questions most central to all literature—and all of humanity's quest for understanding. Why is it that we destroy the things we love most? And how can we let go of the past and believe in the future?

Speaking is an introduction to the philosophy of language from an existential and phenomenological point of view. Gusdorf's central concern is to analyze speech within the context of human reality. Speech is an abstraction, but speaking is not, he says. Speaking expresses the experimental and dialectical relation of man, nature, and society. It is through speaking that nature is sublimated into the meant and expressive world of human reality.

But she does—at a mental hospital where she is told that she has only days to live. Inspired by events in Coelho's own life, Veronika Decides to Die questions the meaning of madness and celebrates individuals who do not fit into patterns society considers to be normal. Bold and illuminating, it is a dazzling portrait of a young woman at the crossroads of despair and liberation, and a poetic, exuberant appreciation of each day as a renewed opportunity.

This book provides a series of new addresses to the enduring problem of how to categorize the Fantastic. The approach taken is through the lens of spatiality; the Fantastic gives us new worlds, although of course these are refractions of worlds already in being. In place of 'real' spaces (whatever they

might be), the Fantastic gives us imaginary spaces, although within those spaces historical and cultural conflicts are played out, albeit in forms that stretch our understanding of everyday location, and our usual interpretations of cause and effect. Many authors are addressed here, from a variety of different geographical and national traditions, thus demonstrating how the Fantastic - as a mode, a genre, a way of thinking, imagining and writing - continually traverses borders and boundaries. We hope to move the ongoing debate about the Fantastic forward in a scholarly as well as an engaging way. A guide to psychic self-defense and protection magick that includes instruction on forming protection shields, creating protection spells and rituals, and connecting with

In his new novel, Paulo Coelho, bestselling author of *The Alchemist* and *Adultery*, brings to life one of history's most enigmatic women: Mata Hari. HER ONLY CRIME WAS TO BE AN INDEPENDENT WOMAN When Mata Hari arrived in Paris she was penniless. Within months she was the most celebrated woman in the city. As a dancer, she shocked and delighted audiences; as a courtesan, she bewitched the era's richest and most powerful men. But as paranoia consumed a country at war, Mata Hari's lifestyle brought her under suspicion. In 1917, she was arrested in her hotel room on the Champs Elysees, and accused of espionage. Told in Mata Hari's voice through her final letter, *The Spy* is the unforgettable story of a woman who dared to defy convention and who paid the ultimate price.
