Use the powerful spiritual principles of Chinese Medicine to discover your personality type and bring balance to all areas of your life with this practical, solution-oriented book from expert Jean Haner. The ancient Chinese discovered a secret that remains little-known in the West to this day: the map of how your life is meant to work. And just like an acupuncturist treats energy points in the body to heal you physically, this book will show you how to make tiny changes in your everyday activities to heal your life when it's not working for you. Based on the traditional wisdom of the Chinese Five Elements-Water, Wood, Fire, Earth, and Metal-the quizzes and step-by-step guidance in this book will help you discover how to solve problems in ways that fit your unique personality type. Drawing from over 30 years of experience, Jean Haner offers

specific strategies from the spiritual side of Chinese medicine to help you create true and effective change. With short-term practices and select activities, such as aligning with your "magic hours," new ways of clearing clutter, and even adding certain colors and foods to your life, you can get solutions for any problem at three different levels—simple remedies, full prescriptions, and a five-week "reboot" plan—to get your entire life moving in the right direction again.

It's 1972 in the industrial city of Xiangtan, China. A frail child with a heart condition sneaks into a hotel boiler room and befriends the elderly yet vibrant attendant, who eventually reveals his true identity as a revered Qigong master. He heals the boy and, for the next 13 years, secretly teaches him the keys to unlocking the spiritual and healing dimensions of the Life Force. It sounds like a modern-day fable, but the story is true. And with *The Master Key*, that grateful student, Robert Peng, invites all of us to enter the next chapter of this empowering path. Here, Master Peng brings together the unique insights of his teacher with the moving account of his own journey to inspire and guide us into: The foundational methods for gathering, refining, and using the Life Force A five-minute exercise to directly experience the reality of Qi energy Awakening the body's three Dantian centers The Four Golden Wheels practices for strengthening your Qi reservoirs The discovery of your True Self through Qigong's tools of self-inquiry Empowering your relationships and sexual intimacy Entering the sea of compassion and happiness, and much more How do we open the doorways to authentic love, power, and wisdom? The answer lies in our inner Life Force—and *The Master Key* teaches us how to unlock it.

In 2010, Nick Polizzi did something unimaginable. He assembled a group of eight desperately ill patients from around the world and brought them into the heart of the Amazon rainforest to put the mysterious medicines of native shamans to the test. The healing journey that unfolded would change their lives—and his own—forever. In *The Sacred Science*, we join Nick as he explores these primordial traditions and learns firsthand what it takes to truly heal ourselves of physical disease, emotional trauma, and the sense of "lostness" that so many of us feel in these modern times. We venture into a place where the ordinary rules we live by, even survival instincts, don't apply—where "the only thing to do is to step forward and be ready for anything." Nick is not a guru or shaman; he is an ordinary guy who pieced together an illuminating journey, one experience at a time. In this riveting true story, we're shown the many layers that must be peeled away in order for us to find the truth of who we are and why we're here. This book is a bridge between the flashy, fast-moving modern world and the forgotten ways of a healthier, earth-connected ancestral past. You'll find practices and principles of native wisdom that you can put to use in your own life, and you'll gain a new understanding of what it means to heal. In the end, what will become of the eight patients who set out on this path with Nick? Will the exotic jungle medicines and harrowing rites of passage destroy them or give them a new lease on life? Five will return with remarkable healing results. Two will return disappointed. One won't return at all.

Inspired by the breakthrough channeled series The Law of One, Buddhist teacher Barbara Brodsky sent its author, Carla L. Rueckert, some transcriptions of her own material. Struck by Brodsky's lucid, witty, and fearless channeling, Rueckert invited Brodsky to co-channel a conversation between their spirit teachers, Q'uo and Aaron. Developed from the transcripts of nine weekends of joint channeling, The Aaron/Q'uo Dialogues: An Extraordinary Conversation between Two Spiritual Guides offers teachings from a "positive polarity" perspective, and provides answers to a wide range of spiritual questions, such as: • "What is the spiritual path and how do we live it?" • "Why do seemingly bad things happen to people who are trying to follow the dictates of love?" • "How do we open the heart?" Offering wise solutions to the major problems that prevent people from living with more awareness and compassion, these conversations offer the spiritual seeker a valuable template for a life of spiritual peace. Based on thousands of sessions with clients who experienced remarkable healings with Vianna, this comprehensive follow-up is an in-depth exploration of the work and processes central to ThetaHealing, giving the reader a detailed guide to the Feeling, Belief, and Digging Work, as well as further information on the 7 Planes of Existence that allow us to

