholic Church and his divorce or execution of four of his six wives; the sad story of teenaged Lady Jane Grey, who was monarch for just nine days before being executed in favor of the Catholic Mary I; and Queen Elizabeth I, who defeated the Spanish Armada, suppressed the Irish rebellion, and sponsored pirates and slave traders in the quest for new territories in America. Illustrated with 180 photographs, paintings, and illustrations, Dark History of the Tudors is a fascinating, accessible account of the murder, adultery, and religious turmoil that characterized England's most infamous royal dynasty.

The tragic story of Henry VIII's first unfortunate wife from an acknowledged expert of Spanish and Tudor history.

The daughters of a ruthlessly ambitious family, Mary and Anne Boleyn are sent to the court of Henry VIII to attract the attention of the king, who first takes Mary as his mistress, in which role she bears him an illegitimate son, and then Anne as his wife. Reprint. 250,000 first printing. (A Columbia Pictures film, written by Peter Morgan, directed by Justin Chadwick, releasing Fall 2007, starring Natalie Portman, Scarlett Johansson, Eric Bana, and others) (Historical Fiction)

This volume is the first major collection of essays to look at the literature of the entire Tudor period, from 1485-1603. These decades were crucial in the formation of an English national literature. The writing produced in the years before 1580 has hitherto been neglected, however, despite its variety, inventiveness and the foundations and context it provides for the writing of the more familiar Elizabethan and early Jacobean periods. This volume redresses that neglect. Its forty-five chapters have been written by internationally-acknowledged experts in the field; they give insight into the energy and brilliance of sixteenth-century literature.

With its mix of family drama, sex and violence, Britain ' s Tudor dynasty (1485–1603) has long excited the interest of filmmakers and moviegoers. Since the birth of movie-making technology, the lives and times of kings Henry VII, Henry VIII, and Edward VI and queens Mary I, Jane Grey and Elizabeth I have remained popular cinematic themes. From 1895 ' s *The Execution of Mary Stuart* to 2011 ' s *Anonymous*, this comprehensive filmography chronicles every known movie about the Tudor era, including feature films; made-for-television films, mini-series, and series; documentaries; animated films; and shorts. From royal biographies to period pieces to modern movies with flashbacks or time travel, this work reveals how these films both convey the attitudes of Tudor times and reflect the era in which they were made.

"SISTERS OF TREASON, the second novel by Elizabeth Fremantle, is a story of love, politics and tragedy. Beginning early in Mary Tudor's turbulent reign, SISTERS OF TREASON explores the lives of the women who were caught in the crossfire of the Tudor dynasty's power struggles.

Get Free The Tudor Chronicles 1485 1603 Susan Doran

the lives of a pair of sisters as dangerously close to the throne as their sister Lady Jane Grey, who died on the executioner's block at the age of 16, after being queen for nine days. After Jane's death, Lady Catherine becomes the focus of plots to thwart Mary Stuart's claim to England's throne. Catherine is a young woman driven by a compulsive and ultimately fatal desire to love and be loved. Clever Lady Mary is burdened with a crooked spine and a fragile stature in an age when physical perfection equates to goodness and vice versa. Both girls have inherited the Tudor blood that is more curse than blessing. It is court painter Levina Teufeldring who helps the girls survive Mary's reign, but when the Queen's sister, the hot-headed Elizabeth I, inherits the crown, the world at court becomes increasingly treacherous for the Grey girls. For either girl to marry without the queen's permission would be a potentially fatal political move, perceived as a treasonous grab for the throne, but Elizabeth is unlikely to let either girl marry on her own terms and become an even more dangerous focus for her enemies. Each young woman must decide how far she will go to defy her queen and find the safety and love she longs for.

Leadership in Elizabethan Culture studies the challenges confronted by government and business leaders (local and central), the counsel given them, the consequences of their decisions, and the views of leadership circulating in late Tudor literature and drama.

The Historical Dictionary of the British Monarchy provides a chronology starting with the reign of King Henry I in 1100 and continuing to the present day, an introductory essay, an extensive bibliography, and over 600 cross-referenced dictionary entries on significant persons, places, events, institutions, and other aspects of British culture, society, economy, and politics. This book is a must-read for anyone interested in the history of the British monarchy.

