

## Thrs To Protect A Reverse Harem Romance

NEW YORK TIMES BESTSELLER • The groundbreaking investigation of how the global elite’s efforts to “change the world” preserve the status quo and obscure their role in causing the problems they later seek to solve. An essential read for understanding some of the egregious abuses of power that dominate today’s news. "Impassioned.... Entertaining reading." —The Washington Post
Anand Giridharadas takes us into the inner sanctums of a new gilded age, where the rich and powerful fight for equality and justice any way can—except ways that threaten the social order and their position atop it. They rebrand themselves as saviors of the poor; they lavishly reward “thought leaders” who redefine “change” in ways that preserve the status quo; and they constantly seek to do more good, but never less harm. Giridharadas asks hard questions: Why, for example, should our gravest problems be solved by the unelected upper crust instead of the public institutions it erodes by lobbying and dodging taxes? His groundbreaking investigation has already forced a great, sorely needed reckoning among the world’s wealthiest and those they hover above, and it points toward an answer: Rather than rely on scraps from the winners, we must take on the greuling democratic work of building more robust, egalitarian institutions and truly changing the world—a call to action for elites and everyday citizens alike.

Many Catholic priests, nuns, and brothers in the United States take a strong interest in US policies that affect their “brothers and sisters” abroad. In fact, when the policies of their native government pose significant dangers to their people internationally, these US citizens engage actively in a variety of political processes in order to protect and advance the interests of the transnational religious communities to which they belong. In this provocative examination of the place of religion in world politics, Timothy A. Byrnes focuses on three Catholic communities—Jesusit, Maryknoll, and Benedictine—and how they seek to shape US policy in El Salvador, Nicaragua, and Mexico. Based on years of fieldwork and on-the-ground interviews, Reverse Mission details the transnational bonds that drive the political activities of these Catholic orders. This fascinating book reveals how the men and women of these orders became politically active in complex and sometimes controversial causes and how, ultimately, they exert a unique influence on foreign policy that is derived from their communal loyalties rather than any ethnic or national origin.

If you like steamy, standalone, #whychoosewolf-shifter romances, then this is the boxset for you! Three strong women wary of love... ..and the wolf shifter packs ready to claim them. These men are fierce, loyal and looking for love. Finding their mates is easy—their women falling hard and fast. But with danger closing in, keeping them safe could prove deadly. Can these hot, possessive wolves protect their fated mates? The Pack’s Mate – Book 1. I wake up in a house hidden deep in the woods, three wolf shifters standing guard. They want me as their mate. They seduce my body with every caress, every kiss, but it’s the way they cherish and protect me that seduces my heart. I’ve always been too big, too sassy, too smart... now I finally feel beautiful. Adored. Loved. I’m not sure I’ll last, but as danger lurks... I have to trust they’ll protect me, and my heart, too. Claiming Their Mate – Book 2. My bad taste in men has taken a detour from losers to downright dangerous. So, I’m swearing off Y chromosomes for good. Not so easy when these possessive, predatory men claim I’m theirs. Their fated mate. Every heated look and sensual caress soothe my bruised heart. Can I risk a chance at love when my heart’s not the only thing in danger? My ex-boyfriend’s grip tightens as he stalks my every move... and he comes with a pack of his own. Saving the Pack – Book 3. I’ve cooked, cleaned and slaved my whole life, waiting to start I’m theirs. Then I discover I’m human—an outcast who no bear-shifter will touch. I dull the pain with a night of sizzling seduction and heart-pounding heat. Now I’m pregnant to a wolf. And the bears want me dead. I need the alpha wolf’s protection, but his three-wolf-pack are a package deal. And they claim I’m their mate. Could these wolves love me, not just my baby? And can they protect us both from the bears’ deadly vengeance?

