

The Warren Buffett Way

A leading hedge-fund industry insider reveals the secrets and lessons of such top investors as John Paulson, David Tepper and Bill Ackman, sharing tangible, analytical insight into the psychology of trading while providing coverage of a range of strategy types, from Long/Short and Value to Distressed and Commodities.

Revealed! The secret behind Warren Buffett's 20% return rate over 60 YEARS The Warren Buffett Philosophy of Investment reveals—for the first time—how the world's #1 investor combines his trademark value investing with a unique approach to mergers and acquisitions. The huge interest in Warren Buffett stems from the challenge to understand his history of earning more than 20% on capital annually during the last 60 years. Modern financial theory does not allow for this degree of success, nor has anyone else been able to replicate it. The book argues that Buffett's secret can be explained only if one looks beyond the theory of investing. The author sees the major drivers of his success as the transformation of Mr. Buffett's name into a super-brand of mergers and acquisitions, as well as his hands-off policy with respect to the acquired companies. As a result, Buffett enjoys numerous opportunities to buy first-class companies at moderate prices and keeps the existing good managers responsible for further value creation. Elena Chirkova is a professor of finance in the Higher School for Economics in Moscow and was previously Head of Corporate finance for Deloitte's office in Russia.

The practical guide to investing the Warren Buffett way Creating a Portfolio like Warren Buffett: A High Return Investment Strategy highlights actual trades author Jeeva Ramaswamy has successfully executed using principles established by investment guru Warren Buffet. Clearly explaining how Buffett's principles can be used to make specific investments the book, unlike other investment guides, also clearly explains how to apply Buffett's exit strategies as they pertain to holding or selling positions. Giving readers a complete overview of Buffett's methodologies and how to apply them, the book is a step-by-step stock research checklist and comprehensive guide to investing and managing a successful stock portfolio. It includes detailed instructions to:

Determine where to search for stock prospects Thoroughly research stocks using a stock research checklist Confidently make buy and sell decisions Expertly manage your portfolio Packed with specific stock examples, real-life calculations, and expert tips, Creating a Portfolio like Warren Buffett is your guide to harnessing the market savvy of an investing legend.

Each year, for thirty years, two veteran investment advisors attended Berkshire Hathaway's Annual Shareholders Meeting. After each meeting, they chronicled Warren Buffett and Charlie Munger's best lessons from that year. This book compiles those thirty years of wisdom for the first time.

The Warren Buffett Way

The bestselling book and workbook on Warren Buffett, with new insights on his continued success Often described as the greatest investor of all time, Warren Buffett grew a \$100 investment in the late 1950s into an investment empire. In the process, he has become one of the wealthiest individuals in the world, and the foremost authority on investing of our generation. With over one million copies sold, The Warren Buffett Way is the definitive book on "The Oracle of Omaha's" investment methods. Completely revised and updated, the Third Edition of The Warren Buffett Way focuses on the timeless principles and strategies behind Buffett's extraordinary investment success. This specific package contains the book—which includes new chapters on the important distinctions between investing and trading and an examination of the most successful disciples of Warren Buffett—as well as the Workbook, which is filled with a wealth of practical insights that will help you understand and apply the proven principles found in the book. This combination will allow you to gain a better perspective of Buffett's successful formula and show you what it takes to make more informed investment decisions. A comprehensive package that contains both The Warren Buffett Way, Third Edition book and Workbook Represents the totality of Buffett's investment career and focuses on his timeless investing principles The Workbook contains informative question-and-answer sections that correspond to the topics covered throughout the actual book Written by foremost Buffett expert Robert Hagstrom Engaging and informative the Third Edition of The Warren Buffett Way + Workbook is a must-have—not just for avid Buffett fans, but for anyone who wants to know what it takes to make the best investment decisions possible.

