The Twelve Keys Bible Study

Desiring God

Unlocking Scripture in an Age of Forgotten Truth

In recent decades, reception history has become an increasingly important and controversial topic of discussion in biblical studies. Rather than attempting to recover the original meaning of biblical texts, reception history focuses on exploring the history of interpretation. In doing so it locates the dominant historical-critical scholarly paradigm within the history of interpretation, rather than over and above it. At the same time, the breadth of material and hermeneutical issues that reception history engages with questions any narrow understanding of the history of the Bible and its effects on faith communities. The challenge that reception history faces is to explore tradition without either reducing its meaning to what faith communities think is important, or merely offering anthologies of interesting historical interpretations. This major new handbook addresses these matters by presenting reception history as an enterprise (not a method) that questions and understands tradition afresh. The Oxford Handbook of the Reception History of the Bible consciously allows for the interplay of the traditional and the new through a two-part structure. Part I comprises a set of essays surveying the outline, form, and content of twelve key biblical books that have been influential in the history of interpretation. Part II offers a series of in-depth case studies of the interpretation of particular key biblical passages or books with due regard for the specificity of their social, cultural or aesthetic context. These case studies span two millennia of interpretation by readers with widely differing perspectives. Some are at the level of a group response (from Gnostic readings of Genesis, to Post-Holocaust Jewish interpretations of Job); others examine individual approaches to texts (such as Augustine and Pelagius on Romans, or Gandhi on the Sermon on the Mount). Several chapters examine historical moments, such as the 1860 debate over Genesis and evolution, while others look to wider themes such as non-violence or millenarianism. Further chapters study in detail the works of popular figures who have used the Bible to provide inspiration for their creativity, from Dante and Handel, to Bob Dylan and Dan Brown.

Twelve Keys to Unlocking the Secret of Miracles in a Course in Miracles

Celtic Christianity is the key not only for the future of the Church but of the whole planet, argues Ray Simpson, Founding Guardian of the Community of Aidan and Hilda.

In this indispensable companion volume to Twelve Keys to an Effective Church, Kennon Callahan offers a practical, step-by-step guide for the most productive long-range planning. This guide will help both pastors and church leaders assess the strengths and weaknesses of their churches in 12 areas -- ranging from specific mission objectives to solid financial resources -- and shows leaders how to determine which methods will work best to advance their church and move their congregations toward action, accomplishment, and success.

Jesus chose twelve average men to be his closest disciples. They were fishermen, a tax collector, a twin, a rebel, and brothers. They were believers and doubters, sometimes courageous and sometimes cowardly. For three years, Jesus shared his wisdom with them and gave his life for them. In just a couple of decades, these men "turned the world upside down" (Acts 17:6). Who were these regular guys Jesus chose? What can we learn from their lives? What does it mean for us to be disciples of Jesus? Answering these questions is what this study is all about. Sessions: 1. Discipleship, 2. Peter and Andrew, 3. James and John, 4. Matthew and Thomas, 5. Philip and Nathanael, 6. James, Thaddaeus, Simon, and Judas, Features include: Quick facts about each disciple, Charts and full-color pictures, Thought-provoking questions, Practical life application, Leader's guide Book jacket.

In the Gospel of John, Jesus uses I Am statements that tell his listeners exactly who he is: the Bread of Life; the Light of the World; the Gate; the Good Shepherd; the Resurrection and the Life; the Way, the Truth, and the Life; and the True Vine. These claims infuriated the religious leaders and eventually led to Jesus' crucifixion. *Millions of people around the world look to the Bible as a source of encouragement and faith formation, a reminder that God is love and is in control, and a guide to living one's life the way God desires. But this treasured book has also been misused and manipulated by many, placed on a pedestal of untouchability, and protected from questioning and honest engagement. In *Permission Granted*, Jennifer Grace Bird encourages people of faith to explore the texts on their own, freed from long-held myths and misconceptions; experience the Bible anew; and appreciate this holy book for what it is—“not what we think it should be. With the sensitivity of one who has discovered this freedom herself, Bird invites readers to engage what the Bible really says about twelve key issues, including sin, sex, and the role of women.*

If you were asked to define the essence of Christianity, what would you say? Which words would you choose to describe the life-changing pursuit of something completely intangible? All too often, “Christian” words are used superficially, without comprehension of their truest meaning—surface answers to humanity’s most important questions. But these words influence your sole connection to eternal life.

Abbot Kodell's keys range from true prayer, like true love, is a decision not a feeling," to *prayer is not a matter of thinking but of loving; to *no one with a prayer life says that prayer doesn't work. - Supportive and practical, they remind us that we will learn to pray "well" only after we "begin" to pray. Jerome Kodell, OSB, is Abbot of Subiaco Abbey in Arkansas. He has written on biblical and monastic topics and is author of "The Eucharist in the New Testament" from the Zacchaeus Studies: New Testament series, and "The Gospel According to Luke" from "The Collegeville Bible Commentary" series of books, published by The Liturgical Press."