With distributed generation interconnection power flow becoming bidirectional, culminating in network problems, smart grids aid in electricity generation, transmission, substations, distribution and consumption to achieve a system that is clean, safe (protected), secure, reliable, efficient, and sustainable. This book illustrates fault analysis, fuses, circuit breakers, instrument transformers, relay technology, transmission lines protection setting using DIGSiLENT Power Factory, intended audience is senior undergraduate and graduate students, and researchers in power systems, transmission and distribution, protection system broadly under electrical engineering.

In the New Republic, every woman must marry five men. It's the law. Welcome to the apocalypse. Nix never put his name in the marriage raffle for a reason. He doesn't need a woman. There aren't that many to go around anyway after a genetically engineered virus wiped out 90% of the female population. He has his job as head of the Security Squadron and it's all he need. He looks out for the township. He protects the few women there are left. But when his name is called to be one of the five husbands to the woman rescued from the badlands, he doesn't speak up to correct the error. Because Audrey's like no one he's ever met before. Fiesty. That's the name for her. Not like so many of the women they've brought back before. She's not broken. She might be just the woman to handle a rough, brutal man like him. Sharing her with four other men is a small price to pay. In fact, the closer they all grow, the more Nix realizes he might finally have again what he lost so long ago—a real family. But when outside forces threaten everything he holds dear, Nix will be forced to face his deepest, darkest fear. When Audrey's life is endangered, will he be able to save the woman he's just learned how to love?

They say I'm their destiny. I've fought hard for a better life. But you can't escape genetics... and my relationships are as unstable as my parents' marriage. Then I meet three possessive and predatory shifters. These men claim me with every heated look and sensual caress. Their inner-wolves seem to think I'm theirs. Their fated mate. I should run scared and I DO. My ex-boyfriend's grip tightens as he stalks my every move... and he comes with a pack of his own. Can these wolves protect me... or should I leave forever to protect them? Fans of Laurel K. Hamilton and J.R. Ward will devour this steamy whychoose, Reverse Harem wolf shifter romance! Start reading The Woodland Packs series, with no cheating and a super sweet, happily ever after guaranteed! The Descendants Complete Collection contains the following standalone titles: Shared by the Four Four magical protectors should be enough for any gal, right? I'm just an ordinary college girl, majoring in art history, but there's this one guy in a few of my classes that just won't leave me alone. You know, the kind of guy that won't take no for an answer. Fortunately, I've just met four mysterious brothers at an art gallery that might be the magical answer to my problems. They're all strong, gorgeous, rich and gifted in their own ways and in love with me. I couldn't possibly choose and luckily they don't want me to. Trouble is, my stalker's not very ordinary himself. My four magical lovers might not be enough to protect me and I can't stand the thought of losing even one of them, knowing it would be my fault. Desired by Four Falling in love isn't supposed to be literal. Except if you're a witch who's cast a soulmate spell... Turns out love magic isn't the kind you dabble with... First there's Dixon with his sweet westerner wang. Then there's action-hero-hot Mateo, who literally swooped in and saved my life... plus his three insanely handsome brothers. The universe definitely heard my call and it's raining men alright. Turns out controlling the magnetic attraction is where it gets tricky, especially if you happened to call upon a magical being, intent on killing you and stealing your power. Whoops. Fortunately I've got four hot shifter protectors because I'm gonna need 'em. Fate of Three A ruthless collector of dark magical artifacts. Three jaguar shifters intent on taking him down, and she's ready to bring some kind of recovery... Saying yes seems like the most dangerous decision I could possibly make. But that's nothing compared to falling in love with all three of them. They've promised me their protection and I've rolled the dice. I'm trusting all three with my love and my life. The Descendants is a page-turning paranormal reverse harem collection with explicit scenes and a heart-thriller twist. Publisher's Note: Shared by Four and Desired by Four are reverse harem romances which involves brothers, which may be off-putting to some readers. Tau Zero

The Most Comprehensive Plan Ever Proposed to Reverse Global Warming To Catch A Fae