Published in 1997, the bestselling BUFFETTOLOGY was tailored to the conditions of investors in the midst of a long bull market. Now, four years later, that market has seen once hot tech stocks crash and investors scramble to move their assets, or what remains of them, back to the safety of traditional blue chip companies. As peaks turn to troughs, worried investors wonder if there are any constants in today's volatile market. The answer is yes: Warren Buffett's value investing strategies make money. And, as THE NEW BUFFETTOLOGY demonstrates, there is no time to acquire like today's bear market. THE NEW BUFFETTOLOGY is the first guide to Warren Buffett's strategy for exploiting down stocks - a strategy that has made him the

world's second richest person. Designed to teach investors how to decipher and use financial information like Buffett himself, this one-of-a-kind guide walks readers step-by-step through the equations and formulas Buffett uses to determine what to invest in and, just as importantly, when. Authors Mary Buffett and David Clark explore Buffett's recent investments in detail, proving time and time again that his strategy has earned enormous profits at a time when no one expects them - and with almost zero risk to his capital.

The Warren Buffett Way Workbook consists of over 500 questions and answers to help readers of The Warren Buffett Way reinforce and cement their knowledge of Buffett's hugely successful investment approach. The Workbook follows The Warren Buffett Way, 3e, providing a combination of multiple choice and essay questions for each chapter in the core book. Given the depth and range of questions, a reader who masters the material in the Workbook will be equipped with the knowledge to begin to apply Buffett's methods to his/her own investment portfolio. All answers are provided in the Workbook, including answers to the essay questions. The perfect accompaniment to The Warren Buffett Way, 3e and The Warren Buffett Way Video Course, the Workbook will provide readers with a sure path to begin investing just like Warren Buffett.

Warren Buffett is the most famous investor of all time and one of today's most admired business leaders. He became a billionaire and investment sage by looking at companies as businesses rather than prices on a stock screen. The first two editions of The Warren Buffett Way gave investors their first in-depth look at the innovative investment and business strategies behind Buffett's spectacular success. The new edition updates readers on the latest investments by Buffett. And, more importantly, it draws on the new field of behavioral finance to explain how investors can overcome the common obstacles that prevent them from investing like Buffett. New material includes: How to think like a long-term investor - just like Buffett Why "loss aversion", the tendency of most investors to overweight the pain of losing money, is one of the biggest obstacles that investors must overcome. Why behaving rationally in the face of the ups and downs of the market has been the key to Buffett's investing success Analysis of Buffett's recent acquisition of H.J. Heinz and his investment in IBM stock The greatest challenge to emulating Buffett is not in the selection of the right stocks, Hagstrom writes, but in having the fortitude to stick with sound investments in the face of economic and market uncertainty. The new edition explains the psychological foundations of Buffett's approach, thus giving readers the best roadmap yet for mastering both the principles and behaviors that have made Buffett the greatest investor of our generation.

The author weaves pearls of wisdom from Warren Buffet into an engaging narrative, organized into business and management topics, in a book that provides direct hands-on information for entrepreneurs, business students and more.

The Five Rules for Successful Stock Investing "By resisting both the popular tendency to use gimmicks that oversimplify securities analysis and the academic tendency to use jargon that obfuscates common sense, Pat Dorsey has written a substantial and useful book. His methodology is sound, his examples clear, and his approach timeless." --Christopher C. Davis Portfolio Manager and Chairman, Davis Advisors Over the years, people from around the world have turned to Morningstar for strong, independent, and reliable advice. The Five Rules for Successful Stock Investing provides the kind of savvy financial guidance only a company like Morningstar could offer. Based on the philosophy that "investing should be fun, but not a game," this comprehensive guide will put even the most cautious investors back on the right track by helping them pick the right stocks, find great companies, and understand the driving forces behind different industries--without paying too much for their investments. Written by Morningstar's Director of Stock Analysis, Pat Dorsey, The Five Rules for Successful Stock Investing includes unparalleled stock research and investment strategies covering a wide range of stock-related topics. Investors will profit from such tips as: * How to dig into a financial statement and find hidden gold . . . and deception * How to find great companies that will create shareholder wealth * How to analyze every corner of the market, from banks to health care Informative and highly accessible, The Five Rules for Successful Stock Investing should be required reading for anyone looking for the right investment opportunities in today's ever-changing market.

