your dreams. "Anything the
mind can conceive and
believe, it can achieve."

Within this one line is
distilled a success formula
so simple that anyone can
apply it--and yet so

demanding that only a
minority of the population
ever fully lives it out.

Upon it was built a success
philosophy that explains how
human desires can be
translated into material
reality, a framework that

and maintained their
prosperity. It is the
foundational principle of
Napoleon Hill's Science of
Success program, an
achievement philosophy that
effectively helped end the