White Fragility

Talspin

Life in Reverse

\*\*\* BBW heroine, MFM menage paranormal romance. They've survived broken marriages and battered hearts! But can these fated mates trust each other enough to find true love? When I escaped my abusive marriage, I was a broken shell of a woman. I was never smart enough, pretty enough, thin enough. Now I'm finally free and happy and stronger than ever. There's still a hole in my heart where a loving husband and children should be, but it's a small price to pay for my freedom. A trip to the Rocky Mountains for my cousin's wedding is exactly what I need. I'm shaking my ass on the dance floor, when my skin prickles under the heat of a man's gaze. This man may be hot enough to melt my plus-size panties, but no way is he getting into them. Ever. Except he does. Silver-tongued Jack wins me over with his sexy smile and captivating charisma. Then worships me from head to toe until the wall around my heart cracks. I didn't want a man. Let alone two! But his twin brother intrigues me. Scott's damaged soul calls out to mine no matter how desperately he tries to push me away. The baggage we all carry from our past relationships could sink the Titanic, but fate has its own plans. Because these mountain-lion shifters form a perfect pair. And they're destined to share a fated mate. Me. I may be their perfect match, but how can I convince Scott there's enough love left in this world for the three of us? And will he ever trust me to protect his fragile heart? Author note: This is a re-release of the story 'Stalking the Pharmacist' - and it has been thoroughly edited and re-worked. Enjoy!

They came for me in the dead of night. Silent like ghosts. Three faceless men with one thing on their mind, revenge. The Dancer I was stolen. Ripped from the people I love, and imprisoned in a medieval castle in Scotland with walls as thick and impenetrable as the stone encasing my kidnappers' hearts. Do as they say and you'll survive this place. Refuse their orders and feel the consequences of their wrath. Everyone here calls them The Masks. I call them my enemy. I may seem fragile, weak, but I'm not like all the rest. I'm not just a dancer, or a singer, or a musician that they can lean out as entertainment to sick men and women. I'm a fighter. I come from a long line of them. This time they stole the wrong girl, and these walls...? They'll come crashing down even if I have to rip them apart myself, brick by bloody brick. The Masks We took her. A payment for a debt. A very personal one. With our father "The Collector" dead, we are the heirs to a twisted dynasty with nothing but revenge in our hearts, blood on our hands, and darkness in our souls. Our home bears witness to our cruelty. The prisoners within it, scarred by our wrath. We're the soulless creatures as twisted as any monster real or imagined. We steal, thieving not just the artist themselves, but the light that makes them shine bright. We must keep up our father's legacy. We must have revenge. The Dancer we stole is ours to play with. Ours to use. She won't survive this place. We'll make sure of it. WARNING: This is an 18+ dark, contemporary, reverse harem romance and contains graphic sex scenes, violence, dub-con/ non-con and subject matter that readers may find triggering. It is not for the feint of heart.

In a world where there's only one woman for every twelve men, a lottery is the chance for five lucky men to win the prize of a lifetime... her hand in marriage.Nix never put his name in the marriage lottery for a reason. He doesn't need a woman. There aren't that many to go around anyway, not after a genetically engineered virus wiped out 90% of the female population. He has his job as the head of the Security Squadron and it's all he needs. He looks out for the township. He protects the few women who are left. But when his name is called to be one of the five husbands to the woman rescued from the badlands, he doesn't speak up to correct the error.Because Audrey's like no one he's ever met before. Feisty.That's the word for her. She might be just the woman to handle a rough, brutal man like him.Sharing her with four other men is a small price to pay. In fact, the closer they all grow, the more Nix realizes he might finally have again what he lost so long ago-a real family.But when Audrey's life is endangered, will Nix be able to save the woman he's just learned how to love?

In a post-apocalyptic world where class and beauty are defined by resistance to an overheated environment, Eden, a lowly Pearl cursed with white skin, is facing death if she does not mate with a dark-skinned Coal soon.