Describes the investment strategies of the world's most famous stock investor, recounting how he made a fortune by purchasing pieces of outstanding companies since the early 1980s

In Warren Buffett: Inside the Ultimate Money Mind, Hagstrom breaks new ground with a deep analysis of Buffett's essential wisdom, an intricate mosaic of wide-ranging ideas and insights that Buffett calls a Money Mind. What exactly is a Money Mind? At one level, it's a way of thinking about major financial issues such as capital allocation. At another level, it summarizes an overall mindset for successfully investing in today's fast-paced stock market, a mindset that depends on a commitment to learning, adapting, and facing down irrelevant noise. This is not a method book. It is a thinking book. Warren Buffett: Inside the Ultimate Money Mind explains the philosophies of self-reliance, stoicism, rationalism, and pragmatism and their contributions to making intelligent investment decisions. It also outlines the evolution of value investing, discusses how to develop a business-driven investing mindset, and describes the defining traits of successful active management. Lastly, it examines the surprising aspects of a Money Mind - sportsman, teacher, and artist. In short, Warren Buffett: Inside the Ultimate Money Mind helps readers understand the building blocks that go into

making a Money Mind so they can begin to incorporate its principles in the service to a life of value. Testimonials "An erudite masterpiece..." -Lawrence A. Cunningham, author; professor and director, Quality Shareholders Initiative, George Washington University "It's another must-read..." -Bethany McLean, journalist and Contributing Editor, Vanity Fair, author, Saudi America and co-author The Smartest Guys in the Room "Pure Genius! This is a game changer in investment books..." -Robert P. Tap Dancing to Work

Compiled by the son of the cofounder of H&R Block, a collection of business quotes and advice from the most successful investor of the twentieth century, Warren Buffett. Warren Buffett, chairman and CEO of Berkshire Hathaway, is widely considered the most successful investor of the twentieth century. Since the early 1950s, Buffett has proved himself to be an astute investor, and he turned Berkshire Hathaway from a struggling small textile business into the tenth-largest public company in the world, valued at more than \$600 billion. Buffett is well known for his simple but invaluable principles regarding investing and finances, and countless businessmen and people looking to be smarter with their money and their investments have turned to Buffett for his advice. One of those people is Robert Bloch, son of the cofounder of the tax preparation company H&R Block. The Warren Buffett Book of Investing Wisdom contains 350 quotes that Bloch has personally found to be indispensable to financial success. With the written blessing of Buffett himself, Bloch has selected the best of Buffett, wisdom that will guide you to becoming the most disciplined and rational long-term investor you can be.

Award-winning Bloomberg television host Betty Liu compiles the wisdom of the world's best CEOs into a fun, insightful, and practical guide for success. Betty Liu is famous the world over for asking the tough questions of today's most successful people—and for her uncanny ability to get straight answers where others have failed. As an award-winning financial journalist and Bloomberg Television anchor, Betty has sat down with billionaires, CEOs, politicians, and celebrities to get their views from the top. Now, in Work Smarts, Betty helps you get to the top by distilling the wisdom of some of the most prominent CEOs in the country. Warren Buffett, Jamie Dimon, Elon Musk, Sam Zell, John Chambers, Anne Mulcahy, and many more spill the beans on what it really takes to be successful, giving practical, "from the street" advice on how to get ahead in your career. Packed with candid, often humorous, revelations from leaders in the world of finance, technology, retail, telecom, entertainment, and more, Work Smarts delivers priceless guidance on: How to really network The importance of being likable What your boss is thinking when you ask for a raise Winning every negotiation Bouncing back from a firing or layoff Thinking like a true entrepreneur The secret skill every successful person needs Overcoming fear Being a standout job candidate Knowing what's holding you back Knowing what can propel you forward Why sometimes being good at your job just isn't enough Combining the trademark, hands-on approach of one of today's most respected financial journalists with the wisdom of the world's most successful business leaders, Work Smarts is a gold mine of real-world insight and advice on how to get ahead in business and forge a career that maximizes all your best talents and skills.

