WITH NEARLY 50 MILLION BOOKS SOLD WORLDWIDE, NELSON DEMILLE IS "A TRUE MASTER." - DAN BROWN #1 New York Times bestselling author Nelson DeMille's chilling, relentlessly suspenseful story of Cold War espionage in the vein of the hit FX show *The Americans*. On a dark road deep inside the Russian woods at Borodino, a young American tourist picks up an unusual passenger with an explosive secret: an U.S. POW on the run from "The Charm School," a sinister operation where American POWs teach young KBG agents how to be model U.S. citizens. Their goal? To infiltrate the United States undetected. With this horrifying conspiracy revealed, the CIA sets an investigation in motion, and three Americans--an Air Force officer, an embassy liaison, a CIA chief--pit themselves against the country's enemies in a high-powered game of international intrigue.

A fascinating study of a radical experiment in human breeding describes the recruitment of Nobel Prize winners and other accomplished men as donors to a genius sperm bank, whose mission was to breed a cadre of brilliant scientists and leaders, profiling both a number of the donors and the children fathered through the

sperm bank. Reprint. 25,000 first printing. An award-winning debut story collection by Karin Tidbeck, author of *Amatka* and heir to Borges, Le Guin, and Lovecraft. A child is born in a tin can. A switchboard operator finds himself in hell. Three corpulent women float somewhere beyond time. Welcome to the weird world of Karin Tidbeck, the visionary Swedish author of literary sci-fi, speculative fiction, and mind-bending fantasy who has captivated readers around the world. Originally published by the tiny press Cheeky Frawg--the passion project of Ann and Jeff VanderMeer--*Jagannath* has been celebrated by readers and critics alike, with rave reviews from major outlets and support from lauded peers like China Miéville and even Ursula K. Le Guin herself. These are stories in which fairies haunt quiet towns, and an immortal being discovers the nature of time--stories in which anything is possible.

As it enters its sixtieth year of independence, India stands on the threshold of superpower status. Yet India is strikingly different from all other global colossi. While it is the world's most populous democracy and enjoys the benefits of its internationally competitive high-tech and software industries, India also contends with extremes of poverty, inequality, and political and religious violence. This accessible and vividly

written book presents a new interpretation of India's history, focusing particular attention on the impact of British imperialism on Independent India. Maria Misra begins with the rebellion against the British in 1857 and tracks the country's advance to the present day. India's extremes persist, the author argues, because its politics rest upon a peculiar foundation in which traditional ideas of hierarchy, difference, and privilege coexist to a remarkable degree with modern notions of equality and democracy. The challenge of India's leaders today, as in the last sixty years, is to weave together the disparate threads of the nation's ancient culture, colonial legacy, and modern experience.

A Novel (Book One of the Passage Trilogy)

With a rare combination of emotional insight, narrative power, and lyrical grace, Justin Cronin transforms the simple story of a dying man's last wish into a rich tapestry of family love. "A work of art . . . a great American novel."—The Philadelphia Inquirer On an evening in

late summer, the great financier Harry Wainwright, nearing the end of his life, arrives at a rustic fishing camp in a remote area of Maine. He comes bearing two things: his wish for a day of fishing in a place that has brought him solace for thirty years, and an astonishing bequest that will forever change the lives of those around him. From the battlefields of Italy to the turbulence of the Vietnam era, to the private battles of love and family, *The Summer Guest* reveals the full history of this final pilgrimage and its meaning for four people: Jordan Patterson, the haunted young man who will guide Harry on his last voyage out; the camp's owner Joe Crosby, a Vietnam draft evader who has spent a lifetime "trying to learn what it means to be brave"; Joe's wife, Lucy, the woman Harry has loved for three decades; and Joe and Lucy's daughter Kate—the spirited young woman who holds the key to the last unopened door to the past. As their stories unfold, secrets are revealed, courage is tested, and the bonds of love are strengthened. And always center stage is the place itself—a magical, forgotten corner of New England where the longings of the human heart are mirrored in the wild beauty of the landscape. Intimate, powerful, and