A Reverse Harem Paranormal Romance

The Revolutionary, Scientifically Proven, Nutrition-Based Cure

In the New Republic, every woman must marry five men. It's the law.Welcome to the apocalypse. Shay came into the township knowing she'd be a lottery bride.So she'd have to marry five men.She wasn't the naive girl she'd been eight years ago. She'd learned the lessons that had been beaten into her and she'd learned them well.So yes, she should share her body with her new husbands. But her secrets were still her own.The men are different than she expected, though. They each had their own reasons for entering the lottery. There's Charlie, who's so sweet and kind. Rafe, who's a light-hearted joker during the day but dark and demanding in bed. Then Jonas and Henry and Gabriel, each bringing damage and beauty to the clan until, day by day, they begin to differ like a real family. There's just one little problem with the happy new family clan. One of them isn't who he appears to be. He is a spy for the enemy. Will Shay and the township be doomed before she and her husbands have a chance at lasting happiness?Please note that this book contains some dark elements and covers sensitive topics. Any reader that feels they shouldn't venture into this apocalyptic world of sometimes harsh realities should please consider before reading.

This Hugo Award finalist, "Justifiably regarded as a classic" (SRReviews.net), is the tale of an epic space voyage where time dilation goes horribly wrong. Aboard the spacecraft Leonora Christine, fifty crewmembers, half men and half women, have embarked on a journey of discovery like no other to a planet thirty light-years away. Since the ship is not capable of traveling faster than light, the crew will be subject to the effects of time dilation and relativity. They will age five years on board the ship before reaching their destination, but thirty-three years will pass on Earth. Experienced scientists and researchers, they have come to terms with the time conditions of their spacel... the Leonora Christine passes through an uncharted nebula, which damages the engine, making it impossible to decelerate the ship on the second half of their trip. To survive, the crewmembers have no choice but to bypass their destination and continue to accelerate toward the speed of light. But how will they keep hope alive and maintain order as they hurtle deeper into space with time passing more and more rapidly, and their ultimate fate unknown? With its combination of mind-blowing hard science and compelling human drama, Tau Zero is "the ultimate hard science novel" (Mike Resnick).

Eve's new stepbrothers are the worst. Arrogant, gorgeous and rich, the Westing brothers invade her home town, her house, and her whole life. The five of them bring more trouble than any one girl could handle. That's because they're warlocks. Good thing Eve has a secret weapon to use against their magic. The Westing brothers have no Eve except to mess with her relentlessly. They think she's their new plaything. But things aren't as they seem. Eve isn't theirs to play with, she's theirs to protect.

A second-chance love story written from the point of view of both parties.

Reverse Mission

The 48 Laws Of Power

A Dark Reverse Harem Romance

MFM reverse harem paranormal romance shifter BBW romance book

Claiming Their Village Bride

A Dazzle Of Dragonflies

**THE MILLION COPY INTERNATIONAL BESTSELLER** Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say more than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power.

(From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In The 48 Laws of Power, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack.

People set higher standards for me, and I love it.

An "account of the origins of the deeply divided status quo and the people fighting for a more equal, less myopic America" --

The gods walk among us. And they might steal your soul... or your heart. I thought I'd survived everything life could throw at me. All I wanted was to keep my distance from the criminals I work for and get my little brother out of the hell that is our mother's house. Then I died and woke up to four stunningly hot gods telling me I'm now a Valkyrie. Sly, sharp Loki. Jovial but ferocious Thor. Dreamily compassionate Baldur. Grim and secretive Hod. They all have something to teach me. And for around them, my walls start to crack. But the gods didn't summon me just for kicks. Their king is missing, and they need me to find him. The first three Valkyries they sent on the job never made it back. More power is awakening in me than I could ever have imagined--and the gods' enemies are more divine than either they knew. It's going to take every trick in the book for me to save myself, my brother, and these divine men who're getting under my skin in the most alluring way. I'm Aria Watson, and Valhalla ain't seen nothing yet.