First published in 1936, One Thousand Ways to Make \$1000 is the long out-of-print book that Warren Buffett's biographers credit with shaping the legendary investor's business acumen and giving him his trademark appreciation of compound interest. After pulling a copy of One Thousand Ways off a library shelf at age eleven and devouring F.C. Minaker's plucky and practical business advice, Buffett declared that he would be a millionaire by the time he was 35. Written in the immediate, conversational style of Dale Carnegie's How to Win Friends and Influence People, this book is full of inventive ideas on how to make money through excellent salesmanship, hard work, and resourcefulness. While some of the ideas may seem quaint today-goat dairying, manufacturing motor-driven chairs, and renting out billiard tables to local establishments are among the money-making ideas presented- the underlying fundamentals of business explained in these pages remain as solid as they were over seventy years ago. Covering a wide spectrum of topics including investing, marketing, merchandising, sales, customer relations, and raising money for charity, One Thousand Ways to Make \$1000 is both a durable, classic business book and a fascinating portrait of determined entrepreneurship in Depression-era America. Every effort has been made to reproduce the content exactly as it was originally presented.

Unlocking the Genius of the World's Top Hedge Funds

The strategies and techniques of THE investment legend Warren Buffett Wealth follows the world's greatest investor from the beginning of his career, as he takes a 100-dollar investment and turns it into one of the most successful multibillion-dollar companies in the world. By carefully detailing how Buffett began his career and discussing what he learned from Benjamin Graham, this book reveals the true secrets to Buffett's success. Readers will see how Buffett reached the pinnacle of his profession by following certain key principles such as investing in old-style traditional American companies, holding the companies forever, and hiring and keeping the same managers. Robert P. Miles (Tampa, FL) is a writer, speaker, and consultant. He is also the author of The Warren Buffett CEO (0-471-44259-3) and 101 Reasons to Own the World's Greatest Investment: Warren Buffett's Berkshire Hathaway (0-471-41123-X).

The must-read summary of Robert G. Hagstrom's book: "The Warren Buffett Way: Investment Strategies of the World Greatest Investor". This complete summary of the ideas from Robert G. Hagstrom's book "The Warren Buffett Way" reveals the approach behind the success of one of the most successful stock market investors: focus on the value of the business and its market price. In his book, the author explains how Buffett finds a business he understands and feels comfortable with, then he acts like a business owner rather than a stock market speculator. He studies everything possible about the business, becomes an expert in that field and works with the management rather than against them. This summary gives you a valuable insight into the techniques and strategies that Warren Buffett uses to guarantee success. Added-value of this summary: • Save time • Understand key concepts • Expand your business To learn more, read "The Warren Buffett Way" and discover the secrets to success of this top investor.

A collection of the inspiring words and wisdom from America's favorite businessman that reveal his secrets of success from the bestselling authors of Buffettology and The New Buffettology. Like the sayings of the ancient Chinese philosopher Lao-tzu, Warren Buffett's worldly wisdom is deceptively simple and enormously powerful in application. In The Tao of Warren Buffett, Mary Buffett—author of three books on Warren Buffett's investment methods—joins noted Buffettologist and international lecturer David Clark to bring you Warren Buffett's smartest, funniest, and most memorable sayings with an eye toward revealing the life philosophy and the investment strategies that have made Warren Buffett, and the shareholders of Berkshire Hathaway, so enormously wealthy. Warren Buffett's investment achievements are unparalleled. He owes his success to hard work, integrity, and that most elusive commodity of all, common sense. The quotations in this book exemplify Warren's practical strategies and provide useful illustrations for every investor—large or small—and models everyone can follow. The quotes are culled from a variety of sources, including personal conversations, corporate reports, profiles, and interviews. The authors provide short explanations for each quote and use examples from Buffett's own business transactions whenever possible to illustrate his words at work. As Warren says: "You should invest in a business that even a fool can run, because someday a fool will." "No matter how great the talent or effort, some things just take time: You can't produce a baby in one month by getting nine women pregnant." "Our method is very simple. We just try to buy businesses with good-to-superb underlying economics run by honest and able people and buy them at sensible prices. That's all I'm trying to do." The Tao of Warren Buffett inspires, amuses, sharpens the mind, and offers priceless investment savvy that anyone can take to the bank. This irresistibly browsable and entertaining book is destined to become a classic. "Teaches essential accounting terminology and techniques that serious stock investors need to know." -- Preface

