

The Unfinished Nation By Alan Brinkley

Known for its clear narrative voice and impeccable scholarship, Alan Brinkley's best-selling program for the U.S. survey course invites students to think critically about the many forces that continually create the Unfinished Nation that is the United States. In a concise but wide-ranging narrative, Brinkley shows the diversity and complexity of the nation and our understanding of its history--one that continues to evolve both in the events of the present and in our reexamination of new evidence and perspectives on the past. This edition features a series of Patterns of Popular Culture essays, as well as expanded coverage of pre-Columbian America, new America in the World essays, and updated coverage of recent events and developments that demonstrates how a new generation continues to shape the American story.

The study of two great demagogues in American history--Huey P. Long, a first-term United States Senator from the red-clay, piney-woods country of nothern Louisiana; and Charles E. Coughlin, a Catholic priest from an industrial suburb near Detroit. Award-winning historian Alan Brinkley describes their modest origins and their parallel rise together in the early years of the Great Depression to become the two most successful leaders of national political dissidence of their era. "Winner of the American Book Award for History"

The End Of Reform

The unfinished nation

Essays in Defense of the Constitution

This concise, trade-like survey text is known for Alan Brinkley's clear narrative voice, impeccable scholarship, and reliability at a low price. New to this edition is increased coverage of the history of science and technology and popular and cultural history. Each chapter now includes a new and pedagogically useful summary conclusion. The annotated lists of Suggested Readings are now found at the end of each chapter to provide a more accessible resource for students. Also, every copy of the book will be shrinkwrapped with a free, handy study reference card!

This blistering novel--from the bestselling, Pulitzer Prize-winning author of The Road--returns to the Texas-Mexico border, setting of the famed Border Trilogy. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law-in the person of aging, disillusioned Sheriff Bell--can contain. As Moss tries to evade his pursuers--in particular a mysterious mastermind who flips coins for human lives--McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning's headlines. No Country for Old Men is a triumph.

Known for its balanced voice and approachable scholarship, Alan Brinkley's best-selling The Unfinished Nation offers a concise, yet thorough survey of American History appropriate for students at all levels. With new authors and new scholarship added to the team for the 9th edition, the panorama of history will be covered even more thoroughly. The 9th edition will feature new scholarship on treatment of Native Americans, the effects of the Revolutionary War, the Civil Rights Movement, and the effects of modern warfare on American History.

Studyguide for the Unfinished Nation: A Concise History of the American People

Studyguide for the Unfinished Nation: a Concise History of the American People, Volume 2 by Alan Brinkley, ISBN 9780077286361

Known for its clear narrative voice, impeccable scholarship, and affordability, Alan Brinkley's The Unfinished Nation offers a concise but comprehensive examination of American History. Balancing social and cultural history with traditional political and diplomatic themes, it tells the story of the diversity and complexity of the United States and the forces that have enabled it to survive and flourish despite division. Volume 2 covers 1865 to the present. This fifth edition features six new essays and enhanced coverage of recent events and developments in the country.

In the aftermath of the Constitutional Convention of 1787, three of its most gifted participants--Alexander Hamilton, James Madison, and John Jay--wrote a series of 85 essays--the "Federalist Papers"--which were published in newspapers throughout the nation, defending the proposed new government against its opponents. In the "New Federalist Papers," three prominent writers confront the threats posed by current challenges to the American Constitution.

At a time when liberalism is in disarray, this vastly illuminating book locates the origins of its crisis. Those origins, says Alan Brinkley, are paradoxically situated during the second term of Franklin Delano Roosevelt, whose New Deal had made liberalism a fixture of American politics and society. The End of Reform shows how the liberalism of the early New Deal--which set out to repair and, if necessary, restructure America's economy--gave way to its contemporary counterpart, which is less hostile to corporate capitalism and more solicitous of individual rights. Clearly and dramatically, Brinkley identifies the personalities and events responsible for this transformation while pointing to the broader trends in American society that made the politics of reform increasingly popular. It is both a major reinterpretation of the New Deal and a crucial map of the road to today's political landscape.

The American Journey

The Unfinished Nation: To 1877

Huey Long, Father Coughlin, & the Great Depression

Discusses the impact of Franklin Roosevelt, Robert Penn Warren, T. Harry Williams, Huey Long, Allard Lowenstein, and Oral Roberts upon American political culture

"The title 'The Unfinished Nation' is meant to suggest several things. It is a reminder of America's exceptional diversity of the degree to which, despite all the many efforts to build a single, uniform definition of the meaning of American nationhood, that meaning remains contested. It is a reference to the centrality of change in American history to the ways in which the nation has continually transformed itself and continues to do so in our own time. It is also a description of the writing of American history itself of the ways in which historians are engaged in a continuing, ever unfinished process of asking new questions"--

Partisan warfare and gridlock in Washington threaten to squander America's opportunity to show the world that democracy can solve serious economic problems and ensure widely shared prosperity. Instead of working together to meet the challenges ahead--an aging work force, exploding inequality, climate change, rising debt--our elected leaders are sabotaging our economic future by blaming and demonizing each other in hopes of winning big in the next election. They are weakening America's capacity for world leadership and the case for democracy here and abroad. Alice M. Rivlin, with decades of experience in economic policy making, argues that proven economic policies could lead to sustainable American prosperity and opportunity for all, but crafting them requires the tough, time-consuming work of consensus building and bipartisan negotiation. In a divided country with shifting majorities, major policies must have bipartisan buy-in and broad public support. Otherwise we will have either destabilizing swings in policy or total gridlock in the face of challenges looming at us. Rivlin believes that Americans can and must save our hyper-partisan politicians from themselves. She makes the case that on many practical economic issues the public is far less divided than partisan politicians and sensationalist media would have us believe. She draws attention to numerous hopeful efforts to bridge partisan and ideological divides in Washington, in state capitols and city governments, and communities around the country, and advocates a major national effort to enable citizens and future leaders to learn and practice the art of listening to each other and working together to find common ground. This book is a practical guide for Americans across the political spectrum who are agonizing over partisan warfare, incivility, and policy gridlock and looking for ways they can help to get our democratic policy process back on a constructive track before it is too late.