He hears the the songs stuck in their heads, their most private traumas and fears, the painful memories they can't let go. The CIA honed his skills until he was one of their most powerful operatives, but Smith fled the Agency and now works as a private consultant, trying to keep the dark potentials of his gift in check—and himself out of trouble. But now Smith is unexpectedly plunged into dangerous waters when his latest client, billionaire software genius Everett Sloan, hires him to investigate a former employee—a tech whiz kid named Eli Preston—and search his thoughts for some very valuable intellectual property he's stolen. Before John can probe Preston's mind, his identity is compromised and he's on a run for his life with Sloan's young associate, Kelsey. Hunted by shadowy enemies with

The Summer Guest

Indiana, 1818. Moonlight falls through the dense woods that surround a one-room cabin, where a nine-year-old Abraham Lincoln kneels at his suffering mother's bedside. She's been stricken with something the old-timers call "Milk Sickness." "My baby boy..." she whispers before dying. Only later will the grieving Abe learn that his mother's fatal affliction was actually the work of a vampire. When the truth becomes known to young Lincoln, he writes in his journal, "henceforth my life shall be one of rigorous study and devotion. I shall become a master of mind and body. And this mastery shall have but one purpose..." Gifted with his legendary height, strength, and skill with an ax, Abe sets out on a path of vengeance that will lead him all the way to the White House. While Abraham Lincoln is widely lauded for saving a Union and freeing millions of slaves, his valiant fight against the forces of the undead has remained in the shadows for hundreds of years. That is, until Seth Grahame-Smith stumbled upon *The Secret Journal of Abraham Lincoln*, and became the first living

person to lay eyes on it in more than 140 years. Using the journal as his guide and writing in the grand biographical style of Doris Kearns Goodwin and David McCullough, Seth has reconstructed the true life story of our greatest president for the first time—all while revealing the hidden history behind the Civil War and uncovering the role vampires played in the birth, growth, and near-death of our nation.

A Tale of Ancient Persia

A Gritty Contemporary YA/Teen Novel

The adventures of Samak, a trickster-warrior hero of Persia’s thousand-year-old oral storytelling tradition, are beloved in Iran. Samak is an ayyar, a warrior who comes from the common people and embodies the ideals of loyalty, selflessness, and honor—a figure that recalls samurai, ronin, and knights yet is distinctive to Persian legend. His exploits—set against an epic background of palace intrigue, battlefield heroics, and star-crossed romance between a noble prince and princess—are as deeply rooted in Persian culture as are the stories of Robin Hood and King Arthur in the West. However, this majestic tale has remained little known outside Iran.

Translated from the original Persian by Freydoon Rassouli and adapted by Prince of Persia creator Jordan Mechner, this timeless masterwork can now be enjoyed by English-speaking readers. A thrilling and suspenseful saga, Samak the Ayyar also offers a vivid portrait of Persia a thousand years ago. Within an epic quest narrative teeming with action and supernatural forces, it

The first book in the Laura Caxton Vampire series from the author of the Monster Island trilogy. All the official reports say that vampires are dead--extinct since the late '80s, when FBI agent Arkeley defeated the last vampire in a fight that nearly killed him. But when state trooper Laura Caxton calls the FBI looking for help in the middle of the night, Arkeley is unsurprised to hear that it sounds like a vampire attack. He's been expecting such a call to come eventually. Sure, it has been years since any signs of an attack, but Arkeley knows what most people don't: there is one left. In an abandoned asylum she is rotting, plotting, and biding her time in a way that only the undead can. Laura Caxton is out of her league on this case and

more than a little afraid. Arkeley made it clear there is only one way out. The worst thing is the feeling that the vampires want more than just her blood. They want her for a reason, one she can't guess; a reason her sphinxlike partner knows but won't say; a reason she has to find out-or die trying.

After he crashes his plane into Lake Champlain, killing most of the passengers, Chip Linton moves into a new home with his wife and twin daughters and soon finds himself being haunted by the dead passengers, all while his wife wonders why the strange herbalist denizens of the town have taken such an interest in her daughters.