Since the late 1940s, a growing number of individuals and groups have urged the authorities to public disclose what they know about interaction between humans and non-human intelligences. But for 70 years those authorities have employed various tactics to keep the subject secret, and to confuse perceptions of any information that does reach the public. But as people worldwide continue to experience various contact phenomena, the responsibility of researching and reporting this has fallen to those called in various ways to participate. *We Are the Disclosure* is an embodiment of this bottom-up Disclosure process. Through in-depth interviews, this book provides a people's history of the development of the field since the early days, charting its evolution from a technological issue, to a military, intelligence, political, historical, environmental and spiritual one. Leading researchers in the field are joined by archeologists, radio hosts, journalists, scientists, psychologists, therapists, military whistleblowers, a remote viewer, experiencers and ET-human hybrids. They discuss their contributions to the field, the implications of this subject for individuals and society, and how we can overcome the governmental suppression and bring humanity into a new era of cosmological understanding. *We Are the Disclosure* features interviews with Stanton Friedman, Barbara Lamb, Jim Marrs, Mary Rodwell, Dr. R. Leo Sprinkle, Dr. Rebecca Hardcastle Wright, Alfred Lambremont Webre, Clifford Stone, Lyn Buchanan, Michael Cremona, Klaus Dona, Lee Spiegel, Professor Milton Wainwright, Dr. C. B. Scott Jones, Alexis Brooks, Robert Fullington, Rey Hernandez, Gary Heseltine, Jujuolui Kuita, Vanessa Lamorte, Dr. Rita Louise, Marilyn Gewacke, Derek Savory, Jerry Wills, Victor Viggiani and Dr. CristiAnne Quiros. This book adds important depth and breadth to the discussion, and provides strong evidence that Disclosure may prove to be the most important topic of our time, and that it is being driven in large part by the ETs themselves. www.wearethedisclosure.com

First developed twenty years ago by Vianna Stibal, ThetaHealing is essentially applied quantum physics. Using a theta brain wave, which until now was believed to be accessible only in deep sleep or yogi-level meditation, the practitioner is able to connect with the energy of All That Is – the energy in everything – to witness healings of the physical body, and to identify and change limiting beliefs. This book is for those who have already started to experience the magic of this energy healing modality, and wish to deepen their understanding of the Seven Planes of Existence – the philosophy behind the creation of ThetaHealing. Vianna presents exciting new information to help you take your skill with this work to the next level, and brings the reader into dimensions that she believes to be the beginnings of life itself, on a journey that leads outward, past the universe, to transform beliefs, showing that with a theta state of mind it is possible to connect to a Divine Energy before it becomes anything in this universe.

This is a very different book. What if you, being you, can change everything—your life, relationships, body, money situation. . .and the world?

Miracles Through Pranic Healing -- all you need is a willingness to help yourself or your loved ones and to follow the step-by-step instructions. The results will follow. Within a week or two simple ailments can be healed . . . difficult ailments may take longer. This is the basic text used in Pranic Healing courses all over the U.S. While many Americans only work with seven basic chakras, in this process Master Choa also uses the minor chakras in the hands, feet, fingers, throat and neck. His methods for activating healing energy enable you to work with other people without the energy drain that many untrained intuitive healers experience. This is a useful introductory text, containing basic instructions, for any naturally

sensitive person who has an interest in this form of healing.

Extraordinary Powers in Humans is a powerful manual for development of psychic abilities. Basically, the book is not limited in time since it stretches from the ancient Yoga systems to the advanced and modern UFO phenomenon. Figuring out the purpose of existence, the human is somewhere in the middle. Thus, to achieve all that, the book is written in a form of a special manual that leads one from the basics of the spiritual science to the point of discovering the most hidden spiritual secrets, which at the end leads to self-realization. The book is divided in six major sections that contain a huge amount of theoretical and practical data concerning meditation, Kundalini energy, astral projection, remote viewing, telepathy, aura, clairvoyance and psychokinesis. Also, the book offers the reader 18 of the author's astral trips describing his contacts with alien species as dominant subject. He claims most of them have come from the Zeta Reticuli star system in the time when Atlantis and Lemuria were in full glory, and stayed ever since. The book clearly points that this bio-computer we call a physical body, is only a tiny part of realities we are connected to. A human being is thus an infinite consciousness connected to different layers of cosmic energy. Once read and fully understood, it can change one's perception of reality and offer direct path to human evolution. Anyway, the book is in elite of its kind and worthy to every human being in the process of awakening...

In her first book, Vianna Stibal, the creator of ThetaHealing, introduced this amazing technique to the world. Based on thousands of sessions with clients who have experienced remarkable healings with Vianna, this comprehensive follow-up is an in-depth exploration of the work and processes central to ThetaHealing. As you read, you will learn about Feeling, Belief, and Digging Work; and also be given information on the 7 Planes of Existence, which allow you to connect to the highest level of love and energy of All That IS. Advanced techniques for utilizing the universal healing connections revealed by Taoist astrology and astronomy • Provides meditations and healing techniques based on Taoist astrology • Allows readers to develop a personal practice based on an understanding of their planetary strengths and weaknesses • Includes Taoist star practices for expanding personal awareness into a cosmic field of chi that will support others in their efforts to heal and grow spiritually Taoist Astral Healing provides a step-by-step program for refining our ability to cultivate, circulate, and retain chi from the stars and planets. While the initial focus of Taoism centers on creating physical health that is deeply rooted in the energies provided by the earth, individuals may also draw down energies from the stars and planets to continue to grow in awareness and to develop their full soul potential. Harnessing these energies allows us to break through the cycles of attraction and addiction, promote longevity, and transform the physical and energy body into a "light body" in order to heal ourselves and others. Taoist Astral Healing teaches how to connect the body with