"Lillian Firestone is Chinese, but the kids in her 1951 Kansas City high school can't separate her from the North Koreans that America is at war with. Sick of the racism she faces at school and frustrated that her adoptive white family just sees it as 'teasing,' Lily begins to search for her birth mother"

The New York Times bestselling guide to the lifesaving diet that can both prevent and help reverse the effects of heart disease Based on the groundbreaking results of his twenty-year nutritional study, Prevent and Reverse Heart Disease by Dr. Caldwell Esselstyn illustrates that a plant-based, oil-free diet can not only prevent the progression of heart disease but can also reverse its effects. Dr. Esselstyn is an internationally known surgeon, researcher and former clinician at the Cleveland Clinic and a featured expert in the acclaimed documentary Forks Over Knives. Prevent and Reverse Heart Disease has helped thousands across the country, and is the book behind Bill Clinton's life-changing vegan diet. The proof lies in the incredible outcomes for patients who have followed Dr. Esselstyn's program, including a number of patients in his original study who had been told by their cardiologists that they had less than a year to live. Within months of starting the program, all Dr. Esselstyn's patients began to improve dramatically, and twenty years later, they remain free of symptoms. Complete with more than 150 delicious recipes perfect for a plant-based diet, the national bestseller Prevent and Reverse Heart Disease explains the science behind the simple plan that has drastically changed the lives of heart disease patients forever. It will empower readers and give them the tools to take control of their heart health.

I had a chance, once, to play the good girl. I could've kept my mouth shut and stayed out of the line of fire. Had I done that, more people might've been hurt. So, I came forward and subsequently, I lost everything I'd ever loved. I lost my identity. I lost my home. I lost my family. I lost my life. ... But, now you're back. At least, I think they are. I can feel their eyes watching my every movement, stalking me.

They aren't here to threaten me or to hurt me. They're here to protect me. To watch over me. Because to them, I'm everything they desire. I am their love! I am their hate.I am their infatuation. Their sweet possession. How long can they stand to stay in the shadows when a new danger threatens to tear us apart again?

It's four too many — or not enough? It's Gina's twenty-first birthday, and she's ready to celebrate with her fabulous boyfriends Jim, Matt, and Sam. But an unexpected encounter makes Gina rethink many of her assumptions, questioning even the stability of their ménage à quatre. Follow Gina through a day of surprises, excitement, passion — and proof that, in the end, all you need is love. (Polyamory, reverse harem — plus, interracial, bisexual FMM+ romance) Preview: Barbara raised her glass. “Happy birthday, Gina, bubble!” The others raised their glasses. “Happy birthday.” Fighting down shyness, Gina raised her glass back. “Thanks, y’all.” They all clinked their glasses to hers and drank; it made Gina feel a bit better to see all of them, even Barbara and Michael, react to how yummy the champagne was. Raised eyebrows. Marie and Matt made Oooh!faces. Sam closed his eyes, a look Gina recognized as intense pleasure. As the party all enjoyed the bubbly and began to chat, Gina took a breath and looked around the table. Michael was in his usual office wear — a shirt and tie with a leather jacket — while his wife was in a dark red dress that was only a little less revealing than Marie’s, which showed off the porn star’s stunning, bounteous body spectacularly. Matt, Jim, and Sam were wearing matching tuxes with white bow ties, and looked absolutely delicious. She walked over to them and kissed each. “Lords, boys. Y’all look good enough to eat.” “Can’t wait, cuz,” chuckled Jim. The Visitor’s Apprentice (interracial reverse harem FMM+ 1) The Visitor Celebrates 2) The Visitor Falls 3) The Visitor Rises 4) The Visitor Flies (coming soon)

In the New Republic, every woman must marry five men. It's the law. Welcome to the apocalypse. Drea was completely lost except for Eric's hands cupping her face. Eric's blue eyes piercing hers. "This isn't a marriage where each of us get a sliver of you. No, baby, that's not how this is gonna work. You have to give every one of us all of you. Pour it all out. Every single drop of yourself and trust that we'll fill you back up." His stare only grew more intense. "We will never leave you. Never forsake you. We are yours until the end of time. And baby, you are ours." She defies them at every turn. But will they master her in the end?