The book is intended for pastors, mentors, sponsors, and teachers - anyone working in jail, prison, transitional communities, or in churches to help recovering addicts. The studies are designed to be shared in large group settings, a speaker providing the teaching talk. Following that teaching time, the large group can then break out into small groups for discussion of the teaching. However, this material is workable within a single small group as well as a large one - the small group hearing the talk less formally and then discussing it. Each of the twelve lessons contains a verse or key verses from the Bible about a particular topic. Those Bible verses form the basis of the lesson. There is then a section with discussion about the background and state of mind of people seeking recovery for the speaker to consider about those who will be in the listening audience. The author's experience has largely been with people who are lower income or poor, but addiction affects all classes of society, and both urban and rural populations. The concepts discussed in the background and state of mind section are adaptable to varying recovery audiences. A prayer for the speaker is included next. Following the prayer, there is a sample talk section where some key points are given. This talk can be modified to fit the speaker's own experiences and their audience. And each chapter concludes with sample questions that can be used to stimulate conversation within your recovery group. The book also contains teaching and theology about the nature of God as Father, Son, and Holy Spirit. An explanation of the cross event, resurrection, and the meaning of the Holy Spirit in the life of

believers is explained such that people in recovery can understand God as being full of grace and as a source of great empowerment. The presentation of the present-day healing ministry of Christ gives hope to the addict that they can permanently be freed from drugs and feel the lifting of guilt and shame. They can also take their place as a useful and contributing part of the kingdom of God and in society. Dr. Pam Morrison, the author, is an ordained pastor from the Free Methodist Church. She has led or helped to lead six churches. She has volunteered with Prison Fellowship and has ministered with addicts in several settings. Her belief is that medical and secular means have been and are used to help addicts, but the greatest help anyone can receive to achieve permanent freedom is to find faith in Jesus Christ. So much more help is needed for addicts and families of addicts. We are short on places and those who will walk steadfastly with people seeking recovery. This is a ministry urgently needed in this hour.

Is there enough evidence to believe Jesus rose from the dead, or must such a judgment be based only on faith? Can the resurrection story be considered a fact of history, or should it be viewed as an ahistorical account? Two renowned professors, atheist Carl Stecher and Christian Craig Blomberg, engage in a groundbreaking new debate on these very questions. Other experts on the resurrection, atheist Richard Carrier and Christian Peter S. Williams, comment on the outcome. Presenting new approaches to these centuries-old questions and taking into account the latest scholarly research, *Resurrection: Faith or Fact?* is a must-have not only for all those following the resurrection question—but also for those skeptics and Christians alike who are interested in determining for themselves the truth behind this foundational doctrine of the Christian faith.

"In His Introduction to *A Course in Miracles* Jesus says: 'This is a Course in Miracles, It is a required Course. Only the time you take it is voluntary. Free will does not mean that you can establish the curriculum. It means only that you may elect what you want to take at a given time.' There is a purpose to our lives! we are here to learn something about Miracles, and we cannot avoid learning it. The only choice we have is to procrastinate the inevitable. It should be noted, however, the Miracle in *A Course in Miracles* has a very unique and definition and function. Dr. Bonnie Nack is a long time student/teacher of *A Course in Miracles* who has taken the time to go deeply into her study of the Course and bring forth some of the its most remarkable gems putting them on display. The Course is not easy, but it is oh, so very rewarding once the student begins to apply its principles. By applying these principles, a new way of

Thinking and Being is manifest, the light at the end of tunnel is seen, and you know that by following this guide you will indeed find your way Home. Jon Mundy, Ph.D. author of Living A Course in Miracles.

The Knowing the Bible series is a new resource designed to help Bible readers better understand and apply God's Word. Each 12-week study leads participants through one book of the Bible and is made up of four basic components: (1) Reflection questions designed to help readers engage the text at a deeper level; (2) "Gospel Glimpses" highlighting the gospel of grace throughout the book; (3) "Whole-Bible Connections" showing how any given passage connects to the Bible's overarching story of redemption culminating in Christ; and (4) "Theological Soundings" identifying how historic orthodox doctrines are taught or reinforced throughout Scripture. With contributions from a wide array of influential pastors and church leaders, these gospel-centered studies will help Christians see and cherish the message of God's grace on each and every page of the Bible. In this accessible study, pastor and author Greg Gilbert examines the message of James, exploring the book's difficult teachings on wealth, anointing with oil, prayer, healing, and the relationship between faith and works. Through clear exposition of the biblical text and challenging application questions, Gilbert helps readers rightly understand James as a stirring exhortation to fruitfulness, ultimately written to remind Christians of the necessary connection between genuine faith and heartfelt obedience.