Time-Dynamics of Violence

Mary Boleyn

This is the first major collection of essays to look at the literature of the entire Tudor period, from the reign of Henry VII to death of Elizabeth I. It pays particularly attention to the years before 1580. Those decades saw, amongst other things, the establishment of print culture and growth of a reading public; the various phases of the English Reformation and process of political centralization that enabled and accompanied them; the increasing emulation of Continental and classical literatures under the influence of humanism; the self-conscious emergence of English as a literary language and determined creation of a native literary canon; the beginnings of English empire and the consolidation of a sense of nationhood. However, study of Tudor literature prior to 1580 is not only of worth as a context, or foundation, for an Elizabethan 'golden

age'. As this much-needed volume will show, it is also of artistic, intellectual, and cultural merit in its own right. Written by experts from Europe, North America, and the United Kingdom, the forty-five chapters in The Oxford Handbook to Tudor Literature recover some of the distinctive voices of sixteenth-century writing, its energy, variety, and inventiveness. As well as essays on well-known writers, such as Philip Sidney or Thomas Wyatt, the volume contains the first extensive treatment in print of some of the Tudor era's most original voices.

What is charisma? And how does it generate influence and power? World-renowned sociologist Randall Collins explores these and many other questions in a highly readable exploration of the various forms of charisma and how charisma elevated Jesus, Cleopatra, Lawrence of Arabia, Queen Elizabeth, Hitler, Churchill, Franklin and Eleanor Roosevelt, Madame Mao Zedong, and others. He explores four types of charisma: frontstage, backstage, success-magic, and reputational charisma. Not everyone has the same kind of charisma and Collin's identifies important differences and their relations to power. The book exemplifies Collin's sophisticated micro-sociology in accessible and compelling prose, quietly building

subtle matrices of analysis that show how sociology unveils hidden discoveries.

The new, fully-updated edition of the popular introduction to the Tudor-Stuart period—offers fresh scholarship and improved readability. Early Modern England 1485-1714 is the market-leading introduction to the Tudor-Stuart period of English history. This accessible and engaging volume enables readers to understand the political, religious, cultural, and socio-economic forces that propelled the nation from small feudal state to preeminent world power. The authors, leading scholars and teachers in the field, have designed the text for those with little or no prior knowledge of the subject. The book's easy-to-follow narrative explores the world the English created and inhabited between the 15th and 18th centuries. This new edition has been thoroughly updated to reflect the latest scholarship on the subject, such as Henry VIII's role in the English Reformation and the use of gendered language by Elizabeth I. A new preface addresses the theme of periodization, while revised chapters offer fresh perspectives on proto-industrialization in England, economic developments in early modern London, merchants and adventurers in the Middle East, the popular cultural

life of ordinary people, and more. Offering a lively, reader-friendly narrative of the period, this text: Offers a wide-ranging overview of two and half centuries of English history in one volume Highlights how social and cultural changes affected ordinary English people at various stages of the time period Explores how the Irish, Scots, and Welsh affected English history Features maps, charts, genealogies and illustrations throughout the text Includes access to a companion website containing online resources Early Modern England 1485-1714 is an indispensable resource for undergraduate students in early modern England courses, as well as students in related fields such as literature and Renaissance studies.

Exploring England's Historic Capital

Discover one of the world's most fascinating and historic cities through 30 dramatic true stories spanning the rich history of London. Author Kevin Jackson takes readers through more than 2,000 years of

British history with exciting essays on topics such as London's origins, Richard the Lion-Hearted, Geoffrey Chaucer, Henry V, Shakespeare, Queen Victoria, Jack the Ripper, Charles Dickens, Oscar Wilde, the Beatles, and more. In addition, guided walking tours of London's historic neighborhoods, illustrated with color photographs and period maps, take readers to the places where history really happened. Henry VIII: A Reference Guide to Her Life and Work captures his eventful life, his works, and his legacy. It features a chronology, an introduction, a comprehensive bibliography, and the dictionary section lists entries on all the locales, events and personalities associated with King Henry.

Elizabeth I is one of England's most admired and celebrated rulers. She is also one of its most iconic: her image is familiar from paintings, film and television. This wide-ranging interdisciplinary collection of essays examines the origins and development of the image and myths that came to surround the Virgin Queen. The essays question the prevailing assumptions about the mythic Elizabeth and challenge the view that she was unambiguously celebrated in the literature and portraiture of the early modern era. They explain how the most

familiar myths surrounding the queen developed from the concerns of her contemporaries and yet continue to reverberate today. Published to mark the 400th anniversary of the queen's death, this volume will appeal to all those with an interest in the historiography of Elizabeth's reign and Elizabethan, and Jacobean, poets, dramatists and artists.