Warren Buffett's Management Secrets

Know When to Buy a Stock, Become a Millionaire, Get the Highest Returns

Warren Buffett's Stock Portfolio is the first book to take readers deep into Warren Buffett's investment portfolio. Each of Buffett's current stock investments is analyzed in detail with information as to why Buffett found these attractive businesses and how he determined that they are good long-term investments. Each company will be analyzed using the criteria outlined in Buffettology and Warren Buffett and the Interpretation of Financial Statements. The reader can then apply these techniques to a variety of other stocks and see if they meet Buffett's criteria. Although information about Warren Buffett's stock portfolio is available on-line, it is merely listings of the stocks Warren owns. No one else explains the criteria Warren uses to determine how and when to buy and sell. In addition this book will include stocks that are too new to be on-line. The authors will also look at a few top-performing stocks that Warren has sold in the last ten years.

In the world of investing, the name Warren Buffett is synonymous with success and prosperity. Learn how Warren Buffett did it—and how you can too. Building from the ground up, Buffett chose wisely and picked his stocks with care, in turn amassing the huge fortune for which he is now famous. Mary Buffett, former daughter-in-law of this legendary financial genius and a successful businesswoman in her own right, has teamed up with noted Buffettologist David Clark to create Buffettology, a one-of-a-kind investment guide that explains the winning strategies of the master. * Learn how to approach investing the way Buffett does, based on the authors' firsthand knowledge of the secrets that have made Buffett the world's second wealthiest man * Use Buffett's proven method of investing in stocks that will continue to grow over time * Master the straightforward mathematical equipments that assist Buffett in making investments * Examine the kinds of companies that capture Buffett's interest, and learn how you can use this information to make your own investment choices of the future Complete with profiles of fifty-four "Buffett companies" -- companies in which Buffett has invested and which the authors believe he continues to follow -- Buffettology can show any investor, from beginner to savvy pro, how to create a profitable portfolio.

With an insider's view of the mind of the master, Mary Buffett and David Clark have written a simple guide for reading financial statements from Buffett's successful perspective.

They clearly outline Warren Buffett's strategies in a way that will appeal to newcomers and seasoned Buffettologists alike. Inspired by the seminal work of Buffett's mentor, Benjamin Graham, this book presents Buffett's interpretation of financial statements with anecdotes and quotes from the master investor himself. Destined to become a classic in the world of investment books, Warren Buffett and the Interpretation of Financial Statements is the perfect companion volume to The New Buffettology and The Tao of Warren Buffett.

The book is divided into several sections covering Warren Buffett's personal business management: . Managing one's life - focuses on Buffett's insistence on a good education, picking one's heroes early in life, and staying away from things that damage you personally. The authors also discuss Buffett's belief that challenges make life interesting. . Managing One's Career - Buffett believes that you should work at something that you are passionate about. Do what you like and you will find a way to make money. Do what you hate and you will be miserable even if you are rich. . Managing Employees - place honesty on the same level as intelligence as a managerial attribute. How to keep managers inspired and working hard. . Managing the Business - Buffett has learned that companies that have a durable competitive advantage over their competitors consistently earn more money year after year and are the easiest to manage. . Managing of Personal Money - discover the simple rules that Buffett uses for buying other businesses and how he has incorporated them into his own personal investment style.

The New Buffettology

Shortlisted for the Financial Times and Goldman Sachs Business Book of the Year Prize 2008 The Snowball is the first and will be the only biography of the world's richest man, Warren Buffett, written with his full cooperation and collaboration. Combining a unique blend of "The Sage of Omaha's" business savvy, life story and philosophy, The Snowball is essential reading for anyone wishing to discover and replicate the secrets of his business and life success. Warren Buffett is arguably the world's greatest investor. Even as a child he was fascinated by the concept of risk and probability, setting up his first business at the age of six. In 1964 he bought struggling Massachusetts textile firm Berkshire Hathaway and grew it to be the 12th largest corporation in the US purely through the exercise of sound investing principles - a feat never equalled in the annals of business. Despite an estimated net worth of around US\$62 billion, Buffett leads an intriguingly frugal life taking home a salary of only £50,000 a year. His only indulgence is a private jet, an extravagance he wryly acknowledges by calling it "The Indefensible". In 2006, he made the largest charitable donation on record, with most of it going to the Bill & Melinda Gates Foundation. The Snowball provides a comprehensive, richly detailed insight one of the world's most extraordinary and much loved public figures.

