

The Wiggles Big Big Show

This sound book is a perfect companion, with lyrics from the song, artwork from the hugely popular Little Wiggles style guide, and a sound chip that plays The Wiggles singing along. In sturdy board format with rounded edges, the book is designed to be read in preparation for and during toilet training for boys and girls. The Wiggles: The Toilet Song has been viewed on YouTube over 6 million times in just 3 months! Originally published as Fly a Little Higher and now updated and revised to coincide with the film release of Clouds, Laura Sobiech tells the amazing, true story behind the song and the movie. “Okay, Lord, you can have him. But if he must die, I want it to be for something big. I want someone’s life to be changed forever.” This is what Laura Sobiech prayed when she found out her seventeen-year-old son had only one year to live. With this desperate prayer, she released her son to God’s will. At that point, Zach Sobiech was just another teenager battling cancer. When his mother told him to think about writing goodbye letters to family and friends, he decided instead to write songs. One of them, “Clouds,” captured hearts and changed lives, making him an international sensation. This story is a testament to what can happen when you live as if each day might be your last. It’s a story about the human spirit. It shows how God used a dying boy from a small town in Minnesota to touch the hearts of millions—including top executives in the entertainment industry, major music artists, news anchors, talk show hosts, actors, priests and pastors, and schoolchildren across the globe. And above all, it’s an example of the amazing things that happen when someone shares the most precious thing he has—himself. “I’m not a musician; I’m just a filmmaker, and my prayer is that you get an opportunity—both through the reading of this beautiful book and the watching of our film based on it—to experience what I will fail to put into words: the magic and inspiration of Zachary David Sobiech.” —Justin Baldoni, filmmaker and director of Clouds

Jillian Ginn, educated in Education and Psychology, has faced a fairly tumultuous personal life. In 2006, Jillian Ginn's only son was diagnosed as acutely autistic. In 2009, with her marriage in tatters, Jillian instigated what turned out to be an expensive and abusive divorce. In 2014, her youngest daughter was hit by a car and acquired a brain injury. In 2015, her home was burnt to the ground and her beloved son died of smoke inhalation. In 2018, Jillian was diagnosed with a disability which inhibits her ability to walk independently. This is a must-read memoir, a collection of stories inspired by the author's resilient, loving son. The strong message conveyed throughout focuses on learning to live in acceptance whilst fostering personal peace by giving with love, even when one's life's plans fail and trauma unexpectedly re-visits.