Steel 7

Claiming their Mate

paranormal standalone reverse harem romance story

A Reverse Harem Romance

Power of Five

Prevent and Reverse Heart Disease

What happens when the three men she dreams about are not able to claim her? Soon, triads of trained warriors will travel to Jemina's village to compete for the honor of marrying her. But she is not like most village born daughters; Jemina is a trained warrior herself, with strong opinions. For cycles now, she has defended her people from the evil forces that seek to destroy her, and it suits them well among the warriors coming to fight for her fathers' honor. Jemina travels to neighboring villages to announce a coming of age rite between all triads of warriors to claim her. Instead of remaining home while they do their duty, she travels with them to get a feel for the type of men she prefers. Along the way, she meets each of the men from her dreams. One is opinionated and questions her skill as a warrior. Another only develops an interest in her when he discovers she is a village born daughter. And the last one, though handsome to behold, seems to lack genuine skills or brains. Her dream lovers aren't even part of an established triad. Steady, being claimed as a bride holds little appeal for her. Will she need to put aside her vision of a perfect set of husbands and settle for less? Not if Jemina has anything to say about it. This is his book too in the Claiming their Bride series but can be enjoyed independently. Publisher's Note: This steamy post-apocalyptic reverse harem romance has elements of action, adventure, ménage, and power exchange.

The Fire Element, Lee, has stolen Celine from the others. Celine's destiny was tied to his first, and unlike the others, he had already risked all and lost. Now is his chance to redeem everything he has lost-his power, Celine, himself.Celine journeys with Lee reluctantly. She longs to cross this realm and return to her elements-to her tormented Brian, her sweet and charming Lindon, her beloved Tate. For Lee, this journey is about one thing. To show her that they belong together. That it was written in the stars by the old mages that Fire and Water would rule together and restore balance to the realms.Winning Celine's love and affecting what he has challenge. Staying alive will depend on them both. They will have to work together and to trust one another. But a lingering threat lies between them.

First, I fell in love with a man I wasn't sure existed outside of my own head. Then he drew me into a magical realm, a place that doesn't feel real, even though it most certainly is. He found me there and said I belonged to him, but two other dark suitors also staked their claim. They say I'm in danger, that only they can save me... only they can satisfy me. I'm different, special, the key to something important--something I don't yet understand. Will I survive long enough to find a way back to my world? And if I do, will I still want to return? “Time is the bestseller.” The 100 most substantive solutions to reverse global warming, based on meticulous research by leading scientists and policymakers around the world “At this point in time, the Drawdown book is exactly what is needed: a credible, conservative solution-by-solution narrative that we can do it. Reading it is an effective inoculation against the widespread perception of doom that humanity cannot and will not solve the climate crisis. Reported-by-effects include increased determination and a sense of grounded hope.” —Per Espen Stoknes, Author, What We Think About When We Try Not To Think About Global Warming “There’s been no real way for ordinary people to get an understanding of what they can do and what impact it can have. There remains no single, comprehensive, reliable compendium of carbon-reduction solutions across sectors. At least until now. . . . The public is hungry for this kind of practical wisdom.” —David Roberts, Vox “This is the ideal environmental sciences textbook—only it is too interesting and inspiring to be called a textbook.” —Peter Kareiva, Director of the Institute of the Environment and Sustainability, UCLA In the face of widespread fear and apathy, an international coalition of researchers, professionals, and scientists have come together to offer a set of realistic and bold solutions to climate change. One hundred techniques and practices are described here—some are well known; some you may have never heard of. They range from clean energy to educating girls in lower-income countries to land use practices that pull carbon out of the air. The solutions exist, are economically viable, and communities throughout the world are currently enacting them with skill and determination. If deployed collectively on a global scale over the next thirty years, they represent a credible path forward, not just to slow the earth’s warming but to reach drawdown, that point in time when greenhouse gases in the atmosphere peak and begin to decline. These measures promise cascading benefits to human health, security, prosperity, and well-being—giving us every reason to see this planetary crisis as an opportunity to create a just and livable world.