In the past eighteen months, investors have seen rapid, often intimidating changes in the stock market-tech stocks have soared and crashed and assets that shifted away from traditional blue chip companies have quickly shifted back again. In spite of this volatility however, there has been one constant: Warren Buffet's value investing strategies make money. In BUFFETOLOGY, Mary Buffet and David Clark unveiled the analysis techniques that made Warren Buffet the billionaire and investment icon he is today. Now in this companion workbook, the authors explain Buffet's system of business perspective investing, focusing on specific mathematical ratios and calculations. Written in clear, easy-to-understand language, THE BUFFETTOLOGY WORKBOOK offers everyone with or without an Internet connection the tools they'll need to apply the same kind of value analysis to readily available financial data that Warren Buffet does.

Warren Buffett is one of the best investors of all time. But what is his strategy? Buffett's 2-Step Stock Market Strategy breaks down Buffett's 2-step strategy and compiles his best investing principles so that you can replicate his strategy when you invest in stocks. Buffett's 2-Step Stock Market Strategy will teach you when Buffett buys and sells, what he looks for when researching a stock, and the biggest mistakes that beginners make when trying to replicate his strategy. Danial Jiwani (the author) has seen some people lose over \$100,000 in a stock because they did not properly understand Warren Buffett's strategy. This is the last thing Danial Jiwani wants to see happen to you. So, Buffett's 2-Step Stock Market Strategy will explain a proven investing strategy so that you know how to make money in stocks. Plus, you will learn...-Danial Jiwani's email address to ask him any questions-How long Buffett aims to hold a stock-How Buffett uses financial statements when investing-How to correctly "buy low and sell high" like Warren Buffett- Warren Buffett's formula to literally calculate the perfect price to buy a stock-The most important financial ratios to identify safe stocks-Which stocks and sectors have lots of potential-How to properly diversify a portfolio like Warren Buffett-The types of stocks and industries which are too risky-How to minimize risk and maximize reward the Buffett way-The mindset and investing psychology needed to be successful-How to find winning stocks, explained for beginners and dummies-How to use your investing 101 skills to outperform the most investors-How to be an intelligent investor, picking high-return investments-The easiest and safest way to grow your wealth in the stock market-A strategy that has worked in 2019 and will continue to in 2020 and beyond

In this updated second edition, well-known investment author Hagstrom explores basic and fundamental investing concepts in a range of fields outside of economics, including physics, biology, sociology, psychology, philosophy, and literature.

Warren Buffett's Ground Rules

The Warren Buffett Philosophy of Investment: How a Combination of Value Investing and Smart Acquisitions Drives Extraordinary Success

Using the letters Warren Buffett wrote to his partners between 1956 and 1970, a veteran financial advisor presents the renowned guru's "ground rules" for investing—guidelines that remain startlingly relevant today. In the fourteen years between his time in New York with value-investing guru Benjamin Graham and his start as chairman of Berkshire Hathaway, Warren Buffett managed Buffett Partnership Limited, his first professional investing partnership. Over the course of that time—a period in which he experienced an unprecedented record of success—Buffett wrote semiannual letters to his small but growing group of partners, sharing his thoughts, approaches, and reflections. Compiled for the first time and with Buffett's permission, the letters spotlight his contrarian diversification strategy, his almost religious celebration of compounding interest, his preference for conservative rather than conventional decision making, and his goal and tactics for bettering market results by at least 10% annually. Demonstrating Buffett's intellectual rigor, they provide a framework to the craft of investing that had not existed before: Buffett built upon the quantitative contributions made by his famous teacher, Benjamin Graham, demonstrating how they could be applied and improved. Jeremy Miller reveals how these letters offer us a rare look into Buffett's mind and offer accessible lessons in control and discipline—effective in bull and bear markets alike, and in all types of investing climates—that are the bedrock of his success. Warren Buffett's Ground Rules paints a portrait of the sage as a young investor during a time when he developed the long-term value-oriented strategy that helped him build the foundation of his wealth—rules for success every investor needs today.