The Brief and Tragic History of the Lost Colony of Roanoke

Katharine of Aragon

Who Killed William Shakespeare?

Nearly five hundred years after her violent death, Anne Boleyn, second wife to Henry VIII, remains one of the world's most fascinating, controversial, and tragic heroines. Now acclaimed historian and bestselling author Alison Weir has drawn on myriad sources from the Tudor era to give us the first book that examines, in unprecedented depth, the gripping, dark, and chilling story of Anne Boleyn's final days. The tempestuous love affair between Henry VIII and Anne Boleyn scandalized Christendom and altered forever the

religious landscape of England. Anne's ascent from private gentlewoman to queen was astonishing, but equally compelling was her shockingly swift downfall. Charged with high treason and imprisoned in the Tower of London in May 1536, Anne met her terrible end all the while protesting her innocence. There remains, however, much mystery surrounding the queen's arrest and the events leading up to it: Were charges against her fabricated because she stood in the way of Henry VIII making a third marriage and siring an heir, or was she the victim of a more complex plot fueled by court politics and deadly rivalry? The Lady in the Tower examines in engrossing detail the motives and intrigues of those who helped to seal the queen's fate. Weir unravels the tragic tale of Anne's fall, from her miscarriage of the son who would have saved her to the horrors of her incarceration and that final, dramatic scene on the scaffold. What emerges is an extraordinary portrayal of a woman of great courage whose enemies were bent on utterly destroying her, and who was tested to the extreme by the terrible plight in which she found herself. Richly researched and utterly captivating, The Lady in the Tower presents the full array of evidence of Anne Boleyn's guilt—or innocence. Only in Alison Weir's capable hands can readers learn the truth about the fate of one of the most influential and important women in English history. BONUS: This edition contains a The Lady in the Tower

discussion guide and an excerpt from Alison Weir's Mary Boleyn. The era of the Tudors was one of danger, intrigue, conspiracy, and, above all, spies. Summer 1553: A time of danger and deceit. Brendan Prescott, an orphan, is reared in the household of the powerful Dudley family. Brought to court, Prescott finds himself sent on an illicit mission to the king's brilliant but enigmatic sister, Princess Elizabeth. But Brendan is soon compelled to work as a double agent by Elizabeth's protector, William Cecil, who promises in exchange to help him unravel the secret of his own mysterious past. A dark plot swirls around Elizabeth's quest to unravel the truth about the ominous disappearance of her seriously ill brother, King Edward VI. With only a bold stable boy and an audacious lady-in-waiting at his side, Brendan plunges into a ruthless gambit of half-truths, lies, and murder. Filled with the intrigue and pageantry of Tudor England, C. W. Gortner's The Tudor Secret is the first book in The Elizabeth I Spymaster Chronicles.

A lavish, large-format illustrated chronicle of the golden age of English history. The Tudor Chronicles is a compelling, year-by-year chronology of this tumultuous and critical period in the development of the modern English nation.

The acclaimed historian presents a “beautifully perceptive and dynamic reassessment of Henry VIII...in this highly engrossing biography” (Booklist, starred review). Henry VIII is best known for his tempestuous marriages and the fates of his six wives. But his reign and reputation were hugely influenced by his confidants, ministers, and even occasional rivals—many of whom have been underplayed in previous biographies. Exploring these relationships in depth, Tracy Borman offers a fresh perspective on the legendary king, revealing surprising contradictions in his beliefs and behavior. Henry was capable of fierce but seldom abiding loyalty, of raising men up only to destroy them later. He loved to be attended by boisterous young men like his friend Charles Brandon, who shared his passion for sport. But the king could also be diverted by men of intellect, culture, and wit, as his longstanding interplay with Cardinal Wolsey and his reluctant abandonment of Thomas More attest. Eager to escape the shadow of his father, Henry was easily led by male advisors early in his reign. In time, though, he matured into a profoundly paranoid and ruthless king. Recounting the great Tudor’s life and signal moments through the lens

Get Free The Tudor Chronicles 1485 1603 Susan Doran

of his male relationships, Henry VIII and the Men Who Made Him sheds fresh light on this fascinating figure.