the five elemental forces of nature, as well as the moon, sun, planets, stars, and galaxies. Noting the relationships between specific constellations and points on the body--such as the Big Dipper's correspondence to the bones of the skull--the authors offer planetary and stellar meditations that allow the inner and outer universes to become more connected. Following the numerous meditations and techniques provided throughout the book, readers develop a personal practice based on an understanding of their planetary strengths and weaknesses and their own spiritual growth. Draws on original experiments as well as scientific research to explore a theory that the entire universe is connected by a vast energy field that can be manipulated for the betterment of the world using positive thought processes.

Essential ThetaHealing® handbook for practitioners explaining how we can connect with the Creator for spiritual elevation. When we enter a theta brain state, we can connect to the Creator of All That Is. Discover how to improve this connection to achieve deep inner healing. Founded by Vianna Stibal, ThetaHealing® is a powerful healing modality through which we can change limiting beliefs to receive deep emotional and physical healing. While in the Theta state, we're able to connect with the divine energy that flows through all things: The Creator of All That Is. Vianna is often asked: 'How do I know I'm connected to the Creator, or if it's just my own thoughts?' The true answer is that to know the difference between your thoughts and divine inspiration, you must first understand yourself. This in-depth guide for ThetaHealing practitioners will teach you how to experience knowing yourself on an intimate level, so you can recognize this difference and establish clear and enlightened communication with the Creator. Vianna shares powerful teachings, downloads, exercises, and her own experiences to illustrate how to recognize the belief systems, inner aspects, and subconscious selves preventing you from fully bonding with the energy of the Creator, and how to navigate and understand your own mind. The Creator always communicates from a place of pure, perfect love, and Vianna details a powerful road map for experiencing and strengthening this connection, so that you too can become limitless.

Everything we know about the world today follows an invisible set of rules-how we work, love, parent, spend our money, and define success. But what if we could remove these outdated ideas and start anew? What would our lives look like if we could redefine the meaning of happiness, purpose, and success? The Code of the Extraordinary Mind blends computational thinking, integral theory, modern spirituality, evolutionary biology, and a little bit of humor to provide a revolutionary framework for re-coding ourselves with new, empowering beliefs and behaviors so we can live extraordinary lives. Throughout, Vishen Lakhiani shares transformative insights from legendary thinkers including Elon Musk, Richard Branson, and Arianna Huffington, among others, helping us to think like the greatest creative minds of our era-questioning, challenging, and creating new rules for our lives. Lakhiani's 10 laws help us retrain our minds to grow and achieve more than we ever thought was possible, showing us that we do not need to follow convention and can succeed on our own terms no matter where we are starting from.

A Buddhist manual for replacing an anxious, narrow, uncomfortable identity with one that is expansive, peaceful, and capable. In the shamanic worldview of Tibet, the five elements of earth, water, fire, air, and space are accessed through the raw powers of nature and through non-physical

beings associated with the natural world. The Tibetan tantric view recognizes the elements as five kinds of energy in the body and balances them with a program of yogic movements, breathing exercises, and visualizations. In Dzogchen teachings, the elements are understood to be the radiance of being, and are accessed through pure awareness. **Healing with Form, Energy, and Light** offers the reader healing meditations and yogic practices on each of these levels. Tenzin Rinpoche's purpose is to strengthen our connection to the sacred aspect of the natural world and to present a guide that explains why certain practices are necessary and in what situations practices are effective or a hindrance. And the world too is transformed from dead matter and blind processes into a sacred landscape filled with an infinite variety of living forces and beings. "The secrets freely given in this volume can help us lay sound foundations for whatever yogic practice we may adopt. Tenzin Rinpoche has rendered all a great service." —Yoga Studies

The informal, student-friendly tone of these rhetorically-organized rhetoric/reader/handbooks provides step-by-step instructions on writing a variety of 500-800-word essays.

A practical, step-by-step program for healing the four lower chakras—the empowerment chakras—using EFT/tapping. Noted empowerment coach Margaret Lynch Raniere introduces the hidden power of the four lower “empowerment” chakras—root, sacral, solar plexus, heart—and the groundbreaking healing techniques she created to heal them using Emotional Freedom Technique (EFT), also known as “tapping.” These four chakras

are the source of the exact rising empowerment energy you need to feel, speak, and act with confidence, courage, and deeply felt belief in yourself and your value. However, these are the chakras that get blocked with long-buried fears and pain that create self-doubt, procrastination, playing small, and years of trying to prove you're good enough. Healing these lower chakras will help you reclaim your inner power so you can stop proving and start being your most powerful, passionate, and authentic self.