Warren Buffett built Berkshire Hathaway into something remarkable—and Fortune journalist Carol Loomis had a front-row seat for it all. When Carol Loomis first mentioned a little-known Omaha hedge fund manager in a 1966 Fortune article, she didn't dream that Warren Buffett would one day be considered the world's greatest investor—nor that she and Buffett would quickly become close personal friends. As Buffett's fortune and reputation grew over time, Loomis used her unique insight into Buffett's thinking to chronicle his work for Fortune, writing and proposing scores of stories that tracked his many accomplishments—and also his occasional mistakes. Now Loomis has collected and updated the best Buffett articles Fortune published between 1966 and 2012, including thirteen cover stories and a dozen pieces authored by Buffett himself. Loomis has provided commentary about each major article that supplies context and her own informed point of view. Readers will gain fresh insights into Buffett's investment strategies and his thinking on management, philanthropy, public policy, and even parenting. Some of the highlights include: The 1966 A. W. Jones story in which Fortune first mentioned Buffett. The first piece Buffett wrote for the magazine, 1977's "How Inflation Swindles the Equity Investor." Andrew Tobias's 1983 article "Letters from Chairman Buffett," the first review of his Berkshire Hathaway shareholder letters. Buffett's stunningly prescient 2003 piece about derivatives, "Avoiding a Mega-Catastrophe." His unconventional thoughts on inheritance and philanthropy, including his intention to leave his kids "enough money so they would feel they could do anything, but not so much that they could do nothing." Bill Gates's 1996 article describing his early impressions of Buffett as they struck up their close friendship. Scores of Buffett books have been written, but none can claim this work's combination of trust between two friends, the writer's deep understanding of Buffett's world, and a very long-term perspective.

New York Times best-selling author Dr. John C. Maxwell has a message for you, and for today's corporate culture fixated on talent above all else: TALENT IS NEVER ENOUGH. People everywhere are proving him right. Read the headlines, watch the highlights, or just step out your front door: Some talented people reach their full potential, while others self-destruct or remain trapped in mediocrity. What makes the difference? Maxwell, the go-to guru for business professionals across the globe, insists that the choices people make—not merely the skills they inherit—propel them onto greatness. Among other truths, successful people know that: Belief lifts your talent. Initiative activates your talent. Focus directs your talent. Preparation positions your talent. Practice sharpens your talent. Perseverance sustains your talent. Character protects your talent. . . . and more!! It's what you add to your talent that makes the greatest difference. With authentic examples and time-tested wisdom, Maxwell shares thirteen attributes you need to maximize your potential and live the life of your dreams. You can have talent alone and fall short of your potential. Or you can have talent plus, and really stand out.

"Hagstrom understands how our business works both on and off thetrack. His perception of our sport will have you racing through thepages on the edge of your seat. The book is definitely awinner!" --Dale Jarrett, Winston Cup driver

