

Three Miles Out Book Two

The Horde, book two in the I Am saga trilogy, continues the oral history being taught to the Cactus Monkeys by one of the Great Aero Teachers. It takes readers through the fight against the Order of Ra. Having saved and reclaimed their community, Clan MacLee now expands its influence into the world at large. While Sarah, Gina, and Ke'ira enter military service, JoAnn begins the reclamation of the free world's farmlands, and Amareah takes engineering with fabric to the next level. While the mothers of Clan MacLee strive openly, Gammon watches over their children as they grow and develop with assistance from creatures named holies. Learn how these amazing children guide the world from the shadow of their parents' greatness. The great leaps of advancement in robotics, metallurgy, cybernetics, and art are overshadowed by their family's faith. While teaching the true meanings of the Prophets' revelations, healing an entire culture, or designing weapons systems that will cut swathes of death and destruction through enemy formations, the children also learn what it means to be human. As the rest of Clan MacLee drafts the designs, Gammon leads the way in the most ambitious plan of ship construction ever attempted. In overseeing construction of a "grand canal" with its three-mile-across assembly building, the humble teacher and oarsman seeks to control the world's coastlines. I AM: An Alternate Saga of Biblical Proportions - Book Two: The Horde awaits adventurous sci-fi fans.

RIGHTNEED MONSTERS. STOLEN TIME. AND ONE SERIOUSLY UNDERESTIMATED DAMSEL. Katie ran from the magical world years ago. She never planned on being dragged back in by a prophesying clamshell. A collection of three powerfully disturbing novellas by multiple award-winning author, Stephen Graham Jones. There are lines that probably shouldn't be crossed, doors that should stay shut, thoughts that shouldn't be considered. In these three novellas by Stephen Graham Jones, the dead talk, ancient evil opens its eyes, and that guy across the parking lot, he's watching you, and has been for a while now. Lock the door, tell yourself it's nothing, turn the radio up. It won't matter. You're already three miles past where you meant to stop. "My hat is off to Stephen G. Jones for writing such a chilling and disturbing collection of novellas. The pressure and anxiety were overwhelming, and eventually Susan's well-hidden depression and alcoholism finally came to light. Frank had to come to terms with how his "mission above all else" mentality contributed to his wife's suffering. As Susan healed, she was able to begin helping others who suffered in silence from mental illness and addiction. Discover how Frank and Susan's love and commitment to each other is still overcoming life's challenges, even beyond their years as an Apollo commander and the founder of the Astronaut Wives Club.

Fenicus Flint, a young dragon, lives with the last of his fading species in a secluded mountain sanctuary known as Berathor Valley. When he awakens from an accident that leaves him injured and temporarily unable to fly, Fenicus discovers that the peace and tranquility of his homeland has been shattered; Berathor is in ruins and his loved ones abducted. With few clues to guide him, the young dragon embarks on a dangerous quest beyond the sheltering walls of his homeland to find his loved ones before their flame is extinguished forever.

From the critically acclaimed author of the best-selling Ryan DeMarco Mystery series comes this collection of crime novellas and stories. Randall Silvis's first collection since his The Luckiest Man in the World was awarded the 1984 Druce Heinz Literature Prize by Joyce Carol Oates. These six short stories and the title novella—a Ryan DeMarco series prequel—brilliantly showcase the author's compelling storytelling coupled with the deep characterization and exquisite prose for which he is known. Murderers, grifters, and other unsavory characters people these stories, but so too do those struggling to make the world a kinder and less dangerous place. Praised by the New York Times Book Review as "a masterful storyteller," Silvis once again demonstrates that he can write short fiction as hypnotic as his novels, and with a distinctive and versatile voice that marks him as one of the best writers at work today.

Continue to follow the adventures and miss-adventures of the teenager Izzy and her new friend Geo as they meet new friends during the "Tribulation" period. These two, who recently came to know the Lord, are out to save the world before the anti-Christ takes control. "They Came From the North" is an exciting trip into what it would be like in Alaska as the Northern Force builds into a powerful movement for God at the end of time.

