Published around the world, this book has become an undisputed classic in the field of motivational literature. Inspired by Andrew Carnegie, it has been cited by many as the "calling card" that propelled countless numbers to fame and fortune and is the standard against which all other motivational material is measured. Think and Grow Rich and The Think and Grow Rich Action Pack have single-handedly changed the lives of millions of men, women and young adults and produced a legacy of achievement that includes many of today's and yesterday's leaders in business, government and civic organizations. "I knew Napoleon Hill in 1922 when I was a student in Salem College in the town of my birth. Mr. Hill came to our campus as the commencement speaker that year. As I listened to him, I heard something other than the words he spoke. I felt the substance—the wisdom—and the spirit of a man and his philosophy. Mr. Hill said "the most powerful instrument we have in our hand is the power of the mind." Napoleon Hill compiled this philosophy of American achievement for the benefit of all people. I strongly commend this philosophy to you for achievement and service in your chosen field." –Senator Jennings Randolph, West Virginia

A winning formula for money-making success Napoleon Hill, America's most beloved motivational author, devoted 25 years to finding out how the wealthy became that way. After interviewing over 500 of the most affluent men and women of his time, he uncovered the secret to great wealth based on the notion that if we can learn to think like the rich, we can start to behave like them. By understanding and applying the thirteen simple steps that constitute Hill's formula, you can achieve your goals, change your life and join the ranks of the rich and successful. In this updated edition, Dr. Arthur R. Pell provides examples of men and women who, in recent times, exemplify the principles that Hill promulgated. With the success stories of top achievers such as Bill Gates and Steven Spielberg, he proves that Hill's philosophies are as valid today as they ever were.

As Executive Director of the Napoleon Hill Foundation, I receive many requests from people wanting the original 1937 copy of Think and Grow Rich. To satisfy those of you who desire to have a 1937 unedited copy, we have reproduced Napoleon Hill's personal copy of the first edition, printed in March of 1937. The book has the notation, "not to be loaned," and signed: Annie Lou Hill (the wife of Dr. Hill). This personal copy of Dr. Hill's was given to me by Dr. Charles W. Johnson, Chairman of the Napoleon Hill Foundation and a nephew of Napoleon Hill. It was Napoleon Hill who sent Dr. Johnson to medical school, and today he is a practicing cardiologist. Charlie refers to Napoleon Hill as "Uncle Nap" and will often make the statement, "Uncle Nap would be proud of the Foundation today." The original 1937 manuscript was written and edited with the assistance of Napoleon's wife. In later years, the existing document was again edited by Dr. Hill. For example, the Foundation owns a 1958 edition that Hill edited personally. This did not lessen the book's value in Hill's judgment. Hill made the editing remarks in his own handwriting and the resulting 1960 edited edition has sold over 100 million copies making it the most read self-help book of all time. Today there are many so called authors who publish Think and Grow Rich and some even add their name alongside Dr. Hill's. I believe that these "authors" should be able to write something themselves instead of merely copying the work of Napoleon Hill. Who do they think they are kidding? Dr. Hill's works are highly recognizable and have had long lasting influence worldwide. In fact, Think and Grow Rich sells more copies today than before Dr. Hill died in 1970. Now you can purchase the original Foundation authorized 1937 unedited copy of Think and Grow Rich by visiting the Napoleon Hill Foundation's website, www.naphill.org. You will be supporting the nonprofit Napoleon Hill Foundation if you do this. For your convenience it is also available as an e-book. The entire philosophy of Napoleon Hill is based on the Golden Rule. The Foundation deeply appreciates the support of those of you who only purchase Napoleon Hill authorized books. Ever wondered how life would be if we could condition our minds to Think and Grow Rich? Author Napoleon Hill claims to have based this book on twenty years of rigorous research on the lives of those who had amassed great wealth and made a fortune. Observing their habits, their ways of working and the principles they followed, Hill put together laws and philosophies that can be practiced in everyday life to achieve all-round success. The narrative is rich with stories and anecdotes, which not only inspire, but also show a way forward to take action. After all, riches are not just material, but also pertaining to the mind, body and spirit. Having sold more than fifteen million copies across the world, this book remains the most read self-improvement book of all times!

Over 25 years ago, Napoleon Hill, then a young special investigator for a nationally known business magazine, was sent to interview Andrew Carnegie. During that interview Carnegie slyly dropped a hint of certain master power he used; a magic law of the human mind - a little known psychological principle - which was amazing in its power. Carnegie suggested to Hill that upon that principle he could build the philosophy of all personal success - whether it be measured in terms of Money, Power, Position, Prestige, Influence, or Accumulation of Wealth. That part of the interview never went into Hill's magazine. But it did launch the young author upon over 20 years of research. And today we open to YOU the discovery and methods of using the revolutionary force which Carnegie quietly hinted at. The thrilling methods of using it are now taught in eight textbooks known as the LAW OF SUCCESS. In the trail of the LAW OF SUCCESS lessons come accomplishments, not mere entertainment and time-killing diversion. There come larger businesses, bigger bank accounts, fatter pay envelopes; small enterprises given new life and power to grow; low-pay employees shown how to gain advancement by leaps and bounds.