**** Wall Street Journal bestseller *** Investing isn't a man's world anymore—and this provocative and enlightening book shows why that's a good thing for Wall Street, the global financial system, and your own personal portfolio. Warren Buffett and all of the women of the world have one thing in common: They are better investors than the average man. It's been proved by psychologists and scientists, and the market calamities of the past two years have only provided more statistical and anecdotal evidence of the same. Here are just a few characteristics of female investors that distinguish them from their male counterparts. • Women spend more time researching their investment choices than men do. This prevents them from chasing "hot" tips and trading on whims -- behavior that tends to weaken men's portfolios. • Men trade 45% more often than women do, and although men are more confident investors, they tend to be overconfident. By trading more often -- and without enough research -- men reduce their net returns. But by trading less often, women get better returns and also save on transaction costs and capital gains taxes. • A study by the University of California at Davis found that women's portfolios gained 1.4% more than men's portfolios did. What's more, single women did even better than single men, with 2.3% greater gains. • Women tend to look at more than just numbers when deciding whether to invest in a company. They invest in companies they feel good about ethically and personally. And companies with good products, good services, and ethics tend to have better long-term prospects -- and face fewer lawsuits. Women, with their capability for patience and good decision-making, epitomize the Foolish investment philosophy and the investment practices of the most successful investor in history: Warren Buffett. While men are brash, compulsive, and overly daring, women tend to be more studious, skeptical, and reasonable. This indispensable volume from the multimedia financial education company Motley Fool offers essential advice for every investor hoping to turn today's savings into wealth for a better tomorrow.*

And Why You Should Too

The Warren Buffett Way provided the first look into the strategies that the master uses to pick stocks. A New York Times bestseller, it is a valuable and practical primer on the principles behind the remarkable investment run of the famed oracle of Omaha. In this much-awaited companion to that book, author Robert Hagstrom takes the next logical step, revealing how to profitably manage stocks once you select them. THE WARREN BUFFETT PORTFOLIO will help you through the process of building a superior portfolio and managing the stocks going forward. Building a concentrated portfolio is critical for investment success. THE WARREN BUFFETT PORTFOLIO introduces the next wave of investment strategy, called focus investing. A comprehensive investment strategy used with spectacular results by Buffett, focus investing directs investors to select a concentrated group of businesses by examining their management and financial positions as compared to their stock prices. A strategy that has historically outperformed the market, focus investing is based on the principle that a shareholder's return from owning a stock is ultimately determined by the economics of the underlying business. Hagstrom explains in easy-to-understand terms exactly what focus investing is, how it works, and how it can be applied by any investor at any level of experience. He demonstrates how Buffett arranges his stocks in a focus portfolio and reveals why this is as responsible for his incredible returns as the individual stocks he picks. Ultimately, Hagstrom shows how to use this technique to build and manage a portfolio to achieve the best possible results.

Applying Buffett's principles to technology and international investing From the bestselling author of The Warren Buffett Way and The Warren Buffett Portfolio comes The Essential Buffett: Timeless Principles for the New Economy. In this fresh take on Buffett's irrefutable investment methods, Robert Hagstrom shows readers how to apply Buffett's principles to technology and international investing using real-life case studies of successful fund managers like Legg Mason's Bill Miller. Following the Buffett model, Hagstrom explains Buffett's four timeless principles: 1) analyze a stock as a business; 2) demand a margin of safety for each purchase; 3) manage a focus portfolio; 4) protect yourself from the speculative and emotional forces of the market. Then Hagstrom shows how Buffett's thinking can be applied in the new economy, addressing technology investing, international investing, small cap stocks, and socially responsible investing. Perhaps most valuable are Hagstrom's insights into the psychology behind Buffett's focus investing. For the first time, we are given sure-fire guidelines on how to become a winning Buffett disciple. The Essential Buffett will include convenient sidebars featuring key Buffett ideas, enabling readers to quickly compare Buffett's fundamental tenets.

When Warren Buffett Speaks. . . people listen. "If people want to improve their investing skills, it has to help to study how the Master does it. This short book outlines Buffett's philosophy and techniques." —Peter S. Lynch, Fidelity Investments "Common sense with a deft irony . . ." —John C. Bogle, founder of The Vanguard Group and author, The Little Book of Common Sense Investing "It was Warren Buffett's thoughts and philosophy that first captivated investors. Janet Lowe has done us all a great service by collecting and arranging Warren Buffett's wit and wisdom in an easy-to-read and enjoyable book." —Robert G. Hagstrom, Portfolio Manager, Legg Mason Growth Trust mutual fund, and author, The Warren Buffett Way, Second Edition "A must-read. Buffett's wit and wisdom is a roadmap for anyone looking to succeed in business, investing, and life." —Steve Halpern, Editor, www.thestockadvisors.com