The triumphs of the Tudor age are well known; less apparent is the pain that went hand-in-hand with success. This book considers the cost of great achievement. Michael Foss, author of *The World of Camelot* and *The Search for Cleopatra*, holds a microscope up to the lives of key Tudor figures. He paints a portrait of key Tudor figures undone by the stern course of the century - Walsingham, made poor and hurried to the grave by the laborious demands of Elizabeth's administration; Philip Sidney, who found no place for his chivalrous idealism in the faithless world of contemporary polity - in an age which resembled 'a bow too long bent'.

A tale inspired by the life of Henry VIII's sixth wife follows her reluctant marriage to the egotistical and powerful king in spite of her love for Thomas Seymour, a situation that compels her to make careful choices in a treacherous court.

The Tudor chronicles : [1485 - 1603]

Presents a historical profile of Henry VIII's mistress and the sister of Anne Boleyn, examining her affair with Francis I of France, rise and fall in the Tudor court, and obscure later years after she married for love.

The "gripping adventure story" (Christian Science Monitor) of the Lost Colony of Roanoke and the mystery at the center of the American founding In 1587, John White led 118 English men, women, and children to Roanoke Island, off the coast of North Carolina, intending to establish the first English colony in America. Faced with dwindling supplies and hostile Indians, they soon found themselves struggling to survive. White returned to England for help, but when he returned to Roanoke in 1590, the colonists were nowhere to be found; never saw his friends or family again. Their disappearance has remained a mystery for four centuries, but as James Horn reveals in A Kingdom Strange, some from the party survived. Their descendants were discovered a century later, a living testament to America's remarkable origins.

This sequel to Randall Collins' world-influential micro-sociology of violence introduces the question of time-dynamics: what determines how long conflict lasts and how much damage it does. Inequality and hostility are not enough to explain when and where violence breaks out. Time-dynamics are the time-bubbles when people are most nationalistic; the hours after a protest starts when violence is most likely to happen. Ranging from the three months of nationalism and hysteria after 9/11 to the assault on the Capitol in 2021, Randall Collins shows what makes some protests more violent than others and why some revolutions are swift and non-violent tipping-points while others devolve into lengthy civil wars. Winning or losing are emotional processes, continuing in the era of computerized war, while high-tech spawns terrorist tactics of hiding in

the civilian population and using cheap features of the Internet as substitutes for military organization. Nevertheless, Explosive Conflict offers some optimistic discoveries on clues to mass rampages and heading off police atrocities, with practical lessons from time-dynamics of violence.

Susan Doran describes and analyses the process of the Elizabethan Reformation, placing it in an English and a European context. She examines the religious views and policies of the Queen, the making of the 1559 settlement and the resulting reforms. The changing beliefs of the English people are discussed, and the author charts the fortunes of both Puritanism and Catholicism. Finally she looks at the strengths and weaknesses of Elizabeth I as royal governor, and of the Church of England as a whole.

Monarch's Gambit

Get Free The Tudor Chronicles 1485 1603 Susan Doran

Examines the reigns of Henry II, Richard I, and King John, and discusses the Magna Carta, the Crusades, and life in twelfth-century England

Monarch's Gambit: Tudors versus Spain By: Constance M Knepp-Holt Monarch's Gambit is a detailed account of the behind-the-scenes events that surrounded and fueled the 123-year "chess game" between Spain and the Tudor dynasty. As this work thoroughly demonstrates, these events did not just affect the key players of the monarchs but also filtered down to the commoners, and even crossed oceans.

William Shakespeare lived in violent times; his death passed without comment. By the time he was adopted as the national poet of England the details of his life had been concealed. He had become an invisible man, the humble Warwickshire lad who entertained royalty and then faded into obscurity. But his story has been carefully manipulated. In reality, he was a dissident whose works were highly critical of the regimes of Elizabeth I and James I. Who Killed William Shakespeare? examines the means, motive and the opportunity that led to his murder, and explains why Will Shakespeare had to be 'stopped'. From forensic analysis of his death mask to the hunt for his missing skull, the circumstances of Shakespeare's death are reconstructed and his life reconsidered in the light of fresh discoveries. What emerges is a portrait of a genius who spoke his mind and was silenced by his greatest literary rival.