William Grannetino served in the US navy during World War II. From the day he landed on Omaha Beach to the morning he sailed out of the Pacific theatre for the last time, he was surrounded by violence, trauma, death, and a comradeship unparalleled in civilian life. Through the pen of Grannetino's son, readers are provided a glimpse of a sailor's gut-wrenching realities of war as he relates details about little-known landings that happened ahead of the initial D-Day assault and unique facts somehow lost in history. Complete descriptions of street to street fighting in the city of Caen, the urgency of rushing military support to the Battle of the Bulge, and the terror of Kamikaze attacks in the Pacific, transport readers right to the battle zone. From the jubilation over the end of hostilities to the devastation of Hiroshima and Nagasaki, Tom Grannetino has captured his father's stories and crafted an historical and deeply personal account of one man's experiences in the Second World War.

We are all called to be change-makers in the world, and yet many of us don't know how to answer the call. Jesus Culture founder and pastor Banning Liebscher reveals the three key moves that will awaken your heart and propel you into a life of divine purpose. You were made for more than a life of holy discontent--more than the frustrating sense of sitting on the sidelines of your own life's purpose. From the beginning, Jesus has beckoned us out of passivity and into a high-stakes adventure with hearts fully alive, engaged, and the courage needed for both. With a heart-stirring message and compelling stories, founder of Jesus Culture and pastor Banning Liebscher will equip you with practical guidance to be and do all that God has called you to. The Three-Mile Walk draws from the biblical story of Jonathan, who, after a treacherous three-mile hike, boldly stepped into battle and watched God work a stunning victory in the midst of impossible odds. Likewise, Liebscher presents the three key attributes you need to fully engage in mission--courage, holiness, and faith.

In his power-packed, memorable style, Liebscher offers fresh insight and instruction for answering your calling with a courageous "yes," and setting out on the journey of a lifetime. You are meant to change the world. It's going to be tough, surprising, and more fulfilling than you can imagine. You just need the courage to rise up and walk it out.

A memorable night of passion refuses to stay just a memory in this sizzling and scandalous romance from bestselling author T L Swan. I was upgraded to first class on a flight from London to New York. The food, champagne, and service were impeccable--the blue-eyed man sitting next to me, even better. He was smart, suave, and sexy. We talked and flirted--and though the plane was unexpectedly grounded, we still felt sky high in each other's company. We danced and laughed our way around Boston...and had a night of crazy passion that no woman could forget. That was twelve months ago, and I haven't heard from him--until today. I started a new job and met the CEO. Imagine my surprise when I saw those naughty blue eyes gazing at me from behind his mahogany desk. But I'm not that carefree girl anymore. I have a boyfriend now, and responsibilities. Now he wants to see me in his office for a private meeting. How can I resist?

Proceedings of the ... Annual Conference ...

From New York Times bestselling author Harry Turtledove, the modern master of alternate history, a novel of alien contact set in the tumultuous year of the Watergate scandal. It's 1974, and Jerry Stieglitz is a grad student in marine biology at UCLA with a side gig selling short stories to science fiction magazines, just weeks away from marrying his longtime fiancée. Then his life is upended by grim-faced men from three-letter agencies who want him to join a top-secret "Project Azorian" in the middle of the north Pacific. All of his immediate problems. Joining up and swearing to secrecy, what he first learns is that Project Azorian is secretly trying to raise a sunken Russian submarine, while pretending to be harvesting undersea manganese nodules. But the dead Russian sub, while real, turns out to be a cover story as well. What's down on the ocean floor next to it is the thing that killed the sub: an alien spacecraft. Jerry's a scientist, a longhair, a storyteller, a dreamer. He stands out like a sore thumb on the Glomar Explorer, a ship full of person in the North Pacific who's truly thought out all the ways that human-alien first contact might go. And meanwhile, it's still 1974 back on the mainland. Richard Nixon is drinking heavily and talking to the paintings on the White House walls. The USA is changing fast--and who knows what will happen when this story gets out? Three Miles Down is both a fresh and original take on First Contact, and a hugely enjoyable romp through the pop culture, political tumult, and conspiracies-within-conspiracies atmosphere of 1970s Cold War America. In bestselling author T L Swan's second hot installment to the Miles High Club series, he's sexy, rich, and her mortal enemy. Hate never felt so good. I first met Tristan Miles at a meeting where he was trying to take over my late husband's company. He was powerful, arrogant, and infuriatingly gorgeous, and I hated him with every cell in my body. In the shock of the century, he called me three days later and asked me on a date. I would rather die than date a man like him--though I do have to admit it was good for the conference I attended in France. Still arrogant and infuriating--but this time, surprisingly charming and witty. When he looked at me, I got butterflies. But I can't go there. He's just a player in a hot suit, and I'm just a widow with three unruly sons. I just need this conference to be over. Because everybody knows that Tristan Miles always gets what he wants...and what he wants is me.