Protecting Dallas - a Military Reverse Harem Romance

A Novel

Claimed by Gods

A Contemporary Reverse Harem Romance

Thrs to Ransom

Eve and Her Evil Stepbrothers: Why Choose Paranormal Romance

Three ripped, gorgeous Navy SEALs. One sizzling night of ultimate, carnal pleasure. Who would've thought hitting rock-bottom could be so much fun? With her parents both gone and her brother KIA, Dallas Winters leads a cold, lonely existence. That is, until a trio of elite SEALs rescue her from a crack team of unknown assailants, helibent on capturing her for reasons even they don't yet understand. Enter Maddox, the chiseled blond leader of the group, who explains that her brother tasked them with protecting Dallas shortly before his demise. Along with Austin, olive-skinned and beautiful, and Kane, the brooding alpha giant, these three powerful soldiers have been guarding Dallas longer than she even knows... and will continue to do so, until every last one of their enemies are vanquished. Yet when a single night of weakness ignites a powder-keg of irrepressible sexual attraction? Dallas finds herself adrift on a glorious sea of passion, sinew, and man-muscle. Jealousy is thrust aside as her three gorgeous roommates offer a sinfully unorthodox solution: sharing Dallas together, fully and completely, in every possible way. Satisfying the needs of three strapping warriors is fun at first, as Dallas is put through the exhilarating delicious paces of being a shared girlfriend. But the sinister forces aligning against them have other plans, and even Dallas herself harbors a hidden, yet undiscovered secret... Can three brothers-in-arms love and protect one beautifully headstrong woman, while fighting off the same treacherous mercenaries responsible for their comrade's demise? Or will their budding four-way relationship - filled with lust and sharing and love - be doomed to failure before it can even truly begin? PROTECTING DALLAS is a sexy, stand-alone military reverse harem romance filled with laughter, drama, heart-pounding excitement, and enormous amounts of love. It also contains blistering hot MFM/merage sex, in single and multiple partner scenes, so molten they're bound to melt your kindle! HEA guaranteed.

Elite fae warriors. One mortal female. A magical bond can't allow—or resist. Orphaned and sold to a harsh master, Lera's life is about mucking stalls, avoiding her master's advances, and steering clear of the mystical forest separating the mortal and fae worlds. Only fools venture into the immortal realms, and only dark rumors come out... Until four powerful fae warriors appear at Lera's barn. Fire, Coal, Tye, and Shade have waited a decade for their new fifth to be chosen, the wounds from their quaint brother's loss still raw. But the magic has played a cruel trick, bonding the four immortal warriors to... a female. A mortal female. Distraingly beautiful and dangerously frail, Lera can only be one thing—a mistake. Yet as the males bring Lera back to the fae lands to sever the bond, they discover that she holds more power over their souls than is safe for anyone... especially for Lera herself. Power of Five is a full-length reverse-harem fantasy novel.