Think and Grow Rich is Napoleon Hill's newest book, based upon his famous LAW OF SUCCESS philosophy. His work and writings have been praised by great leaders in finance, education, politics, and government.

This complete 1937 classic text edition features an Afterword by Bob Proctor, a world-renowned speaker, motivational coach, author of bestselling books, as well as a Law of Attraction teacher.

Harness the power of thought to distinguish yourself like you never imagined possible...for "anything the mind can believe, it can achieve!"

Think and Grow Rich has been called the "Granddaddy of All Motivational Literature." It was the first book to boldly ask, "What makes a winner?" The man who asked and listened for the answer, Napoleon Hill, is now counted in the top ranks of the world's winners himself. The most famous of all teachers of success spent "a fortune and the better part of a lifetime of effort" to produce the "Law of Success" philosophy that forms the basis of his books and that is so powerfully summarized in this one. In the original Think and Grow Rich, published in 1937, Hill draws on stories of Andrew Carnegie, Thomas Edison, Henry Ford, and other millionaires of his generation to illustrate his principles. In the updated version, Arthur R. Pell, Ph.D., a nationally known author, lecturer, and consultant in human resources management and an expert in applying Hill's thought, deftly interweaves anecdotes of how contemporary millionaires and billionaires, such as Bill Gates, Mary Kay Ash, Dave Thomas, and Sir John Templeton, achieved their wealth. Outmoded or arcane terminology and examples are faithfully refreshed to preclude any stumbling blocks to a new generation of readers.

I want to share with you a secret... it's the secret to success, wealth, and heavenly riches. This secret is based on Napoleon Hill's original manuscript of his classic book, "Think, and Grow Rich". Hill wrote this masterpiece after spending many years studying the most successful men of his time; these men included Andrew Carnegie, George Eastman, Woodrow Wilson, F. W. Woolworth, and many others. Hill discovered that there were 13 basic principles that all of the wealthiest men had in common. Of course his original book has been republished, revised, and edited – and then I discovered the original manuscript – the inspiration and basis for this book. It was in the original manuscript that I finally uncovered Napoleon's "hidden secret". In the original manuscript he had the word "vibration" written 37 times, yet the edited version took all of them out and this was the missing secret. I was inspired to write the book as Napoleon left out one main point about our feelings and how they vibrate to communicate with our Source/God and thus bringing us all of our desires. I spent countless hours poring over the original manuscript and adding additional instruction to teach you how to harness these vibrations – aka FEELINGS! So that you too, can learn how to think, FEEL, and grow rich.

This workbook is designed as a companion to the best selling personal development book of all time - Napoleon Hill's 1937 classic, Think and Grow Rich. This workbook will stimulate your mind and your dreams and your desire to achieve, to go beyond where you are now in financial resources, meaningful relationships, and career aspirations. Based on thirteen proven and practical principles, or steps, you will have the tools and encouragement to advance in life - the sky is the limit. And it all begins with how you think.

"Anything the mind can conceive and believe, it can achieve." Within this one line is distilled a success formula so simple that anyone can apply it--and yet so demanding that only a minority of the population ever fully lives it out. Upon it was built a success philosophy that explains how human desires can be translated into material reality, a framework that rests upon the power of thoughts to seek expression in physical form. Through this singular concept, the world's wealthiest and most successful individuals--rich in money, relationships, power, peace of mind, and social standing--have built and maintained their prosperity. It is the foundational principle of Napoleon Hill's Science of Success program, an achievement philosophy that effectively helped end the Great Depression and that has since made more millionaires, cultural icons, and thought leaders than any other. Hill was born in 1883 in a one-room cabin on the Pound River in Wise County, Virginia. He began his writing career at age thirteen as a mountain reporter for small-town newspapers. In 1908, as a young special investigator for a nationally known business magazine, he was sent to interview the great steel magnate Andrew Carnegie. During that interview, Carnegie shared the secrets that had enabled him to acquire hundreds of millions of dollars--a magic law of the human mind, a little-known psychological principle that was amazing in its power. Believing that this magic formula should be shared with those who did not have the time or resources to discover it on their own, Carnegie tasked Hill with spending twenty years or more developing this principle into a philosophy of personal success. This research would be conducted without pay; Carnegie merely provided Hill with access to over five hundred of America's greatest business leaders in order to test his success formula. In 1937, after twenty-nine years of research and writing, Hill published Think and Grow Rich, which contains the thirteen success principles that form the core of the Science of Success. Since its release, it has sold over one hundred million copies worldwide. No literary work in the personal development genre has had a greater creative impact than Think and Grow Rich.