When the Sudanese civil war reaches his village in 1985, 11-year-old Salva becomes separated from his family and must walk with other Dinka tribe members through southern Sudan, Ethiopia and Kenya in search of safe haven. Based on the life of Salva Dut, who, after emigrating to America in 1996, began a project to dig water wells in Sudan. By a Newbery Medal-winning author.

I Am
Based on a True Story

'Love has its speed. It is a spiritual speed. It is a different kind of speed from the technological speed to which we are accustomed. It goes on in the depth of our life, whether we notice or not, at three miles an hour. It is the speed we walk and therefore the speed of the love of God walks.' Once we grasp that in Christ God chooses to walk amongst us, it changes our whole understanding of the speed of love, and the speed of theology. In Three Mile an Hour God, renowned Japanese theologian Kosuke Koyama reflects beautifully on a theme lost to western theology and western culture in general -- the need for slowness. With a new foreword from John Swinton

The basis for Stanley Kubrick ' s masterpiece, Dr. Strangelove: A chilling Cold War thriller in which unchecked power unleashes total nuclear disaster. Air Force Brigadier General Quinton is a dying man suffering from the paranoid delusion that he can make the world a better place by ordering a full-scale nuclear attack on the Soviet Union. Receiving word of the attack already underway, the president of the United States and his advisors now must work frantically to stop it. The US bombers are to be shot down--but a lone bomber called the "Alabama Angel" escapes and flies on to complete its lunatic mission, ignoring the president ' s orders. A ghastly and chilling vision of what might happen when profound and deadly power is put into the wrong hands, this classic thriller continues to serve as a warning in today ' s tumultuous political climate.

Seven secret service men have completely disappeared. Another has been found screaming, homicidal maniac, whose fingers writhed like snakes. It is now up to Bell, of the secret "Trade," who plunges into South America and goes after the Master--the mighty, unknown octopus of powers, whose diabolical poison threatens the entire continent and push it into the chaos of madness!

It is up to the Voyagers—a team of four kids (plus one stowaway) —to gather them all and return to Earth. Failure is not an option. The Alpha team knows that the second element is hidden on Meta Prime, a planet filled with metal mazes, catapults of fire, and warring alien robots. But what they don't know is that another spaceship is following hot on their trail. . . . Do you have what it takes to be a Voyager? Find out at VoyagersHQ.com.

Lissa loves her job as a nurse, but recently she's been doing a better job of looking after other people than looking after herself. After a traumatic incident at work leaves her feeling overwhelmed, she agrees to swap lives with someone in a quiet village in Scotland. Cormac is restless. Just out of the army, he's desperately in need of distraction, and there's precious little of it in Kirrinief. Maybe three months in London is just what he needs. As Lissa and Cormac warm to their new lives, emailing back and forth about anything and everything, finally things seem to be falling into place. But each of them feel there's still a piece missing. What - or who - could it be? And what if it's currently five hundred miles away?

Celebrated novelist Ray McCarthy stumbles upon a time anomaly that takes him back to his adolescence in the year 1984. He proceeds to use it in an attempt to undo the 2016 murder of his best friend.

James Hamilton-Paterson describes Three Miles Down (first published in 1998) as 'the account of a treasure hunt in 1995 which I joined as the expedition's chronicler. A group of Britons had chartered the Russian oceanographic ship, the Mstislav Keldysh, to look for the wrecks of two vessels sunk in the Atlantic in the Second World War... Both were alleged to be carrying cargoes of gold.' For the author the experience was to bring home all 'the emotions and practical technicalities of the search phase of marine salvage.' [Hamilton-Paterson's] unfolding of the story and his deft sketching of some unusual personalities grips like the skinny hand of the Ancient Mariner.' Scotsman He proves to be a chronicler of the intrigue among a crew of strangers, a fount of lore about wrecks and deep-sea exploration, and a marvellous witness to the lightless wonders of profound depths.'