In the United States, some populations suffer from far greater disparities in health than others. Those disparities are caused not only by fundamental differences in health status across segments of the population, but also because of inequities in factors that impact health status, so-called determinants of health. Only part of an individual's health status depends on his or her behavior and choice; community-wide problems like poverty, unemployment, poor education, inadequate housing, poor public transportation, interpersonal violence, and decaying neighborhoods also contribute to health inequities, as well as the historic and ongoing interplay of structures, policies, and norms that shape lives. When these factors are not optimal in a community, it does not mean they are intractable: such inequities can be mitigated by social policies that can shape health in powerful ways. Communities in Action: Pathways to Health Equity seeks to delineate the causes of and the solutions to health inequities in the United States. This report focuses on what communities can do to promote health equity, what actions are needed by the many and varied stakeholders that are part of communities or support them, as well as the root causes and structural barriers that need to be overcome.

As an English major and the editor of the Literary Magazine at Denberg University, I'm fully focused on school. Struggling with being the utter disappointment of my parents—who happen to be two amazing academics—I'm doing my best to prove myself. Stranded on campus with nowhere to go this holiday season, I'm determined to stay on task. But then, Maven Stone calls my name, and everything changes... Suddenly, I'm on a whirlwind vacation with Maven and his two fraternity brothers, Chance Montgomery and Banyan Iburgess, chasing dreams I never knew I had. I'm Giovanna Amsel, and this is the first part of our unconventional love story.

Why It's So Hard for White People to Talk About Racism

Thrs to Wed

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’ (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

Seven bodyguards are hired to keep me safe, but I want so much more than their protection. It's my first world tour, and my record company is nervous. They've crafted my innocent image and focused on marketing my appearance ahead of my talent, so they shouldn't be surprised at the dangers I'm facing. Girls like me are magnets for stalkers. When Steel 7 Security is employed to safeguard my trip, I expect my bodyguards to be middle-aged ex-cops with donut-bellies. My seven bodyguards couldn't be more different. Connor, Elijah, Ben, Asher, Jax, Hudson, and Mo are huge, powerful ex-military men with bodies made to protect and an impeccably rigorous attitude to my safety. They have nerves of steel, their attitudes are professional, but I can't help noticing how their gazes linger on my body and I can't help feeling the electricity between us whenever we're together. They're a team of specialists, hired to protect me. They know better than to fall for someone they're supposed to keep safe. But with every glance, every accidental touch, every word, I can feel their steely exteriors melting away. They're with me through the lonely days and long nights on the road. I can't hide beneath my well-crafted veneer when they're with me twenty-four hours a day. Slowly, they make me feel like nothing can ever touch me apart from them. I know it's risky. If the press discovers our secret, my image will shatter, and their careers will be over, but their magnetic pull is too strong to resist. How can they protect me when the connection between us is the very thing that puts me in danger?

She was always Daddy's little princess. They're vicious outlaws. Now she's theirs, and they're not going to let her go without a fight... — Sophia Wolford's always looked at the world as if the glass is half full. Even after the Apocalypse. What's the point of focusing on the negative, after all, when you need to get busy rebuilding the world? — Finn Knight sees things differently, however. His motto is: Trust no one and always protect the weak... Not surprisingly, Sophia and Finn get along like oil and water. — When Sophia sees an opportunity to save not only Jacob's Well, but the entire country which is on the brink of war, however, Finn is the only person who can help her. — Sophia gets a lot more than she bargained for, though, when she heads into the wilds of New Mexico and offers herself as a Raffle Bride. — She discovers too late that her new husbands might not have the most honorable intentions. Will she and Finn be able to find a way to save themselves in time, much less the Republic?

In the New Republic, every woman must marry five men. It's the law. Welcome to the apocalypse. All Vanessa ever wanted was to be loved. Okay, strike that—all she wanted was not to die at the hands of the homicidal maniac who was obsessed with hunting her down—and be loved. Was that too much to ask? The plan was simple: Go to Jacob's Well. Enter herself in the Marriage Raffle. After years of barely surviving, finally get her happily ever after. But nothing's ever that simple, is it? Turns out she'll have to fight tooth and nail for her fairytale love. The prize has never been more worth it, though—Five men who love and adore her, and at long last, a home and a family... if she survives to tell the tale.
